"No matter how skillfully the farmer plants and cares for his crops, weather is beyond his control," he concluded. "The farmer's only assurance of some return from his wheat crop is a Federal Crop Insurance contract. County Agricultural Conservation offices and authorized crop insurance agents will offer contracts for sale in this State and in Boone County until September 28, 1946."

Specialist Study Tobacco Disease

E. M. Johnson, plant pathologist from the Experiment Station is scheduled to spend Wednesday of this week inspecting Boone County tobacco fields affected with Brown root rot. Brown root rot this year on many farms has seriously affected both the stand and growth of tobacco. It is one of the newer diseases which the Experiment Station is attempting to find the cause and method of control.

HEAVY LOSSES ARE REPORTED

BY BOONE COUNTY SHEEPMEN DURING PAST YEAR—ANNUAL MEETING OF ASSOCIATION TO BE HELD AUGUST 31ST.

The Boone County Sheep Protective Association Monday reported the heaviest percentage of losses from dogs during the fiscal year closing August 31 than in any of the past eight years. Seventy three sheep out of 3106 head owned by members were killed by dogs, according to L. H. Congleton, secretary. These sheep at present market values will be worth approximately $1300.00.

Few people realize the heavy losses, incurred each year to sheep flocks resulting from attacks by dogs. The association is alarmed at the large increase in losses from dogs. The association urges and demands that the sheriff's office collect 100 percent taxes on all dogs and that dog owners keep their dogs under control and not be allowed to roam the country at will.

The annual meeting of the Sheep Protective Association will be held at Burlington courthouse at 1:00 p. m. this Saturday, August 31st. Richard C. Miller, sheep specialist from the College of Agriculture, will address the group on special problems confronting the sheep industry in Kentucky. All sheepmen whether members of the association or not are invited to attend the meeting.

District Training Meeting Will Be Held In Paris Aug. 30

The North Bluegrass District training meeting of Homemakers will be held at the Methodist Church, Paris, on August 30th. Mrs. Leo Flynn, Walton, district chairman, will preside at the meeting. According to the Home Demonstration Agent's office, those attending the meeting from Boone County will be: Mrs. Flynn, county reading chairman; Mrs. A. B. Nichols, county publicity chairman; Mrs. Albert Pfalzgraf, county cfitizenship chairman; and Mrs. Joe Hogan, county speakers bureau chairman. Each chairman will attend a separate meeting with all those in her group. In this meeting each chairman will help to make plans for their county for next year.

Idlewild Wins Over Bullittsville Nine

The Idlewild boys turned back the Bullittsville nine Saturday by a score of 9 to 8 at Ligon park.

Buckler was on the hill for Bullittsville striking out the first seven men to face him, allowing ten hits during the nine innings. Holliday offered them up for Idlewild allowing ten hits. Both pitchers worked nicely throughout the game.

Idlewild meets a new team Saturday, managed by Wilbur Rice, well known former baseball pitcher.

BULLITTSBURG HOMECOMING

WELL ATTENDED, SUNDAY, AUGUST 25TH—MANY SPEAKERS HEARD DURING DAY—INTERESTING PROGRAM GIVEN.

Sunday, August 25, 1946, will linger long in the memories of many Bullittsburg Baptists, their near and far friends, relatives and fellow Christians. It was a beautiful, fall-like sunny day, but cool enough to enjoy a light wrap. The church auditorium was almost filled to capacity for the morning worship hour. Brother J. W. Campbell, a former pastor of long standing and still a member of the congregation, presided for the morning worship. His theme was "Our Three Homes," all of which he very impressively described. The first home, he said, we can not choose. The second, our church home, and the third, our heavenly home, we were tenderly invited into, having only to fulfill necessary qualifications. Sin, he said, is degrading our earthly homes.

A bountiful basket dinner was enjoyed during the noon hour.

Again the church had the pleasure of having Ernest Bourne, of New Liberty present. It was mistakenly said of him in a recent article that he was a World War II veteran casualty. His misfortune, blindness, came to him at the age of two, in his own home, the result of an accident. He sang some favorite hymns, accompanying himself on the piano. Needless to say everyone enjoyed hearing him and there were few dry eyes when he ceased playing and singing.

A quartet, composed of Mr. Hughes, of Newport, Brother Henry Holladay, Brother Forest Taylor, and James Albert Stevens, sang two hymns. Brother Hughes also sang a solo. Music is a vital part of the church service and everyone enjoyed the singing very much.

Brother F. B. Taylor, of Grant, and Brother Leo Drake, of Newport, also former pastors, had brief, but impressive messages during the afternoon session. The day came to a close all too soon and many lingered on the church lawn for further visiting. If you did not get to attend, you missed a good day.

Thanks is extended to Brother W. T. Gardner, Bro. William Holladay and William Hill, the program committee, for planning such a good program.

A very interesting letter from W. W. Gaines, a brother of Mrs. Lutie Grady, was read to the congregation by Brother Gardner. Mr. Gaines now lives in Atlanta, Ga., and was a former member of Bullittsburg Church. He was prompted to write this letter by having read items in our local paper about his old church. His reminiscences of by-gone years brought chuckles of glee from the audience. It is indeed a pleasure to hear from these far-away former members who look back across the years with gratification for early training in the church.

Revival services began Monday night, August 26, with Brother F. B. Taylor as evangelist and Bro. D. P. DeHart as song leader. You will be greatly benefited by attending these services.

Burlington Baptists To Hold Annnal Picnic

The Burlington Baptist Sunday School will hold their annual picnic at the fair grounds on Saturday, August 31st beginning at 10 a. m.

Correspondents and advertisers are requested to mail their copy to this office so that it will reach us Monday morning. Your cooperation will be appreciated.

Smith-Porter

Burlington Baptist Church was the setting at 7 o'clock Saturday evening, August 24th for the marriage of Miss Mary Belle Smith, younger daughter of Reverend and Mrs. William M. Smith, to Mr. Marvin R. Porter, son of Mr. and Mrs. George Porter.

The double ring ceremony was performed by the bride's father. Attending the bride were Mrs. Ernest Fox, sister of the bride as matron of honor, Miss Carolyn Cropper, Burlington and Miss Betty Cassity, Georgetown, as bridesmaids. Joanne Kathleen Smith, niece of the bride served as flower girl. Mr. Porter chose as his best man, Mr. Frank Vatalaro of Detroit, Michigan. Users were Messrs. Walton M. Smith, brother of the bride, Charles Benson, Ernest Fox and Ralph Maurer.

The bride wore a gown of imported net trimmed with apple blossoms, cut with a long bodice ending in a train. Her two-tiered fingertip veil was held in place with a headdress of pearlized orange blossoms. She wore a choking string of pearls a gift of the bridegroom. Her bouquet was of white roses surrounding a white orchid.

The matron of honor wore a blue net gown and carried a colonial bouquet of yellow rosebuds with a matching headdress. Miss Cropper's gown of yellow net and Miss Cassity's gown of green net were identical in design to that of the matron of honor; each carried a colonial bouquet of American beauty rosebuds with matching headdress. The flower girl wore a pink ruffled net dress and carried a matching basket.

Mrs. Lillian Faber, pianist and Mrs. Lisette Gantenberg, violinst, both of Covington, presented prenuptial musical selections. "Because" and "I Love You Truly," were beautifully sung by Miss Jane Hill Phillips, Harrodsburg, a sorority sister of the bride.

A reception at the church immediately followed the ceremony. Among the out-of-town guests were Mrs. Frank Vatalaro, Detroit; Mrs. Charles E. Evans, Jr., Macon, Ga.; Mrs. J. W. Shupert, Mrs. Ira Beall, Mr. William Beall, Warsaw. Others were from Glenoce, Cincinnati and Aurora, Ind.

Mrs. Porter is a graduate of Burlington High School, Cumberland Junior College and Georgetown College. She is now a member of the faculty of Aurora High School. Mr. Porter, a veteran of three years service with the Army Air Corps, attended Eastern State Teachers College at Richmond, Ky.,

Legion Team Still In Win Column

The Boone County Legion nine won two more games last week before they were defeated. Charlie Popham was the winning pitcher in both contests.

Tuesday night the Legion nine emerged from a hard-fought contest against Petersburg on the long end of a 6 to 5 count. Zapps and Ammon were the big guns offensively with three hits each. Huey was the losing pitcher.

The games with Idlewild and Hebron were cancelled due to wet grounds.

Sunday the Legion boys played Walton and won 9 to 5. Popham struck out 12 of the Walton hitters. Rouse collected four hits to lead his teammates to victory. Walton journeyed to Florence Monday night to hand the Legion boys their first defeat in their last eight starts. Howard limited the Legion boys to 3 hits and held them to 1 run. oJe Smith, on the hill for the Legion boys gave up 6 hits and two runs.

This week the Legion boys play Idlewild Tuesday night at Idlewild; Friday night Belleview goes to Florence. Game time 5 o'clock. Morgan comes to Florence for a game Sunday at 2:30; Labor Day the Legion team travels to Petersburg for a doubleheader. The first game begins at 11 o'clock. These should be two good games.

Boone County baseball fans are urged to come out and support this team of young ball players, especially citizens of Florence as games are played on Florence grounds. All twilight games will begin at 5 o'clock, Manager Berkshire stated.

REAL ESTATE TRANSFERS

Jos. A. Hogan sold 61 acres 1½ miles from Florence on Highway 18 to Russell Myers of Florence. Mr. Hogan had recently purchased this farm from R. P. Coleman.

Edgar Stanley sold 127 acres 1½ miles north of Burlington Burlington-Idlewild Road and Woolper Road to Lawrence Ball of Covington. This is the John Tehau farm, known as the Carpenter farm.

These sales were made through the office of A. B. Renaker this week.

Homemakers Plan Fresh Summer Foods During Winter Months

Homemakers of Boone County are planning to have fresh summer foods all winter. During the training class on August 21st at the Burlington School, the women gathered much information on freezing foods. Mrs. Pearl Haak, U of Ky. foods specialist, gave a lesson on the best foods for the locker and how to prepare each.

Leaders from each Homemakers Club prepared a food for the locker. The prepared lima beans, chicken, cantaloupes, and corn three different ways: (1) On the cob; (2) cream style; (3) plain kernels. One of the main pointers for preparing foods and vegetables is to work fast in order not to lose the flavor and color. Mrs. Haak stressed to the women to use only the yoong and deep color vegetables and real ripe and deep color fruits.

After the meeting at the school the ladies enjoyed a tour through the freezer locker plant. Mr. Kworalla conducted a very educational tour through the plant.

According to Jane Gudgell, Assistant Home Demonstration Agent the leaders will present this lesson in their September club meeting.

EARLY SEEDING URGED BY AGENT

GOOD PASTURE IS CHEAPEST AND BEST FEEDS PRODUCED —GOAL OF EIGHT MONTHS GOOD PASTURE SET.

Early fall seeding of small grains, pasture and hay crops usually give better results, according to H. R. Forkner, County Agent. Wheat because of Hessian Fly injury might be one exception. Because of fine pastures this year many farmers may be prone to delay seedings.

Alfalfa should be seeded by September 1st and usually not later than September 10th. The goal in alfalfa acreage is one acre per cow or its equivalent in other classes of livestock. Land disced up and seeded after tobacco or soybeans is ideal.

Seeding or drilling Balbo rye on old lespedeza fields gives excellent results. Rye should be seeded as early as possible and not later than October 15th.

Vetch should be seeded early as possible on this year's cultivated land that will be put in tobacco next year. Wheat is proving a better companion crop with vetch than rye in that it does not grow ahead of the vetch next spring.

Alfalfa and vetch seed should be inoculated before seeding.

Fall is an ideal time to seed all grasses provided they are seeded early enough.

Boone County has a goal of eight months good pasture. Good pasture is the cheapest and best of all feeds produced. Individual farmers who are able to produce eight months good pasture are to receive special recognition. Leaders in planning for the eight months pasture program have suggested four practices that probably will have to be followed in reaching this goal:

1. Small grains for late fall, winter, and early spring grazing.

2. Good grass and legume combination mixtures.

3. Lespedeza and small grain combinations with the small grain seeded on old lespedeza fields in the fall.

4. Liberal use of lime, phosphate, manures and nitrogen fertilizers.

Farmers who fail to plan at least one year ahead on their seeding programs will probably fail to reach the eight months good pasture goal. Those farmers who are able to reach the goal are urged to notify the County Agent's office so that a record of their achievement can be made. Good pasture has been defined as one that will supply the animal within a two-hour period all the good herbage it will eat.

THREE TEAMS STILL REMAIN

IN COUNTY ELIMINATION PLAY —BURLINGTON AND SATURDAY'S WINNER TO COMPETE FOR CHAMPIONSHIP.

Saturday's games in the County League found Burlington clinching a spot in the final play-off by downing Belleview 7-2, while Constance was defeated and eliminated at the hands of Petersburg by a 7-6 score.

Burlington took an early lead in their game with Belleview by scoring two runs in the first inning and three in the third. After this the Belleview team was unable to get back in the game as Ivan Galley pitched fine ball for the winners giving up six hits. "Hoots" Ryle, Belleview moundsman, pitched good ball, after getting off to a bad start, allowing eleven hits, seven coming in the first three innings. "Sox" Benson and "Pip" Clore had three safeties each, "Sox" getting two doubles and a triple driving in three runs, while "Pip" had two singles and a double. No Belleview player was able to get more than one safety.

Petersburg scored five runs in the eighth inning to defeat Constance after the losers were leading 6-2 at this time in the game at Petersburg. Eddy Deck was the winning hurler while Gene Jones was the losing pitcher. Petersburg will play Belleview at the latter's park Saturday. The loser facing elimination and the winner playing Burlington in the play-off.

Charles Kelly

Charles Kelly, age 81 years, passed away at his home in Burlington at 12:10 Wednesday morning, after a prolonged illness.

Mr. Kelly had been a very successful farmer his entire life, having retired and moved to Burlington only a few years ago. He was well known throughout this section.

Besides his wife, Mr. Kelly leaves six children: two sons, Courtney G. and Galen Kelly, both of Burlington; and four daughters, Mrs. J. R. Eddins, Burlington; Miss Ruth Kelly, Burlington; Mrs. Jennie Stanley, of Lebanon, Ohio and Mrs. Robert Youell, Ludlow, R. 2. He also leaves a large number of grandchildren and great-grandchildren besides a host of other relatives and friends to mourn his passing.

Funeral arrangements had not been completed as we go to press Wednesday morning.

Chambers and Grubbs, Florence funeral directors are in charge of funeral arrangements.

PETERSBURG AND WALTON DEFEATED

SUNDAY IN ELIMINATION GAMES OF SEMIPRO LEAGUE—FORT THOMAS NINE HAVE UNDISPUTED LEAD.

Boone Co. All-Stars and Walton were defeated in elimination games of the Northern Kentucky Semipro League, Sunday. The All-Stars fell before the attack of Fleezing Foods, by a score of 8 to 4 at the Petersburg park, while Walton was on the short end of 11-3 count at the hands of Fort Thomas at Walton park. This defeat eliminated Walton from the elimination series.

Bob Tennunfeld on the mound for Fleezing Foods allowed only five hits. Deck and Mahan was on the hill for Petersburg allowed 12 hits.

Mahan, who took over the hurling duties for the All-Stars in the third inning held the visitors scoreless the remainder of the game, allowing only five hits and striking out six batters.

Ft. Thomas Florists, league leaders will meet the Boone County All-Stars at Petersburg Sunday at 3:00. "Hoots" Ryle will be on the mound for the locals, according to manager Robert Eades.

Fort Thomas obtained 15 hits to Walton's seven in the Sunday game. Dick Swim was on the hill for Walton striking out ten men and walking one. The winners scored in the first inning when Bob Fennard was the first pitch for a home run. Walton tied the score in the fifth on the third on a double by Vest and a pair of errors. Fort Thomas ended the game in the sixth inning, scoring five runs.

STATE CORN CROP BEST IN HISTORY

YIELD OF 87,000,000 BUSHELS EXPECTED, ACCORDING TO STATEMENTS ISSUED BY UNIVERSITY OF KENTUCKY.

With a generally good growing season, and with 70 percent of the acreage planted to high-yielding hybrid varieties, corn crop prospects are probably the best in the history of Kentucky agriculture, says a statement issued at the University of Kentucky Experiment Station at Lexington.

It is estimated that the 2,481,000 acres will produce 87,000,000 bushels. This would mean an average yield of 35 bushels to the acre, as compared to a yield of 33 bushels in 1945 and 31 for Kentucky.

The hybrid varieties have had much to do with larger corn yields, experts at the Experiment Station say, improved fertility is an important factor. They say that growing corn on steep and poor land is being largely abandoned.

Tests made by the Experiment Station indicated that soil improved by the use of lime and phosphate, cover crops and manure produces as much as 20 bushels more corn to the acre than untreated land.

In tests made by the Station in seven counties last year, hybrid corn outyielded the best common corns by more than 10 bushels to the acre. Average yield of hybrids in the tests was 71.6 bushels to the acre.

The Station is condution extensive tests to compare hybrid varieties with open pollinated kinds and also to compare different varieties of hybrids, both for grain yields and for making silage. Tests are being continued over the state to determine the value of fertilizers in stepping up corn yields.

STATE-WIDE FOODS PROGRAM CONTINUED

New efforts of the University of Kentucky College of Agriculture and Home Economics are continuing to promote home food production and conservation is set out in the annual report of the director of agricultural extension.

Fifty-seven food conservation assistants in the past year helped families produce and store food. Seven thousand families were helped to make butter and cheese; 28,000 pressure cookers were purchased as a result of the program, and 38,000 families learned how to improve their home food supply of vegetables, fruits, milk and poultry. Improvement was reported in the diets of 26,797 families in 59 counties.

Pendleton County Farm Bureau members pooled orders for 1,600 bushels of peaches.

Better Administration Promised School Vets

The Veterans Administration is decentralizing its vocational rehabilitation and education program in Kentucky from regional to subregional office level in order to expedite service to veterans and educational and training institutions, it was announced today by Harry W. Farmer, Regional Manager.

Mr. Farmer said the move should result in better administration of the education and training program by helping to avoid delays in subsistence payments to veterans and by providing more adequate supervision of on-the-job training.

Educational and training activities in the past have been administered by the Lexington Regional Office. These services now are in the process of decentralization to sub-regional offices, located in Corbin, Hopkinsville, Louisville and Covington. Included in the transfer will be education and training, advisement and guidance, and training facilities, as well as various personnel in each of these sections.

Applications for education and training will be screen at sub-regional office level and this alone should accelerate the process thru which veterans are approved for enrollment educational or training institutions.

Lockman Position Available To Veterans

Veterans are desired by the Board of U. S. Civil Service Examiners for the U. S. Engineer Department at Large, U. S. Post Office and Court House, Cincinnati, Ohio, to fill the position of Lockman, CPO-5, $2245.52 a year. Employment will be at the various locks and dams within the Cincinnati Engineer District on the Ohio and Kentucky Rivers.

All of the Lockman positions will be filled only by veterans, except in the absence of sufficient qualified veterans.

Applicants will be rated on the basis of their previous experience in work which is similar to that of the position. There is no written examination. Application forms may be obtained from any first or second-class post office or from the Board of U. S. Civil Service Examiners U. S. Engineer Department at Large, U. S. Post Office and Court House, Cincinnati, Ohio, and should be received by the Board no later than September 18, 1946.

The duties of a Lockman include the operation of the various pieces of equipment at each installation, such as had or power-operated lock machinery, pumps, air compressors, steam engines, row-boat, and light plant. He maintains and repairs the dam and lock, paints powerhouse, etc., mows the weeds and grass, and does other miscellaneous jobs.

Applicants must show that they can swim and row a boat skillfully, and that they have had at least six months of experience on lock and dam operation, or on or about boats navigating or performing work on canalized waters. Experience may include the following: deckhand or watchman on steam, gasoline, or oil engine-propelled vessels, dredges, derrick boats, sand-diggers, etc., or actual employment on construction or repair of river structures by means of floating plant, or the operation of launches.

Mrs. George Cook, Prop.

A WORD TO THE G. I.

We have made several G. I. loans and regret that we were compelled to reject several applications during the past few months, because of the property under consideration of purchase was, in our opinion, unreasonable in price and doubtful of the G. I.'s ability to maintain the property and meet the amortization payments from his income.

We will be glad to discuss the possibility of financing any G. I. and will not hesitate to advise against a purchase if we think it to the best interest of the Veteran not to incur the obligation.

The best interest of the Veteran is our first consideration, even though our bank may be safe in making the loan.

Corbin Man Named Chairman Of Fish And Game Commission

FRANKFORT, Ky.—The Kentucky Game and Fish Commission, in regular session here, elected W. G. Buchanan of Corbin as Chairman for the ensuing year. Ed Ernst of Louisville was chosen, Vice-Chairman and Dr. W. E. Washburn, of Beaver Dam as Secretary. Buchanan, from the 9th District, succeeds J. B. Miller of Williamstown as Chairman of the 9-man Commission. Ernst represents the 3rd District and Washburn the 2nd.

Tom Theobald, Jr., of Grayson was newly installed as Commissioner of the 8th District. Dr. Washburn, recently re-appointed, began his second term of office as he was honored with the secretaryship.

Routine business marked the two-day meeting at the Division of Game and Fish offices in the new State office building. The Commission named Miss Doris Herndon of Frankfort, secretary in the office of the Superintendent of Junior Conservation Clubs, as Civil Service Clerk.

Other Commissioners in attendance were: George Long, Benton, 1st District; J. B. Miller, Williamstown, 5th District, and Errol Draffen, Harrodsburg, 6th District.

Boone 4-H Members Exhibit At State Fair

Boone County 4-H Club members are being represented at the State Fair in Louisville, August 26-30 with some exhibits. Some of the better clothing and room improvement articles at the 4-H and Utopia Fair in Boone County were chosen to be sent to the State Fair. According to Jane Gadsell, Assistant Home Demonstration Agent, the articles were taken to the fair grounds last week to be judged before the fair.

Those sending clothing were: Martha Pfalzgraf, Mary Bess Burns, Helen Rogers, Margie Hambrick, Helen Cummins, Vera Dean Scott, Joyce Vice, Alice Goodridge, Marilyn Hankinson, Audrey Hudson, Janet Goodridge and Wilma House. Helen Rogers sent the only piece of room improvement.

$4,000 DUE WELSH FAMILY

Chicago, Ill., Aug. 29—Search is underway throughout Kentucky for descendants of Mr. and Mrs. Michael Welsh, or for children of their brothers and sisters who are wanted to claim a small but tidy fortune of $4,000 left by a relative of whom they probably never heard or have forgotten.

This was disclosed today when Walter C. Cox, probate genealogist, 205 S. LaSalle St., took over the hunt with scant clues on which to proceed. Mr. Cox specializes in tracing missing relatives to settle estates.

"We know that Mr. and Mrs. Welsh lived in Kentucky in about 1860 and that Mrs. Welsh's maiden name was Scanlon," Mr. Cox said.

"If there are surviving children they would be quite aged so it seems probable that descendants would be grandchildren or great grandchildren. But if there are no surviving descendents then descendants of brothers and sisters of Mr. and Mrs. Welsh succeed to claim to the estate."

PIG PROFITS GOOD

Levi Spurlock of Clay county sold $400 worth of pigs from one grade sow. He told County Agent William C. McClure that his profits were increased by feeding skimmilk and yellow corn to the sow and creep-feeding the pigs.

BEWARE OF
Octopus Outlets

—a sign of INADEQUATE WIRING

Look around your home right now. Do you have any of these "octopus outlets" in use? If you have, it's a sign that your home wiring is out of date . . . too small for its job.

Don't blame your appliances if they fail to give you the service you expect. When too many appliances and lamps are plugged into a single outlet, lights go dim, heating appliances come up to temperature slowly and fuses sometimes blow, because the average household wiring circuit simply can't carry enough electricity for all.

Eliminate the "octopus outlet" bottlenecks from your home by installing adequate wiring now. Put in additional circuits . . . larger wire . . . and more outlets . . . so that you'll always have full-strength current and plenty of plug-in space for all of your lights and appliances.

What adequate wiring means

ADEQUATE WIRING SERVES SAVES

Adequate wiring simply means a service entrance large enough to bring in as much electricity as your home may need at any time . . . enough branch circuits of large enough wire to conduct a full measure of electrical energy to all of your lights and appliances . . . and plenty of outlets and switches, conveniently located. Before you build, buy or remodel, discuss adequate wiring thoroughly with your electrical contractor. It's the key to better electrical living.

SURPRISE BIRTHDAY DINNER

Mr. and Mrs. Lee Craddock entertained at their home Sunday with a birthday dinner in honor of their daughter-in-law, Mrs. Arnold Craddock. Those present were Mr. and Mrs. Wilbur Shinkle, of Lawrenceburg, Ind., Mr. and Mrs. Samuel Shinkle and sons, Mr. and Mrs. Henry G. Shinkle and daughter of North Bend, O.; Mr. and Mrs. Walter Scothorn, Mr. and Mrs. Elmo Tanner, Mr. and Mrs. Wood L. Stephens and Marcus Ryle of Florence; Miss Mary Clore, Mrs. Edna Master and sister, of Owenton; Miss Opal Lea, Mr. and Mrs. Arnold Craddock, Mr. and Mrs. Fritz Shinkle and grandson.

A basket dinner was enjoyed and many beautiful gifts were received. A very enjoyable day was spent together. All left wishing Mrs. Craddock many more happy birthdays.

LARGE NUMBER ENJOY TRIP TO RENFRO VALLEY

Bob Smith driver of C. W. Craig's truck took a number of persons to Renfro Valley, Saturday night and visited several other points of interest. Those who enjoyed the trip were Robert Feldhaus, Walter Shinkle, Wayne Kelly, Buddy Shinkle, Ruby Ryle, Dolores Wilson, Anna Marie Ryle, Mr. and Mrs. Buddy Finn, Mr. and Mrs. Pete West, Mrs. Elizabeth Noel, Pearley Rice, Beulah Riggs and daughter, Colin Riggs and friend Etheleen Readnour, John Feldhaus, Roy Ryle and Bob Smith.

W. M. U. NOTES

The W. M. S. of Union Baptist Church met at the church at 2 p. m. Wednesday, August 14 for its regular monthly meeting with 16 members and two visitors present.

Meeting opened by the president and singing of "Jesus Saves." Minutes were read and approved as read. Treasurer reported a balance on hand of $66.73. Motion made and carried to buy and distribute tracts as part of Community Mission work. Associational dates of September 12-13 at Sand Run were announced. This society will observe September 18th as Day of Prayer for State Missions with Mrs. Sherman Friend in charge of program for the day. Miss Lucy Newman is to be paid for such material as she has used in the past and was also authorized to buy as many cards, etc., as she finds necessary for her needs in the future. We are happy to announce that Mrs. Reuben Kirtley has accepted the leadership of our Sunbeam Band and we pray God to bless her in her efforts to build Christian characters of our children.

The program for the afternoon was taken from Royal Service and was directed by chairman Charles Hedges, with the topic for discussion being, "The Orient," and the part Christianity will play in the future of China and Japan. A splendid devotional from Isaiah 49:8-13; 50-19: Luke 13:29 was brought by Mrs. Virgil Young, and prayers were offered by Mrs. Hedges and Mrs. J. A. Huey.

The following members had parts on the program and were very ably brought: Mrs. Chas. Hedges, Mrs. J. A. Fothergill, Miss Lucy Newman, Mrs. Emerson Smith and Mrs. Ruth Mason.

We were dismissed with sentence prayers of Thanksgiving for the first year of the ending of World War II and asking God to grant an everlasting Peace throughout the world, for we know that such a Peace can only endure so long as Christ and His infinite love rules man's heart.

Mrs. Sherman Friend, Pub. C.

OFFICERS TO BE NAMED

The Union and Richwood Presbyterian young people are urged to be present next Sunday evening as an election of new officers is to take place.

A discussion on "Life Can Be A Miracle," is to be presented by Babe Kenney and Ruth Cox. Big plans for a party were made last Sunday evening with several committees appointed: Games, Ruth Cox, Babe Kenney; food, Ann Howard, Mrs. Hopkins; invitations, Brodie Cox, Kathleen Kenney. The plans sound like a lot of fun for August 30, at 8:00.

The worship service consisted of a prayer, responsive reading and a very interesting discussion on "Other Religion in the World." As usual the meeting ended with the friendship circle.

NOTICE

Craig's truck will take a load of patrons to the Alexandria Fair on Sunday, September 1, leaving Rabbit Hash at 11 a. m. and going by way of Belleview and Burlington. They will remain for the afternoon and evening performances. 1t-p

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, SEPTEMBER 5, 1946 — NUMBER 10

DALLAS H. NORRIS ANSWERS CALL

HAD SERVED AS SUPERINTENDENT OF BOONE COUNTY SCHOOLS SINCE 1928—SERVICES HELD FRIDAY.

Dallas Howard Norris, son of the late George W. and Amanda Marshall Norris, was born near Mt. Auburn, Pendleton County, Ky., on February 1, 1892 and entered into rest at his home near Burlington, Ky., on August 28, 1946, at the age of 54 years, six months and 27 days.

On August 30, 1914, he was united in marriage with Miss Golda Kidwell. To this union five children were born, four of whom survive: Ivan K. Norris, Moores, Hill, Indiana; Mrs. Kent E. Little, Jr., Cincinnati, Ohio; Barbara and Helen Faye Norris at home, one grandchild, Ronald K. Norris; one baby Earl Marshall, died in infancy. He is survived by two sisters, Mrs. Velma Morford and Miss Ethel Norris, two brothers Elbert and Walter and a foster-brother Osyar T. Lindsay, all of Pendleton County. His aged mother preceded him in death by less than five months. He also leaves several nieces and nephews and many other relatives and friends to mourn his passing.

When a boy he accepted Jesus Christ as his Saviour and spent his life in the Master's service. He first united with the Pine Grove Methodist Church near his old home and later carried his letter with him to the Burlington Methodist Church of which he was a member at the time of his passing.

He was educated in Pendleton County Schools, Eastern Kentucky State Teachers College, Kentucky Wesleyan College and the University of Cincinnati. He spent more than thirty-five years in educational work, teaching and serving as principal of Morgan, Berry, Butler and Ludlow high schools. He became Superintendent of Boone County Schools in 1929, serving faithfully in that capacity until forced by ill health to resign his position.

He was very active in young people's work. He served for several years as Adult Counselor of the Rose Union, Methodist Young People's organization of the Covington District. He served as president of the Boone County 4-H and Utopian Council for fourteen years. He was also a charter member of the Florence Rotary Club.

Funeral services were conducted at the Burlington Baptist Church on Friday, August 30, 1946 at 11:00 by Rev. T. O. Harrison, assisted by Rev. Elmer K. Kidwell and Rev. Roy Johnson. Three songs, "Safe in the Arms of Jesus," "The Pearly White City," and "Near to the Heart of God" were beautifully sung by close friends, the Cason sisters Mrs. Lillard Scott, Mrs. Carl Grieser, Mrs. John Edward Walton, Mrs. Allan Burcham and Mrs. Harry Scroggins. The floral pieces were many and beautiful. Short services were conducted at the grave in Lenoxburg, Ky., Cemetery at 2:30.

Pallbearers were close friends and men who had served under Mr. Norris in Boone County Schools. They were Raymond Combs, Jeff E. Eddins, H. R. Forkner, Chester Goodridge, Edwin H. Walton and R. V. Lents.

Ralph Stith, Florence funeral director was in charge of arrangements.

ALL STARS SUFFER SECOND DEFEAT

IN ELIMINATION SERIES OF SEMIPRO LEAGUE BY SCORE OF FIVE TO ONE IN SUNDAY'S GAME.

The Boone County All-Stars suffered their second defeat in the elimination series of the Northern Kentucky Semipro League Sunday afternoon at the hands of the Fort Thomas Bonded Beam nine by a score of 5 to 1 on the Petersburg grounds.

Harry Tenhunfeld was on the mound for Ft. Thomas, pitching an eight-hit game while fanning three. "Hoots" Ryle was on the hill for the All Stars, allowing ten hits and striking out six.

The All Stars scored in the first when Mahan singled and came home on E. Deck's triple to right center. Ft. Thomas took over the lead in the second inning when they scored two runs. Fort Thomas scored one in the seventh and added two runs in the ninth.

Albert Rouse, Jr. Wins Second Prize In State Bait Casting Contest

Albert Rouse, Jr., son of Mr. and Mrs. Albert Rouse, Sr., of Limaburg won second prize at the bait casting contest held at the State Fair, Louisville, last week.

Albert won first place in the district contest for boys under 12 years of age. The contest was held at Williamstown on June 28th. At this contest he won the right to represent the district at the State contest.

Albert hit the target 81 times out of a possible 100 to win second place. He was awarded a casting reel.

Ordination Announced

The Union and Richwood Presbyterian Churches announce the ordination and installation services of Mr. Donald R. Hopkins for Sunday, September 8. Ordination and installation will take place at the Union Church at 3:00 p. m. Following this there is to be a basket dinner on the lawn of the Richwood Church at 7:00. At 8:00 p. m. there is to be an installation service in the Richwood Church.

These churches cordially invite all members and friends of the two congregations to participate in these services and the basket dinner.

SOILS DEFICIENT AND DISEASED

ACCORDING TO REPORT H. R. FORKNER, COUNTY AGENT—CONSIDERABLE RESEARCH WORK BEING DONE.

Tobacco fields in several sections of the county producing poor growth were visited last Wednesday by plant pathologist from the College of Agriculture, according to H. R. Forkner, County Agent. The poor growth was attributed by the pathologist to four causes: (1) Brown root rot probably caused by meadow nematodes (small microscopic worms found in the soil under certain conditions); (2) black root rot resulting from failure to use a root rot resisting variety; (3) soil plant food deficiency in nitrogen, potash and especially phosphate and (4) the packing of heavy clay soil early in season so that the roots were forced into a ball by the tight soil condition and were not able to reach out for plant food.

Considerable research work is being done on the causes of brown root rot. Not too much is known at the present time.

Black root rot was encounted by many growers because of plant bed failures last spring. They were in turn forced to secure plants of non-resistant varieties.

The plant food deficiency has become a lot more important as yields per acre have increased. It is highly important that the young transplanted plant get a good start. Four hundred pounds of complete fertilizer per acre should always be put near the young plant in a narrow band beside the row. Many crops receiving a heavy application of fertilizer broadcast still suffered from plant food deficiency because of the running together of tight soils. If the roots early could have gotten to a concentrated supply of food they could have overcome the unusual season.

BREEDING ASS'N. SERVICES NEEDED

DAIRYMEN COOPERATING IN PROGRAM OFFERED SERVICES OF BEST HERD SIRES OBTAINABLE.

The Boone County Artificial Breeding Association services are most needed today, according to H. R. Forkner, County Agent. A survey the past week of outstanding herd sires shows that a few breeders are doing an excellent job. There are, however, too few good bulls in service. Eighty percent or more of our dairymen are above the average of the state but are still not able to secure the services of the best herd sires.

The Breeding Association will offer every dairyman cooperating in the program the services of the best herd sires obtainable. Boone County has 6469 milk cows with an average annual milk production of only 4137 pounds of milk or an average of 173 pounds fat. This is fully 50 percent too low for normal profitable production. Experience in other states where records are available indicates that a 25 percent increase in production should be secured in the first generation of heifers secured through the breeding program. This would add approximately $129,380 to the annual income of Boone County farmers.

One thousand cows must be signed before the county can have an Artificial Breeding Association. Dairymen who are interested in securing this Association are urged to sign up immediately. September 21st has been set as the closing date for the sign-up campaign. Membership agreements may be secured from one of the following local committeemen: Wilford Scott, Byron Kinman, Leonard Meece, Burlington; Joe Dringenburg, Harry Tanner, Robert Woodward, Grant Maddox, Florence; Harold Rogers, Grant; Wm. Feldhaus, O. Y. Kelly, Hamilton; J. C. Hollis, Myron Garnett, Wm. Hill, Robert Youell, Hebron; J. L. Feagan, Easling Huey, New Haven; W. O. Rector, Stanley R. Smith, Petersburg; Jess Wilson, Walter King, Verona; George Knox, Herman Decker, Walton; Vaughn Hempfling, Constanee, or at the County Agent's office in Burlington.

4-H Club Meetings To Start This Month

Community 4-H Club meetings will start this month, according to Agent's office by October 1st so that county champions may be selected in time to compete with other county champion at the district achievement meeting in October. Record books that are completed should be turned in at the September club meeting.

Fish And Game Club Will Meet Tonight

The Boone County Fish and Game Club will holds its regular monthly meeting tonight (Thursday,) September 5, at the club house on Burlington-Idlewild Road. It is expected that a report of the camping trip for Junior conservation members at Dale Hollow Lake will be given at this meeting.

Refreshments will be served by the committee. All members are urge to attend, and visitors are welcome.

Under Armed Forces Leave Act of 1946, all enlisted members of the armed forces of the United States, separated from active duty under honorable conditions prior to September 1, 1946, may apply for reimbursement from the Federal Government for unused leave.

Real Estate Transfers

Bryant Jones sold his farm of 237 acres in East Bend to Mr. and Mrs. John Woods. This farm adjoins the farm of Thad Ryle, the father of Mrs. Woods.

Mrs. Emma Craig sold 1 acre and dwelling at Rabbit Hash to Harold E. Chandler of Cincinnati. Mr. Chandler is employed by the American Air Lines at Lunken Airport and expects to be transferred to the Greater Cincinnati airport shortly. These sales were made through the office of A. B. Renaker during the past week.

RECORD LEVEL IS ANTICIPATED

IN BURLEY TOBACCO PRODUCTION FOR 1946-47 MARKETING YEAR—WILL EXCEED CONSUMPTION BY 85,000,000 LBS.

The following information on the current production and marketing situation of burley tobacco has been received from the U. S. Department of Agriculture by M. D. Royse, Kentucky State Director, Production and Marketing Administration, and is released for the information of growers who are looking ahead toward plans for their 1947 crop:

"The supply of burley tobacco for the 1946-47 marketing year has attained the record level of 1,425,000,000 pounds, 88 million pounds more than for 1945-46 and 182 million pounds more than for 1944-45. Carry-over on October 1, 1946, is estimated to total 865 million pounds, 211 million pounds more than on the same date two years ago. This rapid rise in carry-over and total supply results from the large crops grown in 1944 and 1945, and another large crop now forecast for 1946. If the 1946 crop yields 560 million pounds, it will exceed estimated consumption and exports during the coming marketing year by 85 million pounds and increase stocks on hand October 1, 1947, by a like amount. Because of this rapid increase in stocks the supply of burley tobacco is considerably in excess of the reserve supply level and a surplus situation has developed. Disappearance for each of these years is estimated at a fairly stable level of around 470 to 480 million pounds.

"Although individual acreage allotments for 1946 were reduced 10 percent the estimated 1946 acreage of 499,000 acres is only 3½ percent less than were harvested in 1945 and production now is estimated to be nearly as large as last year.

"If exports continue at current levels, total disappearance for the 1946-47 marketing year will amount to about 475 million pounds. Domestic consumption for the 1946-47 marketing year is estimated at 450 million pounds and is based upon a continuation of a level of cigarette output near the current annual rate of 340 billions and some increase in production of smoking tobacco which reached a low of only 50 million pounds for the same period a year ago. Production of chewing tobacco, while relatively unimportant in the burley situation, decreased nearly 6 million pounds during the first six months of this calendar year compared with the same period in 1945. Exports during the current year are now estimated to be nearly double the prewar level of about 12 million pounds. Despite the marked increase in exports, this outlet still accounts for a relatively small percentage of the crop."

DIRECTORS NAMED BY SHEEP ASS'N.

AT ANNUAL MEETING HELD AT BURLINGTON SATURDAY—ALL DIRECTORS RE-ELECTED — SPECIALIST PRESENT.

Boone County Sheep Protective Association members at the annual meeting held at Burlington last Saturday re-elected the same directors for the 1946-47 year. The directors of the association are:

Burlington, H. E. White; Florence, L. H. Congleton; Hebron, Charles Beall; Petersburg, Charles W. White; Rabbit Hash, John T. Stevens; Union, Joseph A. Huey; Beaver, Russell Sparks; Verona, Walter Johnson; Walton, J. G. Pennington.

The directors, following the annual meeting met and re-elected H. E. White, president; James G. Pennington, vice president, and L. H. Congleton, secretary-treasurer.

The board of directors report showed that 2 percent of the sheep in the association were killed by dogs in the 1945-46 years and that the average losses from dogs was 16 cents per head. The association voted to continue the 10 cent per head due in that the past year's losses were the highest on record. Stray and unlicensed dogs accounted for a big part of the loss. The members vote to urge farmers, the sheriff and county tax commissioner to render full support in helping to enforce the dog law.

Richard C. Miller, sheep specialist from the College of Agriculture, urged farmers to secure best type blackface Northwestern ewes or ewe lambs for their flock replacements. These ewes can be secured for less money and good native ewe lambs can be raised and are more profitable producers. Miller stressed the advantages of following a good complete phenothiazine intestinal parasite control program. Failure to follow the complete program will permit stomach worms to get a fresh start. He stated the outlook for sheep the next few years was exceptionally good. Farmers with sheep farms will probably make more clear money from their sheep than most other classes of livestock during the next several years.

Dr. Gordon F. McKim

Dr. Gordon F. McKim, of Cincinnati, and a native of Boone County died Tuesday in Christ Hospital, after an illness of several al months.

Born at Burlington Dr. McKim attended public school here and Hanover College and received his Bachelor of Science Degree at Miami University and the M. D. Degree from the Ohio Medical College, Cincinnati in 1903.

He was renowned as an urologist, for years professor of urology, University of Cincinnati Medical College, past president of the Cincinnati Academy of Medicine and former chief of staff of Christ Hospital.

Dr. McKim was a Shriner, member of Burlington Lodge No. 264 F. & A. M., Beta Theta Phi college fraternity, the Nu Sigma Nu medical fraternity and a member of the Cincinnati Country Club and of the University Club.

He is survived by his widow; a son, Gordon F. McKim, Jr., a granddaughter, Barbara Allen McKim, and a brother, Herbert McKim, Cincinnati.

PETERSBURG AND BURLINGTON NINES

TO START PLAY IN ELIMINATION PLAY-OFF SATURDAY—FORMER ELIMINATED BELLEVIEW SATURDAY.

Play in the County League elimination finals will get under way Saturday at 2:30 when the Burlington and Petersburg nines tangle at the latter's park in the first of a "3 out of 5" game series.

Petersburg won their way to the play-off last Saturday by defeating the Belleview nine for the second time in elimination play by a 6-0 score, behind the shut-out pitching of Henry Deck. Jay Ryle was the losing hurler. Deck gave up eight hits but kept them well scattered in managing to coast to an easy victory.

In the play-off series, some good baseball is in store for all, and all fans are invited to attend. Don't forget, Saturday at 2:30 at the Petersburg park.

What Is Socalized Medicine? Do You Want Socalized Medicine?

Do you know the advantages and disadvantages of socialized medicine?

The term Socialized Medicine has been widely misunderstood. It sounds like something for nothing—but when one knows the facts, it is not only costly to the taxpayers, but most important, it is a serious set back to the health standard of the American people.

Where life and death are at stake, it would be a deplorable condition if we were deprived of the privilege of securing the best medical treatment, and naturally when the doctor is employed by the State he has less and less personal interest in the patient.

Do we want the government to have complete control [illegible] vital matter?

Is this democracy?

W. W. Gaines Tells History Of Baptist

By Dr. Thomas M. Elliott

The following article was taken from the Atlanta Constitution Aug. 11, 1946.

W. W. Gaines, Atlanta attorney for 54 years, may not be able to state the exact date of his marriage in December, 1896; but he is able to tell the details of Baptist history in Atlanta and Georgia during the past century, and give you a recital of his personal participation in it since 1892, the year he came to Atlanta and affiliated with the Second Baptist Church during the 25-year pastorate of Dr. Henry McDonald.

Born in democratic Boone County, Kentucky, Col. Gaines was strong in his Southern attitudes. Turning a deaf ear to the appeals of Cincinnati and Chattanooga, he trekked southward soon after graduating from the law school at Washington and Lee University, and reached Atlanta in 1891. He immediately joined in with a group of young men of the Second Baptist Church in building up a mission church on Georgia Avenue at the corner of Capitol Avenue, now known as the Capitol Avenue Baptist church with a membership in excess of 1,600 under the pastoral leadership of the Rev. Marshall Nelms. For 45 years Gaines has been a member of that church, and active in promoting its growth. During the passing years he also has taken part in establishing five other Southside churches in Atlanta.

As a lay leader Gaines received recognition in the governing bodies of the denomination. Twenty-five times he attended the annual meetings of the Southern Baptist Convention, of which body he served a term as Vice President, and was made attorney for the Home Mission Board. For a two-year term he was Vice President of the Georgia Baptist Convention, and was Vice Moderator of the Stone Mountain Association in 1909, when Dr. John E. White, of the Atlanta Second Baptist Church, presented a resolution that led to organizing the Atlanta Baptist Association later in the year.

Although he has never been a candidate for public office, Gaines has made a significant contribution to the civic life of Atlanta and Georgia. For 15 years he was chairman of the Atlanta Board of Education, during which time many of the Atlanta high school buildings were erected. During his presidency of the George Temperance League two successful statewide elections for prohibition in Georgia were held. He is at present one of the Vice Presidents of Georgia Temperance League.

Identified with the Atlanta Association since its beginning in 1909, Gaines takes pride in showthe Georgia Temperance League. ing steady advances made by Atlanta Baptists from 1910 through 1945. Total membership in 1910 was 14,093 which was increased to 70,047 in 1945. Baptisms in 1910 were 1,315, while 1945 reported 3,053. Total contributions in 1910 for church support, missions and benevolences was $141,051.53, which total was increased to $1,611,005.78 in 1945.

In 1944, says Gaines, in gifts to missions and benevolences the Atlanta Association led all Associations in the Southern Baptist Convention, with a total of $358,592.

Gaines says Atlanta and Georgia constitute one of the world's best known Baptist centers, and concluded "It's great to be a Baptist."

As to the date of Gaines' marriage to Miss Zula Coleman, of Carrollton, Carroll County, Kentucky, he says it is a fact that he does not recall the exact date, except that it was in December, 1896.

Willie Weaver of Pulaski county bought 43 lambs last year, sheared $4 worth of wool from each one and sold them for $6 more per head than the purchase price.

DANVILLE MAN TO FACE FIVE CHARGES

AFTER ACCIDENT NEAR RICHWOOD — KIDNAPING AND AUTO THEFT, ARMED ROBBERY ARE AMONG CHARGES.

Robert Jackson Crowe, Jr., 21, was charged with kidnaping, armed robbery, reckless driving, possession of a stolen automobile and driving without an operator's license, according to Sheriff Irvin Rouse.

The charges were placed again Jackson Saturday, after a car he was driving was involved in an accident on U. S. 25 near Richwood, Ky.

According to Walter M. McFarland, and Eddie Lee Fox, both of Cincinnati, Crowe took over McFarland's car near Florence, after he told them that he was "wanted for murder and that one more won't make any difference." McFarland said that Crowe then jabbed him in the side with what he though was a gun and made him stop the automobile.

McFarland said Crowe drove the car up to 95 miles an hour and after sideswiping another car, lost control of the automobile, turned completely over five times and rolled 30 feet before stopping. McFarland escaped with minor cuts and scratches and Fox was treated at St. Elizabeth Hospital for cuts and bruises on his head and face.

Crowe suffered a fractured vertebrae and will be hospitalized for some time. He was taken to the hospital in an ambulance from the Ralph Stith funeral home, Florence.

According to McFarland the trio met in a Cincinnati cafe earlier in the evening and went to Kentucky, upon Crow's insistence, "to see some girls."

Harvest 400 Bushels Balbo Rye Seed From Eighteen Acres Land

Joe Heizer of Beaver recently harvested 400 bushels of Kentucky Certified Balbo rye seed from 18 acres. Tests made by the Kentucky Seed Improvement Association shows this seed to be of exceptionally high quality.

Mr. Heizer states that he is going to offer this seed for a limited time for sale to Boone County farmers. He has had several offers from Central Kentucky dealers and if not sold in a short time will accept one of the offers.

Chicken Supper Will Be Given By Hopeful Lutheran Church

A chicken supper will be given at the Hopeful Lutheran Church on Saturday, September 14th for the benefit of Hopeful Cemtery fund.

Serving will begin at 5 p. m. and continue until 10:00 p. m. it was announced. Servings will be $1.00 per plate.

The public is cordially invited to attend this supper.

Mr. and Mrs. Willis Keller and family, of Cincinnati, and Mrs. Blanche Beemon, of Florence were Sunday guests of Mr. and Mrs. Earl Smith and family.

PETERSBURG WINS OPENING GAME

OF COUNTY ELIMINATION FINALS BY SCORE OF 11-10 LAST SATURDAY — SECOND GAME SATURDAY AT PETERSBURG.

Petersburg won the opener of the play-off series in the Boone County League Saturday by an 11-10 score in ten innings. The game was poorly played by both, each team having several errors and Burlington's base running playing was an important factor in their defeat.

H. Deck and D. Deck were the hurlers for the victors with the latter being credited with the win, While Gulley and C. Benson worked on the moun for the losers with Benson being charged with the loss. Shinkle and Hitzfield had two hits each for the winners, while Sebree, A. Clore and C. Benson obtained three safeties each for the Burlington nine.

The second game will be played Saturday at 2:30 on the Petersburg park.

Clarence W. Chipley

Funeral services for Clarence W. Chipley, who died Thursday at his home on Erlanger Road, Erlanger, were held at 3:30 p. m. Sunday at the Chambers and Grubbs funeral home, Florence. Burial was in the Hebron Cemetery.

Mr. Chipley was 73 years old and had spent most of his life in Boone and Kenton Counties. He formerly operated a farm owned by Mrs. Bert Gaines on the Idlewild-Burlington Road.

He is survived by his widow, Mrs. Stella Mae Chipley; five daughters, Mrs. A. C. Russard, Everett, Washington; Mrs. H. L. Anderson, Ludlow; Mrs. George Clifford, Covington; Mrs. Cassius Sullivan, Burlington, and Mrs. James Jones, Union; two sons, Thurman N. Chipley and Robert E. Chipley, both of Erlanger; two sisters, Mrs. L. B. Courtney, of Harrison County, and Mrs. Henry Curd, of Ohio, and a brother, Ben Chipley, of Harrison County.

Lewis C. Campbell

Funeral services for Lewis C. Campbell, 62, former Northern Kentucky resident, killed last week in an automobile accident at Relaterstown, Md., were held at 2 p. m. Tuesday in Covington. Burial was in the Burlington Cemetery.

Mr. Campbell, who was 62, had been a traveling salesman for 19 years with a Cincinnati bakery supply company. He was said to have suffered a brain concussion and multiple bone fractures in the accident.

He was a native of Boone County but made his home with his parents, Mr. and Mrs. Walter Campbell of Walnut Hills.

Besides his parents he is survived by his widow, Mrs. Stella Nichols Campbell; two daughters, Mrs. J. H. Kinsell, Newport and Miss Letha Campbell, Cincinnati; a son, Clayborne Lee Campbell, Newport and five grandchildren.

Benjamin F. Jones

Funeral services for Benjamin F. Jones, 92-year-old retired farmer and life-long resident of Constance, were held at the Constance Christian Church at 2:30 p. m. Sunday. Burial was in the Bullittsburg Cemetery.

Mr. Jones died Thursday night at his home following a long illness.

He is survived by four daughters, Mrs. Mary Masters, Bullittsville; Mrs. Lillie Rogers, Bridgetown, O.; Mrs. Sally Rector, Petersburg, and Mrs. Katie B. Anderson, Constance; a son, Ben K. Jones, Covington; two brothers, Albert Jones, of Sayler Park, O., and Lewis Jones, of Grand Rapids, Mich.; two sisters Mrs. Ella Acra, Petersburg, and Mrs. Maggie Jackson, Lawrenceburg, Ind., 27 grandchildren and 24 great-grandchildren.

The Catherman funeral home, Ludlow was in charge of arrangements.

Mrs. Bernadina Judge

Requiem High Mass for Mrs. Bernadina Judge, 83, former resident of Erlanger, was sung at St. Henry Church at 9 a. m. today (Thursday), following prayers at the Tallaferro funeral home, Erlanger at 8:30 a. m. Burial was in St. Mary Cemtery.

Mrs. Judge died Monday at the home of her sister, Mrs. Josephine Tabellings, 20 Horsebranch road, South Ft. Mitchell, with whom she lived.

Phillip Tallaferro was in charge of funeral arrangements.

Florence Youth Suffers Broken Arm

Albert Lee, son of Mr. and Mrs. Cecil Martin, of Burlington Road, near Florence suffered a compound fracture to one of his arms Sunday afternoon when a horse he was riding became frightened, throwing him.

He was removed to Booth Hospital by his parents, and Dr. Daugherty for treatment. He was attending a ball game at the time of the accident.

FLORENCE P.-T. A.

The Florence P.-T. A. will hold its regular meeting Thursday evening, September 12th at 8:00 at the school auditorium. All members please be present.

William W. Aylor, Chief Warrant Officer of the U. S. Navy, now stationed in San Diego, Calif., will arrive home by plane Thursday, September 12 for a visit with his parents, Mr. and Mrs. Paul Aylor.

ACHIEVEMENT MEETING SET

FIFTEEN COUNTY PROJECT CHAMPIONS FROM EIGHT COUNTIES MAY COMPETE FOR CHAMPIONSHIPS.

The Northern Kentucky District Achievement meeting will be held Saturday, October 19th in Covington. Fifteen county project champions from each of the eight counties in the district may compete for championships. Counties in the district are Bracken, Campbell, Pendleton, Kenton, Grant, Owen, Gallatin and Boone.

Included in the day's program are group singing, entertainment, lunch and inspirational talks. During the afternoon ribbons will be awarded in blue, red and white groups. Each county champion will be given a 4-H coin purse. Each district project champion will be given a 4-H souvenir and a special championship ribbon. District entries will be sent to Lexington for entering in the state contests.

A series of community meetings will be held in Boone County the last t wo weeks in September, according to the County Agent's office. All club members are asked to bring their completed records to the September meetings. From the records county champions will be selected in special truck crops, garden, canning, clothing, foods, room improvement, poultry, hogs, dairy sheep, corn, beef, labor service, housekeeping and the well-groomed girl.

Ewbank Southdowns Take State Fair Prizes

Ewbank Farms of near Warsaw, Gallatin County won twenty top premiums at Kentucky State Fair on their Southdown sheep, including two champions and one grand champion and seven firsts.

This same flock won twelve top premiums at Wisconsin State Fair and similar at Illinois State Fair, and will be showed at Indiana State Fair this week.

Jean and Eloise Ewbank showing their personal flock separate won eight premiums in open to world classes and ten top premiums in 4-H class, with Eloise winning champion and grand champion any age, any breed on her yearling ewe. They also won eleven premiums at 4-H District Fair, Lexington and silver trophy for grand champion. Eloise also won the silver trophy for best sheep showman at Lexington.

Ryle Ewbank was honored with a personal interview over radio station WHAS on their Kentuckiana 12:30 Thursday State Fair broadcast.

October 8 Set As Date Of Annual Meeting

Biggest day of the year is rolling just around the corner for the Boone County Homemakers. October 8 has been set as their big day for annual meeting. Florence Methodist Church will be hostess for the large group of Homemakers and their friends. The committees are working on all their plans to make this one of the best annual meetings of Boone County homemakers.

Sixteen Receive Nursing Certificates

Wa-Na Woman's Club, Walton, Ky., has sponsored Red Cross Home Nursing Courses for this community in a very fine way. Through this club Walton-Verona School board furnished a spacious comfortable room with running water and all conveniences.

Sixteen persons received certificates for very excellent work. As a result of this course one high school graduate is entering a training school for nurses this fall.

The many skills learned during these class periods will make a sick person more comfortable at home, will help prevent the spread of sickness in the home and will help each student become a more responsible person in maintaining good health in the home and community.

As in case of any American Red Cross course, this Home Nursing course does not prepare persons to nurse for hire.

The course was taught by Miss Elizabeth Lowry, Boone County Red Cross Nurse.

Mrs. H. C. Jasper, of Richmond, was the house guest of Mrs. George Kreylich and daughter, Miss Mattie over the week-end.

Amputee Veterans Eligible For Cars At Government Expense

Application forms for amputee veterans in Kentucky to use in obtaining cars at government expense are now available from Veterans Administration offices and Contact Representatives throughout the state, it was announced by Harry W. Farmer, Regional Manager. VA is charged with responsibility for administering the new $30,000,000 program set up by Public Law 663 to provide automobiles or other conveyances for disabled veterans of World War II who are entitled to compensation for the loss, or loss of use, of one or both legs at or above the ankle."

Veterans who think they are entitled to receive cars are asked not to write or wire VA in Washington, but to obtain the necessary forms and information from Contact Representatives.

The procedure outlined below should be followed:

1. The disabled veterans obtains an application form and information from his Contact Representative who will help him fill the form out. If there is no Contact Representative in the veteran's town, he may write to the nearest VA office.

2. Every eligible veteran who lives in Kentucky except retired officers, must mail his completed application to the Veterans Administration Regional Office, Lexington, Ky. There the form will be processed, an entry will be made as to his disability, and the form will be returned to the veteran. (Retired officers must mail their applications to the Veterans Administration, Washington 25, D. C., and not to a regional office. After this step, their applications also will be handled through regoinal offices).

3. The disabled veterans will take the approved form, together with his operator's license, to the local licensing agency. If his license satisfies requirements of the Kentucky motor vehicle laws, that fact will be entered on his application. In addition to other necessary information such as special attachments required by law. The veteran must obtain a driver's license if he does not have one.

4. After all entires have been made and certified by the licensing agency, the veterans can present his application to any dealer of his choice and negotiate for the automobile or other conveyance.

5. When the car is delivered, the dealer can submit necessary papers to the VA Regional Office in Lexington for payment. VA warned veterans that the total purchase price of the car cannot exceed $1,600. This must include all special attachments necessary to operate the vehicle safely and any tax which is reflected in the purchase price. The veteran cannot buy a more expensive car and pay the difference between the purchase price and the $1,600 VA limitation.

The Veterans Administration can pay only the seller and cannot reimburse veterans for cars already purchased.

VA also pointed out that the man must actually be a World War II veteran separated from service, and his claim must be completed by June 30, 1947.

Local Baptists Contribute To World Relief Fund

Louisville, Ky.—Dr. W. C. Boone, General Secretary for Kentucky Baptists, announced that through September 5 Kentucky Baptist churches had given $227,048.48 to World Relief and Rehabilitation. This includes the gifts from over 900 of the 2,130 churches. Plans to reach the goal of $287,700.00 have been made so this may be done within the next few days. Twenty-two of the 33 churches in North Bend Baptist Association have given $3,754.52. Their goal is $19,674.07.

The director for this section is Burton Garrett, Walton. The churches in this association that have given to World Relief are: Beaver Lick, Belleview, Blue Ash, Bullittsburg, Burlington, De-Coursey, Erlanger, Covington First, Ft. Mitchell, Hickory Grove, Immanuel, Kenton, Latonia, Ludlow, Madison Avenue Oak Ridge, Petersburg, Sand Run, South Side Union, Visalai, Walton.

FARMERS URGED TO USE SOIL BUILDING

PLAN — SEVERAL CONSERVATION PRACTICES CAN BE CARRIED OUT—NOW IS TIME TO IMPROVE LAND.

Boone County farmers are urged to carry out all the soil-building and water-conserving practices possible on their farms this fall.

Mark Cook, Chairman of the County Agricultural Conservation (AAA) Committee, explained that there are still several fall conservation practices which farmers can carry out even if it is too late now to carry out practises they selected on farm plans last spring.

The time was never more important for farmers to improve their land for efficient production, he said. Both city people and farmers have a stake in soil and water conservation since it takes some three and one-half acres every year to produce all the food and most of the clothing for one person.

Last spring 1003 out of 1363 farmers in the county made out a 1946 Agricultural Conservation program plan. Under this Department of Agriculture plan, they share costs with Uncle Sam in carrying out conservation measures on their farms. "If you have trouble carrying out practices listed in your farm plan, please let us know," the chairman said. "The committee will be glad to help in arrangements to complete practices or substitute another one for it."

Practices which still can be carried out in the county this fall are: Limestone, phosphate, winter legumes including vetch and crimson clover, and pond building. Limestone is readily available for delivery this fall and more so than phosphate, and is one of the best ways of using up the soil-building allowance. Farmers are urged to order soon if fall delivery is desired.

Chairman Mark Cook said that if farmers can't carry out their practices this fall, they should tell the county committee about it. The committee can then cooperate in this share-the-cost conservation plan with one of your neighbors who otherwise might not be able to carry out a soil-building practice this fall, he added. "We want to get all the conservation work done that we can from funds provided for this county," he went on. "Soil-building practices make better farms. They also improve the health of all of us. There is a direct connection between good soil and good health. That's why Uncle Sam figures it's good business to cooperate with farmers in doing the conservation job."

Training Meeting Held By Homemakers Sept. 3

Officers' training meeting of Homemakers met on September 3rd at the courthouse in Burlington. The new officers and chairmen for 1946-47 met together to give each other new suggestions for their office. About thirty-five Homemakers were present.

Mrs. Clyde Arnold, County President of Homemakers, gave a talk on "What is a Good President." Mrs. Joe Hogan, County Vice President." Mrs. Hogan is the county membership chairman and had many good ideas to give to the women that she received at the district planning meeting of homemakers at Paris last week. Mrs. Mrs. Albert Pfalzgraf, county citizenship chairman, and Mrs. A. B. Nichols, county publicity chairman, attended the meeting in Paris, also, and they gave suggestions to the ladies as to what their duties should be as a Homemaker. The other chairmen present gave their suggestions to help and told what they plan to do this year in their work.

Water Supply Meeting Set For October 22nd

The Boone County farm and home water supply improvement meeting has been set for Tuesday, October 22nd, according to the County Agent's office. Earl Welch, Agricultural Engineer from the College of Agriculture will be a speaker on the meeting program.

The meeting was originally set for an earlier date but was postponed because of the busy harvesting season.

Mrs. Alline Brady entertained the Homemaker's Club at her home last Thursday.

Wilson Sells 40 Head Of Jerseys

Jesse Wilson, Verona sold the forty head of registered Jersey cows and heifers to J. C. Acree of Union, R. 1. The sale was made the past week. This is the largest sale of registered Jerseys to one man on record in the county.

The Wilson herd is one of the top Jersey herds in the state packed by 30 years of constructive breeding, use of Boone County Jersey Bull Association herd sires and Dairy Herd Improvement Association work. The herd was sold only because of the ill health of Mr. Wilson. This herd for several years has run a 6 percent butterfat test which is the highest for any large herd in the Northern Kentucky area.

Bullittsville Christian Announce Revival

As was briefly announced in our issue of last week, revival and evangelistic services will be held at the Bullittsville Christian Church, commencing next Sunday, September 15th and closing with the evening service on Sunday, September 22.

Rev. A. C. Young, the regular pastor of the Bullittsville Christian Church will be working in conjunction with Rev. Hilton A. Windley, pastor of the First Christian Church of Covington, Ky., who will care for the evangelistic phase of the meeting. The reputation of Rev. Windley is such that everyone is looking forward to a series of invigorating and inspiring sermons, consequently all members of the church are urged to attend every service. Further, all friends of the church, which means everyone, are extended a coriad and sincere invitation to meet and share in the blessings which must and will follow a meeting of this nature.

The choir, under the able direction of its choirmaster, Russell Hodge, has prepared numerous special numbers for the meeting, and their efforts to provide a suitable musical background will do much to create the worshipful atmosphere so conducive to success in a meeting which has a spiritual purpose. Therefore, again, an earnest plea is made for everyone who possibly can to attend all of these services so that fellowship may have full play and provide the invigoration of mind and spirit so necessary to the supplementing of our physical efforts.

Committees Named For Annual Homemakers Meet

Boone County Homemakers are looking forward to the date of October 8th. This is the day which they have chosen for their annual meeting at the Florence Methodist Church. The program committee, Mrs. Leo Flynn, chairman, Mrs. Jake Cleek, Mrs. V. G. Young and Mrs. Wm. Hill, have made all arrangements for the entire program. Other committees have been appointed who are all working very hard.

The rest of the committees are as follows: Reception, Mrs. Mabel Sayre, Mrs. Dan Hacker, Mrs. John Boyer; time and place, Mrs. Harry Daugherty, Mrs. John L. Vest, chairman, Mrs. Robert Meyers; decoration and favors, Mrs. John Schram, Mrs. Parker Hollis, Mrs. Kirtley Cropper, Mrs. Justin Dolph; music, Mrs. Virginia Goodridge, Mrs. Ralph Stith; registration, Mrs. Roy Nestor, Miss Gladys Klopp; nominations, Mrs. Albert Pfalzgraf, Mrs. Howard Acra, Mrs. Mattie Griffith; special committee, Mrs. John Kyle, Mrs. John Schram, Mrs. H. A. Mulroney, Jr.

Real Estate Transfers

Mr. and Mrs. H. Weghorn sold their farm to Mr. and Mrs. Robert Nothney, of Maysville, Ky. We welcome Mr. and Mrs. Nothway to Boone County. Norman Locke, of Verona, bought the lots on Route 42, from Lute Bradford. Mr. and Mrs. Sanford Carnes of Walton purchased a home in Elsmere.

The above transacations were handled through the office of Ben F. Zimmer, Jr., of Zimmer Realty Co., Florence.

Enjoys Furlough With Grandparents

Pfc. James W. Matherly of the A. A. F. left Friday morning for his base Suisan, Calif., after spending a furlough with his grandparents, Mr. and Mrs. J. W. Matherly and Bobbie at their home on Erlanger Road. James will embark for Bowman Field, Hawaii after returning to his base.

38 FARMERS SIGN DAIRY PROGRAM

HAVE PAID LIFE MEMBERSHIP FEES ON 306 COWS—MUCH INTEREST BEING SHOWN BY DAIRYMEN.

Thirty-eight farmers owning 624 cows have signed up for membership in the proposed Boone County Artificial Breeding Association, according to H. R. Forkner, County Agent. These dairymen have paid the required life membership fees on 306 cows. Membership of 1,000 cows must be paid in before the county association can be organized and serviced by the State Bull Stud.

Farmers who have paid their membership dues into the proposed Association are: Joe Dringenburg, J. Leising Huey, Herman Decker, Byron Kinman, L. B. Meece, R. F. Woodward, George S. Knox, John E. Crigler, C. E. Cobb, C. H. Tanner and son, Albert Parker, Ben Nichting, E. C. Trisler, Wilton Stephens, Walter Ferguson, J. E. Riddell, Walter Scott, Thomas Hensley, Ira Harris, R. A. Stephenson, C. G. Kelly, Frank Maurer, John Conrad, John Kyle, A. G. McMullen, J. C. Acree, James V. Tupman, Coleman Bros., Arlies Fleek, John Sleet, H. S. Tanner, Robert Youell, C. B. Turner, Albert Willis, Sterling Rouse, C. G. Jones, A. R. Kwozalla, W. Keene Souther.

Dairyman both large and small are showing much interest in the program. Practically 100% of all farmers contacted the past week signed up. The rush of farm work is preventing committeemen from contacting their neighbors and is the only hold back in getting the needed sign-up completed.

All dairymen who can are urged to contact either the County Agent's office or their local committemen and sign up without being solicited. A big part of the work must be completed by local committeemen. Those who volunteer and sign up without being solicited will relieve the burden on the committee and will enable the county to secure the needed 1,000 cows at an earlier date.

The history of the associations already organized in other counties shows the membership increasing rapidly after the minimum required sign-up is completed. Shelby county is reported in recent weeks to have increased thir original sign up to 6,000 cows and to have employed three full time inseminators.

Homecoming Planned At East Bend Church

Homecoming services at the East Bend Baptist Church will be held Sunday, September 15th. All members and former pastors are especially invited.

Services will begin at 10:30 and continue until 12:00, at which time a basket dinner will be served. In the afternoon there will be special music and a message by Bro. Forest Taylor of Belleview Baptist Church. There will be no night services.

MEETING POSTPONED

The P.-T. A meeting of Hebron formerly scheduled for September 10 has been postponed until Tuesday, September 24th at 8:00 p. m.

BOONE ALL STARS TRIM ST. PATRICK

NINE BY SCORE OF 8-7 ON PETERSBURG GROUNDS SUNDAY —LOSERS RALLY WITH SIX RUNS IN LAST OF EIGHTH.

The Boone County All-Stars staved off elimination from the Northern Kentucky Semipro elimination series when they trounced the St. Patrick nine by a close count of 8-7 at the Petersburg park Sunday.

The All Stars enjoyed strong early inning in downing St. Patrick, leading at the opening of the eighth by a score of 7-1. St. Patrick rallied in the last of the eighth scoring six runs to tie the score. The All Stars pushed over the winning run in the ninth.

"Hoots" Ryle on the mound for the winners allowed 11 hits, while his teammates were collecting 11 hits from the offerings of Dorman and Reynolds.

Ft Thomas will meet [illegible] Sunday at the Petersburg Park, it was announced by Robert Eades.

REVIVAL NOTES

A period of great spiritual awakening has just passed for Bullittsburg Baptist Church folks in a recent 12-day revival. While visible results have been small, time will prove its great worth. Large crowds filled the auditorium each evening to hear Brother F. B. Taylor preach God's word and to join Brother DeHart in the song service.

Our own beloved pastor, W. T. Gardner, worked faithfully along with them each evening. During his brief stay here he has traveled the byways and hedges of our community in search of the lost. We, of the church, should be grateful for his untiring efforts in our behalf. Even his automobile is dedicated to the Lord's service. So thoroughly has he combed the community that he knows the exact number of folks, we should be ministering to. Many Baptists are living in our community without a church home. We hope they will be guided by God's hand to come and fellowship with us.

One phase of spiritual awakening under his leadership is not difficult to see. God's word plainly teaches tithing as a Christian asset, thus giving a definite plan for financial support of a church. Under his spiritual leadership we have caught a vision, without which a people perish. We have maintained a full time pastor, beautified the church, and accumulated a building fund. Zeal for the lost, has first place in his heart and any who will listen will be blessed. If souls are not being saved, it is not for lack of work on the part of our pastor. A pastor cannot carry the whole burden. He needs your help and your prayers.

Our new venetian blinds were installed recently and have added new charm to this old church. They were contributed by a few of the members. We invite and urge any who will to come and worship with us.

Publicity Chairman.

BURLINGTON HOMEMAKERS

The Burlington Homemakers met for their first meeting of the year with twenty-one present, September 5th at the home of Mrs. Aline Brady.

New officers took their places for the business session. The H. D. A. gave the program for 1946-47. Lesson for the day on "Food for and From Frozen Locker," was given by Mrs. Fitzgerald of Florence. Mrs. Vernon Pope gave the lesson on "Style Trends" which was very instructive.

Members and friends are urged to look forward to our next meeting October 3rd.

—Program Chairman.

ENJOY HAY RIDE

Mr. and Mrs. Courtney Pope entertained the young people of Belleview by taking them on a hay ride, Friday evening. Those enjoying the occasion were: Agnes Stephens, Wilma Arnold, Louise and Mary McArthur, Betty and Loretta Pendry, Joy and Lillian Stephens, Audrey Dolph, Evelyn Rogers, Lucinda Burcham, Charlotte and Geneva Ashcraft, Wallace Aylor, Ed Deck, Norbert Wilhoite, Nathan Clemons, Red Grill, Floyd McArthur, Leland and David Clore, Hebern Scott, Don Blankenship, Sebern Brady, Bob Stephens, Don Deck, Mr. and Mrs. Robert Rogers and Mr. and Mrs. Marvin Ligon. All enjoyed the ride very much.

GARDENS IMPORTANT

County Agent S. M. Cook, of Leslie county says a garden should produce $1 worth of food for each member of the family each week throughout the year. Such production would not only help the family's pocketbook but would tend to insure a balanced diet and better health, he adds. His garden work this season included distributing to 4-H club members, 1,000 four-ounce packages of mustard, kale, chinese cabbage, turnip and crimson clover seed.

BELLEVIEW BAPTIST W. M. S.

An all-day meeting was held at the church September 5th to observe the Week of Prayer for State Missions in Kentucky.

Our president, Mrs. Christena Kirtley was in charge of the meeting.

A program arranged on "The Good Neighbor Policy" by Mrs. Leona Marshall, Mrs. Etna McNeely and Mrs. Laura Clore was presented at the morning session. Mrs. Mae Sandford gave the Bible Study from Royal Service, reading from Matt. 22 Chap. 1st Timothy and Psalm 67.

Mrs. Forest Taylor and Mrs. Zora Scott sang "Living For Jesus." Lunch was served at the noon hour. Mrs. Laura Rogers gave the devotional for the afternoon program; subject "Witnessing for Jesus."

Others present and taking part on the program were Mrs. Bertha Rice, Miss Anna Cason, Mrs. Bessie Ryle, Mrs. Josie Cason, Mrs. Helen Rogers, Mrs. Florence McArthur, Mrs. Clara Hensley, Mrs. Irene Walton. Mrs. Grace Brown and Mrs. Betty Smith were added to our list of members.

"Kentucky in My Heart," was sung as a request and an offering taken for State Missions. Meeting closed with prayer by Mrs. Hensley.

Mrs. Sandford, Pub. Chm'n.

IT'S TRUE! That upward spiral of price rise hasn't so much as budged Greyhound fares. They have remained normal—just as low as before-the-war days. This is more remarkable too, since costs and maintenance of operating bus lines have risen sharply all along the line.

How does Greyhound do it? Well—it's no trade secret. The backbone of Greyhound Lines formula for success is more and better service to more people. Expansion and augmented service . . . thorough maintenance and efficient operation of equipment have all combined to hold the line on bus fares.

Your travel dollar really buys more today than ever before in bus line transportation. And when Greyhound's orders for new buses are filled, your dollar will buy even more in comfort, convenience and better bus service.

SCIENTIFIC EXAMINATIONS

EYE-STRAIN

Some indications of eye-strain are: Squinting, frowning, straining to see, drowsiness after reading, headaches, nervousness, discomfort of eyes after reading, sensitiveness of eyes to light, wrinkles and crow's feet around eyes, imperfect vision, and have to hold reading matter very close or at arm's length.

We examine eyes and furnish glasses that will correct eye-strain.

Octopus Outlets

. . . are BOTTLENECKS to electrical living in the home

Your appliances and lamps can't give you the service you expect of them when they're plugged into "octopus outlets" like this.

When too many lamps and appliances are plugged into an outlet, they compete against each for a too-meager supply of electricity. Lights go dim, the iron won't heat and the fuse sometimes blows. That's because the load at the outlet is greater than the circuit is designed to carry.

To eliminate "octopus outlet" bottlenecks to better electrical living, install adequate wiring now. Put in a large enough service entrance, enough circuits of large enough wire and enough outlets and switches to provide a full measure of electrical energy for all of your lights and appliances.

Discuss adequate wiring with your electric contractor

ADEQUATE WIRING SERVES SAVES

Before you build, or remodel, discuss adequate wiring completely with your electrical contractor. Let him show you how little extra it costs to install full capacity wiring instead of "skimpy" wiring. Don't bottle up an obsolete wiring system inside the walls of your home.

BURLINGTON EVENS COUNT

BY DEFEATING PETERSBURG IN TWELVE-INNING GAME SATURDAY—THIRD GAME TO BE PLAYED SATURDAY.

Burlington's baseball team evened up the Boone County series at one-all last Saturday by defeating Petersburg 4 to 2 in twelve innings at the latter's park.

The local team, behind the superb pitching of Ivan Gulley held a two to nothing lead with one out in the last of the ninth inning, but a single by Shinkle and a triple by H. Deck, who also scored when the retrieved ball hit an obstruction in the outfield as it was being relayed home.

Burlington's first two scores came in the third frame on a single by G. Clore, a triple by A. Clore and a single by Kirkpatrick. The locals pushed their winning markers across in the twelfth on a single by C. Benson, Smith's bunt which went for a hit and a single by G. Clore.

Gulley allowed only eight hits, fanned eleven and walked one. Carver and Mahan who did the serving up for the losers gave nine hits, fanned eight and walked two. Each team made two miscues.

The two teams will meet again Saturday at the Belleview park at 2:30 o'clock in the third of their three out of five series. The fourth contest will also be played at the Belleview diamond.

Batteries for Saturday's game will be Gulley and Smith for the locals with Deck or Carver on the mound for Petersburg with Klopp or Wolf receiving.

Probable other starters for Burlington will be Kirk, A. Clore, S. Benson and G. Clore at the inner posts with Sebree, C. Benson and Akin in the outer garden. Petersburg's lineup is tenative, but the Deck boys, Henry, Eddie and "D" Mahan, Shinkle and Edwards will be among the starters.

Increase In Sugar Prices Authorized

About two cents increase per pound in the price of sugar has been authorized by OPA and will be effective at the retail level in about ten days.

The increases are required by agreement of the Commodity Credit Corporation, U. S. buying agency, and the Cuban Government on 1946-47 sugar crops.

Wholesalers and retailers will not be permitted to increase their price on present inventory. While the increase in price is legally effective September 18, it actually will go into effect when the dealer receives sugar billed at the new prices from normal supply sources in the usual manner.

Rev. R. A. Johnson was a guest Sunday of Mr. and Mrs. L. R. Vice and family.

Rev. Kidwell To Move To Dewitt, Illinois

Rev. Elmer Kidwell, former pastor of the Florence Methodist Church will move next week to Dewitt, Ill., where he has accepted a charge. Rev. Kidwell plans to attend Garrett Biblical Institute at Northwestern University, Evanston, Ill., for further training.

He made many friends while serving in the Burlington and Florence churches, and will be greatly missed by a wide circle of friends here.

Bunger-Siekman

A number of Boone County relatives of Miss Betty Lois Bunger, of Rising Sun, Ind., attended her wedding to Mr. Ray Siekman, also of Rising Sun, at the Baptist Church of that town Saturday evening, Sept. 8, at 7:30.

Miss Bunger's cousin, Mrs. Stanley Baker, of Vevay, Ind., was matron of honor, her sister, Myra Evelyn Bunger, Rising Sun, and another cousin Virginia Lee Biegel, Cincinnati, were bridesmaids. Mr. Siekman's attendants and ushers were three former schoolmates.

The couple plan a short honeymoon and then will make their home in Lafayette, Ind., where Mr. Siekman will re-enroll at Purdue University after having spent three years as a bomber pilot in the European theater. Mrs. Siekman is employed by the United States Department of Agriculture.

Those from Boone County attending the ceremony were Mrs. Josie Maurer, Burlington and Mr. and Mrs. William Rogers, Jr., and daughter Ella Jean, Miss Marian Rogers, Mrs. Laura Clore and sons Leland and David, of Belleview.

Curtis-Arrasmith

The Richwood Presbyterian Church was the scene of the beautiful wedding of Miss Lelia Marjorie Curtis, of Walton and Mr. John Galen Arrasmith of Dayton, Ohio at two thirty Wednesday afternoon, July 17, 1946. Rev. Roy Johnson of the Burlington Baptist Church officiating with a double ring ceremony.

The church was beautifully decorated with summer flowers, under the supervision of Mrs. J. F. Cleek, who was assisted by the ladies of the Richwood church.

Two beautiful solos, "I Love You Truly" and "Oh Promise Me" were rendered by the Rev. Donald Hopkins, pastor of the Richwood Presbyterian Church. He was accompanied by Mrs. Stanley Ranson at the organ.

The bride was given in marriage by her uncle Henry A. Taul, of Paris, Ky., brother of the bride's mother, Mrs. Charles Rector of Walton. She was the daughter of the late Buford C. Curtis of North Middletown, Ky.

The bride wore a gown of white satin with long pointed sleeves, sweetheart neckline, and long rounded train. Her fingertip veil was topped with orange blossoms, and she carried a bouquet of white lillies. Her only jewels were a strand of pears and a hand carved silver bracelet, gift of the groom.

The bride's only sister, Mrs. Carl Mastin, was matron of honor. She wore a gown of blue satin and carried red rose buds.

The groom is the son of James Arrasmith of Union, Ky. Mr. Lloyd Marsh, of Union, brother-in-law of the groom was the best man. Ushers were Arthur Cain of Dayton, O., and Richard Henry, of Paris, Ky.

Both the bride and groom served their country well in World War II.

The bride, a graduate of the St. Elizabeth Hospital, Covington was a member of the Army Nurse Corps and was stationed at Orlie General Hospital, Cleveland, O., where she worked in plastic surgery. She was honorably discharged on March 13, 1946.

Mr. Arrasmith enlisted in the U. S. Navy December 8, 1941 following the disaster at Pearl Harbor. He served as C. B. M. on the L. C. I. L. 190 with the amphibious command spending seventeen months overseas. He is a veteran of four major invasions, North Africa, Sielly, Salerno and Anzio beachheads having received a severe leg wound, he spent 8 months in the Naval hospital at Bethesda, Maryland. He was discharged July 26th 1945. Since that time he has been employed with Civil Service at Wright Field, Dayton, O.

The young couple are making their fhome in Dayton, after a short honeymoon. Their many relatives and friends join in wishing them a long, successful and happy married life.

BOONE CO. SOILS NEED LIMESTONE

IF FAVORABLE LIME BALANCE IS TO BE RESTORED TO SOIL, ACCORDING TO MARK COOK, CHAIRMAN CAC.

Lime spreading, is greatly needed in Boone County, if a favorable lime balance is to be restored to the soil, says Mark Cook, chairman of the County Agricultural Conservation Association Committee.

"Every year in all high rainfall areas of this country, water washes lime out of the soil," he stated. "This loss of lime from the soil is very serious," he continued, "because lime acts as a soil-conditioner and aids other plant food elements in doing their job."

Tests prove that lime increases the yield and improve the quality of legumes and grass. This means more and better feed for livestock, and better land. In the end, that adds up to more and better food and improves health for everyone.

Under the Agricultural Conservation program, th Government cooperates with farmers in this needed conservation measure by paying part of the cost of applying lime to the land. The program payment rate is $2.45 per ton.

The next few weeks will be a good time to apply limestone especially on worn-out pastures or with legumes planted for winter cover, he said. A survey taken recently indicates that 3 tons of lime to the acre should be placed on most of Boone County soils. Last year under the program, 10,133 tons were applied by Boone County farmers.

Aurora Farmers Fair Set For October 4-5

Aurora will stage their thirty-eighth annual Farmer's Fair and Homecoming, Friday and Saturday, October 4th and 5th.

This fair has continued and grown through the years until it has become an annual event which is looked forward to as it provides a good program and affords an excellent opportunity for renewing our contacts with acquaintances and friends. We hardly take time the busy days to be neighborly. This fair provides an excellent time to do this.

The exhibits of products of the farm, gardens and orchard supplemented by the display of fancy needle work, baking and canning will afford you an opportunity to see the value of competition in these things which has been and should be the primary purpose of any fair.

We feel sure that you will enjoy a visit to The Aurora Farmer's Fair. An ad. appears in our paper announcing the dates.

The Aurora Ferry will run late Saturday night, October 5th to accommodate the traveling public.

KENTUCKY IS IN STRAIGHT-JACKET

OF AN ANTIQUATED CONSTITUTION, SAYS J. E. REEVES IN ADDRESS TO FLORENCE ROTARY CLUB.

Modern Kentucky finds itself in the straight-jacket of an antiquated constitution, Mr. J. E. Reeves declared Sept. 16 in an address before the Florence Rotary Club under auspices of the Committee for a New State Constitution.

Mr. Reeves, Political Science Department, University of Kentucky, Lexington, Ky., urged the audience to support the question of calling a constitutional convention, to be submitted to the voters at the November election in 1947.

"If we agree that a good constitution should be a framework of principles, with a few wise and broad limitations," said the speaker, "then I believe we can agree the constitution of 1891 falls short of this standard."

Mr. Reeves then charged that the present constitution is too long, too full of pure legislation and old-time prejudices, too difficult to revise, and too hard to amend.

The 1891 constitution puts a damper on good government in several respects, the speaker continued. Mr. Reeves cited these as examples:

1. Because officials are forbidden to succeed themselves in office, the state is denied the services of able men with unquestioned experience.

2. No long-range program of public education can be executed because the Superintendent of Public Instruction cannot serve longer than four years. And, this office being political, the superintendent is compelled to be a partisan politician, and to use political tactics to gain office.

3. Young men of promise shun public service because the salary limit imposed by the 1891 constitution is $5,000 a year—a liberal limit in 1891, but a cruel imposition in 1946 when $12,000 is needed to buy what $5,000 would cover half a century ago.

4. Because state support of public education is based upon the number of children in a local district between 6 and 18, and not upon school attendance, adult illiteracy in Kentucky is among the highest in the nation. Because local districts are not penalized financially by non-attendance, from one-fourth to one-third the number of children are not forced to attend school. These children grow into adult illiterates as the direct result.

Indicative of the non-political interest in a new constitution, Mr. Reeves pointed out that the 1944 and 1946 General Assemblies authorized the submission of the question to the people in 1947 with no dissenting votes in the Senate either session, and only 3 dissenting votes in the House each time.

The speaker is one of the bureau of 50 civic-minded men and women who have undertaken a statewide campaign to familiarize local audiences with the reasons and arguments for a new constitution. Chairman of the Committee for a New State Constitution is Dr. Thomas D. Clark, of the University of Kentucky, and Hambleton Tapp, Frankfort, is chairman of the speakers' bureau.

$1,500 OFFERED IN ESSAY CONTEST

FOR HIGH SCHOOL STUDENTS OF KENTUCKY ON "WHY A SOIL CONSERVATION PROGRAM IS IMPORTANT TO KY."

Prizes totaling $1,500 will be awarded the Kentucky high school and grade students who win the 1946 Soil Conservation Essay Contest, Barry Bingham, president of The Courier-Journal, The Louisville Times and Radio Station WHAS announced.

Conducted annually since 1944, the contest is sponsored by two papers and the radio station in cooperation with The Kentucky Association of Soil Conservation District Supervisors.

To enter the contest every qualified student should write an essay not exceeding 1,000 words on "Why A Soil Conservation Program Is Important To Kentucky." Special emphasis should be placed on the importance of soil as compared with other natural resources and the need for soil conservation district help in this program.

The three state prizes will include Savings Bonds of $100, $50 and $25. In addition, a $25 Savings Bond will be given the winner of the best essay from each of the soil conservation districts in which at least five essays are submitted.

State awards will be made at the annual Home and Farm Campaign -Tom Wallace Forestry Award-Soil Conservation Essay Contest luncheon-broadcast held in Louisville.

Background material for the contest may be secured from the county agricultural agents, vocational agricultural teachers, soil conservation service technicians, College of Agriculture, University of Kentucky, and the experience of local farmers.

Charles Eggleston Stationed In Manila

Mr. and Mrs. Charles Eggleston of Constance have received word that their son Pvt. Charles Eggleston, Jr., has arrived safely in Manila, and is enjoying the best of health.

He writes that they spent about 34 days at seas. The name of their ship was "Central Falls Victory" and traveled about 12 miles per hour.

In his letter he writes:

"I thought the Ohio was rough, but you should see this. We hit the end of a typhoon before we landed and the water was really rough then. It sure was good when we landed, to walk on land again.

"We passed Cuba and stopped at Panama. I saw Earl Glenn Aylor and was with him for a day. Our next stop was at Honolulu.

"The weather is hot over here but I can stand it pretty good."

For the benefit of his friends who wish to write him his address is: Pvt. Charles Eggleston, Jr., 4th Plt. C. Btry 743rd (M) AAA Gun Bn. Hq. Repl. & Dis. Command, APO 900, Unite 2, care Postmaster, San Francisco, Calif.

HEBRON YOUTH LOSES RIGHT ARM

FROM SHOTGUN BLAST WHILE HUNTING SQUIRRELS NEAR HOME — TWIG DISCHARGES WEAPON.

Stanley Cuneo, 16, of the Constance-Hebron road was removed to St. Elizabeth Hospital late Wednesday after receiving a shotgun charge in his right arm, while squirrel hunting, according to deputy sheriff Wendell Easton.

The right arm was removed at the shoulder according to reports from the hospital. The arm was badly shattered by the shotgun blast.

Deputy Easton reported that the youth was squirrel hunting in a woods near his home. The accident occurred when the youth picked up his gun by the barrel and a twig released the trigger.

The youth's condition was reported as "good" by St. Elizabeth attaches.

BOONE ALL-STARS ELIMINATED SUN.

BY FORT THOMAS NINE IN NORTHERN KENTUCKY SEMI-PRO ELIMINATION SERIES AT PETERSBURG PARK.

The Boone County All-Stars were eliminated Sunday by the Fort Thomas nine by a score of 7-1 at the Petersburg park in the Northern Kentucky Semipro League.

The All-Stars scored their only run in the fourth when Shinkle opened with a single and took third on L. Deck's double to left. E. Deck lined to Mueller in center and Deck was thrown out attempting to take third with Shinkle scoring on the play.

Fort Thomas took the lead in the fifth when they scored two runs, collecting three more in the ninth.

Poinsett led the attack for the winners with three hits in five trips to the plate, while H. Deck collected two doubles and a single for the All-Stars.

Fort Thomas was charged with one error while the All-Stars were charged with two.

"Hoots" Ryle on the hill for the All-Stars allowed 12 hits, while his teammates collected nine against Evans and Lute of the Fort Thomas club.

The All-Stars will play Hook's Supper Club at Petersburg Sunday, September 22 at 3 p. m.

Veterans Entitled To $100 Worth of Tools

The Veterans Administration is authorized to purchase as much as $100 worth of tools for veterans in on-the-job training programs, it was stated by Kenneth R. Patterson, Regional Chief of the Vocational Rehabilitation and Education Division. If training is completed, he said, the tools become the property of the veteran.

"This does not mean that every training objective requires $100 worth of tools," Mr. Patterson added. "The VA will pay for only such kinds of tools and in such minimum amounts as are commonly required to be personally owned by other employees in the same establishment and pursuing the same course of training."

Mr. Patterson said that under the regulations the training establishment must obtain an approved purchase order from the VA before buying the tools. He said veterans making direct purchases will not be reimbursed.

Veterans who are beginning on-the-job training courses should make certain they are entering approved training establishments and that they are officially entered in training at the Regional Office in Lexington.

The Regional Office is in a position to direct veterans to approved establishments for the different types of training, he said.

County Agent C. V. Bryan says that Kentucky 31 fescue grass sowed three years ago in a Taylor county field locked and dammed ditches that could not be crossed with a wagon or a binder.

Octopus Outlets

...are BOTTLENECKS to electrical living in the home

Your appliances and lamps can't give you the service you expect of them when they're plugged into "octopus outlets" like this.

When too many lamps and appliances are plugged into an outlet, they compete against each for a too-meager supply of electricity. Lights go dim, the iron won't heat and the fuse sometimes blows. That's because the load at the outlet is greater than the circuit is designed to carry.

To eliminate "octopus outlet" bottlenecks to better electrical living, install adequate wiring now. Put in a large enough service entrance, enough circuits of large enough wire and enough outlets and switches to provide a full measure of electrical energy for all of your lights and appliances.

Discuss adequate wiring with your electric contractor

ADEQUATE WIRING SERVES SAVES

Before you build, or remodel, discuss adequate wiring completely with your electrical contractor. Let him show you how little extra it costs to install full capacity wiring instead of "skimpy" wiring. Don't bottle up an obsolete wiring system inside the walls of your home.

Watch Those Sugar Stamps, Says Goodman

With the critically short sugar supply becoming more noticeable, Geo. H. Goodman, Kentucky OPA District Director, advised retail and wholesale sugar dealers not to accept loose sugar stamps.

Goodman pointed out that if retail grocers followed the provisions of the regulations there would be no counterfeit stamps in circulation. A stamp must be detached by the consumer or the person acting on his behalf from the Ration Book of the consumer only in the presence of the person making delivery of the sugar. A wholesaler should accept from the retailer only stamps that have been affixed to the gummed sheets provided, and properly identified with name and address on the back. Records of sugar receipts and sales must be kept.

Traffic in counterfeit sugar coupons is contributing to the sugar shortage in Kentucky, Goodman said. The possession of counterfeit sugar coupons is serious violation of Federal laws. All ration coupons used or unused remain the property of the Office of Price Administration.

Harlan county 4-H club members sold sweet corn for 75 cents a dozen ears and beans for 20 cents and tomatoes for 12½ cents a pound.

PETERSBURG BOY DIES IN HOSPITAL

AT WASHINGTON, D. C. AFTER ILLNESS OF SEVERAL MONTHS FUNERAL SERVICES HELD AT PETERSBURG SUNDAY.

Cpl. Edward Forest Helms, son of Mrs. Nellie Kritz Helms and the late Everett Helms was born October 3, 1900 at Petersburg and passed away September 18 at Walter Reed Hospital, Washington, D. C., after several months illness.

He attended grade and high school at Petersburg, graduating in the class of '28. The fall of 1928 and spring of '29 he attended Transylvania College. He enlisted in the army in October 1942, being stationed at Ft. Benjamin Harrison, Ind., and Ft. Devins, Mass., for basic training. He was then sent overseas and was stationed at Exeter and London, England; Paris and Verdun, France and in Weisbaden, Germany. While in Weisbaden he was stricken ill and underwent an operation May 1945 at Frankfurt, Germany. On July 8, 1946 he arrived at Charleston, S. C., and was sent to Walter Reed Hospital, where he remained until his death.

He was a member of the Petersburg Christian church since 1922 and served faithfully as a deacon of that church for several years.

Cpl. Helms was with the 18th Financial Disbursement Sector in the 12th Army Group under General Ormar N. Bradley.

The entire county has lost a a splendid young man in Cpl. Helm's death, and he will be greatly missed by a wide circle of friends.

He is survived by his mother, Mrs. Nellie Helms, Petersburg and two brothers, Alvin E. Helms, of Petersburg and Capt. Frank B. Helms, with the Army Air Forces at Morrison Field, West Palm Beach, Fla.

Funeral services were conducted at the Petersburg Christian Church at 3:00 p. m. Sunday, with Rev. Noble Lucas officiating, with Rev. Claude McDonald assisting. Burial was in the Petersburg Cemetery.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

Bullittsville Homemakers Donate To Civic Activities

The Bullittsville homemaker's treasure, Mrs. V. E. Ware made a report in this September meeting that $168.41 had been taken into the treasure during the year 1945-46. She reported this money had been made from lunch served at sales, paper drive, and dues.

Donations were made to various civic organizations totaling $92. Mrs. Ware reported donations had been made to the Red Cross, Leonard Wood Memorial Fund, Burlington and Hebron Fire Departments, Cancer Fund, Tuberculosis, Boone County Service Board, Kentucky War fund, and Frances Jewell McVey Scholaraship Fund.

Donations of this type are listed as part of the citizenship activities of the club.

MISSION SCHOOL WILL BE HELD

IN BOONE COUNTY BAPTIST CHURCHES—INTERESTING SPEAKERS WILL BE HEARD EACH EVENING.

A School of Missions will begin at various Boone County Baptist Churches beginning October 3rd, it was announced this week. Churches to participate in the school are Burlington, Petersburg, Florence, Union, Bullittsburg, and Belleview.

The Burlington school will open on Monday night September 30th at 8 p. m. No services will be held on Tuesday and Wednesday nights, but on Thursday night, October 3, services will be resumed at 7:30 p. m.

Beginning October 3rd, all the above churches will hear Missionaries and other men connected with the Home and Foreign Mission Board. These services will continue through October 6th.

Speakers on the program are well versed in the subjects which they will bring, and many are foreign missionaries, who have recently returned from the mission fields.

A cordial invitation is extended to the public by these churches to attend this school.

Homecoming Service Planned By Hughes Chapel

An all-day Homecoming service will be held at Hughes Chapel Methodist Church, Sunday, Sept. 29th. A number of former pastors and former members are expected to attend these services.

A varied program of vocal and instrumental music, testimony, etc. will be rendered.

You are invited to attend, bring your lunch and enjoy the day.

USO FUND DRIVE BEGINS OCT. 1ST

WORLD WAR II VETERAN TO HEAD BOONE COUNTY DRIVE LOCAL CITIZENS EXPECTED TO RESPOND GENEROUSLY.

Noel Walton, Burlington Civil Engineer and County Surveyor, a veteran of World War II has been appointed chairman of the Boone County drive to raise funds for the USO.

In accepting the chairmanship of the USO campaign, he said, "USO is close to the hearts of all Americans. During the war the GI's got a lift from the Clubs, Lounges, Camp Shows and other operations spread over the world. The men in service—those in hospitals, on occupation duty, in distant garrison, or in training—will still need the friendly help of USO in the coming year. Because the unfinished task of USO is part of the unfinished task of winning the war, I am sure all Boone County people will respond generously to the USO plea for funds."

While the Boone County organization is not yet complete, the following men will again generously serve on the Central Committee: A. B. Renaker, treasurer; C. D. Benson secretary; A. E. Stephens, publicity agent and M. M. Meadows, publicity agent.

Indicative of the need for this final drive are the following statements:

President Truman: "The need for USO did not end on V-J Day. It is vitally important for many USO services to continue unabated through the difficult period of transition from total war to permanent peace."

General Eisenhower: "We still have a pressing need for the services of USO and will be deeply grateful for your continued help in the future as in the past."

Admiral Nimitz: "I am happy to express the Navy's appreciation and thanks for your splendid services to the personnel of the Navy, Marine Corps, and Cost Guard."

Will Ed Sheldon State Commander American Legion: "The war is not over for thousands of men still on active duty and in hospitals here and abroad.

"I heartily endorse the services of the USO and sincerely hope that every American Legion Post and Legionnaire in Kentucky will cooperate with your organization in every way possible."

Harry J. Orr, Commander, Kentucky Department Veterans of Foreign Wars: "I most heartily endorse the continuance of the U. S. O.

"The men in the hospitals, those on active duty, and the teen-age group now in training are very much in need of this necessary service.

"If I can be of any assistance to you for this good cause, do not hesitate to call upon me.

"Yours in Comradeship."

The above statements leave no doubt in anyone's mind as to the necessity of this cause. Those of you who are parents of boys still in service, ask them what they think of the USO! Ask them where they go in the evening for off-duty relaxation! A soldier's pay doesn't allow much for recreation at the inflated prices one must pay now. How many of them write you on stationery furnished free by the USO? Ask the boys flat on their backs in hospital, who brings them magazines, cigarettes, entertainment, and little necessities that they can't otherwise get, being confined to beds and wheel chairs. They'll tell you.

It is hoped that every GI, every parent of a boy still in service, and everyone grateful to the fellows for their sacrifices, will constitute himself or herself a committee to publicize and help put this drive over.

The drive will officially start October 1, and at that time solicitors will call upon you, but if you feel the urge, sit down now and write out a generous check and send it to A. B. Renaker, treasurer, USO drive, Burlington, Ky.

Band To Hold Special Practice September 30

A special practice of the Boone County Band will be held Monday night, September 30 at Burlington high school at 7:30 p. m.

The purpose is to make final plans to play at Aurora Farmers Fair, October 5th. School buses will take the members to the fair this year.

Loss Estimated At $200 In Gray Fire Thurs.

The modern milk house of Mr. and Mrs. Joel Gray, Burlington, was damaged considerably last Thursday morning by fire which originated from an open gas burner used as a heating element for the milk house.

According to Mr. Gray, the burner was ignited for the purpose of heating some roofing paint. After the paint was placed on the burner, both Mr. Gray and his helper went to the rear of the farm to attend to some livestock. Upon their return they discovered the paint had become ignited and the flames had spread rapidly over the entire building.

The Burlington Volunteer Fire Department was summoned and brought the flames under control, saving the main structure of the building. Most all milking utensils and equipment, including a cream separator were damaged beyond repair.

Loss of equipment and damage to the building was estimated at $200.

Supposedly Texas Cattle Buyers Fleece Boone County Man

Two strangers, representing themselves as Texas cattle buyers, fleeced E. Y. Randall, of near Idlewild of $30 one day last week in Covington.

One of the strangers approached Randall in front of a department store on Madison Avenue and asked him where he could get a girl friend, as he was a stranger in town.

Mr. Randall said he informed the man that he was also a stranger in Covington. Then another man joined them. In the conversation, one of the men said he would like some female company, but didn't want to carry $600 with him.

The men handed him a handkerchief supposedly containing $880, in return for $30 of his own money as security. Then the strangers left Randall. After a wait of two hours he opened the package and found that it contained only scraps of paper. He supplied police with a description of the city slickers.

New Haven Benefit Fiddlers' Contest Will Be Held Soon

The New Haven P.-T. A. is planning a fiddlers' contest for the purpose of raising funds for New Haven band uniforms.

The band is starting the new school year with several new members and both the children and parents are very enthusiastic over progress made.

There will be competent judges for each group of contestants and several prizes, so tune up and get ready.

The date will be announced in next week's Recorder.

Boone County Farms Change Hands

Zeke Aylor's farm of 110 acres on the North Bend Road, was sold to Mr. and Mrs. Lawrence W. Bonnell of Cincinnati, Ohio.

Mrs. Ruthe Rose sold her farm of 32 acres located on State Road 20 near Bullittsville to Mr. and Mrs. Joseph Bond of south Newport.

Mr. and Mrs. Howard Weghorst sold their home located on the Youell Road near the airport to Mr. and Mrs. Beryl Newton Fornash of Dayton, Ky.

Mr. and Mrs. W. F. Watts sold his farm located on the Getker road to Mr. and Mrs. John J. Zigler, of Southgate, Ky.

Edwin Evans sold his farm located at Bullittsville to Mrs. Marguerite Beecher, of Ft. Thomas.

W. P. Hollis sold his farm located on the Burlington Bullittsville road to Mr. and Mrs. Louis W. Schwegler of Erlanger, Ky.

The above sales were handled by R. L. Bowman of 1224 Scott Street, Covington.

Mr. Bowman wishes to announce that R. P. Coleman will be with him in his office beginning September 23rd. Mr. Coleman will work in selling farms. Mr. Bowman wishes to thank the people of Boone for their cooperation in listing their property with him and hopes to be of greater service to them in the future.

Mrs. Hattie Roberts and son Junior and wife were the week-end guests of Mr. and Mrs. Herold Bardy and called on Hubert Brady and family enroute to their home in Indianapolis, Ind., Monday.

61 DAIRYMEN SIGN 554 COWS

WITH BOONE COUNTY ARTIFICIAL BREEDING ASSOCIATION—FOUR HUNDRED FORTY-SIX MORE NEEDED.

Sixty-one dairymen have signed 554 cows in the proposed Boone County Artificial Breeding Association, according to H. R. Forkner, County Agent. The half way mark was passed last week with 446 more needed to meet the 1,000 cow goal.

Dairymen the past week signing were: Eugene Stephenson, Edna Ann Stewart, Audrey Belew, T. H. Easton, Alvin Dringenburg, J. C. Aylor, N. W. Laibly, Chester Aylor, M. M. Garnett, L. Riedinger, William H. Moore, and Frank L. Michels. The sign-up to date includes 103 Holstein, 224 Jerseys and 227 Guernsey cows.

Gallatin County has approximately 200 additional cows signed up they wish to have included in the local association.

The state bull stud has a number of outstanding proven sires that will service the county associations. The outstanding Holstein bull Double Segis Johanna Lad 752106 has twelve daughters with an average of 14,692 pounds of milk and 565 pounds of fat.

The proposed County Association will offer our dairymen the service of best herd sires obtainable at a minimum of cost. Those dairymen interested in the program are urged to sign up at the earliest possible date. The county association cannot start operation until the sign up is completed.

Tobacco Plant Beds Treated By October 15

Farmers who plan to use the cyanamid plant bed treatment to control weeds and eliminate the regular spring burning of tobacco beds should start now, according to H. R. Forkner, County Agent. The American Cyanamid Company recommends the beds be prepared by Oct. 15th.

The company this year recommends that 1½ pounds of cyanamid per square yard be used; one-half pound be applied after the refuse has been cleared from the bed site; ½ pound after the bed has been harrowed and smoothed down and ½ pound after the second application has been thoroughly worked into the top four inches of soil. Light sandy soil will require one-third less material per square yard.

A limited amount of instructions on plant bed preparation are available at the County Agent's office. This plan has proven quite successful in the county and represents a great saving in labor.

May Discharge Navy Men On Request, Word

Washington, Sept. 16—The Navy has announced that certain Regular Navy enlisted men may be discharged this month at their own request.

The announcement said this applies in general to:

1. Draftees who voluntarily enlisted in the Regulars after induction, unless they are electronics technicians, are training in radio schools or are hospital corps personnel.

2. Regulars who have completed four years of their six-years initial enlistments, provided they hold one of the 66 rates. Commanding Officers have been authorized to withhold these discharges, however if the men are engaged in instruction, maintenance, or operation of electron.ic equipment.

Revival Dates Announced By Sand Run Church

A revival will begin at the Sand Run Baptist Church, September 30. The pastor has secured Rev. Vernon N. Simpson, pastor of the Westwood Baptist Church, Cincinnati, O., to be the evangelist. Rev. F. B. Taylor, pastor Belleview Baptist Church will lead the singing.

Services will begin each evening at 7:45, according to L. M. Hamilton, pastor. Young people's chorus singing is planned and special music is planned, and Bible preaching assured.

The public is invited to be present at any and all these services.

Mr. and Mrs. Lee R. McNeely spent Sunday with her mother, Mrs. Rena Presser.

Homecoming Planned At Sand Run Baptist Church

The Sand Run Baptist Church is observing annual Homecoming on Sunday, September 29th. All members, former members, pastors and friends are invited to be present. On this date it is hoped to overflow the auditorium beginning with the Sunday School hour.

The pastor will bring the morning message. Basket dinner will be served, and the program committee has secured the following guest speakers to appear on the afternoon program: Rev. E. M. Holton, former pastor; Rev. Leo Drake, former pastor; Rev. Harmon Eggleston, ordained from Sand Run Church; Rev. T. H. Sheldon, pastor of Ludlow Baptist Church, Ludlow. Others expected to participate on the program are Rev. Forest Taylor, former pastor, to lead the song service and Rev. Vernon N. Simpson from the Westwood Baptist Church, Cincinnati, O., who is to be the evangelist during a meeting scheduled to begin September 30th. Special music is to be planned.

This is the date set for Building Fund Day and anyone present who will shall have an opportunity to give what he desires to the fund that already, in a little more than a year and half has grown to more than $2,600.00. Need for more room is imperative and the church has risen in great power and determination to "Arise and Build."

One of the finest days of Christian fellowship and love awaits all who will be present for this occasion. The invitation is most cordial from the "Old Home Church." It is hoped you can be present.

Lancaster-Hart

The wedding of Miss Nell Lancaster, daughter of Mr. and Mrs. Richard Venable Lancaster, Jr., Shelfar, Va., to Mr. James Myers Hart, son of Mr. and Mrs. James E. Hart, Hebron, Ky., took place at 4 o'clock August 31 on the lawns of "Merry Oaks," the residence of the bride's parents in Virginia. Mr. Albert C. Winn, of Davidson College, North Carolina, officiated.

Mr. Edward E. Bicher of Ft. Thomas, Ky., served as best man. The groomsmen were Mr. George B. Lancaster, Pendleton, Va., and Mr. Morton H. Lancaster, Hopewell, Va., brothers of the birde.

Following the ceremony a reception was held at the residence of the bride's parents. Mr. Hart and his bride have returned from their wedding trip through New England and are now at home to their friends at 23 Graves Ave., Erlanger.

Easton-Beacom

The marriage of Miss Georgia Lee Easton, daughter of Mrs. Maggie Easton of Oakley, Ohio, to Mr. George Raymond Beacom, son of Mr. and Mrs. Raymond Beacom of Sayler Park, O., was solemnized September 7th at the home of Rev. Noble Lucas, Bullittsville, with a double ring ceremony.

Miss Junie Disler, of Hyde Park, was bridesmaid and James Beacom brother of the groom was best man.

The bride wore a white satin net gown with a fingertip veil, full corsnet of seed pearls and a double strand of pearls, a gift of the groom and carried a large bouquet of white flowers.

A reception followed the ceremony at the home of the groom, after which the bride and groom left for New York for their honeymoon.

Mr. and Mrs. R. J. Akin, Mr. and Mrs. Earl Sullivan, Mr. and Mrs. Roscoe Akin and Mrs. Olin Elliott called last Thursday on Mrs. Chas. Sullivan, who is ill at her home in Mooreg Hill, Ind.

BURLINGTON GAINS SECOND VICTORY

OVER PETERSBURG NINE IN ELIMINATION PLAY-OFF SATURDAY BY 4-2 SCORE—4TH GAME SATURDAY.

Burlington took the lead in the County League elimination playoff Saturday, two games to one as they downed the Petersburg nine 4-2 on the Belleview ball park.

The winners were first to score by collecting two runs in the opening round on an error and singles by B. Benson and Sebree. However, the lead was "short lived" as Petersburg came back to knot the count at two-all in the second inning on singles by H. Deck, Klopp, Wolfe and E. Burns.

Burlington scored what proved to be the winning run in the fifth inning on Smith's single, a fielder's choice, and singles by Culley and A. Clore. They added their fourth and final tally in the eighth on C. Benson's one-bagger a stolen base and an error.

Culley was on the hill for the winners, chalking up his second win of the series while D. Deck buried for the losers, fanning six and giving up nine hits. Smith, Burlington catcher, had two hits, while Klopp and D. Deck had two each for the losers.

The fourth game of the series will be played Saturday at the Belleview Park. Game time 2:30.

Walton-All-Stars To Tangle

The Walton Merchants and the Boone County All-Stars will meet Sunday at the Petersburg park at 2:30 it was announced this week. It will be recalled that both of these teams were member of the Northern Kentucky Semipro League, and were recently eliminated in the elimination series.

Colored Boy Arrested Monday On Breaking And Entering Charge

Raymond Washington, 927 Hudson St., Chicago, Ill., was arrested on U.S. Highway 25 near Walton on charges of breaking and entering the home of L. D. Renneckar, Florence, Monday morning at 10 a. m.

The youth gained entrance to the second floor of the Renneckar home by means of an outside stairway. He was discovered shortly thereafter by Mrs. Renneckar who phoned police.

The arrest was made by R. I. Rouse and Bob Gordon of the highway patrol, who brought the youth to Burlington jail.

Elwood Lynch, Erlanger, Ky., was arrested Monday afternoon on charges of attempting to fraudulently sell property in Boone County. He was arrested by R. I. Rouse and brought to Burlington, and placed under $1,000 bond. He is being held in Burlington jail until sufficient bond can be arranged.

Mrs. Russell Bethel has as house guests, her sister, Mrs. Ruth Wingate and daughter, of Ft. Lauderdale, Fla.

Mrs. H. R. Daugherty was a guest at a luncheon party given recently by Miss Rosemary Roettle at the Netherland Plaza, Cincinnati.

Pfc. Geo. Ward, of Camp Dix, New Jersey has been enjoying a furlough with his parents, Mr. and Mrs. Andy Ward. He is expecting to be transferred to South America soon.

Mrs. Pauline Reed, of Indianapolis, Ind., was guest of her aunt, Mrs. Lutie Aylor, last week.

Mesdames Russell Bethel and Ruth Wingate spent Friday with their brother, Kenneth Worster and family, of Ludlow.

Mrs. Mabel Aylor, of Ashland, Ky. is enjoying a few days visit with her sister-in-law, Mrs. Tennie Beemon and Mrs. Sadie Tanner.

We welcome Mr. and Mrs. Edwin W. Evans, who have moved from Bullittsville to their property on Lloyd Ave., recently purchased from Mr. and Mrs. Jesse Delahunty.

Clay and Wm. Kerns have purchased the lunchroom and oil station of Mr. and Mrs. Ira M. Tanner on Route 42. This is a good location and coupled with the courteous service rendered by Kerns Bros., it should be a growing business.

T. C. Crume, D. D. and wife and Fred Hammersmith and wife concluded an extensive tour of the west the latter part of August. They covered 7,000 miles, were gone five weeks and were absolutely free from car trouble, which added greatly to their pleasure.

The same thing can happen to your electric service with INADEQUATE home wiring

You know what sometimes happens on hot summer days when everyone in town is watering the lawn. The water pressure drops and you get a mere trickle from the hose.

The same thing happens to your electric service when too many lamps and appliances are plugged into a single wiring circuit. The pressure (voltage) drops. Your iron heats up slowly... your lights go dim... and all of your appliances operate sluggishly, taking more time to do their jobs and wasting electricity.

The remedy for this condition is *adequate wiring*. Install larger wire, more wiring circuits and additional outlets. Then no one circuit will become overloaded and you'll always be assured of full strength current and plenty of plug-in space for all of your lights and appliances. *Adequate wiring is the key to better electrical living.*

If you plan to build, buy or modernize, insist on ADEQUATE WIRING

ADEQUATE WIRING SERVES AND SAVES

Adequate wiring simply means entrance wires large enough to bring in as much electricity as your home may need at any time... enough branch circuits of large enough wire to carry a full measure of electrical energy to lights and appliances... plus plenty of outlets and switches, conveniently located. *Don't make the mistake of bottling up an obsolete wiring system inside the walls of your home.*

'SET YOUR SIGHTS

It takes planning to achieve a goal

Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help both.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for 48 months of education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to $500 per ordinary school year, plus $65 a month living allowance—$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
2. Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
3. A reenlistment bonus of $50 for each year of active service since such bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.
4. A furlough for men who reenlist within 20 days. Full details of other furlough privileges can be obtained from Recruiting Officers.
5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.
6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.
7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

NEW, HIGHER PAY FOR ARMY MEN

In Addition to Food, Lodging, Clothes and Medical Care	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER: 20 Years' Service	30 Years' Service

. . . along flame-bright highways

It's a grand time for travel and sightseeing.

Mother Nature's brilliant fall show is on display. Trees are dressed in fiery reds and golds. Hills and valleys are tinted in vibrant rusts and browns. The countryside is a bright crazy quilt of warm, glowing color.

The best way to enjoy a "close-up" view of this autumn spectacle is through the large picture frame windows of a Greyhound bus . . . windows especially designed for greater looking pleasure. And Greyhound's deep cushioned, reclining seats add enjoyment to every mile.

Take your autumn trip now! Seats are *more* plentiful. Departures are frequent. Fares are *still* at their low pre-war level.

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, OCTOBER 3, 1946 — NUMBER 11

COUNTY LEAGUE CHAMPIONSHIP

IS CAPTURED BY BURLINGTON SATURDAY AS THEY REGISTER THIRD VICTORY IN FOUR GAMES.

Burlington's baseball team defeated the Petersburg nine Saturday at the Belleview Park by a score of 2-1 in the fourth and final game of the elimination series.

Saturday's game was a pitcher's duel between Ivan Gulley of the winners, who gave up five hits, in registering his third victory of the playoff series and D. Deck, Petersburg mibundsman, who allowed six hits, two of these being made by Gulley. Deck struck out ten of the winners, five of them coming in the first two innings. Both teams played a very good game defensively as each team was charged with one error.

Burlington scored a run in the fourth inning on Sebree's walk, stolen base and Smith's single. They added another in the fifth on Gulley's triple and A. Clore's single. Petersburg scored their lone tally in the sixth inning on singles by Shinkle and D. Deck, an error and E. Deck's fly to left. That was all the scoring although both teams threatened in the seventh but failed to score as Klopp hit into a double play to end Petersburg's threat while Deck whiffed Kirkpatrick with two out and runners on second and third in Burlington's half of the inning.

Burlington had three double plays during the course of the game in staving off Petersburg rallies. Two of them being started by "Box" Benson, who played fine ball the entire series at shortstop, and were pivoted at second by A. Clore, Burlington's second sacker, who was also right at home at that position. The third one was made on Sebree's fine catch of a line drive in left field and perfect throw in doubling a runner off second.

The entire baseball season was a success and we hope a Boone County League can be organized again in the coming year.

Two Draw Fines On Disorderly Conduct Charge, Sunday

Frank J. Zerbree, Cincinnati, O., and Lon Ginno, Louisville, were each fined $10.00 and costs in Judge C. L. Cropper's court Sunday morning on a charge of disorderly conduct.

The men were arrested at 3:00 a. m. Sunday by Sheriff Irvin Rouse, after they had pulled into the barn lot of N. W. Lathley, at Union and parked their car. Sheriff Rouse brought the men with their two women companions and placed them in Burlington jail.

Several traffic violators have received fines during the past week in Judge Cropper's court. Most of the fines were for speeding Judge Cropper said.

SCRAP IRON IS BADLY NEEDED

FARMERS URGED TO COLLECT AND SELL ANY SCRAP IRON THEY DO NOT NEED—DRIVE OPENED SEPTEMBER 27TH.

The Civilian Production Administration have advised all County Agricultural Conservation offices to bring to the attention of farmers the need for scrap iron. The national scrap drive opened on September 27.

Farmers are urged to collect and sell any scrap iron which they do not need. Much steel is required to make all kinds of farm machinery, but production of farm machinery and all other metal products of industry has been slowed by the serious lack of scrap iron and steel.

Recent reports from the leading steel centers showed less than a two weeks supply of scrap metal on hand. Battle field scrap cannot be returned fast enough to meet the demand. The steel industry desires "heavy melting scrap," casting, and heavy pieces found on farms, such metal is far superior to small bulky items made of thin metal.

With the rush summer work completed now is the time to harvest scrap iron and steel on the farm before snow hides it for the winter.

Will Celebrate 140th Anniversary Oct. 13th

The Hopeful Lutheran Church welcomes formers members and friends to a day of fellowship October 13th, when this homecoming will celebrate the 140th anniversary of the congregation, which was established in 1806 under the leadership of ten men who migrated here from Virginia. These ten men adopted eight articles of agreements for the government of the congregation on the 6th day of January 1806.

The program for the 140th year celebration has not yet been completed, but the session will open with Sunday School at 10:00, and worship service at 11:00. Basket lunch will be served on grounds.

The afternoon program will consist mostly of the dedication service the new Chancel furniture which will be installed in the next few days.

Wheat Planting Date October 4th - 6th

Hessian fly free dates for seeding wheat this fall start with October 4th for Boone County, according to the County Agent's office.

Many requests for this date have been received at the County office in recent weeks.

731 COWS SIGNED IN BREEDING ASS'N.

269 MORE COWS NEEDED BEFORE COUNTY ASSOCIATION CAN BE FORMED, ACCORDING TO COUNTY AGENT.

Boone County on Monday of this week had 731 cows owned by 76 dairymen signed up for the proposed Boone County Artificial Breeding program. Two hundred sixty-nine more cows are needed before the county association can be formed and start operation, according to H. R. Forkner, County Agent.

Dairymen continue to show much interest and the major problem remains one of contacting. Those dairymen signing up the past week were: Cecil Dickerson, Ellis Farms, Charles L. Chambers, R. L. Freund, H. W. Baker, Eve M. Grater, J. C. Hollis, Henry Gieske, Rybolt and Fields, Charles F. Hempfling, J. A. Lucas, Charles W. White, Boontucky Farms and Grant Maddox. The sign-up includes 178 Holsteins, 284 Jerseys and 269 Guernseys.

Owen and Grant Counties have completed their organizations and Kenton and Campbell counties are reported to be well along in their sign-up programs. It is hoped to complete the Boone County sign-up at the earliest possible date.

All dairymen who think they may be interested in the State Bull Stud and Boone County Artificial Breeding Association program are urged to contact the County Agent's office or their local committeemen immediately. The 1,000 cow sign-up must be completed before an association can be formed.

Organization Meeting Of VFW Post Is Success

It was disclosed today that the organization meeting of a Veterans of Foreign Wars Post in Boone County was a great success. Boone County has set a new record for charter members in Kentucky for a Veterans of Foreign Wars Post. At the organization meeting 77 veterans were signed to form this charter.

Within two weeks this Post will be mustered and put into working order through the Department Headquarters in Louisville, Ky., and National Headquarters in Kansas City, Mo.

All men previously registered will be notified by post cards of the next meeting. Eligible men who wish to join their comrades in making this one of the largest posts in Kentucky can do so by signing applications at Bob and Gene's Service Station. Ernest Eades will take your application.

An election of Post Officers will be held at the next meeting. The newly elected Commander of this Post will appoint a Service Officer, who will work directly with the VFW Service Officer at the Veterans Administration in Lexington, on all veterans' claims. Any veteran who feels he is not getting a "square deal" frmo the Veterans Administration, can disregard the usual red tape by having his Post Service Officer appeal his claim through the VFW Service Officer in Lexington.

USO DRIVE BEGINS IN BOONE COUNTY

QUOTA FOR BOONE COUNTY SET AT $775.00—WILL BE FINAL USO APPEAL, ACCORDING TO CHAIRMAN.

Watchword: Keep it up don't let them down. 1,500,000 men still in service in 1947 will be counting on you for USO Clubs in camps, USO Clubs overseas, USO Clubs in hospitals and USO troops-in-transit service.

The 1946 USO drive in Boone County began officially on October first, and in the next two weeks you in Boone County will be approached in a number of ways for a contribution. There will be letters direct to many, there will be personal appeals from solicitors, and there will be shows and gatherings where you will have the opportunity to help with your gifts.

When you are approached in any manner by those working in this drive or when the names of your county or precinct chairman comes to your attention . . .

Just think for a minute about the 1,500,000 G. I.'s the USO will serve in '47. They're having reconversion troubles like all of us.

Some are in hospitals learning to walk without legs, to see without eyes, to forget the horrors of war.

Some are on maneuvers, on guard duty, in training. Some have wives and children at home. Many are in their teens. Like all of us, they're all wondering when things for them will get back to normal.

To provide a "Home Away from Home" for these GI's, the USO is asking the people of Boone County for just $775.00 as its proportional part of $19,000,000, that the American people will give, to help them thru a really tough year. If you think that we're fooling about '47 in the peace time army being anything else, ask some of the boys who were in, how they felt being in after the war was over. They'll tell you.

This is the final USO appeal. Let's give generously to SEE THEM THROUGH!

The precinct quotas and the names of those who will generously give their time to this really worthy cause are given below:

Carlton, $29.00, chairman John S. Ryle.

Burlington, $108.50, chairman J. K. Cropper.

Constance, $45.00, chairman Mrs. Thomas Kenyon.

Hebron, $55.00, Mrs. P. Hodges chairman.

Hamilton, $27.50, chairman, Mrs. Clifton Stephens.

Union, $64.00, chairman, Mrs. R. Ragland.

Florence, $177.00.

Walton, $126.00.

Verona, $37.00.

Petersburg.

These quotas may seem small to you in comparison with those of the war years. Yes, that's true, but we must not let down in our efforts to raise it for we know that some may think the pressure is off now. Boone County had over 1000 men in service and now it is estimated that there are over two hundred still in some branch of the service, and with the younger eighteen year olds going in there may be more.

So if it happens that you are missed by solicitors or fail to attend any of the USO shows which will be given throughout the county make it a point to get your contribution to your county or precinct chairman.

Mrs. Reuben Hodder of Burlington, will be chairman of the drive for the buiness women's group in the county and Mrs. Olin Elliott of Burlington will have charge of direct letter solicitation.

The following have endorsed the Boone County Drive: County Judge C. L. Cropper, USO Chairman Emeritus Judge John L. Vest, County Clerk C. D. Benson, the Veterans of Foreign Wars, the American Legion.

Elsewhere in this paper you will see a show schedule and advertisements. Don't fail to attend these shows for there will be first class entertainment, special features and you will be given the opportunity to help a worthy cause.

Burlington Methodists To Observe Communion

Sunday, October 6th, the Burlington Methodist Church will observe World Communion Sunday at the 11:00 a. m. service. Rev. Joseph H. Lewis, the newly appointed pastor, will conduct the service and serve the communion. Everyone is invited to attend.

TO CONDUCT REVIVAL

Rev. W. K. Wood

Revival Services Set For Oct. 7 To 20th At Baptist Church

Revival services will begin at the Burlington Baptist Church October 7th and will continue through October 20th; according to Rev. R. A. Johnson, pastor.

Rev. W. K. Wood, superintendent of Baptist Missions in Northern Kentucky will be the evangelist, and Rev. D. P. DeHart of Butler, Ky., will be in charge of the song service. This is a special invitation to all to join in this great crusade for Christ.

Services will begin each evening at 7:30.

ANNUAL MEETING FOR HOMEMAKERS

ANNOUNCED OCTOBER 8TH AT FLORENCE M. E. CHURCH—THEME IS "WE STUDY THAT WE MAY SERVE."

The complete program for the eleventh Boone County Homemakers' annual meeting has been announced by Mrs. Clyde Arnold.

The theme :"We study that we may serve" will be carried out in the entire meeting at the Florence Methodist Church, October 8th. Registration will start at 10:00 a. m. E. T. Call to order will be made by Mrs. Clyde Arnold at 10:30 following group singing and special music by Mrs. Scott Worthington. A summary of last year's activities will be given by the various county chairmen. Mrs. V. E. Ware Nichols, State President of Homemakers will talk to the group in the morning.

Special music by a number of the Boone County School Band will be the first feature after lunch. This will be followed by the recognition to clubs with outstanding accomplishments, Mr. Charles Steel of Verona will give a vocal solo.

The guest speaker of the afternoon, Mrs. Noomie Wilhoit, State Supervisor of Elementary Education in Kentucky will talk on "Kentucky Education on the March." This will be followed by "Sing Your Way Home."

All Homemakers and friends are invited to attend this meeting.

DEDICATION OF AIRPORT SET

FOR SUNDAY, OCTOBER 27, ACCORDING TO DECISION OF AIRPORT BOARD AT MEETING HELD LAST WEEK.

Dedication ceremonies for the Greater Cincinnati Airport located near Hebron in Boone County have been set for October 27, it was announced following a meeting of the Kenton County Airport Board held last week.

November 1 had been previously set for the dedication date, but members of the airport board decided to make the change to a Sunday in order to give more people an opportunity to attend the celebration.

Board members said that all commercial airlines would be using the new airport by October 27, two lines, TWA and Delta for full operation probably by mid-October.

Sky Chefs of America was awarded the contract for the outside concession at the field. Action on the contract had been delayed for several weeks following a protest from a bidder of Newport. Sky Chefs also has the contract to operate the administration building restaurant.

LAW TO PROTECT ACCIDENT VICTIMS

AGAINST IRRESPONSIBLE DRIVERS — SAFETY-RESPONSIBILITY ACT EXPLAINED BY DEPT. OF REVENUE COMMISSIONER.

A new state law, called the Motor Vehicle Safety-Responsibility Act, which is designed to protect the public against reckless drivers who cannot or do not compensate for the injuries and property damage they caused, was explained to this paper yesterday by Commissioner of Revenue, O. M. Howard.

This act provides that such drivers' licenses and vehicle registrations will be suspended. The law becomes effective January 1, 1947 and will be administered by the Department of Revenue.

The next law makes new demands upon every driver involved in an accident, regardless of whose negligence caused the accident, Howard explained. The driver involved must immediately report the accident to the Department of Revenue. Each report must be accompanied by proof of the driver's financial responsibility.

If a driver cannot show proof of financial responsibility he will suffer the suspension of his driver's license and vehicle registration. In cases where the driver is not owner of the vehicle, the owner must also show proof of financial responsibility, or take the same penalty.

According to Howard, only three kinds of evidence are acceptable as proof of financial responsibility. Anyone in an accident must submit either a certificate of insurance a bond, or a certificate of an $11,000 deposit with the state treasurer. The insurance or bond must cover $5,000 for injury to one person, $10,000 for injury to more than one person, and $1,000 for property damage.

From drivers and owners who cannot show proof of financial responsibility the Department of Revenue will demand a deposit of an amount, up to $11,000, which the Department estimates will satisfy a legal judgment in favor of an innocent victim.

In order to recover a driver's license and vehicle registration which have been suspended, a person must make the deposit demanded by the Department of Revenue and also show proof of future financial responsibility.

Howard was emphatic in pointing out that the Safety-Responsibility Act is not a compulsory insurance law. He added, however, that in view of the high accident rate, everyone was advised to become financially responsible, within the meaning of the law, before January first. In other states, laws corresponding to Kentucky's Safety-Responsibility Act have been highly effective, he said.

According to the Commissioner, booklets explaining the Safety-Responsibility Act in detail will soon be distributed by police and gasoline service stations.

After giving this explanation of the new law, Commissioner Howard added "Remember that your state Department of Revenue will be glad to answer any questions or forward any additional information you may need."

Correction In Fleecing Story

The correct story concerning E. Y. Randall last week was as follows:

Mr. Randall was leaving the Singer Sewing Machine Department Store putting $16 in his billfold when it was grabbed from his hand by someone on the crowded street. Mr. Randall was reporting his loss at Police headquarters when the other fellow's story was told, and a reporter got the other man's story and Mr. Randall's name, thinking they were together, which was a mistake.

Examining Trial Set For Danville Man

Robert Jackson Crowe, charged with kidnaping, armed robbery, reckless driving, possession of a stolen automobile and driving without an operator's license, will be arraigned in Judge C. L. Cropper's Court, Saturday morning.

Crowe was placed under arrest after the car which he was driving was involved in an accident on U. S. 25 near Richwood, Ky., Saturday, September 7th.

Crowe who is charged with kidnaping and armed robbery, took over a car owned by Walter M. McFarland, drove the car at speeds up to 95 miles an hour before the crash near Richwood.

Crowe suffered a fractured vertebrae and was only released from the hospital last week, after which he was turned over to Sheriff Irvin Rouse and placed in Burlington jail in default of $2500 bond.

Tobacco Plant Bed Demonstration Will Be Held October 7th

A tobacco plant bed making demonstration will be held at 1:00 p. m. next Monday, October 7th, according to H. R. Forkner, County Agent. T. P. Refford, sales representative of the American Cyanamid Company will put on the demonstration. The meeting will be held at the farm of H. E. White 2 miles south of Burlington on the East Bend Road.

The cyanamid plant bed treatment is proving a practical means of controlling weeds where properly applied. Its use saves the need for the burning of the beds in the spring. The treatment must be applied at this time of year. Failure to properly apply the treatment means bed failure. The purpose of the above meeting will be to demonstrate proper methods of application.

BELLEVIEW STORE LOOTED FRIDAY

MORNING OF CASH, BONDS AND MERCHANDISE—THIEVES GAIN ENTRANCE BY FORCING REAR WINDOW.

Thieves gained entrance to the large general store of R. S. Hensley, Belleview, early Friday morning by forcing a rear window in the building and removing considerable loot.

Mr. Hensley, owner of the store stated that the safe was broken open by the culprits and government bonds, cash, several indorsed checks of which there was no record were stolen. Other items obtaind by the thieves, consisted of ration books, sugar stamps, a radio, typewriter, adding machine and an undetermined amount of merchandise.

Sheriff Irvin Rouse, was called to Belleview Friday after the theft was discovered, but found no clues as to the identity of the thieves. A complete investigation is being made by the sheriff.

Jimmy Ransom son-in-law of Sherman Burcham noticed a strange car parked in front of the Baptist Church at 2:00 a. m, but did not think to obtain the license number of the vehicle. It is believed that the car was used by the thieves.

Sheriff Irvid Rouse is of the opinion that the robbery was committed by professionals.

Landscaping Meeting Well Attended Last Week

The landscaping training class held in Burlington last week was well attended, according to Mary Hood Gillaspie, Home Demonstration Agent. Twenty-three Homemakers representing twelve local clubs were present. Mr. N. R. Elliott landscaping architect, University of Kentucky conducted the discussion. He discussed fall care of the lawn, arranging for trees, fall pruning putting the flowers to bed and care of house plants.

In the afternoon Mr. Elliott conducted a 30th demonstration at the home of Mr. and Mrs. William Fitzgerald at Florence.

Those attending the training class were: Bullittsville, Mrs. Nick Mikkelsen and Mrs. A. B. Ligon; Burlington, Mrs. Elijah Stephens and Mrs. Garnett Tolin; Burlington Road, Mrs. Arthur Ammon and Mrs. Virginia Ammon; Constance, Mrs. Adam Dolwick; Florence, Mrs. William Fitzgerald and Mrs. Curtis Moore; Hebron, Mrs. Sterling Rouse and Mrs. Joe Hogan; Kentsboo, Mrs. H. A. Mulroney, Jr., and Mrs. Arthur Coates; Gunpowder, Mrs. Martha Richards and Mrs. Grace Robinson; New Haven, Mrs. Stanley Ranson and Mrs. Jake Cleek; Petersburg, Mrs. W. O. Rector and Miss Gladys Klopp; Rabbit Hash, Mrs. Vernon Pope; Taylorsport, Mrs. Walter Sprague and Mrs. Earl Washmuth.

October 20th Set As Homecoming Day At Hebron Church

Sunday, October 20, has been designated as Homecoming Sunday by the Hebron Lutheran Church. They plan to have both morning and afternoon services and a basket dinner will be served at the noon hour, according to John E. Crigler and Norris F. Riddell, publicity committeemen.

There will also be revival services from Monday, October 14th thru October 18th each evening. Rev. Joseph O'Morrow will have charge of the services on Monday and Tuesday evenings, and Rev. Day B. Werts will have charge of services on Wednesday, Thursday and Friday evenings. Everyone is invited to attend these services.

Change Made In Ass't. Home Agents

Boone County had a change of Assistant Home Demonstration Agents the first of October. Miss Jane Gudgell, assistant in Boone County for the past three and one-half months, left for Bracken County. She will be the first Home Agent for Bracken.

Miss Ann Frye, of Cynthiana, Ky., came to Boone County October 1st as Assistant Home Demonstration Agent.

Blue Grass Supply Co. Moves To New Location

Mr. Anthony T. Dibo, president of the Blue Grass Supply Co., has announced they are now reopened at their new location, 124-126 Pike St. It is noted that their lighting fixtures, steel kitchen and bathroom displays are ultra-modern and the largest in this area.

This firm is the distributor for many manufacturers of nationally known products.

Many Kentuckians can recall the name Lavanier Supply Co., which was changed to Blue Grass two years ago. All employees are former G. I.'s.

BIRTHDAY

Mr. and Mrs. J. C. Hollis entertained Sunday, September 22 with a six o'clock dinner in honor of their daughter's 6th birthday.

Those who helped to celebrate the occasion were Mr. and Mrs. Allen G. Darby and family, of Sayler Park; Mr. and Mrs. Robert Thuermer and family, Mrs. Harry Thuermer, of Indiana; Mr. and Mrs. Geo. A. Darby and daughter Cathy Lee, Mr. and Mrs. Elmer Cummins and family, Mr. and Mrs. C. M. Carpenter, of Devon; Mr. and Mrs. Richard Gleis and daughter, of Florida.

All left at a late hour wishing Carolyn Sue many more happy birthdays.

RECORD CATTLE SALE REPORTED

The sale of J. C. Spegal near Gardnersville was well attended and everything brought fancy prices, according to Rel C. Wayman, realtor, who was in charge. Nineteen choice cows of his herd and the male averaged $270.00 per head. The entire herd brought an average of $235.00. One cow sold for $335.00.

This was an unusually good cattle sale, according to all records for the past several years. The auctioneers were C. A. Wayman, Lute Bradford, Charlie Duncan and Harry Johnson.

CHRISMAS GREETINGS

At the moment Christmas may seem far away; but it is not a bit too soon to get started on your Christmas plans.

Right now, we are making portraits and coloring them with oil paints for the holiday time. And—we may add there is no more beautiful and appropriate gift.

Have them made in sizes from the miniature—a gem among pictures—to 11x14 inches.

Come in any time, have a sitting, get proofs and make your selection at leisure. If you cannot come at regular hours, we will try to arrange a time to suit. Prices remain the same.

Hebron P.-T. A. Plans Hallowe'en Party

Hebron P.-T. A. held its first meeting, September 27th at 8:00 with Mrs. A. L. Pfalsgraf presiding. During a lively business session it was decided to buy an electric victrola for music appreciation and a small acquarium to be used as an incentive to increase parent attendance to P.-T. A. meetings. The room which has the most parents attending will have the acquarium for the following month.

Miss Mary Hood Gillaspie gave an inspiring talk on nutrition following which the group inspected the fine new equipment in the lunchroom. The lunchroom is capably supervised by Mrs. Bessie Acra.

A Hallowe'en party is being planned with fun for old and young. Mrs. Mary Utz will be in charge of the fish pond and asks that patrons bring a small article to the next regular meeting.

OBITUARY

Alberta Ryle, daughter of the late Fillmore and Lucy Stephens Ryle, was born November 1, 1866, and after many months of intense sufferings, most patiently borne she passed into Eternal rest in the early morning hours of Wednesday, September 28, aged 59 years, 10 months and 25 days.

On December 28, 1908, she was united in marriage to Bluford W. Clore, who with two children, Mrs. Hazel L. Riley of Greeley, Colo., Edgar C., of Rabbit Hash, 3 grandchildren, of Greeley, Colo., remain to mourn her passing. She also leaves two brothers, Dr. C. G. Ryle, Georgetown, Ky., Dr. K. W. Ryle, of Burlington, several nieces and nephews and a host of other relatives and friends.

Mrs. Clore united with the Methodist Church some 20 years ago, under the pastorate of Rev. D. E. Bedinger. She lived the life of a Christian and was faithful and loyal to her church.

She was of a quiet, unassuming nature, always interested in the welfare of her loved ones and friends. To know her was to love her. She has passed into—Where Heaven's beauties will unfold
As she walks the streets of gold;
She will meet her loved ones there
In that home so bright and fair.

Eighteen Applications For Wheat Insurance Written During Drive

Eighteen applications for wheat crop insurance were written during the recent campaign conducted in Boone County. These applications for crop insurance, insures the wheat grower for all wheat planted for grain during 1947, 1948, and 1949 against all kinds of weather hazards including drouth, flood, wind, and winterkill, also insect damage and plant disease.

The farmer is insured for 75% of his normal wheat yield. For this insurance he pays a premium of the price fo a bushel of wheat as of June 30th of each year.

Twenty-seven contracts for wheat crop insurance were approved last year, this now makes a total of forty-five contracts signed in Boone County.

Know any substitutes for these?

We need several carloads of each for use at once

A shortage of transformers, wire, insulators, poles and pole hardware is delaying our efforts to extend electric service to new users and make needed increases in the capacity of our system.

Line materials ordered many months ago are still undelivered, due to the fact that production is lagging far behind the tremendous demand.

We want those who have applied for electric service to know that we, too, are on a waiting list . . . with many items of line material harder to get than ever before.

We are stretching our limited supplies as far as they will go. We'll extend service to new users and push ahead our improvement program just as rapidly as the supply situation will permit. Meanwhile, your patience and understanding are sincerely appreciated.

ERLANGER

Of wide interest to the many friends in Northern Kentucky is the marriage of Miss Mary E. Bates daughter of Mr. and Mrs. Edward Bates of Elsmere, Ky., and Mr. Eugene V. Childers, son of Mr. and Mrs. Robert L. Childers, of Salt Lake City, Utah. The wedding was an event of September 19 at Lookout Mountain, Tenn. The couple stopped over at Mrs. Childers' home and are now making their home in Salt Lake City, Utah.

Mrs. Edward Bates has been very ill the past two weeks.

The Garvey Avenue Baptist Church is holding a revival and large numbers are attending each evening.

Sorry to hear Mrs. John Beatty broke her ankle.

Mr. and Mrs. Albert Bates, of Belleview and Mr. and Mrs. Clifford Bates of Latonia were visiting their parents, last Sunday.

BIG BONE W. M. S.

The regular monthly meeting of the Big Bone W. M. S. was held at the church on Wednesday, September 11th, time being changed because of the associational meetings, with eight members and four visitors present.

We began our meeting by singing "Blessed Assurance" after which our watchwords were repeated in unison.

The devotional taken from I Timothy 1:1-7 and Matthew 22:35-40 was given by Mrs. Tom Huff, followed with prayer by Mrs. Sam Hogan.

Program Chairman, Mrs. Huff rendered the program "The Christian Foundation for the Good Neighbor Policy" with the help of Jane Aylor, Mrs. Orin Edwards, Mrs. Henry Wharton, Mrs. Mae Harrison, Mrs. Olive Gruelle, Mrs. Harry Rouse.

After roll call and paying of dues, we had a short business session and were then dismissed in prayer by Mrs. Mae Harrison.

Mrs. Wm. Wesley Aylor,
Publicity Chairman

GUNPOWDER HOMEMAKERS

The Gunpowder Homemaker Club was organized at the home of Mrs. Dolphs Sebree on Wednesday, September 18th. The purpose of extension and the functions of the club were explained to the ladies by Miss Mary Hood Gillaspie.

Officers elected were as follows: President, Mrs. Grace Robinson; vice president, Mrs. Martha Richards; and secretary-treasurer, Mrs. Ruth Kelly.

The next meeting of this club will be October 19th at the home of Mrs. Kelly. The lesson will be on "Landscaping."

CROWE HELD FOR DEC. GRAND JURY

AFTER EXAMINING TRIAL MONDAY IN JUDGE CROPPER'S COURT—BOND IS PLACED AT $2000.00.

Robert Jackson Crowe, 21, of Danville, Ky., was held under $2000 bond, following an examining trial in Judge C. L. Cropper's Court Monday afternoon. Crowe was charged with using armed force in obtaining an automobile and false imprisonment. He was held for grand jury action of the December term of the Boone Circuit Court on $1,000 bond for each charge.

Crowe was arrested after the car which he allegedly had obtained by using force figured in an accident on U. S. 25 near Richwood, Ky., Saturday, September 7th.

Walter McFarland stated that Crowe forced him to relinquish the wheel of his automobile at Florence, telling him that he was "wanted for murder and that one more won't make any difference." After taking the wheel of the car Crowe drove at speeds up to 95 miles an hour, and after sideswiping another car, lost control of the automobile, turned completely over five times and rolled 30 feet before coming to a stop.

In the accident Crowe suffered a fractured vertebrae and was removed to the hospital for treatment, after which he was brought to Burlington jail.

He was unable to give bond and is being held in jail for action of the grand jury.

Homecoming Planned At Hebron Sunday

Homecoming Sunday will be celebrated on Sunday, October 20, by the Hebron Lutheran Church. Regular church worship will be held in the morning at 11:00 a. m., preceded by Sunday School at 10 a. m. ROBERT HENSLEY NAMES COMMITTEE

OF STATE-WIDE ORGANIZATION FOR JOHN Y. BROWN AND DEMOCRATIC CONGRESSIONAL NOMINEES.

Robert Hensley, State Democratic Campaign Veteran Chairman, today announced the appointing of a state-wide organization headed by a state-wide committee composed of Blakey Helm, Louisville; Philip Ardery, Frankfort; Norris B. Vincent, Louisville; Guthrie Crowe, LaGrange; Robert Humphrey, Frankfort; Pete Dunn, Louisville; J. B. Wells, Paintsville; Ray R. Allen, Prestonsburg; Bruce Phillips Monticello; Fred Owens, Russell Spring; Robert P. Woods, Ashland; Elijah Hogge, Jr., Morehead; William McEvoy, Florence; Joseph P. Leary, Frankfort; James DeWeese, Mayfield; William Natcher, Bowling Green and William H. Childress, Louisville.

Also Chairmen for each Congressional District have been appointed. 1st District, James Moore, Paducah; 2nd District, John Spaulding, Owensboro; 3rd District Luthers Roberts, Louisville; 4th District, J. D. Buckman, Shepherdsville; 5th District, Ralph Morrison, Southgate; 6th District, Mike Harris, Lexington; 7th District, Bert T. Combs, Prestonsburg; 8th District, John A. Keck, Sandy Hook; 9th District, Edward C. Hill, Harlan.

Mr. Hensley in meeting with his committee called to the attention the large percentage of the absentee votes in 1944 which were cast for the Democrats and also to a recent national poll showing 70 percent of the returned veterans showing preference to Democratic Party.

Mr. Hensley called attention to the legislation passed by the Democratic administration beneficial to the veteran before the war was over and the many provisions of the G. I. Bill of Rights. The educational program speaks for itself with every college in the state overflowing with War II veterans.

"Reports from all parts of the State indicate a definite preference by the Veterans for John Young Brown and the Democratic Congressional nominees. The men who just finished fighting this war too well realize that a Republican President and a Republican Congress dealt the death blow to Woodrow Wilson's World Peace plans," Hensley said.

State Chairman Hensley, is a native of Boone County and is well known throughout the county and state. He is a son of Mr. and Mrs. Thomas Hensley, of Burlington.

Two Draw Fines On Drunken Driving Charge

Rudy Nyberg, of Detroit, Mich., was arrested Friday night by Sheriff Irvin Rouse on U. S. 42 after his truck had figured in a collison.

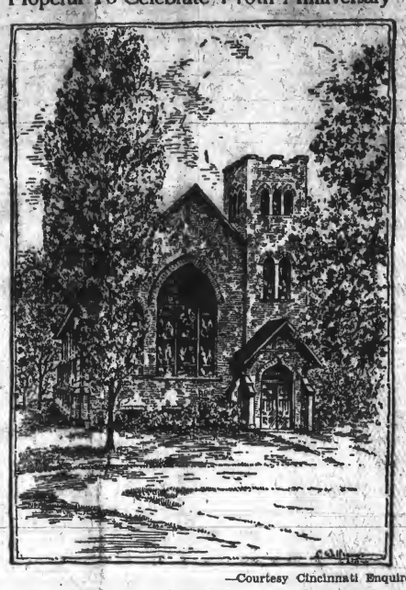
Nyberg was brought to Burlington and placed in jail. Upon being arraigned in Judge Cropper's Court Saturday morning he was fined $104.50 and costs on a charge of operating a vehicle while under the influence of liquor. He was unable to pay the fine and was returned to jail.

Alfred Davis, Sparta, was arrested October 2 by State Highway Patrolmen Gordon and Sims, on a charge of drunken driving. He was arrested in Florence.

Davis was fined $104.50 and costs when arraigned in Judge Cropper's court and his drivers license suspended for one year.

Large Barn Destroyed By Fire Friday Evening

Mr. and Mrs. R. B. Taylor's large farm located on Mt. Zion Road near Independence was swept by fire late Friday evening. The stock barn, milk house and all farm tools, farm machinery, thirty-five hundred sticks of tobacco and twenty tons of hay were burned.



By careful work of both Florence and Independence fire department their home was saved from too much damage.

Cause of the fire is still unknown.

Ladies To Entertain Group Conference Fri.

The Ladies Auxiliary of Union and Richwood Presbyterian Church will be co-hostesses to the Group Conference of Northern Kentucky to be held at Union, Friday, October 11th at 10:30 a. m.

Hopeful To Celebrate 140th Anniversary

—Courtesy Cincinnati Enquirer

Hopeful Lutheran Church will celebrated its 140th anniversary with a homecoming service Sunday. The first services were held in the home of Mr. and Mrs. George Rouse in late 1805.

The early services consisted of singing hymns, prayer and a sermon read by Mr. Ephraim Tanner which he selected from a book of sermons by a Rev. Schubert. These exercises were carried out in this manner until the coming of Rev. William Carpenter from the old Church in Madison, Va., to be their first pastor in the year 1813.

The homecoming services will begin with Sunday School at 10:00 and worship service at 11:00. Basket lunch will be served at 12:30.

All former members and friends are cordially invited to enjoy this homecoming fellowship.

Farmer Veterans Are Entitled To Participate In GI Training Program

Veterans who are engaged in full time farming are entitled to $65 per month if single, $90 per month if married, under the "Farming Training Program."

Veterans who are interested in this program see Glenn D. Edens, Agriculture teacher, Hebron high school. He will explain the program fully to you and give you any help possible.

Veterans are entitled to this help and it is the duty of everyone to inform them of this program, since a number of veterans that Mr. Edens has contacted, either do not know of the existence of this program or are not too familiar with the details.

It is necessary for you to get your application made for this program of work by November 1, so it will start by January 1. You cannot enter the program after January 1, for several months. It is not known exactly how long it will be, probably six months to a year.

It is necessary that twenty-five veterans be enrolled by January 1, or that program cannot be started. Several boys have already made their arrangements, but a few more are needed before the program can be put into effect.

Mr. and Mrs. Henry Siekman and Mr. and Mrs. Vernon Anderson, of Bullittsville, spent Sunday with Mrs. Maggie Easton and Mr. and Mrs. George Beacom, of Oakley, Cincinnati, Ohio.

LARGER PAPER THIS WEEK

Due to a heavy run of advertising, we are forced to publish ten pages this issue. There have been many weeks this year we needed ten pages to accommodate all our advertisers and news items, but were unable to carry the extra pages due to the paper shortage.

This newspaper is allotted a certain amount of newsprint and when that amount is used, we have no other supply, consequently we must govern the size of our paper accordingly.

During the past year many of our correspondent's letters have been omitted due to the continuous heavy advertising. We regret that we must omit these items, as they are very important to the weekly newspaper. If and when the newsprint situation improves we will endeavor to carry all news items week by week regardless of the number of pages required.

Farmers' Mutual Name Directors At Meeting Held Monday, Oct. 7

Six directors were named for two-year terms and one for a one-year term by the Farmers' Mutual Fire Insurance Co., of Boone County at a meeting held at the office in Burlington, Monday, October 7.

Those named for two-year terms were: J. W. Conley, Beaver; Lillard Scott, Belleview; Hubert Conner, Constance; Tom Huff, Hamilton; H. J. Stephens, Union; and Walter Johnson, Verona.

Willis Moore, of Walton was named for a one-year term to fill the unexpired term caused by the death of Omer Cleek.

Master Commissioner Sells Two Parcels Of Land Monday

Master Commissioner, A. D. Yelton sold two tracts of land in Constance Monday at the court house. These were the tracts advertised in this paper during the past three weeks.

Tract number one was purchased by John Hankins, for the sum of $3900. Tract No. 2 was purchased by Louis E. Reeves for the sum of $3,025.00.

Dairy Program 200 Cows Short Of Goal

The Boone County Artificial breeding program sign-up was just 200 cows short of the 1,000-cow goal on Monday of this week, according to H. R. Forkner, County Agent.

The goal is easy within reach if only a sufficient number of dairymen can be contacted. Other extension work will necessitate a major portion of the time during the next two weeks. Therefore the remaining sign-up must be completed by local committeemen.

The need for a quick completion of the sign-up is imperative if operation of the County association is to start by December 1st. All dairymen interested in this program are urged to contact either the County Agent's office or their local committeemen.

Marriage Announced

Mr. and Mrs. Frank Fisher, of Constance announce the marriage of their daughter Emily Louise Shearer, of Oakland, Calif., to Al LeBeau of Oakland. The wedding was an event of September 28th at Reno, Nevada.

Revival Attracting Large Numbers At Burlington Baptist

An old fashioned revival is now in progress at the Burlington Baptist Church, with a large crowd present on the opening day, Sunday, October 6th.

Rev. W. K. Wood is the evangelist and is bringing great messages and Rev. D. P. DeHart is in charge of music. A very special invitation is extended to all to attend these services.

Rev. R. A. Johnson, pastor said, "If there is one thing that is needed for this terrible day of sin, it is a God-sent revival that will bring conviction on the question of sin and turn the hearts of people from the love of sin to the love of God. Every Christian should be giving their best in these special days that we are passing through."

Services will be as follows:

Prayer meeting at 7:30 each evening in the basement. All Chrisitans should be in these services; preaching service will begin at 8:00.

FARMRES ATTEND PLANT BED MEETING

AND DEMONSTRATION HELD AT FARM OF H. E. WHITE, MONDAY AFTERNOON—LEAFLETS AVAILABLE AT CO. OFFICE.

Thirty farmers attended the plant bed demonstration at the farm of H. E. White on Monday afternoon, according to the County Agent. The use of cyanamid fertilizeir to kill weed seeds and to eliminate the need for burning the beds next spring was demonstrated under the supervision of T. P. Reford of the American Cyanamid Company.

High points of the demonstration stressed the importance of:

1. Making beds now and before October 15th if possible.

2. Thoroughly preparing the ground. Most farmers attending the meeting commented that they did not know it took as thorough preparation of the ground as demonstrated.

3. Apply 1½ pounds per square yard of 150 pounds per 100 foot bed in three applications. One-half pound per square yard before plowing. One-half pound after the bed has been thoroughly pulverized and one-half pound put on top and raked into the top soil.

4. Warm weather and water are needed for the material to work. The bed should be watered if plenty of rain is not secured in a day or two after preparing the bed.

A limited supply of leaflets giving instructions for the treatment are available at the County Agent's office.

Tobacco Grading Demonstration Nov. 15

Two tobacco grading demonstrations will be held in Boone County on November 15th, according to H. R. Forkner, County Agent. Walter Raisor, Federal Tobacco grader will assist in giving the demonstrations.

The exact places and time for the demonstrations will be announced in the near future.

1560 FARMERS ARE ELIGIBLE TO VOTE

IN IN REFERENDUM ON BURLEY MARKETING QUOTAS TO BE HELD FRIDAY, OCTOBER 25, ACCORDING TO MARK COOK.

Approximately 1560 persons in Boone County are eligible to vote in the referendum on marketing quotas on burley tobacco to be held Friday, October 25, according to Mark Cook, chairman of the County Agricultural Conservation Committee. The referendum was called in accordance with the law, which authorizes marketing quotas on burley tobacco for the 1947 crop. However, marketing quotas cannot be in effect unless approved by at least two-thirds of the growers voting in the referendum.

Marketing quotas furnish growers with a method of adjusting supply to demand and can help to provide fair prices to growers for the tobacco they produce.

"Any person who has an interest in the 1946 crop of burley tobacco as an owner, tenant, or share cropper is entitled to vote in the referendum," Mr. Cook said. "However, no person is entitled to more than one vote even though he may be engaged in production of burley tobacco in two or more communities, counties or States."

Mr. Cook explained that if marketing quotas are approved, individual acreage allotments will be continued in 1947. Allotments for individual farms for 1947 will not be less than 80 percent of the 1946 allotment for any farm which has grown up to 75 percent of its allotted acreage in any one of the past three years. He added that the law provides that 1946 allotments of nine-tenths acre or less cannot be reduced for 1947.

Burley tobacco from the 1946 crop is eligible for loans but the 1947 crop of burley will be eligible only if quotas are approved. The loan rate is 90 percent of parity. By law, loans cannot be made available in 1947 if growers disapprove quotas.

It was emphasized that the loan program affords growers the opportunity of obtaining loans based on grades. If the tobacco under loan is sold above the loan rate, the farmer participates in any profit which may be realized.

Mr. Cook said Boone County's 1946 crop of burley tobacco is indicated at approximately 2,215 acres.

Junior Rifle Club Is Organized At Hebron

A Junior Rifle Club has been organized at Hebron school for the purpose of teaching sportsmanship and is supplementary to the Junior Conservation Clubs.

This project is nationwide and is handled in connection with conservation work. Parents should cooperate in this project as this is a part of the boys' education.

Youths from 12 to 18 years are eligible to join the organization, according to Geo. Pierce, instructor.

The main purpose of the project is to teach each boy how to handle firearms with care and safety. This practice will be followed throughout the various meeting.

ALFALFA-BROME GRASS GOOD

Fifteen acres of alfalfa-brome grass furnished Claude Townsend of Powell county good hay yields and also pasture for cattle and hogs, according to County Agent Charles D. Shouse. Twenty-five tons of hay were made at the first cutting. On six acres, sowed in the spring of 1945, he got 15 tons of hay at the first cutting. On four acres seeded in 1944 he cut 10 tons of hay at two cuttings and pastured six to 10 cattle and 10 to 15 hogs eight months of the year.

CONSTANCE HOMEMAKERS

The Constance Homemakers met at the home of Mrs. Margaret Frabel on Sept. 4th with twenty members, one visiter, Miss Gillaspie and Jane Gudgell present.

The president, Mrs. Nell Kottmyer presided over the regular session of business with all committees reporting.

Reservations were made to Miss Gillaspie for the annual homemaker meeting which will be held at Florence Methodist Church Oct. 8.

Mrs. Nell Kottmyer gave the lesson on "Style Trends" and Mrs. Earl Morehead of Taylorsport Club gave the lesson on "Preparing Foods for Frozen Food Locker."

The officers for the year were installed, Miss Gillaspie presenting the Homemaker pin to the new president, Mrs. Joh. Domaschko.

Just before adjournment the Homemakers presented Miss Gillaspie with a bushel basket of canned goods with best wishes in her new apartment.

Future Farmers To Participate In National Fire Prevention Week

Glenn D. Edens of the Hebron High Chapter, Future Farmers of America, has this to say regarding the program of National Fire Prevention Week. "The Kentucky Association, Future Farmers of America, with chapters all over the State of Kentucky, will be definitely active in their counties with an interesting program that will save rural property and lives."

The adage " a clean house seldom burns," is equally applicable to farm buildings.

National Fire Protection Association statistics show that about two million dollars of farm and rural property was destroyed by fire last year, grim testimony to the fact that farm folks in general don't know the primary requisite for fire safety—good housekeeping.

It's as simple as that.

Perhaps 85 percent of all farm fire losses originate from the following sources, listed in the order of their importance:

Defective chimney and flues.
Lightning.
Sparks on roof.
Gasoline and petroleum products.
Matches and smoking.
Spontaneous ignition.
Stoves, furnaces and their pipes.
Hot ashes and coals.

Grass fires in fence rows and grounding of metal roofs on farm buildings.

Not a small part of this fire loss is attributable to the improper and careless use of gasoline and other petroleum products. Quickening fires with kerosene exacts a heavy toll in human life and home dry cleaning takes the lives of 800 mothers every year.

Install "No Smoking" signs and observe them, particularly in the barn. Install hay dryers in mows or otherwise ventilate hay as freely as possible immediately after storage. Burn oily rags and mops immediately or place them in closed metal receptacles.

See that stoves are placed a safe distance from the walls and keep the furnace room clean. Deposit hot coals and ashes in metal cans and never in wooden or paper containers.

Farm fire protection consists of rigid observance of simple precautions, and the members of the Kentucky Association, Future Farmers of America, want to bring this story to your attention.

BURLINGTON BLUE RIBBON 4-H CLUB

The Burlington Blue Ribbon 4-H Club held its summer tour with ten members, Miss Gillaspie, Home Demonstration Agent, Miss Gudgell Assistant Home Demonstration Agent, and Mr. Davis, Assistant County Agent, present. Two boys went with Mr. Davis, three girls with Miss Gillaspie, and five girls with Miss Gudgell.

After picnic lunch at noon, we had a short meeting. Mr. Davis encouraged all present to prepare for the forthcoming fair August 17th. A report was given by the girls attending Junior Weey. They were Cordelia Kelly and Barbara Norris. They received a red ribbon on their demonstration and Barbara a blue one on foods judging.

We departed to finish our tour and to meet at the fair, August 17.

Barbara Norris, Secretary.

Seeding Time Is Here

The season for seeding small grain for winter cover crop is here. People have begun to notice erosion and to give it some thought, but it is still important and necessary to stop the damage that is being done before it happens by planting a winter cover crop.

The Agricultural Conservation program has realized this need and in order to encourage a larger planting of cover crops and to meet the increased cost of planting have increased the payment rate. The tentative credit rate for seeding wheat, rye, or mixture of wheat and rye this fall for cover crop for use under the 1947 Agricultural program will be $2.50 per acre, while barley or mixtures of barley, wheat, or rye will be $2.00 per acre and winter oats or mixtures of winter oats, barley, wheat or rye will be $1.50 per acre.

The crop must not be harvested for grain, or cut for hay. The seed bed should be well prepared, fertilizer materials applied where needed, and seed sown sufficiently early to permit plants to withstand winter freezes.

BIG BONE W. M. S. NOTES

Our meeting for the season of prayer for State Missions and the teaching of a mission study book was held at the church on September 26. There were ten members and four visitors present.

Meeting opened with the singing of "What A Friend," and "Jesus Calls Us."

The devotional from II Timothy 2:15-26 was given by Mrs. Huff and Clara Mae Ryle led in prayer.

Two chapters of the mission study book by Dr. W. O. Carver, "If Two Agree" were very ably taught by Mrs. Mae Harrison.

We then began our season of prayer program "Kentucky—My Responsibility" with scripture "Ye Shall Be Witnesses Unto Me." Acts 1:8 as our theme.

"Realizing My Responsibility As A Witness of the Gospel" was rendered by Mrs. Huff. "My Responsibility to Witness in My Own Home" by Mrs. Frances Aylor. "My Responsibility to My Church" by Jane Aylor. "What Do You Know About Ky. W. M. U" quiz by Mrs. Mary Hamilton answers by Mrs. Jim Aylor.

We were then dismissed for lunch with prayer offered by Mrs. Gruelle.

After a very enjoyable lunch we were favored with a duet "Let Others See Jesus In You" by Frances and Jane Aylor.

Devotional from Hebrews was given by Mrs. Gruelle followed with prayer by Bro. Hogan.

"Chosen to Pray for Christ" the third chapter in our book, with scripture "Ye have not chosen me but I have chosen you." John 15:16 was taught in a fine way by Bro. Hogan.

We then continued with our season of prayer program, "Kentucky—A Responsibility and a Challenge" was rendered by Frances Aylor and Jane Aylor. Then the explanation of the items of the offering were given by Mrs. Wharton and Clara Mae Ryle, after which Mrs. Huff had the ingathering of the offering.

Special prayer for our home missions offered by Mrs. Mae Harrison.

We then studied the remaining chapters of our mission book taught by Mrs. Harrison, after which we had a season of prayer with everyone participating.

May God bless all who could not be with us and lead us all in carrying on His work in this our field—Kentucky.

Mrs. Wm. Wesley Aylor,
Publicity Chairman.

Veterans Must Report For Physical Exams

Suspension of disability compensation payments may result for any Kentucky veterans who fail to report for physical re-examination when notified by the Veterans Administration, it was announced by Oscar H. Geralds, Chief of the Regional Claims Division. He also pointed out that veterans who have applied for disability compensation must report for physical examinations when they are scheduled, otherwise adjudication of their claims may be delayed indefinitely.

Where compensation has been suspended due to failure to report for re-examination it will be restored at the same rate from the date of suspension if, upon re-examination, the same degree of disability still exists. If a lesser degree exists, the reduced rate of compensation will be paid from date of suspension. If a greater degree of disability is shown, the old rate will be restored from the date of suspension and the increased rate will be effective from date of re-examination. If a compensable degree of disability is not shown by re-examination, the award will not be reopened.

Mr. Geralds said that re-examinations are scheduled periodically when veterans' disabilities are not static. These re-examinations are continued until it becomes apparent that no further improvement can be expected.

About 1,500 acres of vetch-grain mixture will be seeded on tobacco land in Mercer county this fall.

It is estimated that 100 farmers in Fleming county grew Ky. 32 tobacco this year with satisfactory results.

Local Boy Stationed in Lechfeld, Germany

306 Bomb. Group, Lechfeld, Germany, August 15—Pfc. David A. Pierce is stationed at Lechfeld, Germany and is with the 305th Bombardment Group. The 305th is one of the veteran groups of the Eighth Air Force. Formerly the Group was stationed at Chelveston, England and moved from there in July 1945 to St. Trond, Belgium. The 305th took part in the growth and development of the Eighth Air Force and shared in all its major campaigns and missions. Of its 327 daylight bombing attacks the highlights are marked by commendations from the 8th Bomber Command and later by the Ninth Air Force. Two of its members received the Congression Medal of Honor.

The Lechfeld Army Air Base, once bombed by this group, is one of the largest in Europe and formerly was a Messerschmidt jet research field. Located eighteen miles south of Augsburg, it is in the center of the famous province of Bavaria.

Pfc. Pierce is the son of Mr. and Mrs. George B. Pierce of near Hebron. Before entering the service he attended the Hebron High School and then he worked as a farmer with his father. At present he is assigned as Mess Hall driver. Pfc. Pierce enlisted March 16, 1945 and arrived in the ETO February 20, 1946. He is attached to the 413th Air Service Group.

SURPRISED ON 78TH BIRTHDAY

Some folks claim they are too wise at the age of 78 to have anyone put anything over on them, but not so with Mr. R. S. Wilson, of Burlington Route 1, who was pleasantly surprised at the home of Mr. and Mrs. Franklin Ryle and daughter Jean.

A delicious picnic dinner was planned for outside, but on account of rain, (which was much needed) dinner was served inside, and enjoyed by all.

Those present were Mr. and Mrs. Lewis Biteman, of Lawrenceburg, Ind.; Mr. and Mrs. Russell Wilson and daughter Kay, of Lawrenceburg, Ind.; Mr. and Mrs. Homer Fisher, of Cleves, Ohio; Mr. and Mrs. Albert Gross, three sons Clyde, Clifford and Melvin and daughter Freda of North Bend, O.; Mr. and Mrs. Miliburn Schaefer, son Paul and daughter Martha, of Cincinnati; Mr. Carl Wilson and daughter of Cincinnati; Mrs. Addie Rudisell, son James, daughters Fern, Frances and Mary, Mr. and Mrs. Robt. E. Clark, son Rodger and daughter Carolyn of Cleves, Ohio; Mr. and Mrs. Sam Love, of Cleves, O.; Norma Foster of Addyston, O.; Audrey Milton of Cleves, O.; Jane Thackson, Addyston, O.; Miss Jessie Wilson and Polly Meers, of Cincinnati; Mr. and Mrs. Howard Wilson, Mr. and Mrs. Bernard Wilson, daughters Bonnie and Sandar, Mr. and Mrs. Lawrence Wilson and daughter Sharon, Mrs. R. S. Wilson, Alfred Wilson and Richard Alan Jackson, of Burlington, Ky.

BURLINGTON ROAD HOMEMAKERS

The Burlington Road Homemakers' Club held its second meeting at the home of Mrs. Arthur Ammon, Thursday, September 12. The lesson for the day "Food For and From the Freezer Locker" was given by Mrs. Ralph Jones. The lesson was very helpful to all. Mrs. Joe Pendergrass gave the lesson on "Style Trends" which was very instructive.

We had with us Mrs. Clyde Arnold, County President as a visitor and one new member. Mrs. John Conrad. We are looking forward for a greater number at our next meeting October 10th.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

PAUL MAKES A NEW START

LESSON TEXT—Acts 26:9-18; I Corinthians 15:8-10.

MEMORY SELECTION—This is a faithful saying, and worthy of all acceptation, that Christ Jesus came into the w[illegible] to save sinners.—I Timothy 1:15.

All that a man has b[illegible] nature is not enough. We saw last week the preparation by heredity, education and environment which Paul had for a place of leadership. But it was not enough. The capable, well-born, well-trained young Jewish aristocrat had to be born again spiritually before he could do God's work.

Careful Bible students regard the conversion of Paul and the resurrection of Christ as the two outstanding events of the New Testament. Without the resurrection of Jesus, the conversion of Saul of Tarsus (whom we know as Paul the apostle) would not have been possible, and at the same time his conversion is one of the strongest proofs of the resurrection.

We find him in three relationships.

I. By Nature—Contrary to Christ (Acts 26:9-12).

It is not enough, as some of us suppose, that a man be sincere. Paul was entirely sincere in his conviction that he ought to persecute the Christians. He did it with a good conscience (Acts 23:1), for a man's conscience commends him for doing what he believes to be right, even though he may be wrong in his thinking.

He was sincere, but he was anti-Christian. By nature man is at enmity with God. No good thing dwells in the flesh apart from the redeeming grace of God (Rom. 8:7; James 4:4; Rom. 7:18).

Stirred, probably by the faithful testimony of Stephen, to even greater zeal against the followers of Christ, Paul had to find new worlds to conquer, so he set out "breathing out threatenings and slaughter to destroy the church in Damascus" as he had sought to do in Jerusalem.

He was a bold persecutor, doing all he could "contrary to the name of Jesus" (v. 9), until he met the Lord himself on the Damascus road. Ah, that meeting made him a different man and he became

II. By Faith—Converted to Christ (Acts 26:13-18).

Stricken down by a brilliant heavenly light, he found himself talking to the Lord Jesus. He heard from his holy lips the solemn indictment of those who persecute God's people —"Why persecutest thou me?" He who lays unkind hands upon, or brings untrue accusation against, God's children had better beware, for so closely is our Lord identified with his people that when they suffer, it is he who bears the hurt.

In a single sentence the Lord disposed of the persecuting zeal and the sinful skepticism of this proud young Pharisee, and Saul entered into Damascus not as the haughty persecutor, but as a man trembling and astonished. He spent three days shut in with his own soul and God; not seeing, not caring to eat, but entering into communion with God. By God's grace the old life was pulled up by the roots as it was displaced by the new life in Christ Jesus.

God had a great commission awaiting Paul as soon as he was ready for it (vv. 16-18). He was to be the apostle to the Gentiles, and that includes so many of us. The gospel which had come first to the Jews, was now to go out into all the world and to all people.

The change in Paul was a drastic one. He was as one who was alive from the dead. It was not a case of adjusting or refurbishing the old persecutor Saul—here was a new creature in Christ, ordained to good works (Eph. 2:8-10).

III. By Grace—Confessing Christ (I Cor. 15:8-10).

Twenty years had passed since Paul's conversion. He had been out serving Christ, in season and out of season. He had known persecution, suffering and opposition. Now he was writing, by inspiration of the Holy Spirit, about the resurrection, telling of those who had seen the risen Christ. He included himself as one born out of his time.

It is a personal vision of the living Saviour which vitalizes the spirit of a witness and makes his testimony ring true. Paul saw Christ. We too may see Him with the eye of faith, and by His grace become witnesses.

Effort and labor are involved. This matter of witnessing is not something which automatically does itself. "I labored more abundantly," said Paul, and yet he knew that it was the grace of God in him which accomplished the result (see v. 10 and Phil. 2:13).

That is it! The grace of God working on and in and through a man. And at the same time, that man laboring diligently that the grace bestowed upon him should not be found vain. It is in this manner God's work gets done on earth!

Why Be Old At 40?

N. TULCH

Foot Comfort Specialist at—

PEOPLE'S SHOE STORE

814-816 Madison, Covington

Do you have severe pains in the muscles of your legs?

Do you walk with toes pointed out?

Are you bedeviled by a thousand demons tearing at your back?

Do you hate to get up in the morning?

Do you experience foot pain when walking?

Can you be on your feet all day without fatigue?

Any or all of these conditions may indicate that one or more of the four arches of your feet are on the verge of collapse. There is really no end of the trouble that such a condition could cause. Around the bones and muscles of your feet are numerous nerves, all of which are directly connected with the nerve center. Severe pains in your feet are transmitted to every part of your body.

What can you do about it?

For years men and women have withstood the aches and misery due to some foot condition and have always decided "There is nothing you can do about it."

Now Comes a Sure Way to Relief for many aches and pains due to faulty foot condition. You will be eager to rise each morning and meet the conditions of the new day. You will have the springy active step of a youngster of eighteen. You will not be old at forty! There is no secret to it. You don't have to take a long rest, nor a change of climate. You need only to be correctly fitted in a pair of surgical shoes. You may think this is a simple way to end all of pain and misery, you have been suffering for a good many years, but after all don't the simplest things in life bring the greatest joy?

Resolve today that you will pronounce the death sentence on the misery, aches and pains due to foot trouble.—Adv.

W. M. U. NOTES

The W. M. U. of Union Baptist Church met at the church at 2 p. m. Wednesday, September 11 for its regular monthly meeting. The meeting was opened by Mrs. Louise Newman president and singing of "The Morning Light Is Breaking." Opening prayer was offered by Mrs. Pearl Blankenbeker. Roll call was answered by 15 members present and all reports were very good. The secretary's report was read and approved as read.

Tracts were distributed and announcement made of a book on prayer to be taught in Mission study class in October.

This closed our business session and the program from Royal Service under the able direction of Mrs. Charley Hedges followed. Singing of W. M. U. hymn "We've A Story to Tell to the Nations" was followed by repeating of watchwords in unison. Theme for year, "Let Us Prepare to Build" and topic for September was "The Christian Foundation for the Good Neighbor Policy."

Bible Study taken from Timothy 1:1-7, Matthew 22:35-40 was brought by Mrs. J. A. Huey. Mrs. C. Hedges, Mrs. P. Blankenbeker, Mrs. V. Friend, Mrs. Kirtley, Mrs. J. A. Fothergill and Miss Lucy Newman took part in the program which closed with prayer by Mrs. Emerson Smith.

This EMPTY TRUCK tells a story

It should be full of pole hardware, wire, transformers, insulators and other material needed to build line extensions and enlarge our facilities to meet today's unprecedented demand for electric service.

Construction involving many thousands of dollars for new lines and services and additional transformer and line capacity is being held up by shortages and other post-war complications in the planes of our suppliers.

We want those who have applied for service to know that we, too, are on a waiting list . . . while manufacturers, in turn, struggle to fill orders from reduced stockpiles of copper, lead, steel and other materials.

Meanwhile, we are stretching our limited supplies as far as they will go. We'll bring you electric service and push ahead our improvement program just as fast as the supply situation will permit. Your understanding and cooperation are sincerely appreciated.

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, OCTOBER 17, 1946 — NUMBER 16

Woman 48, Attacked By Hitchhiker Near Walton

FORCED TO DRIVE TO LONELY ROAD BY 22-YEAR-OLD YOUTH —ATTACKER CAPTURED BY DEPUTY SHERIFF EASTON.

Dora Montgomery, 48, of 3121 Beech Ave., Latonia, was criminally attacked by a 22-year-old Covington man on Chambers Lane, near Walton, Thursday morning.

Charles Williams, of 1109 Greenup St., Covington, accused of the crime was arrested at the home of a brother, three miles north of Walton, by Deputy Sheriff Wendell Easton Thursday afternoon.

Mrs. Montgomery told Sheriff Irvin Rouse she was driving out the Dixie Highway early Thursday en route to visit relatives in Walton when she noticed a hitchhiker along the road. Recognizing the man, she picked him up and drove him to a point just north of the Walton city limits when he drew a knife, ordered her to stop the car and turn it around under a threat of death, she told Sheriff Rouse.

Complying with the man's order, she drove north on the highway to Chambers Lane, a little-used road, where the attack was committed.

Williams then ordered her to drive him back to the highway. Before leaving the car, Williams told her he would kill her if she every told of the attack, according to Deputy Easton. After letting the man out of the car she drove to Walton, where she collapsed and was given first aid by Dr. J. M. Huey, Walton physician.

Dr. Huey notified Mr. Montgomery, who took her to St. Elizabeth Hospital.

Williams was brought to Burlington and placed in jail under $25,000 bond, pending examining trial.

Mrs. Montgomery is a former resident of Walton and had known Williams for a number of years.

Hebron Ladies Win Prizes At Food Show

Boone County was well represented at the Northern Kentucky Independent Retail Merchants' Pure Food Show held last week at the Kenton Looseleaf Tobacco Warehouse, Covington.

Several ladies from Boone County won premiums in the various contests. Among them were Mrs. Grace Aylor, who won first on her quilt and Mrs. Allen Goodridge who won first on apple pie and Mrs. Chas. Clore won second on apple pie.

Generous premiums were given consisting of $5 first, $3 second and $1 third in each contest.

There was a very large exhibit in each class.

Dogs Kill Ryle Sheep

Dogs last Friday killed two ewes and two lambs on the farm of Herman Ryle near Rabbit Hash. Stray dogs continue to be a menace to the county sheep industry.

IN SOIL CONSERVATION ESSAY CONTEST BY SUPERVISOR—MATERIALS AND INFORMATION AVAILABLE.

The Boone County Soil Conservation district supervisors held their regular monthly meeting on Wednesday, October 9th at the local Soil Conservation office.

Judges were selected to judge the soil conservation essay contest to close November 1st. Judges selected were County Superintendent McFarland, Ty Combs, Mrs. Stanley Ransom, H. R. Forkner and W. R. Ellis. All essays are to be in the County Superintendent's office not later than November 1st.

Materials and information on this contest are available from school principals or at the local Soil Conservation office.

The directors voted to give additional awards for the best essay submitted by each grade from the sixth up. However, only one award will be given to any one student. For example, the winner of the county or state award will not be eligible for the grade award. Additional awards will be $6.00 for the best essay from each grade.

LIST OF ELIGIBLE VOTERS COMPILED

BY BOONE COUNTY AGRICULTURAL CONSERVATION COMMITTEE—OPEN FOR INSPECTION AT COUNTY OFFICE.

Lists of burley tobacco growers who are eligible to vote in the referendum on October 25, 1946, to determine whether they want quotas on the 1947 crop have been compiled by the Boone County Agricultural Conservation Committee and are open for inspection in the county office. Referendum committeemen were named for each of the voting places at a meeting on Tuesday of this week by the County Committee and Community Committee Chairmen.

The referendum is called in connection with the law which provides for quotas in 1947 on burley tobacco. However, quotas will not be in effect for 1947 unless approved by at least two-thirds of the growers voting in the referendum. Mr. Cook, Chairman of the County Agricultural Conservation Committee, said, "Any person who has an interest in the 1946 crop of burley tobacco as owner, tenant, or share cropper is eligible to vote even though he may be producing burley tobacco in two or more communities, counties, or States."

At the present time, burley growers are producing more tobacco than is being consumed and there is surplus of burley tobacco. With extremely high yields per acre, the past three crops have been larger than was expected and have exceeded consumption for the three years by approximately 300 million pounds. Marketing quotas afford the opportunity to reduce supply in line with demand to eliminate the present surplus. The quotas, together with the loans, will protect growers against low prices which otherwise could be expected.

As in the past, Mr. Cook pointed out, growers will vote on one of three propositions. (1) Do you favor marketing quotas for three years, 1947, 1948, and 1949?; (2) Do you favor the quota for one year, 1947, but oppose quotas for three years?; or, (3) Are you opposed to any quotas?

If quotas are approved, acreage allotments, conforming to past general patterns, will be set and there will be small acreages available for adjusting old allotments and establishing allotments for farms on which no burley tobacco has been grown during the past five years. Individual farm acreage allotments for 1947 will not be less than 80 percent of the 1946 allotment for any farm which has grown up to 75 percent of its allotted acreage in any one of the past three years. The law provides that 1946 allotments of nine-tenths of an acre or less cannot be reduced for 1947."

The legislation authorizing quotas also provides for loans in 1947 at 90 percent of the parity price if growers approve marketing quotas. Loans will be made available on the 1946 crop at a level of 37.3 cents per pound since this crop was produced under quotas. The law provides that no loans or other price supports will be available on the 1947 crop if growers disapprove marketing quotas.

Revival In Progress At Constance Church

Revival services are being held at the Church of the Brethren, Constance, Ky., each evening from October 17 through the 27th.

Rev. C. V. Coppock of Lipp City, Ohio will deliver some very good sermons at 7:30 each evening.

A treat is in store for you, so come and worship with us. A few of Rev. Coppocks sermons subjects are "Love With the Scarlet Seal," "Guilty Hands," "Auction of Souls," "Don't Kid Yourself," and others just as interesting. Everyone invited.

Rally Day, Sunday, October 20th at the church of the Brethren. Everyone welcome. Come bring a covered dish and spend a day with your friends.

Mr. and Mrs. James Russell Williamson, of Norwood, were Sunday guests of Mr. and Mrs. William Huey.

HEBRON LUTHERAN CHURCH

Hebron Evangelical Lutheran Church was organized on January 21, 1854, at the home of John J. Crigler, Hebron, Ky. There were 16 charter members. Rev. David Harbaugh was the first pastor of the Church. He was also pastor of Hopeful Lutheran Church, which was organized quite a few years earlier.

Hebron Evangelical Lutheran Church was named for Hebron Evangelical Lutheran Church in Madison County, Virginia, who were the sponsor of this church.

The cornerstone of Hebron Evangelical Lutheran Church was laid on July 15, 1854, the services being in charge of Rev. W. H. Harrison, Cincinnati, Ohio. The church was dedicated on December 3, 1854, the service being in charge of Prof. F. W. Conrad, D. D.

Revival services will continue through Thursday and Friday nights of this week by Rev. Day B. Werts. Homecoming will be held Sunday, October 20, with Sunday School at 10:00 a. m., and regular morning worship at 11:00 a. m. A basket dinner will be served at the noon hour and a song service will be held at 2:00 p. m.

Everyone is invited to attend these services.

ANNUAL MEETING HELD OCTOBER 8

BY BOONE COUNTY HOMEMAKERS WITH TWO HUNDRED IN ATTENDANCE — INTERESTING SESSION HELD.

On the morning of October 8th the young son of household in Boone County said "Dad, did you hear? Today is to be declared a legal holiday."

"Why is that," replied Dad.

"Because it is the annual meeting of the Homemakers' Club."

Son and Dad were teasing Mother, but that is how Homemakers do feel about the annual meeting. It is their big day and they were not disappointed. There were 200 in attendance, among them guests from Kenton and Campbell counties.

Reports were given in the form of a school room because as Mrs. Clyde Arnold, county president and "teacher" for the day, said we really are going to school. The extension service from the University of Kentucky sponsors the Homemakmakers Clubs and provides them with carefully prepared lessons, as well as a trained leader in Boone County case Miss Mary Hood Gillaspie, who was "county superintendent", in the school room skit. Miss Jane Gudgell, former assistant H. D. A. acted as "truant officer" and Miss Ann Frye, new Assistant, a visiting teacher.

Following is the program:

10:30, Call to order by Mrs. Clyde Arnold. Pledge to the flag by the audience. Homemakers song led by Mrs. Virginia Goodridge and Mrs. Ralph Stith. Prayer led by the Rev. O. W. Robinson. Special music, a violin solo by Mrs. Scott Worthington. Reports were made by the following chairmen:

Exterior Beautification, Mrs. Adam Dolwick; "Live at Home," which means grow as much food for yourself and family as possible. Mrs. Huey Aylor; Gardens, new and old, H. R. Forkner, County Agent; Reading, Mrs. Leo Flynn; Program, Mrs. V. G. Young; Publicity, Mrs. A. B. Nichols; Citizenship, Mrs. A. L. Pfalzgraf; 4-H, Mrs. Charles Luchte, Mrs. Luchte introducing three blue ribbon winners, Miss Gloria Scott, Miss Helen Cummins and Miss Helen Rogers; Clothing, Mrs. Vernon Pope; Handicraft, Mrs. Earl Morehead; Home Furnishings, Mrs. Wm. Fitzgerald; Membership, Mrs. Joe Hogan; Community Activity, Mrs. Wendell Rouse; Farm and Home Week, Mrs. Wm. Parker; Foods, Mrs. Joe Demashko.

Following the business meeting in which Mrs. Stanley Ransom, secretary and treasurer read the minutes and called roll, Mrs. Pfalzgraf gave the report of the nominating committee which was to retain the same officers for next year. The club voted to do so. Mrs. W. E. Nichols, State president spoke briefly. In part, she said she had heard Boone County was progressive and now she knew it. Miss Lutie Logan, assistant state H. D. A. complimented the Homemakers on the work they had done this year.

After a delicious luncheon served by members of the Ladies' Aid of the Methodist Church of Florence, where the meeting was held members of the Boone County band played a few selections. Mrs. Leo Flynn read the club collect with feeling and beauty. Surprise gifts were given to past presidents, Mrs. Leo Flynn, Mrs. Alan Gaines, Mrs. George Kottmyer, Mrs. Sam Sleet and Mrs. Jake Cleek

Mr. Charles Steel accompanied by his brother-in-law sang beautifully. He is a son-in-law of Mrs. Lura Roberts, of Verona.

At last Mrs. Naomi Wilhoit, State Supervisor of Elementary Education gave an inspiring speech, "Kentucky Education on the March." She showed that the educational system was bad, but not as bad as it had been, that attendance was better this year than it ever had been, that there would be nine months school, that teachers' salaries had been increased (but not enough) and that even in a one-room school cleanliness, nutrition could be taught and supervised play put into practice.

All "sang their way home" feeling the day had been worthwhile.

Florence won the prize for attendance.

Cropper-McNeely

Miss Carolyn Cropper, daughter of Judge and Mrs. C. L. Cropper, was married Friday, October 11 to Mr. Lee Roy McNeely, son of Mr. and Mrs. Lee R. McNeely, Sr. Rev. R. A. Johnson, pastor of the Burlington Baptist Church performed the ceremony which took place at the Bullittsburg Baptist Church with the immediate families of the bride and groom present.

The bride wore a brown and beige tweed suit with brown accessories. Her corsage was a single purple-throated orchid. Miss Dorothy Gaines, who wore a dark brown gabardine suit, topped by a green felt hat and whose corsage consisted of yellow roses, was maid of honor and Mr. Alpha Lee Rogers attended the groom.

Immediately after the ceremony Mr. and Mrs. McNeely left for a brief honeymoon in Central Kentucky.

Mrs. McNeely is a former student of Centre College and is now employed by the Fifth Third Union Trust Company, Cincinnati, Ohio. Mr. McNeely, who served with the 12th Air Force in Corsica, France and Italy has a position with the Dixie Traction Company.

Mr. and Mrs. William Jarrell are receiving congratulations on the birth of a daughter at Christ Hospital Sunday afternoon. The baby weighed eight pounds four ounces and has been named Sylvia Rae.

WATER SUPPLY MEETING SET

FOR TUESDAY, OCTOBER 22—EARL WELCH, AGRICULTURAL ENGINEER WILL LEAD DISCUSSIONS.

Boone County will hold a farm and home water supply meeting on this Tuesday, October 22nd, according to H. R. Forkner, County Agent and Mary Hood Gillaspie, Home Demonstration Agent. Several homes will be visited in the morning and home water supply systems studied. A combined farm and home water supply meeting will be held at the farm of Grant Maddox, 2 miles south of Florence on U. S. 25 at 1:30 p. m. in the afternoon.

Earl G. Welch, Agricultural Engineer from the College will lead the discussions on costs and principles of installations at each meeting. It is hoped to have several dealers attend the meetings to advise on availability and costs of their equipment.

Details of the meetings are available at the County Extension Agents office. Everyone interested in farm and home water supply is invited to attend.

Hebron P.-T. A. Has Record Attendance

Mrs. Hughes, national president of the council for parents and teachers stated in this year's message that anyone who had the welfare of the children in the community at heart should be members of the P.-T. A. This has always been true in the Hebron community, but this year members are showing further interest by attending meetings. Newcomers Tuesday, October 8th were Miss Gertrude Smith, Mrs. Earl Aylor, Mrs. Leroy McGlasson, Mrs. Frank Anderson, Mrs. Hallie Herbstreit and Mrs. Roy Schweir.

The children are already enjoying the record player purchased for their music appreciation.

The speaker for the evening was Miss Elizabeth Lowry, County Red Cross Nurse. Her notes on growing old gracefully, were helpful and interesting.

Members and friends are reminded of the Hallowe'en party to be given at the school house. There will be a fish pond, an auction, refreshments, a grand march and prizes for both adults and children for the prettiest and most comical costumes.

COLORED CHURCH TO GIVE MUSICAL PROGRAM OCT. 19

There will be a musical program at the Burlington colored Baptist Church, Saturday night, October 19th.

Fish And Game Club Announce Date For Annual Work Night

According to Franklin Maurer, president of the Boone County Fish and Game Protective Association, the annual work meeting for the fish and game building will be held on Saturday afternoon and night, beginning at 2:30 in the afternoon and continuing through a night session.

The purpose of the meeting is to clean and repair the building, gather a winter's supply of wood and do all necessary jobs before winter arrives. All members are asked to bring a saw, ax, hammers and brooms, and to wear your work clothes.

After the afternoon work session the regular lunch committee which was to serve at the last meeting will prepare refreshments which will be served at 7:30 p. m. The lunch committee will be Ralph Maurer, Donald Kirkpatrick and George Pierce.

After the evening meal is served, the regular business meeting for October will be held and all officers and members are urged to attend.

The entertainment for the evening will be a lecture by Supt. Wm. H. McFarland on his experiences while assisting in the rescue efforts of Floyd Collins. Supt. McFarland was one of the first men to reach the body of Floyd Collins while trapped in Sand Cave and assisted in rescue efforts for 12 days prior to the recovery of the body.

This is the only way that the necessary work can be done in order to continue to have successful meetings during the winter months and every member is urged to take off sufficient time to help put our clubhouse in tip-top condition for winter.

R. H. Tanner

Funeral services for R. H. "Hank" Tanner, 84-year-old retired farmer and lifelong resident of Boone County, were held at the Ralph Stith funeral home, Florence, at 2:30 p. m. Wednesday. Burial was in the Hopeful Cemetery.

Mr. Tanner died Sunday at his home on the Burlington pike after a brief illness. He was a member of the Hopeful Lutheran Church.

He is survived by a son, Rufus Tanner; three daughters, Miss Anita Tanner at home; Mrs. Irella Aylor and Mrs. Coreta Uts, both of Florence; a sister, Mrs. Ezra Keller, Hillsboro, Ill.; a brother, James Tanner, Florence and four grandchildren.

Ralph Stith, Florence funeral director was in charge of arrangements.

Constance Building And Loan Co, Name Officials Oct. 8

At the annual election of directors of the Constance Building & Loan Company, October 8, 1946, the following officers and directors were elected: Frank Fisher, Elza Howard, Fred Garnett, president; George Kottmyer, vice president and assistant treasurer; Henry Kottmyer, treasurer; Alfred L. Kress, secretary, and Elmer A. Peeno, assistant secretary. The company meets regularly on Tuesday evenings. Business hours are from 7:00 p. m. to 8:00 p. m.

Pvt. Wendell Taylor, Grant, Ky., son of Rev. and Mrs. Forest B. Taylor, completed an Administrative Clerk Typist (SSN 405) ten-week course at Lowry Field, Colo., recently.

Pvt. Taylor spent one-fourth year at Georgetown College, Georgetown, prior to entering the service.

Florence P.-T. A. Plans Festival October 25th

The Florence P.-T. A. will sponsor a fall festival Friday evening, October 25th at the school auditorium with Mrs. Helen Orchelle as general chairman. Everyone invited to enjoy an evening of refreshments and all kinds of entertainment.

BURLINGTON P.-T. A.

The regular meeting of the Burlington P.-T. A. will be held at the school Monday evening, October 21 at 8:00 p. m. All members are urged to be present.

SCHOOL BUS STOP WARNING ISSUED

ISSUED BY SHERIFF R. L ROUSE MOTORISTS AND TRUCK DRIVERS WILL BE ARRESTED FOR VIOLATING LAW.

Sheriff R. L. Rouse, issued a warning to all motorists and truck drivers to strictly obey the law requiring them to stop for school buses.

Sheriff Rouse and his Deputy Wendell Easton will apprehend all motorists who pass school buses stopped to receive or discharge youthful passengers. The rule applies to all traffic either meeting or passing buses.

School bus drivers are urged to report all violations to the rule and be sure to obtain the correct license number of the violator's vehicle. A number of violations have already been reported by drivers and a number of arrests have been made by Sheriff Rouse.

Boone county bus drivers have an enviable record in the county for safety and every effort will be made to keep it intact, Sheriff Rouse said.

Beaver Man Grows Certified Seed Crops

Joe Heizer of Beaverlick is pioneering the way in the production of certified seed crops in grasses and small grains, according to H. R. Forkner, County Agent. Boone County is badly in need of more local grown adapted seeds.

Mr. Heizer the past few weeks has seeded 2½ acres of certified Kentucky Fescue No. 21, 10 acres of certified Thorne wheat and 15 acres of certified Balbo rye for seed harvest next year. Fescue 31 is a new grass crop in this area that gives great promise for further improving our pasture lands. Mr. Heizer the past year harvested adapted Red clover seed.

Boone County has been a leading northern Kentucky County in adapted certified hybrid corn seed production for several years. Wilton Stephens, Burlington; Lloyd Sickman, Petersburg; William Moore of Hebron and several other Utopia Club members have done outstanding good work in corn seed production.

Breeding Program Signs 900 Cows

The proposed Boone County Artificial Breeding program had an even 900 cows signed on Tuesday of this week, according to H. R. Forkner, County Agent. Only 100 additional cows are needed before the organization of the County Association can begin.

The size of the organization is expected to progress rapidly as soon as the County Association starts operation. There are several large dairy areas of the County which have not been worked yet by the committeemen. These areas are expected to put the 100 cow sign-up requirement well over the goal inside the next ten days.

VET ENROLLMENT STARTS OCT. 23RD

FOR 1947 FARMER TRAINING PROGRAM UNDER G. I. BILL.—PROGRAM GIVES FINANCIAL AND EDUCATIONAL BENEFITS.

Boone County veterans, who enroll in the 1947 Farmer Training Program under the G. I. Bill, will have an opportunity to select special studies in general livestock and dairy producing, according to Glenn D. Edens, Agricultural teacher of Hebron High School. Enrollment will start with a meeting at Burlington high school at 7:30 p. m., on Wednesday, October 23. The program will start January 1st.

All veterans who are full time farmers either as owner or tenants are eligible to participate in this program and to secure both the educational and financial benefits.

Veterans interested in farming are urged to attend the meeting at Burlington the 23rd. Veterans in other counties are taking advantage of this program. Twenty-five or more are required to enroll before local training can be organized. Additional information will be gladly furnished by Mr. Edens, the County Superintendent of Schools, or from the County Agent.

We, too, are on a waiting list

IF you've been trying to buy a new car, you know how hard it is to get delivery with production running so far behind the tremendous demand.

A similar situation is retarding our efforts to extend service to new users and make needed increases in the capacity of our lines. We urgently need more transformers, wire, poles and pole hardware for immediate use. Manufacturers would like to supply them, but production is simply not enough.

We want those who have applied for service to know that we, too, are on a waiting list, with deliveries of many items of line material even slower than during the war.

We're stretching the limited materials we receive as far as they will go. You can count on us to bring you electricity and push ahead our improvement program just as rapidly as the supply situation will permit. Meanwhile, your understanding and cooperation are sincerely appreciated.

Condition Of Roads Discussed By P.-T. A.

At the October meeting of the Hamilton Parent-Teacher Association the condition of the roads in the Hamilton school precinct were discussed. It was the consensus of opinion that this part of the county road system was not getting its proportionate share of the county and State road fund. In fact only a mile or two of blacktop road is in this entire area.

The student enrollment has decreased, that a high school is long a thing of the past, and the grade attendance is less than a third of its original enrollment. If a check is made on the school record you will find that several days (and in some years) even weeks are lost during the regular school year because of high water. Even though there is a housing shortage in the United States, there are over a dozen empty houses in this section.

History states that the first settlers coming to Kentucky landed in this area and camped for a while, and later moved on down the Ohio river, up the Kentucky river to Frankfort and there encamped again.

This area was so rich that in the pre-historic period animals grew so large they sank in the quicksand and perished.

Is this the reason for the decline in the population for fear of their lives that they have moved out before the monsoon?

Come to our rescue at once! Help! PARENT-TEACHER ASSOCIATION OF HAMILTON SCHOOL

THIS LAW PROTECTS YOU, MR. MOTORIST!
Under the NEW Kentucky Safety Responsibility Law, you have an excellent chance of collecting for any damage done to your car, because the law requires every motorist involved in an accident to deposit security, possibly up to $11,000, or forfeit the right to drive. You are protected under the law . . . but you, too, must meet its requirements.
The easy, low-cost way is with Liability Insurance.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, OCTOBER 24, 1946 — NUMBER 17

Chas. A. Fowler Dies At Age Of Eighty-Nine

SERVED AS JAILER OF BOONE COUNTY FROM 1917 TO 1923—WAS LAST OF FAMILY OF ELEVEN.

Charles Albert Fowler, son of Edward and Mary Susanna Fowler, was born in Burlington, Ky., on September 13th, 1857 and departed from this life October 19, 1946 at the age of eighty-nine years,, one month and six days.

Mr. Fowler died while visiting his daughter in Akron, Ohio, after only a few days' illness.

He was the youngest of eleven children, all the rest of whom have preceded him in death.

In his early youth, Mr. Fowler, through confession and baptism, united with the Baptist Church in Burlington, Ky.

In 1888, at the age of thirty, he and Ellen Logan, of Athens, Ohio, were united in holy wedlock, to which union were born three children, two daughters and one son. The first born, Lena, died from scarlet fever at the early age of five years. The other daughter, Mrs. Eugenia Bridgewater of Akron, Ohio, and the son, Jerry L. Fowler, of Hebron, Ky., survive their father.

After a long and varied career, Mr. Fowler closed his active life by serving as jailer of Boone County from 1917 to 1923, at which time he voluntarily relinquished the office retired. He refused to make the race for jailer in 1929, not feeling equal to the occasion. He said a job worth doing at all is worth doing well, and he was afraid his health would not permit him to do justice to the position.

During his term as jailer he had fifty-six prisoners under his charge all of whom caused him very little trouble with the exception of one Ben Sweeney, who through trickery and taking advantage of Mr. Fowler's goodness struck him over the head with an iron bar, which nearly caused his death. The prisoner and two others left the jailer for dead and made their escape. This occurred the night of Nov. 19, 1926. There is little question in the minds of Boone County people that Mr. Fowler made one of the most capable jailers ever elected to that office.

Mr. Fowler was one of Boone County's most popular men, being known by practically all residents of the County. He frequented the court house and offices of county officials. He often remarked that he had to keep the county officials in line, and see that everything was being conducted efficiently. Although these remarks were made jokingly, Mr. Fowler's advice was followed by many of our present and past officials. He will be greatly missed by his many acquaintances throughout this section.

Besides his daughter and son, Mr. Fowler leaves two grandchildren and one great-grandchild, also several nieces and a nephew.

Funeral services were conducted Tuesday at 2:30 p. m. from the Chambers & Grubbs funeral home, Florence, with Revs. Noble Lucas and A. C. Young officiating. Burial was in the I. O. O. F. Cemetery, Burlington.

Chambers and Grubbs were in charge of arrangements.

THREE INJURED IN AUTO CRASH

NEAR WALTON SUNDAY NIGHT —BLOWOUT IS THOUGHT TO HAVE BEEN CAUSE OF ACCIDENT.

Three persons were injured in an automobile crash on the Dixie Highway two and one-half miles north of Walton, Sunday night, when two cars figured in a head-on collision.

Those injured in the accident were Richard Hursting, of 22 Avenell Lane, Greenhills, possible rib fractures, cuts on his right knee and injuries to his right ankle; his wife Helen Hursting, bruises and cuts on both knees and Mrs. Emma D. Calender of near Williamstown, possible fracture of her left hip, cuts on forehead and left leg.

The cause of the accident was not determined immediately, but police noted that a tire of one of the cars had blown out.

Walton Police Chief R. S. Brugh accompanied the injured to St. Elizabeth Hospital, Covington. Two children of the Hursting family escaped injury.

Committee Attend Weed Growers Meeting Oct. 19

A committee of four Boone County Farm Bureau members, Geo. S. Knox, J. C. Bedinger, H. E. White, and John E. Crigler, attended a call meeting of tobacco growers and warehousemen at Carrollton on Saturday afternoon, October 19. This meeting was sponsored by the Carroll County Farm Bureau. One of the objects of the meeting was to see if there could be a reduction in the cost of warehouse charges.

Farm Bureau delegates as well as warehousemen believe that crop control is necessary and urged all tobacco growers to vote in favor of crop control in the coming referendum on Friday, October 25th.

NEW DIAL SYSTEM IN USE AT HEBRON

AT COST OF $16,000, ACCORDING TO COMPANY OFFICIALS— PLANS MADE FOR NEW SYSTEM THRUOUT COUNTY.

Subscribers of the Consolidated Telephone Co., in the Hebron exchange are now enjoying a complete new dial system, which was put to work October 17th, according to company officials. The new system was installated at a cost of approximately $16,000.

The new system is modern in every respect and when completed will have an automatic cut-off to prevent long visits on party lines. With unusual activity in "trying out" the new system during the first few days, overloading the line, fuses have been blown, but this trouble will be eliminated after overloading ceases.

There are one hundred ninety subscribers in the Hebron exchange and each subscriber has the new dial system. Complete instructions for use and a complete new listing has been furnished the patrons of this exchange.

Arrangements have been made between the telephone company and the Hebron fire department, whereby when a certain number is dialed the siren will automatically be sounded. The number will be furnished subscribers in the near future.

With the cut-in of the new system, telephone service in the Hebron neighborhood have been greatly improved. Officials state that this type equipment will be installed throughout the county as earliest possible date. The only holdup at present is the shortage of material. Gobel Stephenson, manager stated that Walton would be second on the list for the changeover with Burlington and Florence following, respectively.

99 Dairymen Sign 971 Cows

Ninety-nine Boone County dairymen had signed 971 cows in the proposed Boone County Artificial Breeding Association on Monday of this week, according to H. R. Forkner County Agent. The 1,000-cow goal was expected to be reached not later than Thursday of this week.

Dairymen who have recently signed up in the new association include: Anna H. Gaines, C. N. Heisel, C. W. Gray, Denzil Carpenter, Feldhaus & Dugel, D. E. Ogden, and O. E. Hensley.

Plans are to set up the County Association immediately after the State Bull Stud Committee approves the completed sign-up. Operations are expected to start soon as possible after the association is completed.

Mrs. Charles Feldhaus and children, Mrs. Grace Feldhaus, Mr. and Mrs. Marshall Hankinson and son were dinner guests of Ross Shinkle and family. Afternoon callers were Bro. Wainscott and wife and Mrs. Schwenke.

Four Draw Fines In Judge Cropper's Court

Four out-of-county residents drew fines in Judge Cropper's court Sunday on intoxication charges.

Virgil Sowder, of Dayton, O., was arrested Saturday night by State Patrolmen and Sheriff R. I. Rouse, after the car he was driving had crashed into a car driven by Calvin Kelly and a car driven by Reed Turner, of Union. He was brought to Burlington and placed in jail until Sunday morning when he was arraigned before Judge C. L. Cropper and fined $100.00 and costs on a charge of operation a vehicle while intoxicated. A companion, Mae McCullum, also of Dayton was fined $10.00 and costs on a drunken charge and was returned to jail, being unable to pay her fine.

Sowder's drivers license was also suspended for a term of one year.

Wesley Perkins, Cincinnati, O., arrested on U. S. 25 near Walton, Saturday night by State Highway Patrolmen and Deputy Sheriff Wendell Easton was fined $100.00 and costs in Judge Cropper's Court Sunday on a charge of operating a motor vehicle while intoxicated. A companion, Robert Feltner was fined $10.00 and costs on a change of drunkenness.

INCREASE GIVEN IN SOCIAL SECURITY

BENEFITS, ACCORDING TO MRS. MARIE C. WEBER, FIELD SUPERVISOR—NOT ALL RECIPIENTS WILL GET INCREASES.

It was stated some time ago that a more detailed explanation would be given regarding the new compromised Social Security legislation as passed by the last Congress. In brief, the amendment, known as Public Law 719 or H. R. 7037, provides that beginning October 1, 1946, and ending December 31, 1947, the federal government will match on a two-thirds basis all grants up to fifteen dollars and one-half for all grants above that amount in regard to the Old Age Assistance and Aid to the Needy Blind programs. The federal government will also match on a two-thirds basis all grants up to nine dollars per child and one-half for all grants above that amount in the Aid to Dependent Children program. The new legislation provides that the federal government will pay fifty percent for the administration of Old Age Assistance in the same manner as has heretofore been done in the administration of the Aid to the Needy Blind and Aid to Dependent Children programs.

The increase in federal funds will mean that there will be slightly more than a five dollar increase in the average Old Age Assistance and Aid to the Needy Blind grants and about thirteen dollars per Aid to Dependent Children case. The average is based on the state average grant rather than on individual grants, and it is not to be inferred that all increases will be in the same amount. These increases will be brought about by increasing the percentage of need from fifty-five to eighty percent based on 1945 food and clothing prices.

Not all recipients will receive increases. This is true for at least three reasons. In the first place, it is impossible to determine exactly just what effect the eighty percent will have on all grants. Secondly, the new budgeting principles, which were adopted in July, 1946, place different emphasis on living arrangements, which will definitely affect many of the recipients' grants. In the third place, the Social Security Administration requires that all cases of recipients be reinvestigated at least once each year in order that the continued need may be established. Due to this regulation, it will be possible to consider only those cases for increases which have been investigated within the past year. There will probably be about 3,000 recipients that will not receive an increase in October for this reason, but they will be considered as soon after that month as possible. These factors may have the effect of bringing about an increase, a decrease, or a discontinuance of grant. However, we are pleased to report that all cases in District No. 10 had the proper investigations with the exception of a few who have moved into the district from other parts of the State.

Since the new budgeting principles have been applied to only a limited number of cases it is a difficult job to bring about the conversion of the entire payroll. It will mean that a great amount of overtime will be required in both the county and State offices. So far the cooperation of all workers have been most commendable.

There will be a one week delay in mailing all public assistance checks for the month of October since it is desired that as many recipients receive their adjusted benefits as possible. However, since the recipients have been accustomed to receiving their checks about the twenty-first of every month they may become unduly concerned regarding the delay unless they are informed. For this reason, it is earnestly requested that the public share the responsibility of notifying the recipients of Old Age Assistance, Aid to the Needy Blind, and Aid to Dependent Children regarding the necessary delay in their October grants of assistance.

All members and friends are urged to come masked. Prizes will be awarded the best masked characters.

Boone County 1946 Four-H Champions Selected

Twelve 4-H project champions represented Boone County at the district 4-H achievement meeting at Covington, Saturday, October 19, according to the County and Home Demonstration Agent's offices. The members were selected on their outstanding project work and record books completed.

The county achievement winners at the district meeting are as follows: Barbara Norris, blue; Joyce Hamilton, red; Helen Rogers, blue; Gloria Scott, red; Clyde Slayback, blue; Lyter Kirkpatrick, blue; H. R. Forkner, Jr., blue; Eugene Purdy, blue; David King, white; Hasel McWethy, red; Rodney MacGlasson, blue.

Pettit-Clore

Miss Janey Pettit, daughter of Mr. and Mrs. W. A. Pettit, of Burlington and Gerald Clore, son of Mr. and Mrs. Stanley Clore, of Burlington, were quietly married Saturday, October 19th at the home of Rev. R. A. Johnson, officiating minister.

Attendants were Mr. and Mrs. James Ogden and Mr. and Mrs. Alvin Clore.

The bride is a graduate of Burlington high school in the class of '44. The groom attended Burlington high school and served over 2 years in the U. S. Navy, with several months of overseas duty. The groom is now employed by the Hodder & Ruppert Co., of Burlington.

The happy young couple will make their home with the groom's parents.

Wilson-Loud

The Crescent Springs Baptist Church was the scene of the beautiful wedding of Miss Billye Bernice Wilson, daughter of Mr. and Mrs. William M. Wilson, of Crescent Springs, and Mr. Harold Stanley Loud, son of Mr. and Mrs. Richard L. Loud, of Crescent Springs, Ky., at 7:30 p. m. September 21st, with Rev. Roy A. Johnson, of Burlington Baptist Church, officiating with a double ring ceremony.

The bride was given in marriage by her father, the ceremony being performed in the candlelight before an altar beautifully decorated with flowers.

The bride wore a gown of white satin and net with long pointed sleeves and long rounded train. Her fingertip veil was topped with orange blossoms and she carried a colonial bouquet of white roses arranged around an orchid. Her only jewelery was a strand of pearls.

The bride's only sister, Frances Wilson, was maid of honor. She wore a gown of lime green, and carried a colonial bouquet of talisman roses. The groom's sister, Betty Loud, was bridesmaid. She wore a gown of pink and also carried a bouquet of red roses.

Rev. Fred Sliger, of the Crescent Springs Baptist Church, was best man and Mr. Fred Schmidt, brother-in-law of the groom, also witnessed the wedding.

Usheretes were Mrs. Evelyn Schmidt, sister of the groom, and Mrs. Ruth Lawrence, cousin of the groom.

The bride, a graduate of Hamilton High School, and former student of Xavier University, is employed with The Avey Drilling Machine Co., Covington, Ky.

The groom, a former student of Dixie Heights' High School, served with the Air Corps in India for eighteen months and was discharged March 21, 1946. He is now employed with the Newport Roller Mill, Newport, Ky.

The couple are making their home at Union, Ky.

FINAL APPEAL TO BURLEY GROWERS

MADE BY MARK COOK, CHAIRMAN OF BOONE COUNTY AGRICULTURAL CONSERVATION COMMITTEE.

A final appeal was made to burley tobacco growers of Boone County by Mark Cook, chairman of the Boone County Agricultural Conservation Committee, in urging farmers to vote in the burley tobacco referendum on Friday, October 25.

He stated that "Congress has made it possible for us to decide for ourselves whether we want marketing quotas to continue on tobacco for 1947, 1948, and 1949, and we should go to the polls and state our preference. We need marketing quotas to keep the supply of tobacco in line with consumption, otherwise ruinous prices can be expected. Government loans are also needed on burley tobacco as these act as a floor price and they have been raised about five cents per pound in the last year."

Every person who has an interest in the 1946 crop of tobacco as an owner, tenant, or sharecropper is entitled to vote in the referendum. Marketing quotas must be approved by a two-thirds majority of the voters voting in the referendum, if they are to carry. This is the democratic way of deciding this important issue and every burley grower is urged to go to his community voting place on Friday, October 25th, and vote in the referendum.

The polls will be open from 8:00 a. m. to 4:00 p. m. Voting places in Boone County will be at the following places:

Beaver—Arnold's Store.
Burlington—Courthouse.
Florence—Schoolhouse.
Grant—Hensley's Store.
Hamilton—Schoolhouse.
Hebron & Constance—Hebron Bank.
Petersburg—Bank.
Union—Bank.
Verona—Bank.
Walton—Bank basement.

Recreation Training Meeting Set October 24

Home and community recreation for all ages will be studied by Boone County Homemakers. Leaders appointed from each club and the county recreation committee will meet at Hebron Lodge October 24, at 10:30 a. m. Mr. Ralph J. Ramsey, Feild Agent in Sociology, from the University of Kentucky will conduct the training class.

The homemakers have never before made a special study of recreation. It is hoped that schools, churches, and community organizations will join with them in their effort to build up a well-rounded county recreation program.

In November this program will be presented to Boone County communities and the Homemakers' Clubs, according to Anne Frye, Assistant Home Demonstration Agent.

SEN. ALBEN BARKLEY WILL DELIVER DEDICATION ADDRESS AT 1:30—PROGRAM WILL OPEN AT 7:00 A. M. WITH PATROL.

Sen. Alben W. Barkley will deliver the dedication address at 1:30 p. m. Sunday, October 27, following his introduction by Judge William Wehrman of Kenton County Court.

Dedication services will open at 7 a. m. at the new airport located near Hebron, with the arrival of a Dawn Patrol from Kentucky and adjacent states. Inspection of buildings at the airport, airliners of the operating companies, and activites of the National Aeronautical Association will fill the profram until 1 p. m.

The formal portion of the program includes the welcome to the airfield by Lisle Kays, President of the Kenton County Airport Board, introduction of guests, introduction of airline officials and chistening of planes.

A feature of the day which will conclude the program will be an airshow by the Navy planes.

Representatives of major airlines who will be present at the dedication are Fred R. Pastorino, Chicago, Central Region Superintendent of Operations for Trans World Airlines; Laigh C. Parker, Atlanta, Vice President in Charge of Traffic for Delta Airlines, and Jack Burlington, District Manager for American Airlines.

The combined Boone County School Band, of 110 pieces, under the direction of Dean Bloss will participate in the dedication services. The band is composed of both grade and high school students from the Burlington, New Haven, Florence, Belleview and Hebron schools. The band was chosen as the outstanding band at the Aurora, Ind., fair held Oct. 5.

Kentucky Post Editor Purchases Large Farm

A. C. Saunders, editor of The Kentucky Post, Covington, purchased the 266-acre dairy and stock farm of Wilford Dixon, 4 miles west of Burlington, near Highway 18, on the Woolper Road.

This is known as the R. S. Huey farm and is regarded as one of the best farms in the county, well improved and highly productive.

Mr. Saunders will take possession next March and will operate the farm through a farm manager and a tenant the coming year.

This sale was handled through A. B. Renaker last Friday.

Revival Services Closed At Burlington Church

Revival services closed at the Burlington Baptist Church, Friday of last week, with five additions. Rev. W. K. Wood, was the evangelist.

Large numbers attended all services, and although there were few additions, the services were highly enjoyed and a general spirit of revival was manifest.

TOBACCO GROWERS URGED TO VOTE FRI.

IN BURLEY TOBACCO REFERENDUM—GROWERS WILL VOTE ON THREE PROPOSITIONS, ACCORDING TO COUNTY AGENT.

Boone County tobacco growers are urged to vote in burley tobacco referendum to be held on this Friday, October 25th, according to H. R. Forkner, County Agent. Growers will vote one one of three propositions.

1. Are you in favor of quotas for three years?

2. Are you opposed to quotas for three years, but favor the quota for one year?

3. Are you opposed to any quota?

The 1946, estimated production of burley is 602,000,000 pounds. This production combined with the surplus production of the past three years has built up the large supply of burley tobacco on record.

The October 1st, parity price on burley tobacco is $37.30 per cwt. The 90 percent government loan value is $33.57 per cwt. on the 1946 crop. The loan is secured by putting in the pool tobacco not bringing the grade loan value.

The government loan is not available in years in which quotas are not in effect.

EYES ARE PRICELESS—LIGHT IS CHEAP

How much light is enough to get good grades?

HERE is one benefit you can easily give your children—Better Lighting. The plain truth is that many children do their home work reluctantly because their eyes rebel at the hard work of trying to see under poor light. In many homes studying is done under only two to five foot-candles.

Help your children keep their most priceless possession. Keep their eyes young. Provide them with modern light for home study — a table lamp using at least a 100-watt bulb or a floor lamp with a 100-200-300-watt bulb. Better light means better sight and better grades.

Homework on the porch has the benefit of 500 foot-candles of good light. Yet many children try to study their homework with less than 1% of this amount.

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, OCTOBER 31, 1946

Thurman Lee Wolfe Dies Of Heart Attack Friday

WAS PROBABLY MOST DECORATED SERVICE MAN FROM NORTHERN KENTUCKY SERVICES HELD WEDNESDAY.

Military funeral services were accorded M. Sgt. Thurman Lee Wolfe, one of northern Kentucky's most widely known heroes of World War II, at Richwood Presbyterian Church at 2:30 p. m. Wednesday. Burial was in Richwood Cemetery.

Sgt. Wolfe, 31, died unexpectedly Friday at Patterson Field, Dayton, O., where he was stationed in the experimental flight test division as an aerial engineer on B-29's and C-74's. His death was attributed to a heart attack.

M. Sgt. Wolfe received the Purple Heart, Distinguished Flying Cross and Oak Leaf Cluster and the Air Medal and Oak Leaf Cluster for his combat achievements against the Japanese. As a participant in the aerial attack on Shortland Harbor in January 1943, he received the Oak Leaf Cluster to the Air Medal. His bombing mission secured three direct hits on an enemy transport of 16,000 tons. When returning from the mission, his formation fought off enemy fighter planes, shooting down two of them.

M. Sgt. Wolfe received the Oak Leaf Cluster to the Distinguished Flying Cross for extraordinary achievement while participating in 24 operational flights, total more than 208 flying hours in combat. He was awarded the Purple Heart for wounds sustained in February, 1943.

M. Sgt. Wolfe was discharged from the Air Force, but after five months of civilian life, reenlisted and gained fame last August as flight engineer of a B-29 which set an east-west speed record of seven hours, 28 minutes from New York to Burbank, Calif.

Besides his widow, he is survived by his mother, Mrs. Emma Wolfe, and two stepchildren, Barbara and Ronald.

M. Sgt. Wolfe was a member of the Walton Masonic Lodge No. 719, which held services at the residence at 8 p. m. Tuesday.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

1033 COWS SIGNED IN DAIRY ASS'N.

COMPLETED LAST WEDNESDAY —PROGRAM EXPECTED TO BEGIN DECEMBER 1ST, ACCORDING TO H. R. FORKNER.

The Boone County Artificial Breeding Association sign-up campaign was completed last Wednesday, according to H. R. Forkner, County Agent. One hundred and five dairymen signed up 1033 cows. These dairymen own 1843 cows which indicates the service has possibilities of rapid expansion once it becomes satisfactorily established.

The acceptance of the minimum sign-up by the state Bull Stud, the organization of the county association and the employing of a county inseminator are necessary steps previous to starting the operation of the County Association. It is hoped and expected that all phases of the organization program can be completed and operation started by December 1st or not later than January 1st.

The following dairymen signed up in the program in the last weeks of the campaign: Lehman Goodridge, J. P. Dolwick, G. H. Grant, Robert L. Graves, Boonetucky Farms, J. C. Benton, Albert Baumgartner, F. A. Decker, B. F. Bedinger, William Hill, A. L. Stephens, Henry Siekman, Stanley T. Garber, H. R. Anderson, Russell Cook, R. B. Branham, W. R. Kenney, R. E. Smith, Robert Reimer, Lawrence Sieve, George Rehkamp, Herbert R. Day, William Hopperton, R. B. Webster.

Rep. Brent Spence Visits Boone County

Rep. Brent Spence, Democratic candidate for Congressman from the Fifth District was a visitor in Boone County one day last week. Mr. Spence stated, that although he would be unable to see all the voters of Boone County to personally solicit their support in coming election Tuesday, November 5, he stated that any support given him by his numerous friends in the county will be highly appreciated.

On another page of this issue will be found an advertisement under the heading of "Statement of Brent Spence to the Tobacco Growers of Boone County." This article gives facts concerning the tobacco situation in the past and future.

Mr. Spence urges all Democrats throughout the county to go to the polls Tuesday, and vote the straight Democratic ticket.

$878.00 GIVEN BY BOONE COUNTIANS

IN RECENT CAMPAIGN AGAINST CANCER—LAST YEAR TOTAL GIVEN WAS $590, ACCORDING TO CHAIRMAN.

The following comments were received from State headquarters concerning Boone County's effort in the recent campaign against cancer, according to Mrs. S. B. Nunnelley, County chairman:

"Will you please tell everybody in Boone County how thrilled we are over the support given cancer control, and tell them with such people working with us, cancer is bound to be overcome. We are happy to announce that four additional clinics will soon be established in the State, the result of this year's drive, making a total of thirteen clinics.—Signed, Mrs. T. C. Carroll, State Commander."

Of the above total $16.10 is credited to the efforts of the colored division of which Glenna R. Sleet, is chairman, a fine beginning for this group.

High hopes were held of reaching the thousand dollar mark this year, and this goal could have been easily reached if all districts had been alert to the necessity for doing something about this dread disease. Our entire nation is waking up to the importance for education in this field and is emphasizing the fact that early cancer can be cured. Upon the intelligent, interested, informed individual citizen rests the responsibility for the solution of cancer control.

Mrs. S. B. Nunnelley County chairman said in extending thanks to those supporting the drive: "A special thanks should be accorded to the churches in this part of the county for their fine cooperation; also the Florence Rotary Club. The school children, (our future citizens) manifested a keen interest in this life saving campaign. Personally I wish to thank everyone who gave time or money for this work."

Plans Being Made For Junior Rifle Club In Co.

The Boone County Fish and Game Club is sponsoring through the cooperation of the National Rifle Association a program for a Junior Rifle Club. The purpose of the club is to teach each member safety measures necessary in the handling of firearms and also the coordination of mind and muscle necessary for one to be a good marksman.

This program is being worked through the schools of the county and any boy who is interested should get in touch with the principal of the school and he in turn should contact Mr. Geo. Pierce, Hebron, Ky., who is giving the instructoins also sponsoring the program for the Fish and Game Club.

Lawrence E. Kerns

Funeral services for Lawrence E. Kerns were held at 4 p. m. Sunday at the Chambers and Grubbs funeral home, Florence. Burial was in Carpenter's Cemetery.

Mr. Kerns died of a basal skull fracture and internal injuries suffered late Friday when the small truck he was driving plunged over en embankment on Maher Road, west of Independence, and overturned.

Mrs. Gibbs is survived by four other nieces, Mrs. Brice Metcalfe, Mrs. Estelle Gordon, Mrs. Ben Doan and Miss Mary Ransler, and one nephew, C. W. Ransler, of Walton.

Chambers and Grubbs were in charge of arrangements.

Adolph M. Edwards

Funeral services for Adolph M. Edwards, prominent Boone County businessman for more than half a century were held at 2:30 p. m. Saturday at his home in Walton. Burial was in Highland Cemetery.

Mr. Edwards, 69, passed away Thursday at his home. He was a lifelong resident of Walton, and was founder and president of the Walton Building & Loan Association; founder and past president of the Walton Lumber Co.; one of the founders and a former director of the Equitable Bank & Trust Co., was a funeral director in Walton from 1885 to 1926, and was in the coal business in Walton from 1885 to 1934.

He is survived by his widow, Mrs. Anna N. Edwards; one son, Adolph M. Edwards, Jr., Arlington, Va.; a daughter, Mrs. Lula Huey, Walton, and two grandsons, Gaines E. Huey, Walton and Adolph M. Edwards III, Arlington.

The Hamilton funeral home, Verona was in charge of arrangements.

DEMONSTRATION ON TERRACING

WILL BE GIVEN FRIDAY, NOVEMBER 8TH, SPONSORED BY SOIL CONSERVATION DISTRICT AND KUCHLE'S GARAGE, ERLANGER

On Friday, November 8th, the fourth terracing demonstration will be held on C. Liston Hempfling's farm on Francesville Road, two miles north of Hebron. Farmers will benefit greatly from the demonstration and the latest in soil improvement equipment will be used in the demonstration.

Three years ago if a farmer in Boone County was asked to have a terrace built on his or her farm the answer would no doubt have been no, but by putting on similar demonstrations as the one scheduled for November 8, many have seen the advantages of these soil and moisture-saving structures. Today there are more than seventy-five farms in Boone County with all or part of fields terraced.

The local office has never heard of a farmer that would have the terraces removed after they have been built. On the other hand several farmers have had additional terraces built. A slogan used by a well advertised car "ask the man who owns one" will also apply to terraces.

Additional equipment to be shown in action will be the mower, the filler which is an ideal piece of equipment for leveling up gulleys, the posthole digger, scraper, etc.

A terrace will be completed for early arrivals to inspect, and others will be under construction during the day. The public is invited.

PROMINENT MAN SUICIDE VICTIM

AT HIS HOME ON WOOLPER CREEK TUES.—HAD BEEN IN FAILING HEALTH FOR SEVERAL MONTHS.

Leslie Sebree, age 62 years, died at his home on Woolper Creek, on Tuesday morning at 7:00 a. m., a victim of suicide, following a prolonged illness.

Mr. Sebree had been in failing health and extremely nervous for several months, but was thought to be improving slowly. He left his home Tuesday morning at 6:30 to do his daily chores at the barn and when he failed to return at the usual time, his wife and brother went to the barn to determine the cause. They found he had hanged himself and was pronounced dead by Coroner H. E. White upon arrival.

Mr. Sebree was born and reared in Boone County and had spent most of his life in the Woolper neighborhood, where he had made his home for the last several years. He was a very successful farmer and loved and respected by all who knew him. He was a member of the Belleview Baptist Church for the past 32 years.

He leaves his wife, Clara; two sons, Albert and Orville, both of Burlington; one brother, Bernard; one sister, Mrs. Ethel Wolford, of Petersburg; three grandchildren and a host of other relatives and friends.

Funeral services will be conducted today (Thursday afternoon) at 2:00 at the home, by Rev. Roy Johnson, pastor of Burlington Baptist Church. Burial will be in Belleview Cemetery.

Chambers and Grubbs, were in charge of funeral arrangements.

REFERENDUM IS VOTE BY GROWERS

FOR A THREE-YEAR PERIOD—BOONE COUNTY VOTES 93.9 PERCENT FOR QUOTAS—33 OPPOSE QUOTAS.

The burley tobacco marketing quota referendum carried for a 3-year period 1947-48 and 49 by an overwhelming majority in Boone County in the election held Friday of last week. Approximately one-half of the eligible voters cast their votes in this referendum. Seven hundred thirty-three votes were cast out of an estimated 1560 eligible voters.

Six hundred eighty-six or 93.9 per cent of the votes cast were in favor of marketing quotas for 3 years, while 12 or 1.6 percent voted in favor of marketing quotas for one year. There were 33 votes cast or 4.5 percent against quotas.

Following is a list of the voting by districts:

Beaver 64 for three year term, none against quotas.

Burlington 100; 87 for 3-year term; 4 for 1-year term; 9 against quotas.

Real Estate Transfers

Theodore Willoughby purchased 40 acres of land on Lick Creek from Mrs. Emma Craig.

Arnold Willoughby purchased 21 acres, near East Bend Baptist Church from Mr. and Mrs. John W. Woods.

These sales were made through A. B. Renaker the past week.

Mr. and Mrs. Lee Roy McNeely were honored with a shower given by Mrs. Walter Brown and Mrs. J. K. Cropper at the home of Mrs. Cropper, Tuesday night of this week.

Judge C. L. Cropper, I. R. Rouse, and A. B. Renaker attended a dinner at the Elk's Club, Covington, Saturday night.

Worthington-Stevenson

Josephine Worthington, daughter of Mr. and Mrs. Frank Worthington of Richwood, became the bride of Mr. Robt. Stevenson, son of Mrs. Anna Belle Stevenson, of Beaver, in a ceremony performed by Rev. R. H. Carter, October 26, at 6:30 p. m., at the Florence Christian Church which was beautifully decorated with palms, ferns, and white chrysanthemums.

The attendans were Mrs. Lucile Rouse, sister of the bride and Eugene Stevenson, brother of the groom.

The bride wore a street-length dress of aqua blue with brown accessories and corsage of red rosebuds, while her attendant wore a brown dress with qaua accessories and corsage of red rosebuds.

Following the ceremony a reception was held at Oelmer's on the Dixie Highway for the bridal party and a number of guests.

We join in extending felicitations to the happy couple as they embark on the sea of matrimony.

Shields-Williamson

Miss Dorothy Shields, daughter of Mr. and Mrs. John Shield,s of Chicago, Ill., and Dale Williamson, son of Mr. and Mrs. Cecil Williamson, of Burlington R. 2, were quietly married Saturday, October 19, at the home of Rev. Roy A. Johnson, in Covington.

Attendants were Miss Allie Mae Shields, of Walton, cousin of the bride, Mr. Howard Ryle, of Burlington, R. 2, friends of the groom and Miss Ruth Ellison.

The bride wore a royal blue dress with a corsage of pink roses. The groom wore the bautiful uniform of his country he is now serving.

The bride is a graduate of New Haven High School. The groom is a graduate of Hamilton High School and has served in the armed forces for 4½ years, being in combat duty in the European theater.

A very appropriate dinner was served in the dining room of Mr. and Mrs. Everett Jones, aunt of the bride, with whom she made her home.

The happy young couple will make their home at Ft. Knox, Ky., where he is stationed.

The Recorder joins their many friends in extending best wishes as they travel life's journey together.

Formal Dedication Of Airport Held Sunday

JUDGE WILLIAM E. WEHRMAN OF KENTON COUNTY FILLS SPEAKERS POST FORMERLY ASSIGNED BARKLEY.

The Greater Cincinnati Airport, located near Hebron in Boone County was visited by thousands of citizens from all sections of Kentucky, Ohio and Indiana, Sunday at its formal dedication services.

A huge throng jammed the concrete ramp near the administration building throughout the day, viewing two giant DC-4's, a symbol of the place the field will take in the air transportation picture of the world.

Judge William E. Wehrman of Kenton County Court, acted as the principal speaker taking the place of Sen. Alben Barkley who was unable to attend on account of the serious illness of his wife.

Judge Wehrman paid tribute to Sen. Barkley and credited him with a large part in construction of the field which was dedicated to the future of aviation and the community

Roscoe Turner, representing the the National Aviation Trades Association, congratulated northern Kentucky for looking into the future when designing and building the field.

Others appearing on the program were Judge C. L. Cropper, of Boone County, Edward Kloesterman, Patrick Ratchford, William Kreuts, Capt. Winston Folk, Mayor James Garfield Stewart, J. Stephen Watkins, Rept. Brent Spence, Sen. William A. Stanfill.

Airlines to serve the airport were represented by Laigh C. Parker, TWA; and Amos Culbert, vice presvice president of Delta; Jack Burlington, district traffic manager of ident of American. They told the assembly that new four-engine service would increase service for the area and provide non-stop flights between many points.

An airshow by 20 Navy planes was canceled because of a 300 foot ceiling at Norfolk, Va., where the ships were based. However, Lt. Richard Wieland, liaison officer for the squadron which was to put on the show, was on hand with his Corsair fighter plane to slow roll and buzz" the field at speeds better than 400 miles per hour. The Navy also sent a PBY Catalina flying boat and a Vega Ventura bomber.

The number attending the dedication services was estimated from 50,000 to 75,000 persons.

The Boone County Band of 110 pieces was present at the services and furnished music until noon. Several other school bands were invited to the dedication.

Planes from five states, forming a Dawn Patrol and composed of 207 private and small commercial aircraft began arriving early in the day to take part in the event.

Scott Purchases Fine Stallion

Lillard Scott, of Burlington R. 1, purchased a fine registered yearling saddle stallion, Calvin's Prince Re. No. 9413 last week from Mr. Stillwell of Harrodsburg. The horse is rich in Denmark and Bourbon Chief breeding and is a beautiful Chestnut with blaze and three stockings.

Boone County formerly the home of Gaines Denmark one of the foundation horses of the American saddle horse bered is again rapidly gaining a leading place as a saddle horse and thoroughbred breeding center.

Other entertainment features of the evening will be booth, games, and everything to make a hallowe'en party complete. Prizes will be awarded.

A small charge will be made to those attending unmasked.

WATER SUPPLY IS HOME PROBLEM

ACCORDING TO EARL G. WELCH IN ADDRESS TO BOONE COUNTY FARMERS AND HOMEMAKERS AT MEETING TUESDAY.

Adequate water supply is the basic requirements in providing a home water system according to Earl G. Welch, agriculture engineer from the College of Agriculture. Welch addressed Boone County farmers and homemakers in a meeting at Grant Maddox's farm near Devon last Tuesday.

Cisterns are the safest and best source of home water supply. The supply should be sufficient to provide from 15 to 25 gallons of water per person where an electric water supply system or running water is installed. A cistern 12 feet by 14 feet usually will be satisfactory for a family of five if sufficient roof area is available. Welch pointed out that only 75 percent of the water falling on a well guttered roof reaches the cistern and that this usually amounts to about five gallons per square foot of roof area per 90-day period. Water measures 7½ gallons per cubic foot.

Welch stated that the large number of rural electric installations in recent years is offering thousands of farm people for the first time opportunity to have a complete home water supply and sewage disposal system. The prospective new user should carefully analyze his needs. Reliable local dealers can give valuable service on costs of equipment and installations to fit particular needs. All equipment whether water supply systems or sewage disposal should be adequate to take care of the largest number of persons to use the equipment at any one time. Bulletins on special supply and sewage disposal problems are available at the county agent's office.

NKEA To Be Held At Newport High School

The NKEA will be held at Newport High School, November 7th and 8th, 1946. All meetings will be on Eastern Standard Time. Highlights of the program are as follows:

Friday morning speaker are Attorney General Eldon S. Dummit, Dr. Maurice F. Seay, president Adron Doran, and Mrs. Jessie E. Fugett.

General other important speakers from both Ohio and Kentucky Colleges will be on the departmental programs Friday afternoon.

All schools in Boone County will be close Friday, November 8th for this meeting.

DHIA TO HOLD FIELD MEETING

WEDNESDAY, NOVEMBER 6TH—WILLIAM WALKER, DAIRY SPECIALIST WILL ASSIST IN MEETING.

Northern Kentucky Dairy Herd Improvement Association members will hold a four and field meeting in Boone County on Wednesday, November 6th, according to the county agent's office. William Walker, dairy specialist from the College of Agriculture will assist in the meeting. Dairymen from Boone, Kenton, Campbell and adjoining counties will participate.

Leading local dairy herds in Northern Kentucky D. H. I. A. association will be visited. These will include Boonetucky Farms, Dr. C. Garrison herd, Robert Yousell herd (Boone Shelby & Carroll Association) and the Frank Michaels herds. Because of limited time only a few of the herds can be visited but special points of interest on each stop will be seen.

The association invites all dairymen to participate in the tour and afternoon meeting.

Mr. and Mrs. Jess Barnes and daughter Florence and Mr. and Mrs. Lawrence Barnes and son spent the week-end visiting relatives and friends at Hebron, Ky., and attended the barn dance at Renfro Valley.

VOTE ON NOV. 5TH FOR YOUR CHILDREN AND YOUR GRANDCHILDREN

Do you want Barkley and Brown to help ratify the peace treaties, or Taft and Cooper? You know the Democratic Party will assume responsibility of leadership.

Do you want a deadlock between the President and Congress? You know that condition would be bad for the United States and the United Nations.

Do you remember what the Republicans did to Woodrow Wilson's peace plan? You know Taft is an isolationist and he is the Republican leader in the Senate.

"LET'S TAKE A LOOK AT THE RECORD," and vote an intelligent ballot. Certainly we do not want our children, or our grandchildren, going to war.

Let the world know that we, the American people are behind the plan of the United Nations for world peace and that we are willing to VOTE and WORK for its accomplishment.

The record of the Republican Party in the past as to the League of Nations is well known. We must not take that chance again.

Barkley and Brown will pull together.

VOTE DEMOCRATIC FOR LEADERSHIP!

Examination Announced For Rural Mail Carrier

The United States Civil Service Commission has announced an examination to fill the position of rural carrier at Burlington, Kentucky.

The examination will be held at Covington, Ky.

Receipt of applications will close on November 13, 1946. The date of examination will be stated on admission cards mailed to applidants after the closing date for receipt of applications, and will be about 15 days after that date.

The salary of a rural carrier on a standard daily route of 30 miles is $2020 a year, with an additional $20 a mile a year for each mile or major fraction thereof in excess of 30 miles. Salaries on routes of shorter length or of less frequent service are proportionately lower. A rural carrier serving one tri-weekly route shall be paid a salary on the basis of a route one-half the length of the route served by him. A rural carrier serving two tri-weekly routes shall be paid a salary on the basis of a route one-half the combined length of the two routes. All rural carriers must furnish and maintain at their own expense all necessary vehicle equipment for the prompt handling of the mails, but they are allowed an equipment maintenance of 6 cents a mile on the basis of the daily mileage scheduled (this amount to $540 per year for a 30-mile route.) They are permitted to use motor vehicles, but are required to furnish sufficient equipment to handle postal business properly.

Rural carriers shall be promoted successively at the beginning of the quarter following one year's satisfactory service in each grade to the next higher grade until they reach the 11th grade (for a standard 30-mile daily route, an increase of $84 a year is provided in each grade, through grade 11). Carriers who perform faithful and meritorious service shall be promoted to grade 12 after three years of such service in grade 11, and shall be promoted to grade 13 after five years of such service in grade 12, and shall be promoted to grade 14 after seven years of such service in grade 13. (Public Law 134, 79th Congress of July 6, 1945).

The examination will be open only to citizens of, or persons who owe allegiance to, the United States who are actually residing in the territory of the post office where the vacancy exists, who have been actually residing there for one year next preceding the closing date for receipt of applications, and who meet the other requirements set forth in Form 1977 of July 1946.

Both men and women, if qualified may enter this examination, but appointing officers have the legal right to specify the sex desired in requesting certification of eligibles.

Form 1977 and application blanks can be obtained from the vacancy office mentioned above or from the United States Civil Service Commission at Washington 25, D. C. Applications must be on file with the Commission at Washington 25, D. C., prior to the close of business on the date specified above.

Training Meeting Held October 24

Mr. Ralph J. Ramsey of the University of Kentucky led the training meeting for November of the Boone County Homemakers' Clubs on October 24th. His subject was "Recreation." The meeting was held at the Masonic Hall in Hebron.

Mrs. Sibbie Reimer was present to the present the schools' program of recreation. Both Mr. Ramsey and Mrs. Reimer brought out the fact that recreation was not just play, but living or education for living. Any woman interested in combatting juvehile delinquency, making her home, her church, or her community more inviting, should plan to attend her local Homemakers' Club meeting in November.

The following leaders were present: Mrs. David Aylor, Mrs. Martha Richards, Mrs. S. H. Aylor, of the Gunpowder Club; Mrs. Martha Clayton, Mrs. John Hempfling, Constance; Mrs. V. G. Young, Mrs. Jake Cleek, Mrs. Don Hopkins, of New Haven; Mrs. John L. Vest; Mrs. Alan Gaines, Walton; Mrs. R. C. Garrison, Mrs. Vernon Pope, Burlington; Mrs. H. A. Mulroney, Jr., Mrs. R. G. Duvall, Kentaboo; Mrs. Orville Conrad, Mrs. John Pierce, Mrs. Curtis Moore, Florence; Mrs. Nick Mikkelsen, Bullittsville; Mrs. Robert King, Mrs. Paul Ammon, Burlington Rd.; Mrs. Mary Williamson, Mrs. Orville Kelly, Rabbit Hash; Mrs. John Aylor, Mrs. Charles Klopp, Petersburg; Mrs. Clayton Renaker, Mrs. Winston Parker, Verona; Mrs. Elizabeth Morehead, Mrs. Mabel Beacom of Taylorsport; Mrs. A. B. Nichols, Mrs. Davis Gaines, Hebron. Also present were county president, Mrs. Clyde Arnold and Miss Mary Hood Gillaspie, H. D. A., and her assistant, Miss Ann Frye.

CORNCRACKERS EAT WEINERS

The Constance Cornsnacker 4-H Club feasted on weiners Friday. We were supposed to have a weiner roast, but the rain spoiled that. We would not be out done, so we heated the weiners on the indoor kitchen range. Soft drinks were served.

On account of no heat in the building because of repairs being made our regular 4-H meeting has to be postponed.

Statement of Brent Spence To Tobacco Growers of Boone County

Tobacco is the cash crop of most of the farmers in Kentucky. Burley tobacco is almost exclusively the cash crop of the farmers in the Fifth District. Kentucky produced far more burley tobacco than any other state in the Union. More than one-half of the total crop of the nation is produced in Kentucky. The estimate is that this year Kentucky will produce more than four hundred and ten million pounds, nearly twice as much as all of the rest of the states of the Union will produce. It is the largest business in Kentucky, larger than anything in either agriculture or industry and its success means more to the prosperity and happiness of our people than anything else.

I have each year exacted a promise from the authorities in Washington that satisfactory ceilings be placed upon tobacco and those ceilings would not be reduced during the tobacco season. This promise was kept and by reason of that fact the farmers have received a much higher price than they would have otherwise obtained for their tobacco.

Now ceilings have been removed from tobacco and competition will make the price. Unfortunately the four big tobacco companies, namely: American Tobacco Company, Liggett-Meyers, Reynolds Tobacco Company, and Lorillard Company are the main purchasers. We all know there is little free competition between these companies.

Each year since parity price has been authorized, I have prevailed on the authorities to raise the price and have been successful in securing a raise from $17.50 to $37.30 a hundredweight. The increase in parity price has had the effect of largely increasing the market price. The grower has been guaranteed ninety per cent of the parity price of $37.30 a hundred pounds which assures him of a price of not less than $33.60 a hundred pounds for his 1946 tobacco crop. This is the first time the farmers have been assured of anything like a reasonable price for their crops.

The Democratic Party has been the friend of the tobacco grower and it has not only made it possible that he may obtain a fair price for his product but the Democratic Congress has placed a floor under tobacco by reason of loans that can be obtained on it from the United States Commodity Credit Corporation 90% of parity, which will assure the grower of a price not less than $33.60 a hundredweight.

All over the world we have had best salesmen for American tobacco in the Armed forces, and the people throughout the world, who used the American cigarettes, are most anxious to purchase them. Now is the time to attempt to establish a foreign market for our burley tobacco, a little over one percent of which has heretofore been exported. I have urged that every effort be made by our Government to establish such a market, and have taken the matter up with the Commerce, State and Agriculture Departments in Washington. If we establish a foreign market it will not be necessary for farmers to place quotas upon their products because a world market will consume all they can raise. I believe through our cooperatives and by other means we can establish this market, which will mean real competition and will result in increasing the price of burley tobacco.

If you feel that your best interests have been represented by your Congressman, you can express your views and continue his services by GOING TO THE POLLS ON NOVEMBER 5TH AND VOTE FOR BRENT SPENCE.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for November 3

Lesson subjects and scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

PAUL CHAMPIONS FREEDOM AND BROTHERHOOD

LESSON TEXT—Acts 15:23b-29; Galatians 5:13-15.

GOLDEN TEXT—SELECTION—But we believe that through the grace of the Lord Jesus Christ we shall be saved, even as they—Acts 15:11.

Fundamental doctrine must be sound and true or the church will go astray. A question had arisen at Antioch which had to be answered authoritatively, and once for all.

The early converts of the church were naturally from among the Jews, and they carried with them into their new-found faith the traditions of their religion. Some of them did not recognize that the salvation they had in Christ was entirely by grace, apart from any works of the law. They not only felt that they must observe the law, but insisted that the Gentile believers must also fulfill the Jewish rite of circumcision. This promptly raised the question whether Christ alone could save, or if men were saved by grace plus works.

To settle this matter, Paul and Barnabas went up to the church at Jerusalem, and there a great council discussed it freely, and came to a decision which was then transmitted by letter and a committee.

That decision established an eternal

I. Principle—Believers Are Free from the Law (Acts 15:23b-29).

The believers at Antioch were to abstain from those things which would hinder their spiritual progress and harm their testimony. That was important and right, but it must not be allowed to confuse them regarding the basis of their salvation. They were not saved by works, not even though they were most commendable.

Salvation is by grace, through faith, "not of works, lest any man should boast" (Eph. 2:8, 9). That principle, which is absolutely foundational in all Christian thinking, was established then, and is valid and blessedly true for all time.

Is it not strange, then, that all through the church's history there has been a determined effort on the part of some in the church to add something to God's redeeming grace as a ground for salvation?

Observe the plain rebuke given to teachers of error in verse 24. It is no light matter to trouble and mislead the souls of men by injecting our worldly wisdom or our opinions, when we should be teaching the truth of God's Word.

Salvation by grace and freedom from the law does not bring the believer into a place of license, but of liberty—and a liberty controlled by a new factor in his life. We note that in

II. Practice—Believers Are Bound by Love (Gal. 5:13-15).

The one who turns to Christ by faith is indwelt by the Holy Spirit and finds that, far from failing to keep the high moral principles of God's law, he is given grace to keep them more perfectly. This he does, not in order to be saved, but because he is saved.

He comes out of a bondage to legalism, which he could not bear, into a new bondage to the law of love, which his new nature in Christ delights to bear and in which it finds the fulfillment of its highest and holiest desires.

Note that this shows itself in the church and in the world in loving service to others in the absence of strife; in a word, in the practice of the admonition: "Thou shalt love thy neighbor as thyself" (v. 14; Lev. 19:18).

No one faces that life responsibility without realizing that he is evidently not able for it. God has provided for that need, for we note next that there is

III. Power—Believers Are Led by the Spirit (Gal. 5:16-18).

Being saved does not set us free from the conflict with sin, for the old nature declares itself at enmity with the Spirit. We find it often to be in our hearts to do right, and in the decisive moment we find the flesh taking control and we cannot do the things we would (v. 17).

What is the solution of that problem? An all-out attack on sin and sinful desires? That is commendable, but it somehow doesn't work. We need a superior power to work in and through us.

That's it! There is a power in us and ready to work through us—the matchless, victorious power of the Holy Spirit. He dwells in the heart of every believer (I Cor. 6:19) and only awaits our yielding to him that he may take control of our lives.

Walking in the Spirit (v. 16) is simply giving him the liberty to direct our lives after the will of God, day by day and moment by moment. This puts us in the way of victory, for as we walk in the Lord's way we may call on him for not only his grace, but also his strength.

Saved by grace to a life of liberty and power—such is the inestimable privilege of the Christian. Are we, are you, living up to it?

How much LIGHT is enough to read a newspaper?

IT'S good to settle down with your favorite newspaper when you have better lighting at your elbow for easier, smoother seeing.

Under modern lighting, you'll be seeing more and seeing faster without straining your eyes or inviting fatigue. And eye comfort *is* important. For reading or writing . . . wherever eyes are called upon to see quickly and surely . . . try a three-light lamp that brings you 100-200-300-watt lighting in a single bulb.

You owe it to your eyes to find out about better lighting *now*.

You can get free advice on recommended light bulb sizes and suggestions for improving your home lighting at our office. Enjoy better light for better sight.

BOONE COUNTY POLLS 2145 VOTES

IN GENERAL ELECTION HELD TUESDAY—DEMOCRATS GIVE BROWN AND SPENCE NICE MAJORITY IN COUNTY.

Boone County voters polled 2145 votes in the general election held Tuesday, considerably more than was expected, according to political leaders. In the August primary only 634 votes were cast in the county.

Brown carried the county with 1239 votes, against Cooper's 866, while Spence led the ticket with 1290 against Moore's 812.

Rep. Spence survived a Republican landside to retain his House lican landside to retain his seat in the House. With all precincts counted in the Fifth District's nine counties, Spence led by a majority of 1,211 votes.

Unofficial returns from the Fifth District in the Senate race showed Cooper leading by a majority of 58 votes.

With 2,941 of Kentucky's 4,044 precincts counted early Wednesday morning, Brown had 223,426 to 251,204 for Cooper, a positive indication that Cooper would emerge with final returns with a large majority.

Due to going to press on Wednesday morning we are unable to give the total Boone County vote by precincts, but will carry the complete tabulation in next week's issue.

Baptists Sunday Schools Will Meet At New Bethel

The regular meeting of the North Bend Baptist Sunday Schools, for Boone County will be held at the New Bethel Baptist Church on Monday, November 18th at 7:30 p. m. Rev. L. M. Hamilton has been elected the assistant associational superintendent.

All officers and teachers of the various Sunday Schools in the County, as well as any member, interested in Sunday School work are urged to attend.

Rev. Bruce Easterday will preach at Florence Christian Church on Sunday morning, November 10th at 11:00. Everybody invited.

Walton Colored Man Held On Shooting Charge

William Dixon, colored, Walton, is being held in Burlington jail, on a charge of firing a shotgun charge into the home of another colored man in Walton, Sunday. One pellet from the charge struck McKinley Brown in the chest, who was standing beside the door.

Dixon was arrested by Sheriff R. I. Rouse, Sunday and brought to Burlington, where he was placed in jail pending examining trial.

TOBACCO GRADING MEETINGS NOV. 15

FEDERAL TOBACCO GRADER WILL PRESENT GRADING DEMONSTRATIONS—MARKET OUTLOOK TO BE DISCUSSED.

Two grading and marketing meetings will be held in Boone County on Friday, November 15th, according to H. R. Forkner, County Agent. The meetings will be held as follows:

10:00 A. M.—Frank L. Michaels' farm three miles northeast of Hebron. Mr. Michaels has a new stripping room with all modern improvements.

1:15 P. M.—Joe Cloyd Kennedy, one mile west of Verona just off the Verona, Mudlick road.

Walter Raisor federal tobacco grader will present the grading demonstrations. The meetings will also offer growers an excellent opportunity to discuss the market outlook, latest pool or loan rates and other problems of interest to growers just before the marketing season. All growers are invited to attend one or both of these meetings.

BURLINGTON P.-T. A.

The regular meeting of the Burlington P.-T. A. will be held Monday night, November 11th, 7:30, at the school building.

All members and friends of the organization are urged to attend this meeting.

Band Is Complimented By Airport Board For Performance Oct. 27

Dean Bloss, director of the Boone County School Band is in receipt of a letter from C. Lisle Kays, president of the Kenton County Airport Board, thanking him and the band for their cooperation at the dedication services held October 27. The letter follows:

"Dear Mr. Bloss:

"The members of the Kenton County Airport Board join me in expressing our deepest appreciation to the members of the Boone County Band for the exceptional performance at the Greater Cincinnati Airport dedication held on Sunday, October 27, 1946.

"The performance of this band was an inspiration to all who had the pleasure of hearing it and we want you to know that we are very grateful for the service they performed as their cooperative spirit will long be remembered by this Board.

"In appreciation of their service, we are enclosing a contribution for use in promoting the welfare of the band members."

WAS NATIVE OF BOONE COUNTY—WAS NOTED FARMER AND BREEDER OF LIVESTOCK, IN CARROLL COUNTY.

Perry B. Gaines, 73, Carroll County, prominent stockman and farmer and former State Senator from Carrollton, died at a hospital in Louisville, Sunday. He was a native of Boone County.

Mr. Gaines lives on Riverview Farms, a tract of more than 1,600 acres near Carrollton. His first first public office was that of Master Commissioner of the Carroll Circuit Court, a position he held for 40 years. He served two terms as State Senator starting in 1927.

He was a director of the Louisville Branch, Federal Reserve Bank, St. Louis District, the First National Bank of Carrollton, the American Southdown Breeders Association and the American Jersey Cattle Club. For four years he was a director of the Burley Tobacco Cooperative Association and for several years was a director of the Kentucky State Fair.

Mr. Gaines had devoted most of his latter years to breeding cattle and growing tobacco. He was recognized as one of the state's leading tobacco growers.

He is survived by his widow, Mrs. Alice Smith Gaines; a son, Logan Gaines, Fort Mitchell, Ky., and his mother, Mrs. Benjamin Logan Gaines, who celebrated her 100th birthday anniversary last February.

Funeral services were held Tuesday at 2 p. m. at Carrollton, with burial in the Odd Fellows Cemetery.

Stewart Elected Utopia President

Tommy Stewart was elected Utopia club president at the October meeting of the club held at the fair grounds on October 24th. James Franklin Brown was elected vice president; Alberta Dickey, secretary, and Betty Forkner, syphograrn.

The new officers promise an active wide-awake Utopia club program for 1947. A Hallowe'en party was held previous to the business meeting. The next meeting of the club will be held at Burlington on November 21st.

Red Cross Dinner Meeting Is Planned

The annual Red Cross dinner meeting is called for Friday evening, November 15th at 6:30 p. m. at Doc's Place, Florence. This meeting is for the public and it is urged that all interested in the welfare of residents of Boone County will attend.

The need arises each day for assistance and competent leadership is necessary to meet these needs. A coupon for dinner reservation will be found in this week's Recorder and should be filled out and mailed to Mrs. Roy Nestor, Florence, not later than November 13th, naming the number of guests.

F. G. Dixon, Field Representative of the Eastern area will introduce the speaker of the evening.

CHRISTMAS SEAL CAMPAIGN BEGINS

NOVEMBER 25TH AND CONTINUES UNTIL CHRISTMAS TO OBTAIN FUNDS TO CARRY WORK THROUGH 1947.

For a number of years, an organization has been engaged in a health campaign in Boone County directed at a disease which constitutes a major public health problem because it takes a high death toll, particularly among young adults, and because it is spread from person to person.

A number of years ago the Boone County Tuberculosis Association was formed to wage a campaign within the county against this disease, tuberculosis. Through affiliation with the state and National associations, county association is part of a nation-wide movement to eradicate tuberculosis.

Beginning November 25 and continuing until Christmas, the county association, simultaneously with 2,900 other associations in the country, will appeal to local residents for funds to carry its work through 1947. This appeal will be made through the sale of Christmas Seals.

Officers of the Boone County Tuberculosis Association are Mrs. Sibbia Reimer, chairman; Mrs. John L. Vest, vice-chairman; Mrs Justin Dolph, secretary, and Miss Mary Bess Tropper, treasurer. Members of the executive committee are Miss Lucy Lee Grant, Mrs. Lewis Houston and Mrs. Jamerson Aylor.

PFC. Clifford Barnes Returns From Duty In Tokyo, Japan

Pfc. Clifford Barnes, son of Mr. and Mrs. Roy Barnes, of near Burlington arrived home Monday from Tokyo, Japan, after serving thirteen months overseas.

Pfc. Barnes was first stationed at Hokkadio with the 77th Division, then transferred to Tokyo with the Fifth Air Force. He left Japan October 13th.

Clifford is enjoying a 36-day terminal leave, expecting to receive his discharge December 5th. He has served in the armed forces for the past nineteen months. He received his basic training at Camp Robinson, Ark.

Burlington School To Battle Alumni Five

Burlington high school's 1946-47 edition of basketballers will make their first public appearance Friday evening, November 8 at the local gym when they meet the alumni in a two-game program. The Eagles will play former grads from Burlington while the reserve squad will tangle with B. H. S. grads living in Belleview.

Pre-season dopesters see a rough season ahead for coach Ralph Maurer's local quint since the squad is composed of practically all inexperienced men. Only two lettermen from last year's team are back, and neither of these boys were full year regulars last year.

Boys showing promise in early season workout have been Bob Kelly, six-foot-four-inch junior center; Lafe Miller, five-foot-eleven-inch sophomore forward; Holly Forkner, a flashy sophomore guard; Billy Scroggins, senior; Billy McBee, freshman; Bob Patterson and Jimmy Ryle, eighth graders. Other squad members, many of whom are pushing for a first string assignment, are Ivan Cason, John Cropper, Joe Smith, Ray Patterson, Bob Brown, Don Blankenship, John Rogers, John Walton, Galen Acra, Estil Ryle, Wayne Kelly and Feldhaus.

Alumni players composing the Burlington team will be such former stars as J. D. Jarrell, Marion King, "Little Dud" Rouse and Ivan Gulley. Others who will probably participate will be Joe King, Leroy McNeely, Albert Weaver, Bobby Clore and Calvin Kelly.

Belleview's squad will be Dave Clore, Sebern and Cliff Scott, Chick Stevens, Bobby and Buddy Rogers, and Red McArthur. Officials will be William Greenup and Donald Kirkpatrick. Game time will be 7:30. Admission twenty and thirty cents.

Mrs. Clara Harris of Cold Springs purchased the 4-room home at Rabbit Hash of Mrs. B. E. Aylor last week. Mrs. Harris intends to move to the property as soon as possible.

Banks Sponsor 4-H Club Trophies

Eight Boone County Banks are sponsoring trophies for outstanding community 4-H club achievement, according to H. R. Forkner, County Agent. The trophies this year will either be shrubbery for permanent landscaping the school grounds or an educational picture.

Banks sponsoring the 4-H club awards are: Peoples Deposit Bank, Citizens Deposit Bank, Farmers Bank, Hebron Deposit Bank, Florence Deposit Bank, Union Deposit Bank, Dixie State Bank, Verona Bank.

This year marks the 21st consecutive year the banks of Boone County have sponsored awards for outstanding community 4-H club achievement. Twelve community 4-H clubs are competing for the awards.

Banks And Courthouse To Be Closed November 11

Monday, November 11th is Armistice Day and a legal holiday. The banks will be closed on this day and all county offices will also be closed.

VETERANS PLAN MUSTERING MEET

SUNDAY, NOVEMBER 10TH AT WHITE VILLA, FLORENCE—DEPARTMENT OFFICERS WILL BE PRESENT.

The mustering of the Boone County Post, Veterans of Foreign Wars, will be held Sunday, November 10, 1946 at 2:00 p. m. in the White Villa, at Florence, Ky., according to Marmon F. Barge, Extension Officer, Veterans of Foreign Wars, 413 Norton Bldg., Louisville, Ky.

The mustering officer will be Harry J. Orr, of Ashland, Ky., who is State Department Commander. Other department officers will be present to assist in putting the post into working order.

The meeting is an open meeting and the public is cordially invited.

Cincinnati Man Draws Fine Of $100.00 And Costs

Harry Piepmeyer, 798 Blue Ash, Deer Park, was fined $100.00 and costs in Judge Cropper's court Monday evening on a charge of operating a motor vehicle while intoxicated.

Peipmeyer was arrested by Sheriff Irvin Rouse after he sideswiped a Greyhound bus on U. S. 42 one and a half miles south of Union, late Monday. Neither Piepmeyer or occupants of the bus were injured in the collision.

J. E. Hodges

John Elijah Hodges, born April 25, 1867, departed this life October 30, 1946, having attained the age of 79 years, 6 months and five days. He had been in ill health the past several years, a most patient sufferer, trusting all to his God and faithful loved ones and friends.

In November, 1909 he united with the East Bend M. E. Church under the pastorate of Rev. J. R. Nelson, remaining a faithful and consistent member, giving both his spiritual and financial support.

On November 26, 1912 he was united in marriage to Miss Bettie Dolph who preceded him to the great beyond some fifteen years ago.

Mr. Hodges was a honest, upright man, living the principles of "Do unto others as you would have them do unto you," upholding every good thing, with an abhorence for all evil—a christian gentleman.

He leaves one brother, Angero Hodges of East Bend; a sister, Mrs. Mellie Wingate of Rabbit Hash, who with numerous nieces and nephews will miss his gentle council and kind advice; many more distant relatives and a host of sorrowing friends.

Gunpowder Baptists To Hold Special Meeting

There will be a special business meeting of all members of the Gunpowder Baptist Church on Thursday, November 21 at 7:30 p. m at the home of Mrs. Vernon Pope. All are urged to be present at this time as this meeting is called to discuss the future of this organization.

FARMERS WILL BE PAID 90 PERCENT

OF PARITY PRICE FOR LEAF AS LOAN BY BURLEY TOBACCO GROWERS COOPERATIVE ASSOCIATION.

The Burley Tobacco Growers Cooperative Association has announced that it will loan money on eligible tobacco based on 90 percent of the present parity price. This plan is similar to the one in effect last year when tobacco that does not bring 90 percent of parity price when auctioned over the warehouse floor may be turned over to the Burley Association and 90 percent of parity price received with a possibility of more if a profit is realized in the handling and selling of it by the Burley Association.

Parity price has been raised about 5c per pound from 1945, and ceilings have been removed.

The following loan prices on the 1946 crop are as follows:

The first figure is grade, the second is price:

Hebron Wins Opening Game Of '46-47 Season

A large crowd of loyal rooters from Hebron traveled Friday night to Owenton where they were treated to two very good basketball games.

Coach Goodridge's boys played a fine brand of ball for their opening games, the first team winning by a score of 40 to 31, the reserves by a score of 19-8.

The Cubs of Owenton, coached by Boyd Mahan, of Petersburg pressed the local boys hard, playing a clean fast game.

Hebron had the very fancy shooting of "Lucky" Buckler to pace them for the win. Our boys played a very tight defensive ball game and all deserve much credit.

Hebron will play New Haven at Hebron Friday night for their opening home game. This should be a very interesting game as both schools have very good teams.

Three Injured In Accident Near Walton

Three motorists were injured late Saturday when the automobile in which they were riding plunged 30 feet from a bridge spanning the Southern Railroad track on the Nicholson-Walton road near Walton.

The injured were removed to St. Elizabeth Hospital for treatment. They were James Maddox, Berry, Ky., who suffered an injury to his left ear; Esther Florence, Falmouth, shock and a severe head cut, and Miss Geneva Flynn, 18, Falmouth, cut near her right eye, and mild shock.

Mr. and Mrs. Russell Finn received a letter this week from their son Cpl. Ernest Finn, stating he was leaving the states Saturday morning, November 2nd for Yokahoma, Japan. Ernst has been stationed at Camp Stoneman, Pittsburg, Calif., for the past 6 weeks.

Seven Students From County Enrolled At State Teachers College

Seven students from Boone County have enrolled at Eastern Kentucky State Teachers College for the fall quarter. They are: Rose Emogene Austin, Constance; Harry Lee Aylor, Burlington; Robert Duncan Huey, Constance; Jas. W. Johnson Florence; Alvin Garnett McGlasson Constance; Sally Souther, Burlington; Lewis Thomas Utz, Florence.

Two Held On Dog Stealing Charge

James Turner, Newport and Glenn Simms, Kenton County, were arrested Thursday by Sheriff R. I. Rouse, charged with stealing dogs. The men were charged with stealing a dog owned by Lloyd Stephens on October 21 and another dog from Ira Harris, October 27.

Turner was held for grand jury action after being arraigned in Judge C. L. Cropper's court Friday. Simms is being held pending examing trial.

CHANGES MADE IN NAVY RECRUITING

SERVICE—CINCINNATI AREA TO INCLUDE INDIANA AND KENTUCKY COUNTIES—BOONE IS ADDED.

The reduced appropriation for the fiscal year 1947 have necessitated a sweeping area change by the Naval Recruiting Service in the interests of national economy. Thus, many counties which heretofore were under the administrative cognizance of other recruiting Districts have been reassigned. The following counties have been added to the Cincinnati Navy Recruiting District: Boone, Gallatin, Grant, Pendleton, Bracken, Mason, Kenton Campbell, and Robertson, in the State of Kentucky.

The basic purpose of the U. S. Navy Recruiting program is to build an all volunteer Regular Navy—a Navy capable of fulfilling our role in the maintenance of permanent peace and security. The Navy's manpower requirements have for sometime been filled entirely by volunteers, with very few men having been taken through Selective Service during this calendar year.

Naval Service offers many attractions to the young men of today, these include: New high pay scale; educational and technical training opportunities; security with early retirement; travel; rapid promotion to deserving men; special pay "extras" for special duties; food, clothing, and medical care.

The Cincinnati Navy Recruiting Station has just been assigned its November quota; this quota is larger than those of recent months. Previously, the limited quota has been exhausted in the first few days of the month, but, with the increase in enlistments allowed, it is felt that it will be able to accept applicants for the Naval Service and to enlist them without delay. Representatives from the Cincinnati Office plan an immediate itinerary to cover the new area, for the purpose of contacting and interviewing all young men interested in the Naval Service and what it has to offer. All veterans are urged to investigate enrollment in the Navy's new Inactive Reserve program; 850,000 are still required to fill this program.

Representatives from the Cincinnati Recruiting office will be at the Post Office in Burlington Monday morning, November 18, 1946.

Union Girl Injured In Accident Friday

Edna Mae Mills, 14, daughter of William Isaac Mills, suffered cuts and bruises when she was struck by a car at Union, Friday afternoon when she was crossing the highway. Driver of the car was Nathan Kleen, of Russellville, Ky., according to Sheriff Irvin Rouse, who was called to the scene of the accident.

The child was removed to St. Elizabeth Hospital by Shirley Gruelle for examination and treatment and was returned to her home.

No charges were placed against Kleen, according to Sheriff Rouse, as the accident was unavoidable.

HUNTING LAWS ARE OUTLINED

FOR SEASON OF 1946-47 DUE TO MANY INQUIRIES CONCERNING CHANGES IN LAW—OPEN SEASONS CHANGED.

Due to many inquiries concerning the hunting laws of Kentucky we are giving a brief outline of the open season, bag limits and other information concerning the game laws. A brief outline follows:

No person shall take any wild birds except during the open season for the particular species. The open season for quail or bobwhite shall be November 20 to January 15. The open season for ruffled grouse or native pheasant shall be December 1 to December 15. There shall be no open season on wild turkey. No person shall take quail, ruffled grouse or native pheasant except from sunrise to sunset. (Sub-section (1) amended, 1946 c. 84, §13).

No person shall, in any one day take more wild birds for which there is an open season, than the bag limit for the spieces as set out: Quail 10; Ruffled Grouse or Native Pheasant 2. Federal regulations apply on doves, ducks, geese, coots and gallinule, woodcock and snipe.

No person shall have in his possession at any time, any number of quail, ruffled grouse or native pheasant in excess of the bag limit above set forth for the particular spices, except that a person who has hunted two or more days in succession may have in his possession a total of not more than twice the bag limit for such birds and a person may have in his possession, in cold storage locker, as provided in KRS 150.305, a number not exceeding two days' bag limit after the first day of the hunting season; provided, however, that no person shall take more than ten ruffled grouse or native pheasant during any season for the same. (1942, c. 68, § 34; 1944, c. 124, § 7; 1946, c. 84, § 32).

The open season for rabbits shall be November 20 to January 15; mink, opossum, raccoon, skunk, muskrat and red fox shall be December 1 to January 31; for squirrel, August 15 to the November 30. Opossum and raccoon may also be hunted and taken by dog only from November 1 to January 31. Bag limits on squirrels is six; rabbits eight. The holder of a rabbit retail dealer's license may have in his possession not more than one hundred rabbits. The holder of a rabbit wholesale dealer's license shall have in possession not more than five hundred rabbits.

Shotgun must be plugged to hold not more than three shells with a wooden or metal plug, which can not be removed through the loading end.

Mr. and Mrs. Henry Siekman and Mr. and Mrs. Vernon Anderson, of Bullittsville, spent Sunday with Mr. and Mrs. Urban Wahoff and daughter of Price Hill, Cincinnati, Ohio.

HOMEMAKERS TO ORGANIZE CLUBS

GARDEN AND BOOK CLUBS WILL BE ORGANIZED AT MEETING SCHEDULED, TUESDAY, NOVEMBER 12TH.

Something new will be added! On Tuesday, November 12, at 1:30 p. m. in the court room of Burlington courthouse, two new clubs will be born. There will be a joint meeting of members from all Boone County Homemaker Clubs in organizing either a Book Club or Garden Club. Later in the afternoon the two groups will separate and each club will make definite plans for a permanent organization, according to Anne Frye, Assistant Home Demonstration Agent.

Many ideas have been suggested for each club. Some Homemakers think that there might be a flower and plant exchange established among garden club members. Flower shows and lessons on flower gardening have also been suggested.

Those interested in books have some ideas too! They may decide that a book review be given at Book Club meeting. Perhaps an exchange of new books will be arranged among the members.

Homemakers, if you want to belong to either the Book Club or the Garden Club come to the organization meeting! Bring your ideas as to where and how often these clubs should meet and what you want your club to undertake.

Weak Feet Affect Body

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

When feet are permitted to pronate inwardly, the boney structure of the foot goes down, shutting off the nerve and blood supply in the bottom of the foot. When you cramp or choke the blood stream and slow up circulation, there is a lack of bone repair; chemical deposits, or waste matter form at the joints. Next inflammation sets in at these joints causing pain. That inflammation is often mistaken for rheumatism, arthritis, and many other ailments. Altho when you cramp the blood supply you shut off the food supply to the nerves.

When nerves are impoverished muscle tone is impaired because sensory nerves indirectly control motor nerves which in turn control the muscles. When muscles in the feet have lost their tonicity due to impoverishment of the nerves, feet are no longer subconsciously held in normal position.

Surgical shoes give support to the vital arches in the feet releasing cramped nerves and blood vessels to promote better circulation. Gradually as circulation improves, muscles grow strong and regain their tonicity.

With foot health improved the person feels better all over. Research has shown that no less than eighty-seven diseases are indirectly caused by bad feet.

Don't take chances with your health, happiness and peace of mind. With foot comfort you'll live longer and feel better.—Adv.

Seth Walker, who has grown strawberries in different parts of the south since 1895, says McCreary county land leads for this purpose In Hickman county, 120 farmers selling their wool cooperatively found the wool clip to be about a fourth less per animal than last year.

FARM BUREAU DIRECTORS MET

MONDAY EVENING, AT BURLINGTON—VARIOUS COMMITTEES GIVE REPORTS BEFORE GROUP.

Boone County Farm Bureau directors met at Burlington Monday evening, October 28th to receive committee reports on tobacco marketing insurance and post war planning.

George Knox marketing committeeman, reported on the Farm Bureau meeting with tobacco warehousemen on October 19th, Knox reported that the warehousemen did not give an encouraging report.

The insurance committee reported a large number of applicants for both automobile and hospitalization insurance. The new state law effective January 1st requiring automobile insurance or bond in case of on accident was given as contributing to the cause of increased requests for insurance.

The county organization has gone on record opposing any law that would require state fishing license to fish in privately owned ponds. The organization is of the opinion that fish in privately owned and controlled lakes are a farm produced product same as livestock or crops. The opportunity of the farmer to sell recreational use of such lakes or ponds offers an important new source of farm income.

The Farm Bureau Post War Planning committee approved of the following report to be submitted to the county Post War Planning committee meeting held at Burlington on Tuesday of this week.

Committee No. 12 Boone County Farm Bureau. Need for strong farmer organization through which to work. Members of committee: W. W. King, Liston Hempfling, R. G. Knox, H. E. White, H. R. Forkner, J. C. Acree.

This committee recommends a strong farm organization and that this organization, during the next five to twenty years, give careful consideration to development and expansion of the agriculture program which shall improve and protect the interests of the farmer. The following are recommendations looking toward the achievement of these goals:

(1) 1200 members representing at least 1200 farm families.

(2) Education.

a. That this organization keep the farmer informed on current problems and conditions.

b. That Vocational Agriculture and Home Economics be taught in high schools in this county.

c. That a Northern Kentucky Sub-Experiment Station be secured.

d. That a strong county cooperative agricultural extension program be maintained to promote all phases of agriculture and home economics. That 4-H club work be given special consideration and support.

(3). Soil Improvement: Land as a basic asset requires conservation in the broadest sense. Soil conservation and soil improvement has progressed, yet today it represents one of the county's greatest needs. We recommend that the soil conservation district program for developing land use be expanded to a point where there is a difinite plan for each farm in the county.

(4) Marketing: Marketing is the greatest unsolved problem facing agriculture—for this reason, we recommend that the farm organization devote major attention to this problem.

(5) Farm Credit: That a sound Farm Credit System be maintained for the farmer.

(6) Roads: That better rural roads be maintained.

(7) Electricity: That electricity be made available to all farm families.

(8) Improved Breeding Stock: Better breeding stock in both crops and livestock are necessary for agriculture improvement. This organization shall encourage programs of this nature.

(9) Fairs. We recommend that the county develop a two or more days fair.

(10) Finally, we recommend that an advistory committee be appointed to meet and council with the fiscal court and with the Board of Education in the County.

Mrs. Key Sisk, live-at-home leader, exhibited at the Webster county homemakers' annual meeting an assortment of 20 jars of different fruits, vegetables and meats which she had produced and canned.

CARD OF THANKS

We wish to express our thanks to all friends, relatives and neighbors for the kindness in the illness and death of our loved one,

J. E. Hodges

Our special gratitude is extended to Rev. G. B. Traynor, who delivered the message; also Rev. Gillispie, Rev. Pilow and Rev. Bedinger for their kind words; to Dr. M. A. Yelton for his many efforts; those who sang and to Charley Steele, who had charge of the funeral. lt-c

ENFORCEMENT CONFERENCE SET

BY FBI FOR NOVEMBER 8TH IN COVINGTON — OFFICERS AND PUBLIC OFFICIALS WILL ATTEND.

Mr. M. W. McFarlin, Special Agent in charge of the Louisville office of the Federal Bureau of Investigation, announced today that arangements have been made to hold an FBI Law Enforcement Conference at Covington Ky., on November 6, 1946, between the hours of 2:00 and 4:30 p. m. Eastern Standard Time, in the Circuit Court Room, located on the second floor of Kenton County court house, in Covington, Ky.

This Conference will be sponsored by the Covington Police Department and the Kenton County Patrol.

Law enforcement officers and public officials whose work is closely related to law enforcement from the following counties, will attend: Bracken, Boone, Campbell, Carroll, Gallatin, Grant, Kenton, Mason, Owen and Pendleton.

McFarlin states that the feature of the program will be a series of demonstrations relating to making arrests under various conditions and in various places, such as in honky-tonks, bar rooms, in automobiles, and houses, and on crowded streets. There will also be a discussion of the Fugitive Felon Act and a blackboard discussion of the proper way to conduct raids.

This will be the last of a series of two such conferences held during 1946, for law enforcement officers in this section. During the months of October and November, similar conferences will be held in eleven other Kentucky cities.

Since the inauguration of this program in 1940, there has been an increased interest shown by peace officers in these meetings, as is evidenced by the constant increase in attendance.

McFarlin stated that these conferences have brought about a greater spirit of cooperation between the various law enforcement agencies and have contributed to a remarkable degree to bringing about the successful fight against crime.

The Dublin homemakers and 4-H club members in Graves county canned surplus apples and tomatoes in the community for the school cafeteria.

HOMEMAKERS' RECREATION TRAINING CLASS TO BE HELD

The second in a series of three recreation training classes will be held at the Masonic Hall, Hebron, November 14 at 10:30 a. m. At the first meeting in October, leaders from each club considered the recreational needs of Boone County with the help of Mr. Ralph Ramsey, Rural Sociologist from the University of Kentucky. The November meeting will be a continuation of this same study with emphasis upon specific solutions to these needs for home and community recreation for all age groups.

Miss Anne Frye, Assistant Home Demonstration Agent urges that all the Homemakers recreation leaders be present at this November 14 meeting to consider in more detail this problem which is so important to every community.

Mr. and Mrs. Cecil Shields and sons spent last week-end at Carlisle, with his parents.

CARD OF THANKS

We wish to thank our neighbors and friends for their many sympathetic words and deeds occasioned by the death of our brother and uncle

J. E. Hodges

Our special heartfelt gratitude is extended to the ministers, pallbearers, soloist, the donors of the beautiful flowers and Chas. Steele for the dignity and efficiency of his funeral service.

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is assembly machined and carefully balanced for highest efficiency. Silence and freedom from vibration means a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

How much light is enough to WRITE A LETTER?

NEXT time you write a letter, ask yourself this question: do my eyes have ample light for smooth, easy seeing?

The answer can be found in your desk lamp. Does it contain at least a 150-watt bulb for quick, easy, more comfortable seeing? If not, install one *now*... and see about improving the lighting elsewhere in your home. It will help keep your eyes young and attractive, give you new visual comfort and protect you from eyestrain.

You can get free advice on correct lamp bulb sizes and suggestions for improving your home lighting at our office. Take advantage of this service and enjoy better light for better sight.

DHIA MEMBERS HEAR WALKER

AT MEETING HELD NOVEMBER 6 —NORTHERN KENTUCKY ASSOCIATION PLANS SERIES OF MEETINGS.

Wm. Walker dairy field agent from the College of Agriculture urged Northern Kentucky dairymen to use DHIA test records to improve the production and breeding of their herds. Walker addressed Northern Kentucky Dairy Herd Improvement Association in their first regularly scheduled field meeting and tour held in Boone County on last Wednesday, November 6th.

The Northern Kentucky Association plans for a series of meetings among the members of Boone, Kenton and Campbell Counties to encourage better production and breeding practices. The next meeting will be held in Campbell County during the month of January.

Lancaster-Parker

Miss Berneice Lancaster, daughter of Mr. and Mrs. Chester Lancaster, of Hebron, Ky., and Mr. Alvin Parker, son of Mr. and Mrs. Eugene Parker of Mt. Auburn were united in marriage on Saturday evening October 5, at the Mt. Auburn Baptist Church, Cincinnati, Ohio. The double ring ceremony was performed by the Rev. Henry E. Woodard, pastor of the church.

The bride's dress was white satin with a long train of white net and she wore a fingertip veil. She carried a colonial bouquet of white rose buds and gardenias with white streamers. Her only bridesmaid was her sister, Miss Ruth Lancaster. She wore a dress of blue taffeta and net and carried a colonial bouquet of pink rosebuds and blue delphinium with pink streamers. The groom and the best man, Mr. Alvin Abernathy wore blue suits with white pen stripes. The bride was given in marriage by her father. Mr. William Rue sang "Always" and "Because."

Following the ceremony a reception was held at the church for relatives and friends and the bride and groom were the recipients of many nice and beautiful gifts. At a late hour the happy couple left for a week's honeymoon in Chicago. They are now at home to their many friends at 2206 Slane Avenue, Norwood, Ohio.

School Team Defeats Alumni Fives Friday

The Burlington High School Eagles in a "better than expected showing" defeated a strong alumni five in the opening basketball game of the season here last Friday night by a 28-14 score. The Little Eagles won the reserve game over another alumni five by a 22-13 count.

Though inexperienced the local Blue and White displayed a well-balanced offense and held their rangier opponents well in check. Coach Ralph Maurer indicated that he was well pleased with the performance and especially with several youngsters who are playing their first basketball.

The Eagles will play their first conference game of the season Friday night, November 15 at Florence. The teams appear to stack up rather evenly with Florence having a possible edge.

Dry Ridge Here

Dry Ridge, one of the stronges, Grant County teams will play here Tuesday night, November 19. The Grant quint recently defeated Florence and it is expected that Coach Reed's Cardinals will be a bit too fast for the local outfit.

The facts shown in the above graph are the reasons why you should join the millions of other Americans in buying Christmas seals. The seal sale will begin in Boone County November 25 and will continue until Christmas. REMEMBER THIS: Your seal purchases in Boone County last year made possible hospital care for seven Boone Countians during the year who were stricken by this dreaded disease.

TO STAR IN SCHOOL PLAY

Miss Virginia Stevens

For something exceptional in entertainment, patrons are invited to attend the showing of "Meet The Millionaire," a comedy to be presented by members of the Burlington High School Junior class Friday evening, November 22 at the high school gymnasium. The play is under the direction of Miss Lucille Rice.

Many fine musical numbers are being arranged for presentation between acts. Watch this paper next week for a complete cast and synopsis of this riotous stage performance.

Walter Raisor, Federal Tobacco Grader will assist in the meeting. The morning meeting as 9:45 a. m. will be held at the Frank L. Michaels farm near Hebron. The afternoon meeting at 1:15 p. m. will be held at the farm of Joe Cloyd Kannady of near Verona.

Engles Open Gift Shop

Mr. and Mrs. Chas. Engle wish to announce the opening of a gift shop November 16th in connection with their regular business at Bullittsville, Ky.

The new shop offers gifts for all occasions for all members of the family. Eastern Star and Masonic gems a specialty.

The management announces "there is nothing too large or too small but what we will try to get it for you if we do not have it."

Homemaker's Training Class Is Postponed

The Homemakers' leader training program on Recreation, originally scheduled for Thursday, November 14, has been postponed. The meeting will be held at Hebron Lodge at 10:30 a. m. Monday, November 25. We hope that all leaders can attend at that time.

James H. Watson

Funeral services for James H. Watson, 83, retired farmer, who died Saturday at his home near Walton were conducted Tuesday at 2 p. m. at Walton Christian Church. Burial was in Walton Cemetery.

Mr. Watson had been in ill health for some time. He was a deacon at Walton Christian Church.

He is survived by his wife, Mrs. Luella Watson; two brothers, Frank Watson, Somerset, Ky., and T. K. Watson, Horton, Ky., and a sister, Mrs. Nettie Hughes, Danville, Ky.; two sons, Charlie of Lexington and Tom of Walton; and two grandchildren.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Sarah M. Abdon

Sarah Margaret Abdon, daughter of Nicholas and Martha Ann Moore was born August 28, 1875, departed this life November 4, 1946 at the age of 71 years, 2 months and 7 days.

She was united in marriage to Charles H. Abdon, October 16, 1901 and to this union three children were born. She made a profession of faith and united with the Big Baptist Church at the age of 15 years. She was also a member of the Big Bone W. M. U.

She was a devoted wife, a kind and loving mother and a faithful church worker as long as health would permit.

She leaves to mourn her passing her husband, Charles H. Abdon; three children, Laura Belle Belser, of Erlanger; Wilbur Roscoe Abdon, of Florence and Minnie Alice Deck of Belleview; eleven grandchildren; one sister, Mrs. Nancy Allen, Union, Ky.; one brother, George Moore, of Dayton, Ky., and a host of other relatives and friends.

Ray M. Anderson

Funeral services for Ray Maynard Anderson, brother of the late Sherwood Anderson, famous American author, and of Carl Anderson, a widely known portrait painter, were held at 2 p. m. Wednesday at the Chambers and Grubbs funeral home, Florence. Burial was in the Hopeful Cemetery, Florence.

Mr. Anderson, 63, died suddenly Saturday at the home of a son, Sherwood Anderson of near Limaburg. He had resided in Westport, Conn., until last March when he removed to Limaburg to live with his son.

He is survived by one brother, Carl Anderson, Westport; one son Sherwood, of Limaburg, and two grandchildren.

Mr. Anderson was a retired newspaperman, having been associated with the Hearst newspapers for 40 years.

Joseph Meyer

Funeral services for Joseph Meyer, Constance, retired Boone County farmer were held Wednesday at 2:00 p. m. at the Catherman funeral home, Ludlow. Burial was in Eichwood Cemetery.

Mr. Meyer died Sunday at St. Elizabeth Hospital, Covington, after a three-week illness. He was 90 years old.

He is survived by his widow Mrs. Sally Cleek Meyer; a daughter, Mrs. Stella M. Sleet; two grandchildren and four great-grandchildren.

The Catherman funeral home, Ludlow, was in charge of arrangements.

Hebron Wins Over New Haven Five Fri.

Playing before one of the largest crowds ever to attend a basketball game at Hebron, the Cardinals defeated the New Haven team by a score of 33 to 27.

This was one of the best games of late years, both teams playing clean and fast ball. Coach Goodridge had to use several new players in his line-up, because of the loss of one of his regulars from the team.

Coach Beach's reserves defeated the Hebron reserves by a score of 27 to 17.

If last Friday night was any indication of things to come fans had better be on hand early next Friday when the Cardinals play Walton at Hebron.

ATTEND PADUCAH MEETING

Mrs. Charles Tanner and Mrs. G. K. Taylor represented Hopeful Lutheran Missionary Society at Paducah, Ky., October 24th to 26. They reported a very inspiring meeting.

FIREMEN SEEK CONTRIBUTIONS

FOR MAINTENANCE OF FIRE FIGHTING EQUIPMENT—COMMITTEE TO FUNCTION DURING NEXT FEW WEEKS.

During the next few weeks, volunteer firemen of the Burlington Volunteer Fire Department will call on many homes in the Burlington community and surrounding territory, seeking contributions which will be used for maintenance of the fire fighting equipment.

After a survey of the community by the financial committee, it was found that approximately one hundred persons have not contributed toward the financial support of the department. Many of these have not been solicited, while others have recently moved into the community.

Firemen have been given lists of the various roads and will begin work in the near future to contact these residents. Many have made known their desire to contribute toward the support of the department, and no doubt will welcome the solicitors.

A complete list of all contributors will appear in this paper from week to week, along with original contributors. Original contributors will not be solicited by the committeemen, according to Robert Clore, chairman of the financial committee.

The department must have a sizeable income each year in order to maintain equipment in first class condition, meet fuel bills, repair bills, purchasing of hose, and other necessary fire fighting equipment, thus requiring a certain amount of money be raised each year.

Florence Couple To Celebrate Golden Wedding Sunday

Mr. and Mrs. Wood L. Stephens of Florence will hold open house from 2 to 4 p. m." Sunday, November 17th at their home in Florence in observance of their golden wedding anniversary. A covered dish luncheon will be served at 12:30.

MAKES TRENCH SILO TO HOLD EXTRA FEED

Having several acres of good silage corn and cane left after filling his concrete silo, Smith Perkins of Mercer county made a trench silo to hold about 240 tons. It is 135 feet long, 15 feet wide and eight feet deep.

The heavy growth of mixed corn and cane was made into silage as it was cut and blown into a wagon pulled behind the machine. The silage then was dumped into the trench and packed by running a tractor over it. The trench silo then was covered with straw and dirt.

BURLINGTON HOMEMAKERS

The Burlington Homemakers' Club held its meeting at the home of Mrs. Catherine Easton on last Thursday, November 7. The major subject was "Recreation" which was given by Mrs. R. C. Garrison.

We welcome into our club two new members, Mrs. Minnie Rogers and Mrs. McFarland. We had as our guest our new assistant, Miss Anna Frye.

The club will hold its next meeting at the home of Mrs. C. L. Cropper. Everyone come and bring a friend.

LEAF STALKS HAVE FERTILIZER VALUE

Tobacco stalks lose about three-fourths of their fertilizer value when left out in rain and snow, according to a University of Kentucky Experiment Station bulletin called "Value and Use of Tobacco Stalks in Farm Practice."

Following are recommendations on the handling of stalks so as to obtain their full fertilizer value:

"At stripping time, stalks should be piled and stored under cover till spring to prevent loss from weathering. If it is necessary to pile outside, they should be piled or stacked in large piles to reduce leaching by rain. Putting straw or other crop residues in the outside piles with them is advisable when possible.

"Spreading tobacco stalks during the winter should be on fields where there is pasture, meadow, or small grain. If spreading on these crops is delayed until spring, less loss of nutrients is likely to occur. Loss of nutrients should also be small where the stalks are spread in the spring and plowed under on land to go into corn or tobacco.

"When spread or applied in any of these ways, however, whole stalks may interfere to some extent with necessary tillage or harvesting operations on the land before they rot. This latter difficulty can be avoided if the stalks are put through an ensilage cutter, corn shredder, or hammermill; but the expense of handling the stalks is increased considerably thereby.

"Stalks spread on land to go into tobacco, should be spread during the winter and should be completely plowed under, unless one of the Kentucky mosaic resistant varieties is to be set. This procedure will avoid any possible trouble from mosaic virus diseases. Care must be taken not to spread the stalks too thick. For ordinary farm crops they should not be applied at a rate higher than one ton per acre."

In Henry county there is an increase of 278 whole-milk producers in the past five years, the number of cattle having been increased by 40 percent.

BULLETIN DISCUSSES TIMBER PRODUCTION

A new bulletin called "Timber-Products Marketing in Eastern Kentucky" is one of a series of the University of Kentucky publications on forest and farm resources of the Breathitt county area. It deals with problems of marketing and processing timber and goes into to the possibilities of improving the present situation in the hardwood region of Eastern Kentucky and the Southern Appalachian highlands in general. Other bulletins on forest management, farm management and income and other problems are in the course of preparation. These studies were made by the Agricultural Experiment Station in cooperation with the Appalachian Forest Experiment Station of the U. S. Forest Service.

FLORENCE

Mrs. Emma Cleek has returned to her home after passing a few days with her brother N. H. Clements, of near Union.

John W. Cain, retired postal employee of Dixie Highway, is in good condition at St. Elizabeth Hospital, where he has been a patient the past six weeks suffering from a gallbladder disorder. Mr. Cain submitted to a second operation last week. His many friends wish for him an early recovery.

Mrs. Robert Harris of Denton, Texas recently spent two weeks with her cousin, Mrs. Harry Tanner and husband.

Mrs. Maggie Feagan, of Louisville was with her father Benj. Northcutt during the absence of her sister, Mrs. Sarah Rowland, who underwent a minor operation at St. Mary Hospital, Cincinnati. Mrs. Rowland has returned home and is doing nicely.

Wm. Busby, of Dayton, Ohio, enjoyed the past week with his sister, Mrs. Harry Tanner and Mr. Tanner.

Mrs. Norbert Nowatzki departed last Sunday for her home in Elroy, Wis., after a pleasant visit with her parents, Mr. and Mrs. Ben Rouse and other relatives here.

Mesdames Charles Tanner and G. K. Taylor represented the Hopeful Missionary Society at Paducah, October 24th to 26th. They report a very inspirational meeting.

Capt. Worth Clements Conner, of the U. S. Army and son of Mr. and Mrs. Jack Conner, of California, has been enjoying a visit with his grandfather, N. H. Clements and sons of near Union and other relatives and friends in Boone County. Mr. Conner has re-enlisted in the service of Uncle Sam for a period of three years and recently departed for New York from where he will sail for overseas. Worth was in the best of health and looking fine.

Mr. and Mrs. Robert E. Tanner entertained with a six o'clock dinner on Friday evening honoring the birthday of her daughter, Mrs. Robt. Woodward. Other guests were Robt. Woodward and P. J. Allen and wife.

Mrs. Maggie Brooks enjoyed the day Sunday with Misses Addie and Tiny Norman, of Covington.

Mrs. Jane Utz was guest of Mrs. Alma Riley and Mrs. Addie Blankenbeker several nights last week.

Guests of Mr. and Mrs. R. E. Tanner during the past week were Mr. and Mrs. Will Wilson of Covington and Mr. and Mrs. Andy Holzworth and son Alan, of near Union.

Mrs. Eldridge Carpenter and P. J. Allen and wife were pleasantly entertained by Mr. and Mrs. Wm. Ruth, of near Walton on Friday afternoon.

Funeral services for Mrs. Chas. Abdon, of Burlington Road were conducted last Wednesday at Big Bone Baptist Church by Rev. Roy Johnson, with interment in Big Bone Cemetery. The community extends sympathy to the family.

Mr. and Mrs. John Stephenson had as guests on Wednesday evening, her brother-in-law, Benj. Stahl and wife, of Richwood and Marvin Stahl and wife, of Lebanon, Ohio.

Mr and Mrs. Clayton Brown and Mr. and Mrs. John Stephenson called at the home of Mrs. James Watson of near Walton on Sunday afternoon. Mr. Watson had passed away a few hours previous at the age of 84. Sympathy is extended to the family.

Mrs. Paul Feagan and daughter Margie, of Louisville are visiting with Ben Northcutt of the Dixie Highway.

Miss Catherine Carrol entertained with a shower at the home of Mr. and Mrs. Paul Aylor, 342 Dixie Highway in honor of their daughter Dorotha Jane, whose wedding will take place November 28th to Mr. George Edward Black, of Walton. They received many useful gifts. Refreshments were served and at a late hour the guests departed wishing the young couple much happiness.

Gustave Gebhard, Jr., made a business trip to Frankfort and Paris, Ky., two days the past week, returning Friday.

Mrs. Guy Aylor, of Goodridge Drive was a Wednesday afternoon guest of Mrs. Zelma Aylor and little daughter Cynthia Anne.

Mrs. Sophia Gebhard, of the Dixie Highway, Erlanger, was calling on her daughter-in-law, Mrs. Thelma Gebhard one day last week.

The community extends best wishes to Dr. and Mrs. Thomas G. Lutes, who were married on Saturday morning, Nov. 9, 1946. After an extended honeymoon in the South, they will be at home to their friends in their apartment in the Buckshorn building, 302 Dixie Highway.

CONSTANCE P.-T. A.

The regular meeting of the Constance P.-T. A. will be held on Wednesday, November 20 at 7 p. m. All members are urged to be present as plans are being made for the supper.

A supper will be sponsored by the Constance P.-T. A. on Saturday, November 23, consisting of ham sandwiches, pike, cake, ice cream, coffee and soft drinks. There will also be a fish pond and each member is asked to bring a [illegible] for the fish pond.

Everybody welcome, come and enjoy a pleasant evening.

Publicity Chairman.

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity . . . what a *job!* Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity.

Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These—familiar haunts of pre-war tourists—and many *new* developments—provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

Premium Payments Should Be Mailed To Columbus, Ohio

Columbus, O.—World War II veterans residing in Ohio, Michigan and Kentucky may now mail premium payments on their National Service Life Insurance to Insurance Collections Division, Veterans Administration, Branch Office No. 6, 52 South Starling St., Columbus 8, Ohio. VA officials announced today.

However, due to the volume of work entailed in the transfer of more than 1,700,000 insurance accounts from New York to Columbus, it will be impossible to answer individual inquries before Nov. 1.

The correct procedure for all Ohio, Michigan and Kentucky veterans to follow in paying their insurance premiums was outlined by VA officials as follows:

1. World War II Vets: Those holding National Service Life Insurance (for World War II Vets) policies use the nearest VA collections office, or mail check or money order to the following address: Collections Division, Veterans Administration, Branch No. 6, 52 South Starling St., Columbus 8, O.

2. World War I Vets: Those holding United States Government Life Insurance policies (for World War I Vets) send premiums to Veterans Administration, Collections Division, Washington 25, D. C.

3. Military Personnel: All military personnel on active duty status, including veterans who have reinlisted, may have insurance premiums deducted through Army Finance channels, or mail premiums to Veterans Administration Collections Division, 346 Broadway, New York 13, New York.

When paying premiums or in submitting inquries after Nov. 1, it is of utmost importance that the veteran include complete information, specifically: full name, present mailing address, "N" or "V" insurance certificate numbers, service serial numbers, date of discharge from the service, and date of birth. VA officials declared that by cooperating in this manner, veterans will enable the Branch Office to render the service it desires to give to each policy holder.

JUNIOR RIFLE CLUB MEETS

The Hebron Junior Rifle Club met at 2 p. m. November 2 at our regular place on the farm of Mr. George Pierce for two hours' instruction and practice. We had as a new member Billy Gaines. We welcome new members and visitors. Come and enjoy an afternoon with us and see what it is all about.

We are looking forward to our next regular meeting with much pleasure, which is scheduled for the third Saturday of this month. Our coach intends to have an Armistice Day surprise for us, so be sure not to miss the next meeting.

FARM AND HOME SHOW SENT TO 47 COUNTIES

A total of 54,580 persons attended the farm and home equipment display which was shown in 47 counties during the past four months by the farm labor department of the Kentucky College of Agriculture and Home Economics.

Purpose of the exhibit was to show farmers and housewives how they can save time, work and money by means of labor saving methods and home-made devices.

More than 100 articles were featured in the show.

Attracting principal attention were pieces of tobacco equipment, among them a tobacco stick sharpener and stick holder for bulking tobacco. Other popular articles were a hay and grain loader and a weed cutter. Homemakers showed greatest interest in a wood and kindling box having a table top and drawer for kitchen cutlery.

The equipment show was first seen at the Farm and Home Convention in Lexington in January. A tour of 28 counties was originally planned, but due to the demand, 19 additional counties were visited.

Directions for making the articles may be had from the Department of Agricultural Engineering, Kentucky College of Agriculture and Home Economics, Lexington.

MAN COULDN'T PULL HYBRID CORN STALK

The inability of a man to pull up a stalk of hybrid corn attracted attention at a meeting at the farm of John D. Duff of Linefork, Letcher county. Stalks of ordinary corn were readily pulled.

In addition to big, sturdy hybrid corn, the visitors saw a meadow of red clover, lespedeza, timothy and redtop, and herds of Brown Swiss cattle and Duroc hogs.

Five hunderd and eighty-four persons attended the meeting, according to County Agent Corbett Lovely

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration mean a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D., Of The Moody Bible Institute of Chicago. Released by Western Newspaper Union.

Lesson for November 17

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

PAUL MINISTERS TO THE THESSALONIANS

LESSON TEXT—Acts 17:1-7; I Thessalonians 1:3-8.

MEMORY SELECTION—Be not weary in welldoing.—II Thessalonians 3:13.

A great city, commercially active, religious to a high degree, a military center and a harbor so fine that it is important to this day—such was the city of Thessalonica. It presented a challenge to the preachers of the gospel and, in the name of Christ, Paul accepted and won a great victory.

In the face of persecution, bitter and persistent, the believers in this city remained faithful. The reason for that appears in our lesson. Rooted and grounded in Christ, they had brought forth the fruit of real Christian living under circumstances which were difficult and trying. Our lesson tells of both the preaching of the gospel by Paul and the living of the gospel by the Thessalonians.

I. The Gospel Preached—Accepted and Rejected (Acts 17:1-7).

Paul began his long and successful ministry in Thessalonica in the synagogue. It was to the Jews who worshiped the one true God that he came with his message about their expected Messiah — Christ the Lord. Here he established a strong church.

What was the message which so signally succeeded in this great strategic center? Well, it was not (as some modern preachers in large cities seem to think necessary) a series of social, political, or literary discourses. Paul preached Christ. He reasoned with them and presented the Saviour (v. 3) as One who was

1. Dead for our sin. These people were like us in that they needed a solution for their sin problem. Without the death of Christ there is no salvation for any man. Only through the shedding of blood can there be remission of sin (Heb. 9:22). Paul had no part in the folly of a "bloodless gospel" — as though there were any such gospel.

2. Raised for our justification. It was not enough that Jesus died, marvelous as that is in our sight. For many a man has died for his convictions, but none has risen from the dead. Christ could not be holden of the grave. He arose the victorious Redeemer.

3. Declared to be the Christ. He is more than a man, more than a great leader and an earnest teacher. He is God's anointed One, himself divine—and our Lord.

Some believed (v. 4), including many devout Greeks, and not a few of the leading women. The gospel does have life-giving power as the Holy Spirit applies it to the hearts of willing men and women.

Others opposed (vv. 5, 6). Note that they were "of the baser sort." They always are, even when they appear to be cultivated and educated, for there is something fundamentally wrong in a life which rejects Christ.

It was a serious charge they made against the Christians (v. 7), for it was treason punishable by death to have any other king but Caesar if one lived in a Roman colony.

But the thing which they hated worst in these Christians was the fact that their topsy-turvy world was in danger of being set right (they put it the opposite way, v. 6), and they did not want to be made right. It is interesting to note that these early preachers had divine power to turn over the social order. Would that we showed more of that power in the church today!

Accepting the truth is good, but it must go on in daily living. The Thessalonians knew that and they are models of

II. The Gospel Lived — Followers and Examples (I Thess. 1:2-8).

Paul, the missionary, was a courteous preacher. He recognized the faithfulness of Christian brethren and did not hesitate to commend them. We could do more of that when we meet true and faithful believers.

They were followers of Paul, but only because he followed Christ (v. 6). His power was from above (v. 5), even as they also were chosen from above (v. 4).

Following Christ meant affliction to them (v. 6), but it also meant the joy of the Holy Spirit, which is entirely independent of the circumstances of life—and above them.

These Thessalonian believers were examples of what it meant to be Christians. Wherever Paul went their faith toward God was recognized and he did not need to explain or argue for his gospel. People knew the Thessalonian Christians, and thus they knew real Christianity.

There could be no finer witness to the faith of anyone than to be able to bear testimony that it is an example—a model—to which others may look and not go astray. Do we dare to measure our Christian lives by such a standard?

EYESIGHT IS PRICELSS--LIGHT IS CHEAP

Whether fad, pastime or occupation, knitting can be made easier, more enjoyable with plenty of good light at your side.

Wherever eyes are used... at work or play... give them the full protection of modern lighting. Make sure you have ample light for every seeing task. Use at least a 150-watt bulb or insure even greater seeing comfort with a 3-light bulb which provides 100-200-300-watt lighting for better sight.

You owe it to your eyes to find out about better lighting *now.*

Your home lighting can't match Nature's 10,000 foot candles at high noon, but you can do better than the 5 foot candles found in so many homes.

Free advice on correct lamp bulb sizes, and free suggestions for home lighting improvement may be obtained at our office. Take advantage of this service.

LYON COUNTY FARMERS REPORT IMPROVEMENTS

O. G. Riley and Sons of Lyon county, cooperating with the TVA and the University of Kentucky College of Agriculture and Home Economics, have done considerable work this year in improving their farm. They had five new ponds dug, five old ones filled, eight ponds re-worked, terraces constructed in a 20-acre field, 500 to 600 feet of terrace re-worked, banks of the old county road through the farm trimmed, fence rows cleared on two sides of a 24-acre field, and approximately four acres of fence rows cleared in other fields.

Even though Mr. Riley had to pay $10.50 per hour for the power equipment to do this work, it is one of the best investments he has made on his farm, he told Warren H. Gardner, county soils assistant.

CONSTANCE HOMEMAKERS

The Constance Homemakers' Club was held at the home of Mrs. George Kottmyer, of Constance, on November 6th at 10:30 a. m.

A suggestion was made by the club that we donate any used clothing that we can't use to the poor people abroad for Christmas. It will be brought to the next meeting to be held on Dec. 4th at the Constance Church basement.

Miss Ann Frye, the assistant county director, gave a lovely showing of gift suggestions and money-savers as well.

The second Recreation training lesson will be held at the Hebron Masonic Hall on Nov. 14th.

Mrs. John Hempfling introduced the visitors to our club. They were Mrs. Moulder, Mrs. Daisy Reeves, Mrs. James Kottmyer.

The Constance Homemakers' Club will sponsor a "Community Christmas Party" at the Constance Church basement on Dec. 7th in the evening.

Publicity Chairman.

EXCELLENT RESULTS ON AID IN RURAL ROAD BUILDING

Frankfort, Ky.—Excellent results on aid to the counties in rural road construction have been obtained by the contract method this year, George H. Halley, director of the division of rural highways said today in his report to Commissioner J. Stephen Watkins of the Kentucky Department of Highways. "It will be noted that of the 29 groups contracted, nine have been completed, four are practically completed, twelve past the half-way mark and only four are yet to be started," Mr. Halley's report stated.

"The 29 groups represent 149 projects in 26 counties," Mr. Watkins said. "The constitute only a small part of the rural highway work accomplished, but the contract method is new and we are exceedingly pleased with the progress we have made in the expenditure of this $591,971.04. County fiscal courts have indicated that they, too, believe the contract method sound and workable.

"While all of the projects are short, the grouping of several in each locality makes the program attractive to the contractor and definitely gets the work done. Mr. Halley has recommended that we should try to increase this plan next year and I am inclined to agree with him in the face of the results obtained.

"Rural county roads still rate as our number one problem, and since we are facing a shortage of both equipment and manpower, the contract method seems to be the way to solve it."

Counties in which contracts were let this year follow: Henry, Bracken, Campbell, Harrison, Kenton, Daviess, Scott, Franklin, Shelby, Bath, Montgomery, Madison, Bourbon Jessamine, Jefferson, Lawrence, Morgan, Crittenden, Perry, Letcher, Boone, Carroll, Gallatin, Fleming, Martin, Leslie.

H. L. Kirker of Boyd county expected to harvest between 10,000 and 12,000 bushels of apples from a 75-acre orchard.

BRECKINRIDGE FARMER DOUBLES CORN YIELDS

Breckinridge county people attending a farm tour heard Tice McCoy tell how he had doubled corn yields and also made his 400-acre produce good tobacco, wheat, barley, hay, pasture and cattle and hogs.

Asked how one should begin to build up a farm he said, "My idea would be to spread lime and phosphate." He began to spread lime and phosphate 18 years ago after talking with Joe Nagoette, then Breckinridge county agent. Starting with 150 pounds of phosphate to the acre he now spreads four times that much every year.

On the 325-acre farm operated by Harold Beard the tourists saw big bluegrass, orchard grass, redtop, timothy and sweet clover growing on steep land that had been limed and phosphate and in grass since 1935. They also were impressed by a 40-acre field of red and alsike clover that was expected to cut two tons of hay to the acre.

At Robert Henning's, where the University of Kentucky Experiment Station has a test field, the farmers saw how applications of phosphate had improved the growth of wheat and grass.

GOOD GAINS MADE BY ADAIR COUNTY LITTER

A litter of 10 pigs raised by Richard Shirley of Adair county weighed 1,853 pounds when 175 days old. A Duroc-Spotted Poland-China cross, the pigs weighed from 176 to 212 pounds each. County Agent R. B. Rankin says they were economically produced on 75 bus. of corn and 1,900 pounds of commericial feeds.

Mr. Shirley makes good use of pasture for all livestock. He showed Mr. Rankin excellent vetch, crimson clover and balbo rye growing as a cover crop on tobacco land, and he told the county agent he often winters his large flock of sheep on cover crops.

One thousand pounds of Ky. 31 fescue seed were sowed by 12 farmers in Allen county.

THERE SIMPLY ARE NOT ENOUGH NEW CHEVROLETS TO GO AROUND

We are getting our fair share of the current production of new Chevrolet passenger cars and trucks. And as strikes and shortages decrease, as the Chevrolet plants are able to produce more and more new passenger cars and trucks, we'll get more and more of them to deliver to our customers.

Meanwhile, as long as shortages do exist, it is our purpose to apportion our share of the new Chevrolets available fairly and justly among the many customers, new and old, whose continued friendship and patronage are the keystone of our business.

So that you may have no doubt as to our method of distribution of new Chevrolet passenger cars and trucks, we make the following—

DECLARATION OF POLICY

1. PRIORITY OF DELIVERY—New Chevrolet cars and trucks will be apportioned on the basis of: (1) essential public services, (2) veterans' occupational requirements, (3) priority of date in placing orders.

2. PRICES—All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

3. TRADE-INS—No trade-in will be required from any customer who does not have a car to dispose of at the time of the transaction. Customers who do have cars will be given allowances based on honest appraisal and fair value at the time of delivery.

4. ACCESSORIES—No customer will be asked to purchase accessories as a condition of securing delivery.

5. STATUS OF ORDERS—Customers will be informed, upon request, of the true status of their orders in our files.

6. NEW ORDERS—We welcome your order for a new Chevrolet at any time.

WE THANK YOU FOR YOUR PATIENCE AND LOYALTY IN AWAITING DELIVERY OF YOUR NEW CHEVROLET

Geo. Kottmyer fley to Robbins, N. C., on emergency machinist work this past week.

Mr. and Mrs. Geo. Maegley have received word from their son Billy that he alerted to return to the States.

Pfc. Kenyon Clore, of Camp Campbell spent the week-end with his relatives.

The Homemakers spent a very enjoyable day at the home of Mrs Geo. Kottmyer on last Wednesday.

Billy Clayton spent the week-end with Mr. and Mrs. James Clayton.

Mrs. Clara Caseldine and Mrs. Ed Ellis and children spent Saturday in Cincinnati.

Shirley Hempfling recently returned from a business trip to New York.

Mr. and Mrs. Robt. Prabel and Mr. and Mrs. Manlius Goodridge, motored to Washington, D. C. recently.

Mr. and Mrs. Harold Burton and Brenda of Latonia, were supper guests of Mr. and Mrs. Ollie Kottmyer on Wednesday.

Mr. and Mrs. Duddy and son, of Covington and their cousin Mr. and Mrs. Duddy, of Newport, Mr. and Mrs. Bock of Hilltop, Mr. and Mrs. Fred Vahlsing spent last Sunday with Mr. and Mrs. Wm. Gross, of Pt. Pleasant.

Mr. and Mrs. Fred Vahlsing called on Mr. and Mrs. Ralph Cotton of near Bromley. Both are doing very well.

Glad to hear Mr. Myers is improving at St. Elizabeth Hospital.

Mr. and Mrs. Henry Kottmyer motored to Richmond, Ky., last Thursday to visit Mr. and Mrs. Robt. Huey and Donna Sue.

Mrs. Chas. Herbstreit entertained a number of her friends with a party, Wednesday.

Carol Lea Clayton spent the week-end with Brenda Burton, of Latonia.

Mr. and Mrs. Geo. Washmuth spent Monday in Cincinnati.

20 Years From Now

You mother of a child, twenty years from now his feet will be walking up to get a diploma, or confidently marching in to get a job, maybe walking up to an old church altar to meet a bride in white, (or it may be the bride herself). Your child may never thank you for good strong feet, he'll take them as a matter of fact. But what will he think if they're not goo dstrong feet? Sure he'll still love you—but "why didn't mother make sure I was growing up right?"

It is a responsibility, just one of the many a mother takes on when she brings a child into the world.—Adv.

HAMILTON P.-T. A.

The Hamilton P.-T. A. held its monthly business meeting November 4th with Jack Acree, presiding. Twenty members were present with five new members enrolled. We have added some new equipment to our lunch room.

Plans are being made to have a radio show sometime in November. Our next regular monthly meeting will be December 6th. Come out parents and help make our P.-T. A. a real success.

HIGH QUALITY TOBACCO CROP

REPORTED IN BOONE COUNTY—FEDERAL GRADER URGES USE OF PROPER HANDLING AND STRIPPING METHODS.

Boone County has a high quality tobacco crop, according to reports of growers and samples submitted at two tobacco stripping and grading demonstrations held in the County last Friday, according to H. R. Forkner, County Agent. Walter Raisor, Federal Grader urged farmers to strip their crops by proper grades so that they may be assured of a better grade if they wish to take advantage of the floor price.

Raisor stated that latest estimates were for a 613,000,000 pound crop in 1946, the largest crop on record. There is a strong possibility that large quantities of certain grades will go into the pool. The loan value through the pool is based on government grades. When grades are mixed the loan will be on the lower grade under the Federal grading system. The difference in grades often amounts to as much as $10.00 to $15.00 per hundred.

Raisor advises farmers if they want to make fewer grades they might eliminate the trash grade by putting the more ragged trash in with the flyings and more sound trash in with the lug grade. Bright leaf and red leaf should not be mixed.

Three Injured In Automobile Crash

Three persons were injured when two cars collided head-on north of Florence Saturday night, according to reports.

Those injured were Miss Edith Williams, 19, of 213 Sixth avenue, Dayton, severe head cuts which required 20 stitches to close; Charles Tharp, 22 of 215 Sixth Avenue, Dayton, cut on the head; Clyde Webb, Jenkins, Kentucky, suffered cuts on the forehead. The victims were removed to Booth Hospital for treatment.

Fish And Game Club Will Meet Thursday

The regular monthly meeting of the Boone County Fish and Game Protective Association will be held at the club house on Thursday, November 21st (tonight) at 7:30 p. m.

Supper will be served promptly at 7:30 p. m. and all members are urged to be present.

CLUBS ORGANIZED BY HOMEMAKERS

AT MEETING HELD IN BURLINGTON NOVEMBER 12—GARDEN AND BOOK CLUBS MAKE EXTENSIVE PLANS.

A joint meeting of Homemakers, especially interested in flowers, and those especially interested in books was held on November 12 at Burlington, according to Miss Anne Frye, Assistant Home Demonstration Agent. After a short general discussion of ideas and suggestions for the clubs, the two interested groups separated to organize and make definite plans.

Members of the Garden Club elected the following officers: President, Mrs. George Morith, Florence; vice president, Mrs. Geo. Kottmyer, Constance; secretary-treasurer, Mrs. Stanley Ransom, of New Haven. A committee was selected to plan programs for the whole year consisting of Mrs. Geo. Kottmyer, Miss Gladys Klopp, Mrs. Thomas Hensley, Mrs. Betty Ragland, Mrs. Sterling Dickey, Mrs. William Schmidt, Mrs. William Fitzgerald.

The Garden Club is enthusiastically planning many interesting activities and subjects of study. Flower shows, bulb and seed and plant exchanges, flower sales, studies of flower arrangement, shrubs and trees for dry location, planting and care of flowers and shrubs, plant diseases and pests and the identification of all kinds of plants are only a few of the ideas which will be incorporated into the Garden Club.

Meetings will be held in the homes of club members. The next meeting of the Garden Club will be held at the home of Mrs. George Morith, Florence, on Jan. 14, 1-3 p. m.

The Book Club members, too, have lots of ideas up their respective sleeves. A book exchange is under consideration in which each club member would buy one book during the year and then exchange books with other club members, receiving her own book back at the end of the year. The program committee will plan the year's program to include many different types of literature as: Modern fiction, biography, travel, historical fiction, drama, poetry and nonfiction. At each meeting a book of a different type will be reviewed and discussed. Occasionally an outside speaker will be asked to address the club or review a book.

The next meeting will be held at Miss Mary Hood Gillaspie's apartment in Florence on Tuesday, December 10, 1:30 p. m. Mrs. R. C. Garrison, of Burlington will preside during the election of officers. Mrs. Louella McFarland of Burlington and Mrs. A. L. Pfalzgraf, of Bullittsville will present a program of special Christmas interest.

Anyone in Boone County will be warmly welcomed into either or both the Garden Club or the Book Club.

Junior Class Play Date Is Postponed

CHRISTIANS PLAN MEETING NOV. 22-23

AT PETERSBURG CHRISTIAN CHURCH—WILL BE TWENTY-THIRD ANNUAL FELLOWSHIP MEETING.

Young people from Christian Churches in ten Northern Kentucky counties will attend the twenty-third annual world fellowship meeting to be held at the Petersburg Christian Church on Friday and Saturday, November 22-23.

The meeting will open on Friday afternoon with registration and assignment of delegates for sleeping accommodations. On Friday evening there will be a worship service and a religious film entitled "For All People," to be followed by a recreation period.

Saturday will be devoted to study classes on "India." The general theme of the meet is "Together Lord, We Are Able." The affair will be climaxed Saturday night with a turkey banquet to be held in the school auditorium and will close with a consecration service to be held in the church.

Young people of the Petersburg church will be on the banquet program will include John Edwin Carver, who will act as toastmaster, and the Misses Frances Bonta, Helen McWethy and Norma Jarboe, who each will make brief talks. Miss Patricia Helm will be pianist for all sessions of the meet and will play "Song of India" at the banquet.

The main address at the banquet will be made by the Rev. Barton A. Johnson, pastor of the Madison Avenue Christian Church, Covington, who will speak on the subject, "God's Masterpiece: Mankind."

Meals and entertainment for the visiting young people and their instructors will be furnished by the women of the Petersburg Church.

ARCHITECT DIES AT NEW AIRPORT

AFTER SUFFERING HEART ATTACK IN OFFICE OF BUILDING HE DESIGNED WHILE DISCUSSING PLANS.

Leslie S. Deglow, architect, died Wednesday in the administration building of the Greater Cincinnati Airport, located near Hebron, after suffering a heart attack in the office of the building which he designed.

Mr. Deglow had just entered the office of Oscar Parks, airport manager and was discussing minor adjustments in the structure when he was stricken with the attack. He died before medical aid could reach him. Edgar Graves, Boone County coroner said death resulted from a heart attack. The Covington Life Squad was sent to the airport but failed to revive the victim.

Mr. Deglow was supervising contractor for the construction of the new airport as well as the architect for the airport layout.

He was a native of Kenton county and made his home at Indiana Avenue and W. 28th Street, Covington.

CHRISTMAS SEAL SALE OPENS NOV. 25

TO CARRY ON WORK THROUGH YEAR OF 1947—MRS. SIBBIA REIMER IS BOONE COUNTY CHAIRMAN.

The Boone County Tuberculosis Association in conjunction with 2900 other associations throughout the nation will open the 1947 appeal to local residents for funds to carry its work through the year on November 25.

Members of the County organization sales committee, Mrs. Sibbia Reimer, chairman. Mrs. John L. Vest, vice-chairman; Mrs. Justin Dolph, secretary and Miss Mary Bess Cropper, treasurer, urge you in the name of those who have already been stricken with this dreaded disease and those who may during the coming years to be generous in your purchase of Christmas seals.

Remember, practically every cent you spend for seals stays in the county for such aid as hospitalization, X-ray service, food for patients to hospitals and medical centers.

Turkey, Goose, Duck And Rooster Prizes Offered By Firemen

In a campaign to raise funds for the Hebron Fire Department, the volunteer firemen are giving away for somebody's Thanksgiving dinner, a turkey as first prize, a fat goose as second prize, a duck as third prize and a rooster as fourth prize.

With each ten-cent donation made to the Fire Department a number is given the donor, which may entitle him or her to receive one of the above prizes. The winners will be determined by a drawing of the lucky number next Monday night, November 25th.

JOHNSON NAMED AS BOARD MEMBER

OF NORTH BEND BAPTIST ASSOCIATION AT MEETING HELD AT POLLARD BAPTIST CHURCH ASHLAND, KY.

Rev. R. A. Johnson pastor of the Burlington Baptist Church, Burlington, was named as a member of the executive board of the North Bend Baptist Association at the General Association of Kentucky Baptists held last week at Pollard Baptist Church, Ashland, Ky. Approximately 600 persons, representing every section of Kentucky were in attendance.

During the sessions of the Convention reports were given on every phase of the work of Baptists. The Association voted not to merge the two orphans' homes.

The Association voted to put on a special campaign to raise $250,000 during April and May of 1947 for their school and colleges.

It was voted that Clear Creek Mountain Springs would be used during eight winter months for a Mountain Preachers' School and that the four summer months would be used to promote camps, assemblies, and special weeks, for Sunday School Training Union, and missionary work.

Dr. Louie D. Newton, President of the Southern Baptist Convention and vice-president of the Baptist World Alliance gave the closing message to the Convention. Dr. Newton emphasized that if we lose our homes all the gold we have at Fort Knox will not mean anything.

NEW HAVEN JUNIOR CONTEST WINNER

SPONSORED BY BOONE COUNTY SOIL CONSERVATION THRU LOUISVILLE AND COURIER-JOURNAL.

Miss Earline O'Hara, a junior at New Haven High School won the Soil Conservation Essay Contest sponsored by the Boone County Soil Conservation District through the Louisville Times and Courier-Journal. Miss O'Hara won a $25 U. S. Savings Bond and is entitled to compete in the state contest, with a possibility of winning a $100.00 bond for first place, $50.00 bond for second place, or $25.00 bond for third place. However, if she should win any of these state prizes, the county prize reverts to the county second place winner who is Miss Lois Fay Youell from the Hebron High School. Third, Fourth, and fifth places went to Norma Ryle, Robert Smith and John Caye, respectively, from the Hebron High School. The subject of the essay was "Why a Soil Conservation Program Is Necessary in Kentucky." One hundred essays were written in Boone County; Hebron High School submitted the most entries.

The supervisors of the Boone County Soil Conservation District wish to thank all teachers who encouraged the essay contest and also the judges who selected the winners.

Farmers, business men and students are becoming more soil saving conscious each day.

Women often get tired—but never too tired to ask questions.

BREEDING ASS'N. ORGANIZED THURS.

OFFICERS ELECTED AND ARTICLES OF INCORPORATION LAWS SIGNED—108 MEMBERS SIGNED.

The Boone County Artificial Breeding Cooperative was organized with 108 members and 1060 cows at Burlington last Thursday evening, November 14th. Officers were elected and Articles of Incorporation under the Non-Profit Agricultural Corporation laws were signed, until the next annual meeting set for 7:45 p. m., November 12th.

The directors elected to serve 1947, at Burlington were as follows: George S. Knox, Wilford Scott, Herman Decker. Robert Youell, Grant Maddox, J. C. Hollis and Frank Maurer. The officers elected were George S. Knox, Chairman; Franklin Maurer, Vice Chairman, and Herman Decker, Secretary-Treasurer.

The applicants for the County Inseminators positions can not take their training until December 9th. The inseminators will be selected immediately following the training period and the Association in a short time will be ready to start operations. The breeding program designed to give Boone County dairymen the services of the best bulls obtainable is expected to bring much improvement among our own dairy herds.

GUNPOWDER MEETING POSTPONED INDEFINITELY

The meeting which was announced for the evening of November 21 of the Gunpowder Baptist Church has been postponed indefinitely.

Mrs. Laura B. Florence

O. K. WHITSON ANSWERS CALL

TUESDAY OF LAST WEEK—HAD BEEN CASHIER OF VERONA BANK FOR PAST THIRTY-THREE YEARS.

O. K. Whitson 71, well known cashier of the Verona Bank for the past thirty-three years, passed away Tuesday of last week at his home in Verona, after suffering a heart attack. He was a lifelong resident of the community and had formerly operated a general merchandising business there for 20 years.

Mr. Whitson received his primary education at a private school in Verona, later graduating from the Georgetown College, at Georgetown, Ky. He was a member of the New Bethel Baptist Church and Verona Lodge No. 876, F. & A. M.

He is survived by his widow, Mrs. Katherine S. Whitson, Verona; a doughter, Mrs. Grover C. Ransom, Verona and a granddaughter.

Funeral services were held at the Hamilton funeral home Verona, at 2. p. m. Thursday, with Rev. R. F. Demolsey yand Rev. A. K. Johnson officiating. Burial was in New Bethel Cemetery, Verona.

Services To Be Held By Local Baptists At Methodist Church

Due to work being done on the Burlington Baptist Church, making it impossible to have services in the building Sunday, services will be held as follows:

At the Sunday School hour the Men's Bible Class and the Young Men's Bible Class will meet in the court house, with all other classes meeting in the Methodist Church building. Immediately following Sunday School, all will assemble at 11 o'clock in the Methodist building for worship, as they have offered us the use of their building for the services. Evening services will also be held in the Methodist Church.

"We deeply appreciate the kindness of these good people in making it possible for us to meet there," Rev. Johnson said in extending thanks to the Methodists.

Mr. and Mrs. Everett Rogers were Sunday guests of Mr. and Mrs. Ott Rogers.

AC COMMITTEEMEN WILL BE SELECTED

AT ELECTION SET FOR FRIDAY, NOVEMBER 29—MEETING WILL BE HELD IN ELEVEN COMMUNITIES.

The election of Agricultural Conservation (AAA) community committee consisting of three farmers and two alternate members, and a delegate to the county convention, where delegates from all eleven communities will choose a three-man county committee, will be held Friday, November 29, 1946 at 2:00 p. m.

All eligible voters are being notified of the election and of the places that the meetings will be held in each of the eleven communities. The community committee chairman will be in charge of the election. Both the nominations and election of committeemen will be made at the same election meeting.

Every person who is engaged in farming in the community and is cooperating in the 1946 A. C. program and a payment or a grant of conservation materials can be made to the farm or a Federal Crop Insurance Contract is signed is eligible to vote. The eligible list includes about eleven hundred persons.

The delegates elected at the community elections will meet at the Boone County AC office at 2:00 p. m. on Saturday, November 30, 1946 and elect the county committee, who will consist of three regular members and two alternates.

It is hoped that a large number of eligible voters will attend as the method of holding the election has been simplified and shortened and active interest must be shown by our farmers if a successful program is to continue.

Walton Five Trims Mason Quintet 43-31

Walton's quintet trounced the Mason five Tuesday night of last week on the Walton floor 43-31 in the winners opening game.

Walton, coached by Ellis Jack, former U. K. basketeer, led all the way with a nice margin.

Vest led the attack for Walton with sixteen points.

Eagles Suffers Defeat In Friday's Game

Showing unexpected strength, the Burlington Eagles played the Florence Knights on even terms throughout a greater portion of their opening game last Friday night before succumbling to their more experienced opponents 46-36. The count stood ten up at the quarter and twenty-six all at the half. The Knights pulled away to a 36-30 count at the third period and went on to victory.

The Florence reserves also won by a 22-16 score.

Burlington Firemen To Meet Monday

The regular monthly meeting of the Burlington Volunteer Fire Department will be held on Monday night, November 25th at the fire house at 7:30 p. m.

Several matters of importance are to be brought before the group and all members and interested persons are urged to be present.

FIREMEN PLAN BENEFIT GAME

AT BURLINGTON SCHOOL GYM FOR SATURDAY NIGHT, NOVEMBER 30TH—TWO GAMES ARE PLANNED.

The annual Burlington volunteer travafire department basketball extravaganza will be staged at the high school gym Saturday night, Nov. 30. (Editor's note: You recall what a riot it was last year).

The main attraction will be a game between two squads, the Ladders and The Hoses, to be selected this week from among the following stars, would be stars, never weres and never will be's: Albert Weaver. Dud Rouse, Don Kirk, Ab Sebree, Orville Sebree, J. D. Jarrell, Bud Hodder, Alvin Clore, Gerald Clore, Frank Maurer, Ivan Gulley, Bobby Clore Calvin Kelly, James Gayle Smith, William Rudicill, William Jarrell, Les McBee, Albert Kirk, Leroy McNeely, James Ogden, Luther Smith Charles Benson, Warren Kirk, Jeff Eddins, Ray Holbrook and several others not yet under written contract.

As a preliminary attraction (and this could turn out to be the feature) will be a game between two teams of the fair sex. These squads will include such former stars as Mrs. Luther Smith, Mrs. Wilton Stephens, Mrs. H. R. Forkner, (a two-time all-state high school player). Mrs. William Huey, Mrs. Frank Maurer, Mrs. James Ogden, Mrs. Frank Robinson, Mrs. Robert Maurer and a number of others who have agreed to play if the uniform shortage can be solved. (The writer recommends your old man's overalls and a blue shirt).

Also as an added attraction there will be a free throw contest between Supt. William McFarland and Judge Carroll Cropper representing the Ladder team against Rev. Roy Johnson and Dr. N. A. Yelton representing the Hose boys. Too, there will be plenty of music, refreshments and added laughs. A door prize of questionable value will be given.

Tickets for the occasion will go on sale this week. They will be placed in all business firms of the town and several other places thruout the county. Game time 8:00 o'clock, admission will be twenty and fifty cents.

Watch the next issue of this paper for lineups and latest developments and REMEMBER — that ninety-five percent of all fires are caused by carelessness, that our nation's fire bill has reached the half billion mark, that your local fire department has saved several thousands of dollars worth of property in the past year, and that this department can continue to function and improve only as long as you continue your loyal and cooperative spirit. A small investment in the civic endeavor may pay a huge dividend in the protection of your life and property.

CONFERENCE OF CHURCHES HELD

AT HOPEFUL LUTHERAN CHURCH TUESDAY AND WEDNESDAY—TOPIC WAS "EVANGELIZATION OF THE SOUTH."

Conference of the Kentucky-Tennessee Synod of the Lutheran Church in America was held at the Hopeful Lutheran Church last Tuesday and Wednesday. The conference was well attended.

Topic of the conference was "Evangelization of the South." Rev. Roy B. Setzer, of Anderson, Indiana was the guest speaker for the occasion. Rev. Setzer's inspiring messages may be summed up in the following phrases: "Evangelization and Education Go Hand in Hand;" "It Must be Accomplished in a Personal Way by the People in the South." "Faith in God Implies an Obedient Faith." Very interesting discussions were the highlight of the program which also included discussions on Liturgics and music. Music has always been a thing of beauty and inspiration, and was given its rightful place as worship and praise since the beginning of the reformation.

The dedication of the newly installed chancel furniture gave the conference an elevating conclusion. The Rev. Roy Setzer delivered the message "The Four Pillars of Destiny." and the pastor Local, Rev. Rimmer was in charge of the service of dedication, after which the Rev. Lorin L. Spenny, president of the Synod concluded the conference with the service for the dismissal of Synod.

IT PAYS TO ADVERTISE

LEE FARMERS SEE GOOD AGRICULTURE

Some of the best agriculture is to be found right in Lee county, farmers of that county discovered on a recent tour. Here's what County Agent Hollis Henson says they say on the farm of William O. Mays:

Big tobacco and new tobacco barn, barn filled with new alfalfa hay; 40 good cattle; concrete trough kept filled with fresh spring water; unusually fine field of hybrid corn; a crib full of last year's corn; a bin of 125 bushels of wheat grown on eight acres, and a basement stored with enough foods to last two years.

Big tobacco, a curing barn and good hybrid corn were seen at John D. Hieronymus' farm; one of the state's largest and best dairy herds on fine pasture; a good garden and good general living conditions.

At. Dr. G. T. Smith's farm the visitors saw one of the state's top herds of Angus cattle; pasture fields containing mixtures of the best grasses; a field of the new Ky. 31 fescue grass, seeded last spring, and a large never-falling pond.

REPORTS BIG RETURN FROM LADINO CLOVER

From an investment of $85 in seeding 10 acres to barley and ladino clover, J. E. Burcham of Hickman county sold $2,400 worth of clover seed, in addition to grazing cattle and hogs, according to County Agent Warren Thompson.

The field was seeded in October of last year with one and a half bushels of Missouri beardless barley and three pounds of ladino clover seed to the acre.

On March 15 Mr. Burcham turned into the field 83 hogs averaging about 100 pounds and 54 cattle averaging about 660 pounds. For six weeks the cattle received no other feed; the hogs were given some corn. The barley was grazed completely down and the clover was only about two inches high when the stock was removed.

The first week in July, 1,600 pounds of re-cleaned ladino clover seed were harvested, selling for $1.50 a pound, and there is a possibility that a second seed crop may be produced, the county agent thinks.

FARM PRICES HOLD WELL IN KENTUCKY

Kentucky farmers have been doing fairly well in recent years, compared with farmers in the United States as a whole, due in part to the upward trend in burley tobacco says the annual report of the Agricultural Experiment Station at Lexington.

Prices of corn, wheat and hay have averaged higher in Kentucky than in the United States as a whole during the past 35 years. Corn prices have averaged 10 to 12 percent above the United States price, and the price of hay has averaged 30 percent higher, except when drouths prevailed in other states.

Prices of beef cattle in Kentucky averaged 7 percent below those of the United States from 1910 to 1934, but since then have been about the same as for the country as a whole. During the last 10 years prices of veal calves in Kentucky averaged 10 percent above the U. S. prices.

Hog prices in Kentucky have followed along relatively well with prices in the country as a whole, but the average for 35 years has been some above the national average. Prices of Kentucky lambs were about equal to U. S. prices from 1910 to 1915, but rose until they were 27 percent higher in 1932. Since then they have lost some of their gains. Prices of wool in Kentucky were about 25 percent above the national average from 1910 to 1917. During the past decade they were only about 18 percent above.

In dairying and poultry-raising Kentucky farmers have had little price advantage over farmers in the country as a whole. Price fluctuations have been sharp, with averages often slightly below those of the United States as a whole.

CLOVER PRODUCES GOOD SEED YIELD

Red Clover this year produced excellent seed yields on two farms, according to the County Agent's office. Both crops were threshed by John Boh, of Burlington, R. 1.

Joel Gray of Burlington secured 18 bushels of good adapted red clover seed from six acres. This is an exceptionally high yield.

Leonard Meece on the Dr. Northcutt farm secured two and a half bushels of seed per acre from six acres which is also an excellent yield.

Better crops of red clover are secured from adapted seed. The first crop is harvested for hay and the second crop saved for seed This means two crops per year can be harvested. Better yields of red clover can no doubt be secured if the seed could be produced locally.

Anderson county tobacco growers report the largest crop in several years as a result of rainfall and liberal applications of fertilizer.

Cucumber growers in Ohio county had good yields from their crops and are well pleased with returns, despite the prevalence of downy mildew.

SUGGESTS BEEF AND LAMB FOR HOME USE

Little beef and lamb are used by farm families, and yet both are delicious if produced from young, well-finished animals, Grady Sellards of the Kentucky College of Agriculture and Home Economics pointed out in a plea for the use of more home-produced food.

"There is a wide prejudice against lamb," he said, "many disliking the tallowy flavor. To a lesser extent this prejudice prevails against beef. This dislike usually stems from the animal flavor of the product if consumed too soon after slaughter, and improper refrigeration.

Tallowy flavor in lamb can be overcome by proper handling, and cooking with very little of the tallow.

"Both beef and lamb can be produced largely, if not entirely, on good pasture. Many farmers prefer to finish the animals on grain. But pasture-produced beef may be of just as good quality as the grain-fed product.

"Now is the time to organize meat rings, each member of which furnishes a fat beef or lamb. Thus excellent beef and lamb can be had throughout the year by all members. In all cases facilities for chilling both lamb and beef and ageing the meat for a few days should be made. If frozen food-locker service is available, it will serve the purpose well. But if not available, and the weather is warm, other arrangements should be made to chill and age the products."

TVA MAY HELP SOLVE SMALL FARM PROBLEM

Discussing the problem of small farms in the Tennessee Valley of Kentucky, Prof. E. J. Kinney of the Agricultural Experiment Station at Lexington thinks the TVA offers a solution by helping to develop industries to which farmers could turn for a livelihood.

Counties in the valley area are Calloway, Graves, McCracken, Marshall, Trigg, Lyon and Livingston. Farms average 65 acres in size, with 4,000 to 5,000 or about a third containing only 25 to 40 acres. Says Prof. Kinney: "Indications are that a large percentage of small farmers, particularly those who have only 25 to 30 acres of land, would be glad to sell out and leave the farm if they could find a satisfactory job not very far away. Of course, from the standpoint of valley agriculture, such a development would be highly desirable, since it would make possible an increase in farm size.

"It would seem therefore, that attempting to bring industries into the valley or to develop industries should be a major TVA project. There seems to have been some tendency to decentralize industry in recent years, and with the advantages which the valley has to offer, particularly cheap power, it should benefit from industries also.

"The great lake resulting from the construction of the Gilbertsville Dam offers wonderful opportunities for recreation, and if suitable facilities are provided, many thousands of people will be annual visitors. Developing and managing such facilities would give employment to many people. It is certainly just as important to build up industries in the valley as to build up soils."

Despite the shortage of labor in Grant county this spring, terracing and ditching operations to control erosion have exceeded any other year, says Farm Agent Robert Hume. Many farmers have built from 1,000 to 3,000 feet of terraces, and several have a total of almost two miles of terracing on their farms. The plan of putting the cultivated crops on the ridge tops, leaving the hillsides to pasture and meadow, is being carried out by many successful farmers in the county, according to the county agent.

RECIPE OF THE WEEK

With the largest potato crop ever to be harvested coming to market, housewives may help reduce the supply by serving this vegetable

will supply one-fourth the vitamin C quota, as well as important minerals and some vitamin B.

Potatoes need not be fattening, said Miss Florence Imlay, food

[illegible] of the University of Kentucky College of Agriculture and Home Economics. One medium sized potato has about 100 calories, or the same as an apple or banana, or half the calories of a medium sized piece of pie or a hamburger and roll. The following recipe makes good use of leftovers.

Shepherds Pie: 4 cups mashed potatoes, 3 cups chopped meat, ¼cup chopped onion, ¾ cup cooked carrots, ¾ cup cooked green beans, ½ cup bread crumbs, ½ cup meat stock or milk, 1 egg, beaten, 1 teaspoon salt, pepper.

Line a greased baking dish with mashed potatoes. Mix all the remaining ingredients and pour into the baking dish. Cover with the remainder of potatoes. Bake in moderate oven, 350-375 degrees, for 45 minutes. Brush surface with cream or milk to brown.

Menu: Shepherds pie, broccoli, fruit salad, cornbread, butter and chocolate pudding.

LOCAL BOY WRITES FROM TREASURE ISLAND

The following letter was received this week from George Humphrey stationed on Treasure Island:

"Hello Friends,

"I thought I had better write and tell you how much I appreciate getting the Recorder every week. It really helps when you are about as far away from home as you can get and still stay in the states.

"I am attending Radio Material School out here on Treasure Island and they are trying to teach me how to repair radio equipment. I don't know how much luck they are having though.

"The Island is about 1 mile from Frisco, so that makes it nice for liberty. The liberty out here is not too bad, but I wish I could take mine back in good old Kentucky.

"They talk about sunny California—well I guess I must be in the wrong part of the state, because when I got up this morning I went out to see if I could find any icicles anywhere. No it wasn't quite that bad, but the wind out here goes right through a person like it would an open window. When it is warm out here it is really nice, but that is too seldom to suit me.

"Say hello to everyone back in good old Boone County for me, and thanks again for The Recorder."

From one to 30 acres of Ky. 31 fescue were planted by Hickman county farmers, 1,500 pounds of seed having been distributed.

HOMEMAKERS FILL CELLAR SHELVES

The high cost of living will be reduced considerably this winter for 131 homemakers in Mercer county, whose cellar shelves are loaded with home canned food. At the annual meeting of the Mercer County Homemakers' Clubs in Harrodsburg, they reported having [illegible] quarts of Beans, [illegible] 1,709 quarts of meat; 985 jars of jams and jellies and 940 quarts of pickles. Thirty-five homemakers with frozen food lockers stored 14,510 pounds of meat, 1,886 pounds of fruit and 1,178 pounds of vegetables. Then 13,131 pounds of root vegetables were stored.

PAUL IN ATHENS AND CORINTH

LESSON TEXT—Acts 17:22-28a; 18:1-4; 1 Corinthians 1:22-25.

MEMORY SELECTION — For other foundation can no man lay than that is laid, which is Jesus Christ.—1 Corinthians 3:11.

History repeats itself, in spiritual things as well as in secular events. The experiences of Paul at Athens and Corinth are peculiarly applicable to our day, for here he encountered the very problems which face (and have apparently stopped) the church today.

The cities were not far apart in miles, and they were both pagan, but they differed widely in their cultural and commercial development.

Athens was the home of a godless culture. Corinth was a prosperous commercial center known throughout the world for grossly licentious living.

What did the gospel accomplish in such cities? We shall soon see.

I. Godless Intellectuality Meets the Gospel (Acts 17:22-28a).

Paul was alone in Athens. He had been separated from his companions Silas and Timothy (Acts 17: 14), and was to await them at Athens. While he waited he looked the city over and found it wholly given to idolatry (v. 16). This was no idle observation of a scientific mind, for it caused Paul's spirit to stir in him.

It is a bad sign when a professed Christian can live in the presence of sin and false worship and not be deeply moved by it.

Paul did something about it! He went into the great daily gatherings of philosophers and gave them some solid Christian philosophy to work on. They were curious to know more, and when the opportunity arose, Paul preached the sermon on Mars Hill.

He found them superstitiously religious, but religion does not save. They even feared lest they had forgotten some god, so one altar was "to the unknown God" (v. 23). This gave Paul his opportunity, for he declared the one true God—unknown to them—as the answer to their question.

The intellectual felt superior and had an idea that God needed him, a kind of snobbery which is as current in 1946 as it was in Paul's day. How effectively he disposed of that attitude appears in verses 24 and 25. They needed God, and without him they could not draw a breath!

Moreover, the pagan intellectual then as now would swell with pride as he thought of the race and people to whom he belonged. They were superior—a master race. Paul declares God's truth that all men are of one blood, and that the nations are in his hands (v. 26).

What they had to do, and what the godless intellectuals of our day need to do, is to seek God in humble repentance and faith; then lives can become fine and noble and useful (vv. 27, 32-34).

II. Sophisticated Immorality Meets the Gospel (Acts 18:1-4).

To Corinth Paul came (evidently still alone) without friends or funds. Like all well-bred Jewish boys, he knew a trade. He was a sail maker and tent maker. Rather than have the ungodly men of Corinth hinder his preaching by the criticism that he was doing it for money, he supported himself.

The minister who is eager for rich financial return, and who is willing to accept the gifts of the ungodly that his work may prosper, has closed the door for his testimony to many who do not believe. In fact, one wonders whether he has any real testimony to give.

In this wicked city, given over to vice and fleshly pleasure, Paul made his way to the synagogue and began to preach Christ. He reasoned and persuaded and won some for the Lord as he continued with them for a year and a half (Acts 18:11).

Paul's letter to the Corinthians reveals the struggle of the believers at Corinth to maintain moral standards and spiritual warmth in such a city, but it also clearly indicates that the gospel of Christ is "the power of God unto salvation to everyone, that believeth" (Rom. 1:16), even in the midst of sin and corruption.

III. The Gospel Meets Sin—and Is Victorious (I. Cor. 1:22-25).

The wisdom of this world—for which Athens stood in a special way—becomes foolish in the eyes of men, as it is already in the sight of God, when it stands up against the gospel (read vv. 18-21).

The preaching of the cross, which looks foolish to the worldling (v. 23), is the wisdom and the power of God, and by it men are saved.

Whether Jew or Gentile, whether seeking signs or wisdom, whether "up-and-out" by way of pagan intellectualism or "down-and-out" by way of immorality—no matter what man's race, or his problem—the answer is in the gospel which we are privileged to teach and preach, for it is the gospel of "Christ the power of God and the wisdom of God" to all who are called by him.

Do We Need A New State Constitution?

Every four years the people of the United States elect a President; every two years they elect members of Congress; but in Kentucky there is an election every November without fail. Why should we have twice as many general elections in Kentucky as in other states? The answer lies in a peculiar provision of our state constitution, which does not permit state and local officials to be elected in the same years as Federal officials. This means twice as many trips to the polls for individual voters, and twice as much expense to the taxpayer in holding elections.

In November this year, Kentucky voters will choose one Senator and nine members of the House of Representatives to speak for them in Washington on vital questions of jobs, peace, prices, strikes, control of atomic energy, and many other problems. A year later, in November 1947, the voter of Kentucky will have a chance to express their opinion on the need for a new state constitution.

Civil War Laws

Our present state constitution was adopted in 1891. Most of its framers spent their formative years before the Civil War, and wrote into the document provisions that were out of date almost as soon as they were adopted. It is filled with detailed restrictions which hamper the transaction of modern state business in an efficient manner.

One of the many obsolute provisions has to do with the suffrage. Voting by women is not recognized by our state constitution, despite the fact that they have been voting for more than 25 years. On the other hand, local poll taxes may be levied against men but not against women!

A large number of public officials must be elected by popular vote, and are ineligible for a second consecutive term. This probably reaches its greatest absurdity in connections with the Clerk of the Court of Appeals. Why should the highest court in the State be forbidden to appoint its own clerk and to continue his services as long as he does a satisfactory job? Even in the case of the office of Governor, the recent primary elections in Georgia give us an object lesson in the peculiar results that this kind of constitutional restrictions may have. Arnall could not enter the race because he is the present Governor, but Talmadge could enter and win although he has already served terms as Governor.

Duplicate Offices

The Kentucky state constitution limits the Court of Appeals to seven judges, although the federal constitution leaves the number of U. S. Supreme Court justices to decision by Congress. Seven judges cannot cope with the amount of work coming to the Court of Appeals, and it necessary to establish "commissioners" who do practically the same work as the judges.

Obsolete restrictions on salaries and dept make is impossible to operate in an economical and effective way. A quaint but harmless relic of another day requires state officials and all members of the bar to take an oath that they have not fought or otherwise participated in a duel. All this and many other useless and harmful restrictionns make our state constitution five times as long as that of the United States.

The attempt to fasten the ideas of 1890 on the state forever is nowhere better shown than in the difficult and complicated revision procedure. Action by the legislature on two seperate occasions is necessary before the question can even be submitted to the people. This has now been done and the vote will be taken in November 1947. If a majority of those voting on the proposition are in favor, and if such affirmative vote equals at least 25 per cent of the total vote cast in the election of 1946, the General Assembly of 1948 is supposed to provide for the calling of a constitutional convention with the delegates to be elected in November 1949.

Unless next year's referendum is favorable, therefore, it will be a long time indeed before the people of Kentucky can have an adequate state constitution.

FHA NOW IN OPERATION

SAYS SAM T. HARRISON, FSA SUPERVISOR OF BOONE COUNTY—OPERATION PLANS ARE OUTLINED.

The Farmers Home Administration, as authorized by the Congress, began operation in Kentucky November 1, says Sam T. Harrison FSA Supervisor for Boone County, who recently attended a meeting at Lexington of personnel who will direct the affairs of the new agency.

FHA replaces both the Farm Security Administration and the Emergency Crop and Feed Loan section of Farm Credit Administration, and takes voer the personnel and assets of both agencies. Mr. Harrison said that for the time being FHA offices will be maintained with the same personnel at all points where FSA and ECFL have operated. Both agencies have made loans to small farmers and the new agency will continue to serve this group.

Two types of loans will be made by the Farmers Home Administration, Mr. Harrison said. Farm purchase loans will be made to tenants, sharecroppers, farm laborers, and veterans with agricultural experience and training. Loans can be made for the purchase, development and improvement of family-type farms. The interest rate is 3½ percent and loans are repayable over a 40-year period. A variable repayment plan will make it possible for borrowers to make larger than average payments in years when farm income is high or above normal and less than average payments in years when farm income is below normal.

Production and subsistence loans the second type, will be made to farmers and stockmen for the purchase of livestock, farm equipment, seed, fertilizer and other farm and home needs. Such loans can be made to either owners or tenants who live on and operate family-type farms and who derive the major portion of their income from farming. These loans carry an interest rate of 5 percent and are repayable in from one to five years.

To be eligible for an FHA loan an applicant must be unable to get adequate financing on reasonable terms from other credit sources available in the community where he lives, such as banks, insurance companies and the Federal Land Bank. "FHA is not in competition with any existing credit sources, private or Federal," Mr. Harrison said. Applicants must be certified as eligible by a committee of three individuals residing in the County where he lives, at least two of whom must be farmers.

Countywide X-Ray Clinic Planned For County

One of the two X-ray trucks belonging to Kentucky State Department of Health will be in Boone County several days beginning Dec. 9 1946. This has been secured through the Christmas Seal Sale, which is put on in Boone County each year. The films at this time are furnished by the United States Public Health Service, and therefore, the clinic is free.

As Florence seems to be the most accessble location for the most people in the county, the clinic will be conducted there. More details as t o time and exact place will be given later.

Any person in the county over fifteen year of age may get an X-ray at the clinic. Special arrangements will have to be made for those under fifteen. Therefore, if there is a reason for X-raying a child under fifteen, please take the matter up with your family physician or the County Red Cross Nurse, Elizabeth Lowry, courthouse Burlington.

The fellow with a scheme to help you make money usually has a scheme.

Florence Knights Have Good Scoring Average

The Florence Knights basketball team, coached by Rector Jones has a fairly good scoring average this season. At the opening game with Holy Cross, Florence led with the score of 46-17. In the next game, however, Dry Ridge led the way to victory with the score of 56-34. Florence came back to the top in the third game beating Crittenden by thirty points, the score being 53-23.

The last game played by Florence was with Burlington. It was the most interesting game thus far of the season. At the first quarter the score was 10-10, half 26-26 and at the third 36-30. After the third quarter, Florence pulled ahead and defeated Burlington by a score of 46-36. Baker was high point man for Florence, Scroggins for Burlington, both having 12 points.

Friday night, November 22, the Florence Knights and New Haven Tigers will battle it out at Florence. This game will be good for spectatorship, as New Haven has a very good team this year, winning three out of four starts.

Farm Ponds Stocked Friday

Fifteen Boone County farmers received last Friday 15,840 fish for stocking 20 ponds, approved by the County Agent's office. The ponds represented a total of 14.4 acres and were stocked at the rates of 100 Black Bass and 1,000 Bream per acre of water.

The fish were supplied by the Division of Game-fish and Hatcheries, Fish and Wildlife Service, U. S. Department of Interior. The stock fish are usually delivered for approved farm lakes once each year.

Farmers who have lakes at least seven feet deep and four tenths of an acre or larger may file application at the County Agent's office.

Books Are Now Open For Registration

The County registration books are now open and persons can again register to vote and also change their voting precincts if they have not already done so, according to C. D. Benson, County Court Clerk.

Many persons were deprived of the right to vote in the recent election because of the fact that they had failed to register or change their voting precinct. This can now be corrected and your voting assured in the next election.

Any questions pertaining to your registration can be answered by Mr. Benson, who is able and willing to help you at all times.

Goodridge-Reineke

A recent wedding of interest to Boone Countians was that of Miss Kathryn Goodridge, eldest daughter of Mr. and Mrs. Thos. Goodridge, of Taylorsport, to Mr. Melvin Reineke, of Bromley.

The wedding took place on October 12 at 7:30 p. m. at the Taylorsport Methodist Church. The Rev. Roy Johnson officiated.

The bride was attended by her sister, Dell Goodridge as maid of honor, her cousins Misses Peggy and June Morehead as bridesmaids and Misses Beth Ann and Nancy Morehead as flower girls. The groom was attended by Edgar Allen Goodridge, the bride's brother, as best man. Ushers were John Whitefoot and Earl Ransom friends of the groom.

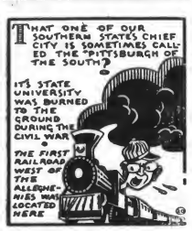
The bride wore a white brocaded satin gown with a dropped shoulder effect with long train and veil. She carried white talisman rosebuds. The maid of honor wore pink net over silk jersey and carried pink rosebuds. Miss Peggy Morehead wore a yellow lace bodice and full skirt of nylon silk and carried yellow rosebuds. Miss June Morehead wore green lace bodice and full skirt of nylon silk and carried pink rosebuds. The flower girls were dressed in yellow and green gowns and carried colonial bouquets of Mauve pompoms chrysanthums with streamers to match the various colors of the gowns.

The bride was given away by her father.

A reception was held at the home of the brides' parents, immediately after which the young couple left for a trip through Kentucky and Virginia.

They are at home to their many friends at 239 Pike St., Bromley.

Burley Markets Will Open Dec. 2



Each of Kentucky's 23 burley tobacco markets will open December 2, begining the marketing of the 1946 crop estimated at 418,000,000 pounds, largest crop on record, according to the U. S. Department of Agriculture.

Tobacco experts said the crop was one of the best in recent years, most of it highly suitable for the smoker trade.

Marketing officials refused to conjecture on this year's prices since removal of OPA ceilings. Last year the producers' sales average was $39.74 per 100 pounds, compared with the national average of $39.55.

Robbins-Rice

The Walton Methodist Church was the scene of the beautiful wedding of Miss Goldie Robbins, youngest daughter of Mr. and Mrs. Albert Robbins, of Florence, Ky., and Ward R. Rice, son of M. B. Rice, of Daytona Beach, Fla., at 2 p. m., November 9th with Rev. C. G. Dearing officating in a double ring ceremony.

Before the ceremony, Mrs. Oliva Wills rendered a beautiful song "At Dawning" accompanied by Mrs. Sam Hudson at the organ.

The bride was given in marriage by her father, the ceremony being performed in the candlelight before an alter beautifully decorated with flowers.

The bride's gown was fashioned of white lace and net over satin, with a sweetheart neckline and three-quarter length sleeves. Her veil was fingertip length with a beaded crown. She carried a colonial bouquet of white roses mingled with baby breath and fern. Her only jewelry was a strand of pearls, a gift of the groom. Her only attendant was Miss Vivian Lehmkuhl of Covington, a friend of the bride. She wore a gown of pink satin and net and carried a bouquet of red roses.

The groom wore a dark brown suit with a white rose bud in his lapel. The groom chose for his best man, his brother Oce Rice, who was also dressed in dark brown. The bride's mother chose a navy blue dress with matching accessories for her daughter's wedding and wore a corsage of red roses.

A reception followed the ceremoney at the home of the bride's parents, after which the happy young couple left for a two weeks' honeymoon in the South. According to a report received at this office, the honeymoon car figured in an accident in which the bride suffered severe injuries, and was removed to the hospital. Details of the accident were not available.

The happy young couple will be at their home in Walton, after returning from their honeymoon.

Out-of-town guests at the wedding were Mr. and Mrs. Robert Robbins, of Patriot, Ind.; Mr. and Mrs. M. B. Rice, of Daytona Beach, Fla.; Mr. and Mrs. Oce Rice, of Carrollton and Mr. and Mrs. Russell Stephens, of Indianapolis, Ind.

Jones-Kearns

At a simple and impressive ceremony performed at 4:00 p. m. Saturday, October 26th at the Hughes Chapel, Union, Kentucky, Miss Mary Lou Jones of Union and Mr. George M. Kearns of Cincinnati were united in marriage. Only a few close friends of the couple attended the ceremony and the wedding [illegible] followed.

The bride, who was given in marriage by her only brother, Mr. James B. Jones, wore a lovely suit of aqua blue, adorned by a corsage of orchids and tube roses. Her hat was smoke white and her other accessories were black.

Miss Bettie Parrish, of Richmond, Ky., who was the bride's only attendant wore a grey blue suit with a corsage of gardenias at her shoulder.

The bridegroom chose as his best man Mr. Robert Smith, of Union, Kentucky.

Mr. Kearns and his bride left for a motor trip through the Smoky Mountains after the wedding dinner. The couple will reside in Union, Ky., on their return.

BINGHAM MEMORIAL 4-H CAMP DEDICATED

The Robert Worth Bingham Memorial 4-H Club camp, a gift of Barry Bingham of Louisville to the University of Kentucky, recently was dedicated at Williamsburg in Washington county.

Formerly the Tatham's Spring resort hotel, the building and 10 acres of land were purchased by the university with funds donated by Barry Bingham to establish a memorial to his father, the late Judge Bingham, owner of The Courier-Journal and ambassador to Great Britain.

Reconditioned, the building now will accommodate about 225 boys and girls at a time, and about 1,400 club members attend camps there during the summer.

Speakers at the dedicatory services included Mr. Bingham, President H. L. Donovan of the University of Keptucky, and John Park, Jr., of Madison county and Mrs. Joe Burks of Larue county, representing the state organizations of 4-H and Utopia clubs.

A tablet bearing the names of the camp and its donor was unveiled by Worth Bingham and Barry Bingham, Jr., sons of Barry Bingham and grandsons of Robert Worth Bingham, and Dean Thomas P. Cooper presented a citation of distinguished service to 4-H clubs to Barry Bingham.

Hebron Climbs Up Two In Win Column

Hebron basketball team added two more victories to their string by defeating Walton at Hebron, Friday night by a score of 28 to 27 and St. Henry at Lloyd on Monday night, by a score of 35 to 23.

These were both very fast ball games and packed with plenty of thrills.

The Hebron boys missed a very familiar figure at the scorer's bench Monday night. "Wick Furnish" will continue to be missed because of illness, as the team travels to his home town, Warsaw, Friday night.

A short time back it was reported that a number of persons have regained their voice after an airplane ride. The last was a woman. The airplane is definitely getting dangerous.

COPPIN'S has
THE CHRISTMAS SPIRIT!

The Christmas spirit has very definitely invaded Coppin's! Yes, even Santa, himself, drives through the windows in a flurry of snow balls to scatter his wonderful loot throughout the store. Big red satin bows bedeck the pillare. Giant boxes glistening with shining paper and fairy-tale ribbons hint of the bounty you'll find for filling your own surprise packages. Santa and his crew of elves have pulled up in a silvery sleigh drawn by life-size jolly reindeer to make holiday shopping happy.

There's Christmas cheer galore waiting for you! Come in and share the festivities—the fun of shopping where the season's greetings are warm and friendly; where courtesy and service are a tradition.

Old-Age Benefits Paid $24,000 Residents Of State

Benefits under the old-age and survivors insurance program totaling $143,600 a month are now in force for 24,000 residents of the State of Kentucky, Frank B. Decker, Jr., manager of the Covington, Kentucky, of office of the Social Security Administration reported today.

The monthly benefits in Kentucky are distributed as follows: Approximately 92,000 retired workers, age 65 or over, receiving $203,900 a month; 2,600 retired workers' wives, age 65 or over, receiving $29,800 a month; 3,100 young widows with children under 18, receiving $54,400 a month; 10,600 children of retired or deceased workers, receiving $117,200 a month; 1,300 widows, 65 or over, of insured workers, receiving $24,300 a month; and 140 aged dependent parents of deceased workers, receiving $1,650 a month.

More than $287,700 in lump sums have been paid in Kentucky on the wage records of insured workers who died leaving no one immediately eligible for monthly benefit payments.

Mr. Decker is manager of the office that serves the area including Kenton, Campbell, Boone, Bracken, Carroll, Gallatin, Grant and Pendleton counties.

He said that although every effort is made to inform persons covered by the Social Security Act of their rights under the act, a number of benefit payments are lost by persons otherwise eligible because they delay filing or fail to file claims for some benefits.

"It is necessary that a claim be filed for benefits," he said. "They do not come automatically to otherwise eligible persons. The person who is qualified to receive benefits must apply for them, and the place to do that is the nearest field office of the Social Security Administration."

"There is no charge whatsoever for the services performed by the Social Security Administration offices. People desiring information or advice on social security matters relating to account numbers and claims for benefits under the old-age and survivors insurance program are urged to get in touch with the nearest field office.

"The field office is the place where social security account number cards are issued to workers who enter employment covered by the act, and it is the place where benefits based on wages earned in such employment are claimed.

When a worker is covered employment is nearing or has reached age 65, he should visit or write to the nearest field office, whether or not he intends to continue working. He can learn when it is of greatest advantage to him to file his claim for benefits."

When a worker is covered employment dies, a member of the immediate family or nearest relative should visit or write to the field office at once, whether or not they know that the worker was insured. If monthly benefits are payable, and there is a delay of more than three months in filing, the benefits for those additional months will be lost."

It is estimated that income from sorghum produced from about 1,500 acres of cane in Morgan county will reach about $400,000.

More than 20 pressure saucepans have been purchased by housewives in Simpson county, to save fuel, food value and time.

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration mean a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

W. M. U. NOTES

The W. M. U. of the Union Baptist Church met a t the church at 2 p. m. Wednesday, November 13 for its regular monthly meeting.

Due to the illness of our beloved president, Mrs. Louise Newman, second vice president, Mrs. Edith Hedges presided at this meeting and opened by singing W. M. U. hymn for the year. Watchwords were repeated in unison, followed with prayer by Mrs. Hedges.

The secretary and treasurer's reports were read and approved as read. Roll call was responded to by eleven members and one visitor. We were happy to have Mrs. John Taylor of Louisville with us.

The nominating committee was appointed as follows: Mrs. J. A. Fothergill, Mrs. William Greenup, and Mrs. W. S. Friend. Mrs. Greenup was asked to buy and mail a Christmas gift to our adopted girl, Miss Jewel Dean, of Kentucky Baptist Home Louisville. This society voted to send a gift of cash to two of our training schools, as according to a request received sometime ago. Mrs. Anna Smith also suggested that each member send Christmas cards to a chosen training school student. Members desiring to do so should see Mrs. Smith for names and address of these students.

This closed the business session and program chairman, Mrs. Edith Hedges took charge of the program from Royal Service, which was brought in the following manner: Devotional was very ably brought by Mrs. J. T. Bristow and was taken from Psalm 72-5-11-17; Joshua 13:1. Mrs. Hedges brought a discussion on the topic for the month "Fields Yet Untouched by Southern Baptist." Obeying the Great Commission, Miss Hazel Davis; Where Southern Baptist Have Gone, Mrs. J. A. Fothergill, which was followed with prayer for our work and all the sick and shut-ins, by Mrs. J. A. Huey; Where Southern Baptist May Go, Mrs. Anna Smith; What We Can Do, by Mrs. W. S. Friend; dismissal prayer by Mrs. Reuben Kirtley.

An all-day meeting in observance of our Lotite Moon Christmas offering was set for Wednesday Dec. 4, when we are hoping every member and friend of this society will be present for God said, "Be ye doers of the Word and not hearers only."

Mrs. W. S. Friend, Pub. Chmn.

J. R. Bird of Livingston county estimated his cattle gained a half-pound per day after he used DDT spray.

NOTICE

Had a conversation 'tother day with Breer Rabbit. J. C. says he "How does Mr. Gunman figure it a sport to shoot at me and my friends. Then too we had some friends, Mr. and Mrs. Pheasant for a while and someone shot them. We would like for you to ask Mr. Stephens to put in his paper asking that we be given our chance." For that reason we 'lows we have no shooting on the HiLo Farms.

FARMERS SHOULD MAKE PLANS FOR SPRING PIG FEEDING PROGRAM

Kentucky farmers should plan now for the increase needed in spring pigs for feeding this year's record corn crop, M. D. Royse, State Director of the Production and Marketing Administration, advised today.

"With the domestic need for pork expected to continue at a higher level than in pre-war years, hog feeding offers the most effective and profitable way to market our record corn harvest," Royse said, "but unless immediate plans are made to increase spring pig production there may not be enough hogs to consume the bumper crop."

Normally, Royse pointed out, nearly half of the U. S. corn crop is fed to hogs. A national goal of 58 million spring pigs in 1947 has been announced by the U. S. Department of Agriculture.

"The number of sows and gilts available for breeding will be the main limiting factor in getting the needed pig crop increase," Royse said.

"With price controls removed," he pointed out, "many farmers may be inclined to sell sows and gilts now rather than keep them to raise a larger pig crop. They should keep in mind that the pig crop this fall will be smaller than last year, which will mean less hogs to sell next summer. Sows and gilts bred this fall can be sold after farrowing, on next summer's favorable market.

"The probable domestic demand for pork and lard in the fall and winter of 1947-48 should be a major factor in deciding the size of the spring pig crop," Royse continued. "Military meat requirements will be much lower and other countries which normally would buy our pork products have limited resources for buying and may be unwilling to pay prices which U. S. consumers will pay.

"While the present high level of domestic demand may decline if general business activity and employment decline, there are 10 million more domestic consumers than in pre-war years. This," Royse concluded, 'should insure a need for a continued high level of pork production in the years ahead."

Vital Economy

Hearing that it would not be necessary for anybody to pay any federal taxes for a period of 12 months would have been good news to a lot of people any year for two decades before World War II. It would have occupied acres of front-page space in metropolitan papers, utilized hours of radio time and consumed gallons of red ink. It might have started a buying boom.

The money people used to put out in federal taxes was staggering (then) although the amount seems small in contrast to what they have been paying lately and probably will keep paying for several years. Just the same, pre-war taxes were big money and, even now, would be worth saving. That's exactly the point I want to make in this department today: It *can* be saved.

Over Twice Enough

Civilian employees of the United States government today number approximately 2,800,000 when 1,250,000 would be plenty. Even *this* low figure is about twice what we had six months after World War I. In short, government has 1,550,000 unnecessary hirelings now—more people than live in The Bronx, in Los Angeles or in St. Louis plus all of its suburbs. It is humiliating to think about.

All of this enormous host of people are eating out of the public breadbasket. They are not to be thought about as if they had private wealth and had retired to pursue some impractical hobby. Such people, as that do, at least, distribute wealth previously put away. The people I am talking about are dead weight on the rest of us. They subsist on federal tax revenue.

Five Million Grand

Since their average annual income is about $2,400 each, they are costing the taxpayers of the United States every year the staggering sum of $3,720,000,000 in salaries alone. Everybody who hires salaried people knows well that salaries are not all the expense they incur. They all have to be provided more or less space, lighted, heated and equipped.

Add to these items such matters as traveling expenses, telephone calls and incidentals and the grand annual expense, as a result of having these people employed, will swell to five billion dollars at least. If such people could be lifted off the public's neck the money could be saved and the public would surely feel the relief.

Plus Social Gains

Such shortening of payrolls would be completely justified by savings alone but there are plenty of other benefits. (1) It would help to balance the federal budget, and if it is not balanced the country will eventually go broke. (2) It would help curb the trend toward bureaucracy, toward centralization of power and toward government by whim instead of deliberate government by law.

(3) Not the least of blessings to follow laying off these people would be releasing more than one and a half million persons for productive work, letting them create something instead of living off the efforts of others. (4) Finally, it would increase the hope of saving for future generations the finest civilization the world has ever known. I submit unto you it ought to be done.

TOBACCO STALKS MAKE VALUABLE FERTILIZER

Kentucky farmers in 1944 had about 148,300 tons of tobacco stalks a by-product of the tobacco industry, worth in fertilizer value about $1,480,000, according to a new University of Kentucky Experiment Station bulletin called "Value and use of Tobacco Stalks in Farm Practice." The stalks contain nitrogen, phosphorous and potassium.

The bulletin gives information on the fertilizer value of stalks, how to handle them so as to preserve their fertilizer content, and how they are used on the land. Copies may be had from county agents or the Experiment Station at Lexington.

Mother Nature gives the birds miscroscopic eyes to see tiny grain from a distance, and how she cares for us humans.

For instance, when we bruise our feet by wearing poorly constructed or ill fitted shoes, Nature sets up protective layers, corns, callouses and bunions, at the point where the attack is directed, and by means of pain telegraphs the brain that danger is at hand and how do we respond to nature's signal. Usually, by padding these protective layers or paring them. This of course, does relieve the pain but does NOT remove the cause of the trouble; corns, callouses and bunions are merely symptoms telling you there is something wrong inside your feet.

Permanent relief will be obtained when you relieve pressure on delicate nerves and tissue, when you straighten up weak, inrolling feet that throw the strain of weight bearing into the outer arch. So, if you would really get at the bottom of your foot ills, by all means, see our foot comfort specialists—they will make a scientific foot analysis of your foot. Then foot comfort is absolutely assured.—Adv.

KENTUCKY GROWS 45,100 ACRES OF POTATOES

The Kentucky share of the 2,669,800-acre national potato goal established for 1947 is 45,100 acres, G. S. Dudley, Acting State Director of the Production and Marketing Administration, announced today.

This is 300 acres less than the 45,400 acre potato guide recommended for 1946. The national goal is 116,000 acres below the acreage planted in 1946.

Dudley pointed out that if production equals the average of the past ten years the Kentucky goal should produce more than 3½ million bushels. The national goal under average conditions should produce approximately 375 million bushels of potatoes, enough for all normal needs, he said.

"While the Kentucky acreage recommended for 1946 was 45,400 acres," Dudley said, "we actually planted approximately 44,000 acres and harvested an estimated 4,444,000 bushel crop of potatoes last year. Our yield per acre was 101 bushels, 23 above the average yield during the year 1935-44. This increase was caused by good growing condition, coupled with increased use of fertilizers and new and more efficient insecticides.

"The 1947 acreage goal should produce all the 1947 potatoes which Kentucky growers can market thru usual channels, Dudley said. The goals for individual farms will be established by County Agricultural Conservation Committees, which will notify the growers. Only farmers who plant within their allotted acreage goals will be eligible for price support under the Department's 1947 price support program for potatoes.

"I am sure Kentucky farmers will want to plant within their acreage goals," Dudley explained. "They knew that in 1946 we had a tremendous overproduction of potatoes all over the country and the Department of Agriculture had to divert many of them into industrial uses. This is something we wish to avoid at a time when so many people in the world are hungry. We don't want to overplant potatoes, using fertilizer that is badly needed for other crops and taking up land that could be used for better purposes.

"Potato exports, due to the perishable nature of the commodity, are always limited. With the exception of war years when many potatoes were dehydrated for military purposes, practically all the potatoes produced in the United States must be consumed domestically. We have to bear this in mind—that a huge production for wartime use, whether of potatoes or guns, must be curtailed to some extent in peacetime.

"At the same time, and this has been fully considered in arriving at the 1947 potato acreage goal, we must be sure of having sufficient supplies," Dudley concluded.

Three coats and seven suits were made by homemakers enrolled in the four-day tailoring course in Boyle county, given by Miss Dorothy Threlkeld, clothing specialist.

Guidance Centers Help Veterans

Thirty-four guidance centers are now being operated in Ohio, Kentucky and Michigan to assist veterans in selecting proper educational and vocational programs, the Veterans Administration announced.

Most of the centers are under contract with the VA to provide complete counseling and guidance service, ex-servicemen and women to select the educational and vocational courses commensurate with their interests and aptitudes.

At the 16 guidance centers in Ohio, 12 in Michigan and 6 in Kentucky, veterans receive expert advice in their choice of training course. Each veteran's past schooling and business experience, military specialities, hobbies, and interests are carefully evaluated. He may take a series of aptitude tests if he so desires. Any physical disabilities, as determined by a medical examination, are listed and compared carefully with the physical requirements of the training considered.

The guidance service is available to all veterans who have received their certificates of eligibility for education or training, and is required of all disabled veterans entering on-the-job training.

CONSERVATION CONVERSATION

By J. C. Acree

Mr. Saunders, editor of the Kentucky Post, who recently purchased the Huey farm, made the local Soil Conservation office a call last week and made application for a farm plan. He was accompanied by Mr. Earl Metcalfe from Kenton County who is a great believer in soil conservation. The local office was able to assist Mr. Saunders in securing a tractor with mower attached to mow his pasture fields. Mr. Metcalfe states this is one of the fastest and easiest ways to improve old pastures.

The terracing demonstration held on Liston Hempfling's farm near Francesville was a success, even though it was a very disagreeable day. Fifty-one farmers and business men attended the demonstration. Terraces not only divert water from overflow or water logging the land below, but they also tend to hold or store water for future use. Vaughn Hempfling said that terraces are common practices in the south and that we will eventually come to them here.

Fish Fish! Fish! Thirty-six different applicants received fish at Burlington Friday November 15th. There were rumors that some folks were dissatisfied because they didn't get as many fish as other applicants, even though they had the same size pond or reservoir. Most ponds have too many fish in them. A given area of water will produce a given number of pounds of fish. The question then is: Do you want small fish or large fish? The best information on fish management is "Farmers Bulletin No. 1938, U. S. Department of Agriculture." You may get a copy by writing U. S. Department of Agriculture, Washington, D. C., or from the local Soil Conservation office.

"My mules must have water and I am tired of carrying it to them," says Mrs. Domashka on U. S. 25; so while it was too wet to work on the large reservoir they are building, she had the bulldozer operators build a pond for the mules.

PRICES OF FARM PRODUCTS REACH PEAK IN KENTUCKY

Prices of farm products in Kentucky reached an all-time high in July, following expiration of the Emergency Price Control Act. An index of prices of products other than tobacco, computed by the University of Kentucky Experiment Station, reached 167 in mid-July, when an average for the year 1921-1929 was 100. This exceeds by eight points the previous record of 159 in January, 1920, and is four times the low point of 40 touched in March, 1933.

A sharp rise in prices took place between June and July with the termination of O. P. A. controls and the elimination of subsidy payments on lambs, cattle, butter and milk. Strong demand resulted in record-breaking prices for products which are in comparatively short supply, such as meat animals. Other products, such as potatoes, which are relatively abundant, actually dropped in price from June to July.

Prices of Kentucky farm products already were on the up-grade before July 1. Prices in June, 1946 were higher than in June, 1945, for wheat, corn, hogs, cattle, calves, lambs, milk cows and milk. All of these products rose still further from June to July, 1946.

Shelby county homemakers used 456 feed bags to offset the shortage of cotton material, estimating the value of the articles made at $502.

Those who settle down first are also the first to rise.

125,000 ACRES OF LAND AVAILABLE TO NORTH AMERICAN SETTLERS

The Department of Public Lands and Colonization of the Ministery of Economy of the Government of Ecuador, South America, announces that 125,000 acres of rich and potentially productive, but uncleared land in the Santo Domingo de los Colorados area of Ecuador is now available to North American and British settlers. Each adult settler may obtain 50 hetares or approximately 124 acres of this land, free except for modest commission-transfer charges, to approved applicants.

This land concession is authorized by Presidential Decree and contracted by the Government Department of Public Lands and Colonization, the Ministery of Economy and the Ministery of Public Works. Dr. J. M. Sheppard, (American) and Prof. Arturo Montesinos, (Ecuadorean) are appointed as Government Intermediaries to publicize, distribute and allot this land to satisfactory British and North American citizens.

Elevation of land is approximately 1000 feet. Average temperature from 72 to 88 degrees F. Location: Less than 145 kilometers from Quito, capital city of the republic, with road connections to and, or adjoining an all-weather highway now linked with Quito, soon to be linked in the opposite direction with Esmeraldas on the Pacific coast. Ample rainfall and excellent virgin soil testing equal to that of Java, long recognized as the best on earth.

Stands of top grade tropical timber are to be found upon the land. As the concession is close to rivers and interspersed with streams, an abundance of water power is available. A recently constructed hospital is located in the nearby town of Santo Domingo de los Colorados which also has daily mail service, telegraphic connections and police protection.

Settlers will be allowed to bring in all personal effects and agricultural implements free of customs duty charges.

Ecuador, with but three million inhabitants, needs and invites colonization by pioneer-minded, ambitious agriculturally inclined men and women of good character and responsibility.

Interested parties may obtain soil and health report; map of Ecuador and this land concession, list of tropical fruits, vegetables and paying crops recommended for the area and application blank for land reservation without charge or obligation, by addressing Dr. J. M. Sheppard, Co-Intermediary, Casilla 315, Quito, Ecuador, South America. There is also a proviso for non-resident land owners.

NAVY ANNOUNCES REOPENING OF NAVY RECRUITING SUBSTATION

Lt. W. J. Solomon, Officer in charge of the U. S. Navy Recruiting District Station in Cincinnati, announced that the U. S. Navy Recruiting Substation, located in room 8 of the Post Office Building in Covington Kentucky, has been reopened.

This move is being taken to better serve the public of those Northern Kentucky counties assigned this area. Chief Petty Officer Lloyd E. Murdock has been named Recruiter in charge.

The following office hours will be maintained: 8:00 a. m. to 4:30 p. m. Mondays thru Friday; 8:00 a. m. to 1:00 p. m. Saturdays.

BASKET DINNER ENJOYED

A basket dinner was greatly enjoyed at the home of Mr. and Mrs. Roy Barnes Sunday November 17th in honor of their son Cpl. Clifford L. Barnes, who recently arrived home from Japan, having served 20 months in the armed forces of which he served 13 months overseas.

Those attending were as follows: Mrs. Sam Barnes and son Willard Earl, Mrs. Jake Fleek and family, Arnold Fleek and girl friend Deloris Scudder, Mr. and Mrs. Millard Sullivan, Mr. and Mrs. Harold Davies and little daughter Sharon Lynn, Mr. and Mrs. Amaul Hensley, Mr. and Mrs. Edward Black and son, Mr. and Mrs. Norman Craddock and family. Mr. and Mrs. Orville Hensley and family, Mrs. Alta Jarrell of Covington, Mrs. Claude Hensley and girl friend, of Covington.

PHOSPHATE IMPROVES YIELD AND QUALITY OF KENTUCKY CORN

Corn yields can be increased and the feeding quality of the grain improved in most parts of Kentucky by the application of phosphate fertilizers, according to studies made by M. E. Weeks and E. N. Fergus of the Agricultural Experiment Station at Lexington. This is especially the case where there is a deficiency in the phosphorus content of the soil.

The effects of liming, fertilizer treatments and other soil-management practices on the yield and composition of the corn crop were studied. It was found, for instance, that applying limestone to the land increased the calcium content of the corn. Manure and the use of legumes in the rotation helped to maintain nitrogen and potash.

"Of all soil treatments," it is noted in the bulletin reporting the experiments, "phosphate fertilization had greatest effect on crop growth and composition. Yield and phosphorus content were increased by phosphate applications almost in proportion to the amount used.

"It would see that regular applications of substantial amounts of phosphate fertilizers to crops grown in rotation on phosphate-deficient soil in Kentucky will remove phosphorus as a limiting factor in corn production. If the soil is protected from erosion and is limed when necessary, and if the potassium removed in crops is replaced, and if livestock manures and residues are returned, the fertility of the soil will constantly be improved and the composition of the crop, particularly in calcium, phosphorus, nitrogen and potassium will be maintained at a high level."

GARRARD AND FAYETTE COUNTIES DIVIDE TOP CATTLE SHOW HONORS

The Garrard county 4-H club club furnished the grand champion carload of calves and Joyce Eads 15-year-old Fayette county club girl, for the second consecutive year had the grand champion calf, at the silver anniversary fat cattle show and sale at the Bourbon Stock Yards in Louisville. This was the 20th time Garrard county 4-H have had the top carload in this show, which is now hailed as the largest of its kind in the world.

The 15 grand champion Garrard county calves, averaging about 1,000 pounds, sold for 51 cents a pound, and the Eads calf which weighed slightly over 1,000 pounds, sold for $3 a pound.

The show included 1,109 calves fed by 4-H club members, 396 fed by members fo Utopia clubs and 588 fed by Future Farmers of America.

In the 4-H division, Miss Eads had the best Angus calf; Clara Ann Graves of Scott county, the best Hereford calf, and David Gragg of Harrison county the best Shorthorn. Robert Berryman of Clark county was first in a class of calves raised by 4-H Club members.

Bascom Smith of Russell county had the champion calf in the Utopia club division, and Reggie Palmore of Hart county had the champion Utopia carload.

Jack Patterson of Hardin county had the best calf from a county not showing a carload; Washington county the best five calves from a carload; Hardin county the best 10 calves from a county not exhibiting a carload, and Logan county the best five calves from a county not exhibiting a carload or 10 head.

"SICK, TIRED" LAND RESTORED TO HEALTH

Henderson county land that was producing only 15 bushels of corn to the acre when Alva D. Allan bought it 10 years ago produced 80 bushels to the acre in 1945 and 1945, and may produce over 100 bushels this year, according to his report to County Agent H. R. Jackson.

"The land had been badly abused and was 'very sick and tired,'" he told the county agent.

Soon after he took over the farm Mr. Allen began to clear it of sassafras and persimmons and apply limestone and phosphate. Also he sowed legumes all over it. Later on he plowed under large doses of complete fertilizer and planted hybrid corn.

In addition to producing huge corn crops, the farm now grows tobacco that yields a ton to the acre, he said.

McCREARY CORN MAKES 100 BUSHELS TO ACRE

For the first time in the history of McCreary county, corn this year produced over 100 bushels to the acre, according to County Agent George D. Corder.

E. P. Trammell picked 110.8 bushels of Ky. 102 hybrid corn on an acre, and also 101½ bushels of a local white corn on an acre. He has been growing hybrid corn alongside a local variety of white corn for six years and this is the first time the hybrid made the better yield, Corder said.

Ronzo Bell of McCreary county gathered 85 bushels of Ky. 102 and 103 hybrid corns to the acre on sloping land that produced only 30 bushels five year ago. Corder said the increased yield was due largely to winter cover crops and applications of phosphate, complete fertilizers and manure.

FARMERS IMPRESSED BY LADINO CLOVER

The University of Kentucky Experiment Station has been receiving favorable reports on ladino clover, especially from western Kentucky. In Hickman county, after a tour of farmers to several fields, County Agent Warren Thompson made the following report on ladino clover.

It furnishes more pasture than any other clover and for a longer period of time to more stock. It will not cause bloat when there is considerable grass in the field.

When properly cured, ladino clover makes a valuable hay. Stock like it.

Growing well on sour land, ladino clover does much better after applications of lime and phosphate.

Ladino clover can be sowed in either fall or spring. In fall seeding it should go on a prepared seed bed around Aug. 15, seeded alone or with grass. Spring seeding is from Feb. 15 to April 15 in growing small grain. The seed should always be inoculated.

Under ideal conditions ladino clover will produce 250 pounds of seed to the acre.

Ladino clover will control gulley and sheet erosion where land is properly treated.

When left two to five years, ladino clover will double the yield of corn on land that normally produces 30 bushels to the acre.

DAMAGE CAUSED BY GRASS FIRES

ON FARMS OF ARTHUR JONES AND F. R. TANNER—BLAZE THOUGHT TO HAVE BEEN STARTED BY HUNTERS.

More than one hundred persons, including practically all volunteer firemen of the Burlington Fire Department battled a raging grass fire on the farm of Arthur "Red" Jones on East Bend Road for ninety minutes before bringing the blaze under control, Sunday afternoon.

Flames spread to the farms of Martin, Scroggins and the old Len Kite place before firemen could bring them under control. Firemen under the direction of Chief A. E. Stephens, together with residents returning from church prevented the fire from spreading to barns and houses on the farms.

Approximately 100 acres of lespedeza, grass, pastures and corn fields were burned. Damaged to the pasture fields and corn crops was estimated at several hundred dollars. The blaze was believed to have been caused by a match or cigarette discarded by a hunter.

The fire was discovered by Arthur Jones upon his return from Burlington shortly before noon. He summoned the fire department immediately.

While the Burlington firemen were battling the fire at the Jones farm another alarm was sent in by F. R. Tanner of the Camp Ernst Road. After finding the Burlington firemen were on a call, the Hebron department was summoned, and Chief Earl M. Aylor, with fourteen volunteers, succeeding in confining the fire to a five-acre area. The only damage reported was to fence posts and grass. The fire, however, was in direct lines with barns and hay stacks.

This blaze was also thought to have been started by a hunter discarding a cigarette or match.

Hunters were warned by both fire chiefs to take precautions when discarding matches and cigarettes while afield. Careless on the part of a sportsman may cause many hundreds of dollars damage to some landowner.

Homemakers Will Sponsor Paper Drive

Burlington Road Homemakers are sponsoring a paper drive. Bring or send your old magazines or papers to John Kyle's, collection center. The drive closes December 7th.

BASKETBALL GAME PLANNED SATURDAY

FOR BENEFIT OF BURLINGTON VOLUNTEER FIRE DEPARTMENT—TWO GAMES WILL BE PLAYED.

Make your plans now to attend the Burlington Volunteer fire deparement's big basketball double header at the high school gymnasium Saturday night, Nov. 30. You can get your tickets at any Burlington business house for these featured attractions.

The preliminary game will bring together two girl teams composed of many former stars of Burlington High School, several newcomers to the community and a number of high school girls.

The main attraction brings together the Ladder team captained and managed by Alvin "Pip" Clore against the Hose team under the direction of J. D. Jarrell. Other members of Clore's squad are Chas. Benson, Frank Maurer, Albert Sebree, James G. Smith, Rube Hodder, Orville Sebree, Luther, Les McBee, Warren Kirk, Leroy McNeely and Ray Holbrook. Jarrell's chief aid will come from Don Kirk, Albert Weaver, Dud Rouse, Marion King, Bobby Clore, Calvin Kelly, Albert Kirk, Jeff Eddins, Billy Jarrell and Nelson Poston.

Too, don't forget the free throw contest between games between Supt. McFarland and Judge Cropper vs. Dr. Yelton and Rev. Johnson and then there will be music supplied by a number of the Burlington High School Band.

The Burlington Volunteer fire department has done an excellent job in this community and all the department asks for this service is your continued support and cooperation. Come out and see their game and let them know that you appreciate their efforts.

Pausing for a brief moment to look back over the year, back to the season when we last gathered a harvest, we find a multitude of reasons why the people of Boone County and surrounding territorty should be thankful on this Thanksgiving Day of 1946.

Today, we should give thanks to Him who has made it possible for us to reap a bountiful harvest; for blessings received throughout the year, and for a country that is based upon freedom. Our forefathers gave Him praise for their first harvest, and we should offer our praise for many harvests.

Thanksgiving Day, Thursday, November 28 is a national holiday and is set aside for the purpose of giving thanks for bountious harvests and the goods things we have received. Many no doubt will observe this day in the wrong spirit, while others will gather in houses of worship, where the true spirit of Thanksgiving will prevail. Let's not let the day pass without offering our thanks to the Great Creator, who has made all blessings possible.

FARM WATER IS GREATEST NEED

ACCORDING TO H. R. FORKNER, COUNTY AGENT—GOOD WATER MORE IMPORTANT THAN PASTURE OR FEED.

Farm water supply is still one of the greatest farm needs, according to H. R. Forkner, County Agent. Approximately 1400 ponds or farm reservoirs have been built in the county in the past eight years but the need is still far short of the supply.

Milk production under experimental tests has been increased from 10 to 20 percent under adverse conditions where an abundance of good water was available. Beef, pork, lamb and poultry production will pay equally good returns from good water.

Good water is more important than pasture or feed in livestock provide an abundant supply of both. An abundant supply of good water close by the farmstead should provide some of the following features:

1. Protection of the farm home and buildings in case of fire.

2. Fence the reservoir or pond to keep out the livestock and pipe the water to a concrete or metal trough below the dam to provide fresh clean water.

3. Where practical have running water in the livestock barn. A good dairy herd during the winter months will soon pay for this extra expense.

Farm reservoir construction is still relatively cheap compared with farm prices of pre-war years. We are still fifty percent short of the Boone County Agricultural Improvement goal. "An abundant supply of good livestock water available to every field to be pastured." Water is the cheapest of all farm products. Farmers should set aside funds now and make plans for their next year's water improvement program.

Farm Bureau Directors Meet December 2nd

The Boone County Farm Bureau will hold its next meeting at 1:30 p. m. on December 2nd at Burlington, according to John E. Crigler, Secretary.

All directors are urged to be present and members are invited to attend.

Services Will Be Held At Courthouse By Burlington Baptist

Sunday services of the Burlington Baptist Church will be held at the courthouse on Sunday, December 1 due to the work on the church being incomplete.

It was previously announced that services would be held in the church, but due to floor and benches being varnished the building will not be ready.

Members of the church and the general public are urged to attend these services.

School Band Rehearsal Set For Monday

Members of the Boone County School Band will meet at the Burlington school auditorium Monday evening, December 2, at 7:30 for regular rehearsal. At this time plans will be made for Christmas schedule. All members of the organization are requested to be present, director Dean Bloss said.

FARMERS URGED TO ORDER FERTILIZER

AT EARLIEST POSSIBLE DATE, DUE TO PROSPECTIVE SHORT SUPPLY—FAILURE TO FERTILIZE LOWERS CROP YIELDS.

Boone County farmers are urged to order and secure their 1947 fertilizer needs at the earliest convenient date, according to H. R. Forkner, County Agent. Prospects are for a short supply of fertilizer in relation to the demand. Phosphate and potash are expected to be in smaller supply than in 1946 when many farmers were unable to secure their needs.

Farmers who store their fertilizer over a long period of time have trouble with the material hardening. Securing of properly cured materials and storing them off the ground in a good dry place will do much to elliminate this trouble. However, farmers are urged not to delay but to order securing their fertilized supply well in advance of the season. Failure to have the fertilizer when needed will result in lower crop yields and less profit.

Ohio Driver Released After Being Fined On Drunken Driving Count

Floyd Fletcher, Cincinnati, was released from jail here Monday after paying his fine of $104.50 for operating a motor vehicle while under the influence of intoxicating liquor.

Fletcher was held in jail here for five days before he was able to secure sufficient funds to pay the fine.

According to Judge C. L. Cropper, the December term of the Boone Circuit Court appears to be a busy one, as three persons are being held in jail and two released under bond, all to be bound over to the circuit court in December term.

Rector-White

Miss Loretta Rector, youngest daughter of Mr. and Mrs. Ellison Rector, of Burlington became the bride of Pfc. Robert T. White, son of Mr. and Mrs. Charles White, of Petersburg, at the home of the groom's parents in the presence of the immediate families at 8:00 p. m. on Tuesday, November 19th, with Bro. Forest Taylor officiating in a double ring ceremony.

The bride was attired in a gray suit with fuchsia accessories and a corsage of red rosebuds and white chrysanthemums at her shoulder. Her only attendant was her sister, Miss Mary Helen Rector of Dayton, Ky., who wore a brown suit with lime accessories and a corsage of yellow rosebuds.

The groom chose as his best man his brother, Mr. Allen White, of Petersburg.

Mrs. John Bradburn played "I Love You Truly" while the wedding party and the guests assembled in the living room.

After the ceremony, refreshments were served; then the happy young couple departed for a short trip through Central Kentucky.

The groom will return to his post of duty at Camp Kilmer, New Jersey, on December 1st, and the bride will return to her position with the Stewart Iron Works of Covington, and reside with the groom's sister, Mrs. Wm. Bradburn of that city.

Mrs. C. L. Cropper, Miss Mary Bess Cropper and Mrs. J. K. Cropper were guests at a party at the home of Mrs. James A. Stevens, of Bullittsburg, last Thursday evening.

SECOND TRAINING CLASS HELD FRI.

BY BOONE COUNTY HOMEMAKERS—TWELVE CLUBS REPRESENTED IN RECREATION CLASS.

Leaders from twelve Homemakers' clubs met at Hebron Lodge on November 25 for the second training class on Recreation. After some group singing, Miss Mary Hood Gillaspie, Home Demonstration Agent, presented some ideas and information on why recreation needs to be planned for in our homes and communities. There is a growing tendency in our modern civilization which takes our children and our grownups out of the home and even out of the community for the time which should be spent in leisure activities which would contribute to personal growth and development. It is a planned and shared program of recreation which develops qualities of leadership and cooperation. And it is only in the home community that these qualities can be best developed.

The leaders from each club discussed the recreational facilities in her community. School buildings, churches with space for recreational activities, play grounds, a skating rink, and movie houses were indicated on a spot map of Boone County. This map will be kept for future study of Recreational facilities, according to Anne Frye, Assistant Home Demonstration Agent. The map showed plainly how inadequate present facilities are.

The leaders studied the steps in planning a party. Committees were appointed to actually make nplans for the Christmas party which was held during the afternoon session. Complete with decorations, games and refreshments, it was a delightful party and the recreation leaders got many ideas about how to plan for parties in their own communities.

This program will be presented to Homemakers' Clubs in December.

Clothing Needed

Clothing is needed for children from 2 to 15 years old. Anyone having clothes that they wish to donate are urged to leave them at the Red Cross office in the courthouse.

Burlington Man Dies In Automobile Collision

SUNDAY EVENING NEAR DIXIE HEIGHTS HIGH SCHOOL—TWO HOURS REQUIRED TO REMOVE THE BODY FROM WRECKAGE.

Everett Cress, 30, Burlington was killed instantly Sunday evening at 9:30 when the car which he was driving crashed head-on with a southbound bus near Dixie Heights High School. Eleven passengers of the bus suffered injuries.

S. P. Toler, Lexington, driver of the bus said Cress's car struck another automobile and then failed to negotiate the curve on the highway, serving into the southbound lane, hitting the bus head-on.

The body was pinned in the wreckage for two hours, according to reports. The automobile was completely demolished, but only the front of the bus was damaged.

Mr. Cress was a navy veteran of 37 months of service in the South Pacific. He was a member of the Seabee battalion which invaded Guadalcanal with the first Marines. He served on Guadalcanal until resistance was subdued, the Hebrides, New Caledonia and many other South Pacific Islands.

Since his discharge from the U. S. Navy he has assisted in the operation of the new business of Calvin Cress & Sons, near Burlington, and well known in this section. He indeed, was a splendid young man, and will be greatly missed in the community and county.

Seven of the injured bus passengers were removed to Booth Hospital Covington, none of which were injured seriously.

Mr. Cress is survived by his parents, Mr. and Mrs. Calvin Cress; five brothers, Elbert T., Harry Leroy, Herbert and Calvin, Jr.; eight sisters, Mrs. Viola Taylor, Mrs. Mabel Dinwiddie, Mrs. Leona Eckler, Mrs. Ruth Jump, Mrs. Helen Veal, Mrs. Elizabeth Bullock, Mrs. Lillian Smith, and Miss Kathryn Cress.

Funeral services were conducted from the Taliaferro Funeral Home, Erlanger, Wednesday afternoon at 2:00 p. m. with Rev. R. A. Johnson, pastor of the Burlington Baptist Church officiating. Burial was in the I. O. O. F. Cemetery, Burlington.

Pallbearers were Eddie Dinwiddie, James Bullock, Alvin Taylor, Lee Veal, Mr. Smith and Mr. Jump, brother-in-laws of the deceased.

The Philip Taliaferro funeral home was in charge of arrangements.

Ezra L. Aylor

Ezra L. Aylor, age 79, died at his home in Florence on Monday, November 25th, following a prolonged illness for more than three years.

Mr. Aylor was a lifelong resident of Boone County, having retired from farming several years ago. He was a member of the East Bend Baptist Church and also I. O. O. F. at Petersburg.

Besides his wife Lucy, he leaves one son, Wilford, of Aurora, Ind.; one daughter, Mrs. Walton Rogers, of Florence, and four grandchildren. He also leaves five sisters, Mrs. James Allen, Walton; Maude Satchwell, Union; Cora Aylor, of Florence; Mrs. Joe Green, Elsmere, and Mrs. Howard Huey, of Petersburg; three brothers, Kenneth, of Huntington, W. Va.; Bluford, of Grand Fork, North Dakota and Paul Aylor, of Florence.

Services will be conducted on Thursday afternoon at 2:00 p. m. at the Belleview Baptist Church, burial following in the Belleview Cemetery.

Ralph Stith will be in charge of arrangements, and the body will be at the Stith funeral home, Florence until services at Belleview.

Miss Julia Johnson

Miss Julia Johnson, of Walton, passed away in Lexington, Ky., on November 26th after a very brief illness.

She spent most of her life in Walton and was a faithful member of the Walton Baptist Church for many years. She was a teacher in the Sunday School there.

She is survived by two nephews, C. D. Benson, Boone County Clerk, and Roy A. Johnson, pastor of the Burlington Baptist Church.

Funeral services will be conducted Friday afternoon at 2:00 at the Walton Baptist Church.

Chambers and Grubbs, Walton funeral directors are in charge of arrangements.

Sarah Sothoron

Sarah Sothoron, 24, East Crittenden Ave., South Hills, a native of Boone County, died at her home Monday. She had spent most of her life in Covington.

Funeral services were held at 2 p. m. Wednesday, with Burial in Highland Cemetery, Ft. Mitchell.

School Play Will Be Held December 3rd

The junior class of Burlington High School will present a three-act comedy entitled "Meet the Millionaire" at the school gym Tuesday night, Dec. 3, at 8:00 o'clock.

Leading roles are being handled by Miss Virginia Stevens, daughter of Mrs. Rose Stevens, Burlington, R. R. 2, and Robert Kelly, son of Mr. and Mrs. Paris Kelly, McVille. The play is being directed by Miss Lucille Rice.

A number of music numbers will be presented between acts by students of the school. Admission price will be twenty-five and thirty-five cents.

Firemen Name Directors

Members of the Burlington Volunteer Fire Department selected three directors for 1947 from a list of six names presented by the nominating committee, at the regular meeting held Monday night. Members selected were Albert Kirkpatrick, Frank Milburn and Robert Clore. Kirtley Cropper was selected as secretary.

A. E. Stephens was re-elected by the directors to serve as chief for the year 1947, and other officers will be named by the board at the first meeting in January.

Public Assistance Office To Be Moved To Burlington Dec. 1

The Public Assistance office, located at Florence will be moved to the Burlington courthouse December 1st, according to Marie C. Weber, Field Supervisor.

The office is better known as the old Age Pension office. Three programs are handled by the office as follows: Aid to dependent children; old age assistance and aid to needy blind.

The delegate elected at the community election meeting will meet at the County A. C. office in Burlington on Saturday, November 30, 1946 at 2:00 p. m., and elect the County Committee.

Tobacco marketing cards will also be delivered at the community election meetings and tobacco growers are urged to get their cards now, as no special meeting will be held this year to deliver these cards. The cards, however, may be mailed upon request.

Mr. and Mrs. Henry Siekman had as guests last Tuesday and Wednesday, Mrs. John Methven, of Middletown, Ohio, and Mrs. Richard Wood and son Bobby, of Lebanon, Ohio.

CONSERVATION CONVERSATION

By J. C. Acree

Mr. C. A. Whitaker, who was Camp Superintendent with the C. C. C. group at Walton four years ago, but has recently returned from the Armed forces, paid Boone County a call last week and he has the following to say:

"After driving over part of Boone County just recently, I could see a great improvement in its farm land. The improvement has taken place since the early part of 1942, when I was Camp Superintendent of the C. C. C. Camp at Walton. Since 1942 much land that was waste has been reclaimed and is being used for pasture. Pastures are being mowed and it appears that control grazing has been practiced. Steep land is remaining in pasture for many years. There is evidence of soil treatments and good grass mixtures are being used.

"There is evidence of terracing, contour cultivation and cover crops on cultivated land.

"There are more ponds and springs that have been improved so that more live stock can be grown."

The new terraces built on Joe Hizer's farm caused consideable comment when they were being built. One has to look very close to find the terraces since Mr. Hizer has seeded them down and manured and fertilized them. A deep ditch that ran from the highway southeast was filled and cross strips of sod were placed at ten feet intervals. These will completely stop all erosion. Mr. Hizer stated he is well pleased with his terraces and expects to terrace another field next year.

* * *

Roy Ryle down on Gunpowder is having a ditch straightened in a large bottom field that will reclaim about two acres. The technical work will be given by the Soil Conservation Service as Mr. Ryle has three farms signed with the service.

* * *

Dr. P. Hafer paid the office a call last week and he states he has about completed the pumping system he is putting in. Water is pumped from a reservoir, built last year, to his dairy barn. A filter system was also installed. Dr. Hafer is having fifteen acres of land cleared and will be limed and phosphated next year, probably some terraces built and seeded to a grass mixture. These plans are listed in his farm plan worked out with the Soil Conservation Service.

* * *

One of the latest applications for assistance was from Mr. Willard Friend, Scout Executive, who is in charge of the Boy Scouts' farm and camp area on Gunpowder. Mr. Friend stated that not only want the boys to know and do good scouting, but to observe farming. One scout has already suggested the growing of walnut trees. A large area of the plot will be left for forest, with only a small part to crops. However, there will be three large pastures and acres of hay. Boone County should be proud to have this camp located here as this will be the camping grounds for ten northern counties.

The District had a letter from State Highway Commissioner Watkins commending them for encouraging the roadside improvement work. Let's keep up the good work.

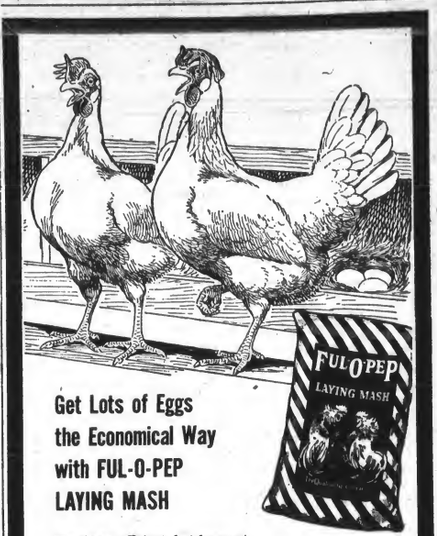
HEBRON HOMEMAKERS

Mrs. Alberta Dickey was hostess to the Hebron Homemakers' Club when it met for the November meeting at the Masonic Hall.

The business session was a very busy and instructive one. Exterior Beautification leader, Mrs. Lorena Clore, gave information on fall work on the lawn. She said never to burn leaves, but pile and let them decay as there is fertilizer in them that can not be obtained from any other source. Live at Home chairman, Mrs. Ruby Hollis gave tips on winter housing and culling of poultry. Citizenship chairman, Mrs. Alice Schneider, announced another date for a paper drive, and plans were also made to remember some person with a Thanksgiving basket. In continuing the studies of our neighbors south of us. The Reading chairman gave a painted ox cart. Material for the lesson on Costa Rica, land of the lesson was compiled from Louis Marden's article in the October issue of the National Geographic magazine.



In the afternoon the lesson on recreatoin was given by Mrs. Stella Nichols. The outstanding phrase for the day was "It is harder work learning how to live than how to make a living." Several kinds of games were played and songs sang during the day and to arouse interest toward recreation in the home each member was asked to come to the December meeting with the name of some game played with the family during the month.

Twenty-one members answered roll call with a Thanksgiving verse from the Bible. Two visitors were present, Mrs. James Tenner and Mrs. Robert A. Metheny. We welcome Mrs. Matheny as a new member of the club. Miss Mary Hood Gillaspie, H. D. A. was present and her assistant Miss Anne Frye.

The December meeting will be held at the home of Mrs. Inell Anderson. The meeting will be the annual Christmas party. Bring an inexpensive or handmade gift for an exchange. Visitors are always welcome.

Inell Anderson, Reporter.

DON'T DELAY

Right now is the time to secure the protection of Public Liability and Property Damage Insurance. It costs so little, yet may save you so much. Under the new law it is the best way to protect your own future right to drive a car. It may save you the loss of your home, your children's education and opportunity for enjoyment of life beyond bare living expenses.

And may we suggest, while you are going into this matter of liability, that you check up and make sure that your automobile insurance policy includes other coverages which you ought not be without—Comprehensive Fire, Theft, Collision and Medical Payments coverage.

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration mean a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

How much light is enough to safeguard young eyes?

Where some homes show less than 5 footcandles, noon sunlight registers 10,000 footcandles.

OF course, a baby can't read, but he can strain his eyes under poor light. It is an appalling fact that while most children are born with good eyes, by the time they reach school age one out of five suffers from defective vision.

Don't take chances with your children's priceless eyesight. Give them the protection of good light—and plenty of it—when they play or study indoors at night. Make sure the light is evenly distributed and free from glare. We'll gladly help you with suggestions for improving your home lighting. Ask about it today.

HEBRON

The following poem was sent us by Gwen Taylor Copeland, with a request it be placed in the Hebron news:

God looked down
on a plot of ground,
And in His heart He said,
"I will call this spot Hebron,"
And from the Book He read—
The usual things on her bestow,
The fields, the brook, a sky o'er
A church, a school and people,
spread.
Who toil for daily bread.

And give them pain and laughter
But love must be a part,
For goodness springs from loving
And loving from the heat.
God closed the Book,
Again looked down,
As he in heaven stood.
"All's well with His creation."
For He saw that it was good.

Mrs. Wm. Schwab has the deepest sympathy of her many friends in the sudden death of her brother Jobie Poston, of Newport, last week.

Burlington Eagles Defeated By Dry Ridge Cardinals Tuesday

Coach Joe Reed's Dry Ridge Cardinals defeated the Burlington High School Eagles 40 to 17 in a game at the local gym last Tuesday night. The Eagles started off on even terms with their rangier opponents and the first quarter ended deadlocked at six all, but thereafter it was a Dry Ridge affair with the hald ending 22-10, third quarter 30-12.

Burlington's reserves played on even terms with their opposition most of the way before losing out 23-20.

Burlington's next home game will be with Walton on December 6.

BULLITTSBURG S. S. STUDY CLASS

The Sunday School teachers of Bullittsburg Baptist Church held a very successful study class at the church four nights during the past week. The book studied was "A Church Using Its Sunday School," by J. N. Barnette.

The following teachers and officers attended three sessions or more: Rev. W. T. Gardner, Miss Martha Pfalzgraf, Mrs. A. L. Pfalzgraf, Mr. and Mrs. G. B. Yates, Mrs. Jonas Stevens, Mrs. M. Holladay, Mrs. G. H. Grant, Miss Lucy L. Grant.

The following, though not officers or teachers, also attended three or more sessions: Mrs. E. B. Elliott, Mrs. L. B. Stamper, Mrs. A. B. Ligon, Mrs. W B Campbell and Mrs. W. T. Gardner.

Rev. Hamilton of Sand Run Church was the leader. All attending agreed the book was very worth while and interesting and that Rev. Hamilton was an excellent teacher. We are looking forward to another study session this coming spring.

BURLEY TOBACCO OUTLOOK GIVEN

BY COLLEGE OF AGRICULTURE, LEXINGTON—FOREIGN OUTLETS MAY KEEP PRICE HIGH ACCORDING TO REPORT.

The annual outlook report of the Kentucky Agricultural Experiment Station says that the outlook for burley tobacco for 1947 is tempered by production during the past three years which totals 384 million pounds more than was used during the same period. Excess production of 128 million pounds per year cannot be added to stocks on hand for long without an adverse effect upon prices. The prices received for burley tobacco weakened during the marketing season last year and few strengthening factors appear in prospect during the next 12 months unless production in 1947 is reduced sharply from the levels of 1944, 1945, and 1946.

The disappearance or use of burley tobacco during the past three years averaged approximately 50 percent larger than in the years immediately before the war. If this rate is to be maintained, present supplies of burley, despite large production in recent years, are not particularly excessive. In fact, the total supply on October 1, estimated at 1,462,000 pounds, is just about three times present annual rates of consumption. A ratio of 1 to 3 is generally considered to be about normal. To maintain this ratio, however, production in 1947 would need to be reduced by 20 per cent from the 1946 levels.

Burley tobacco finds its chief uses in cigarettes, chewing and smoking tobacco. Active business and high national income favors the use of these products, particularly cigarettes. During the first 8 months of 1946 the use of cigarettes, military and civilian, appears to have been slightly higher than in 1945. The use of chewing and smoking tobacco, however, was off about 25 percent. The net result suggests slightly smaller total takings of burley. In the year ahead, no business expansion sufficient to raise the use of burley tobacco is foreseen. Neither do sharp reductions in its use seem in prospect. Burley tobacco, however, is in a danger zone, so far as supply and consumption relationships are concerned, which will make it vulnerable to price declines if a generally unsettled market situation develops for agricultural products.

In some quarters considerable hope is placed in the development of foreign outlets for burley, as an outgrowth of the war. Exports of burley in 1946 have been well above prewar rates but still are relatively small share of total disappearance (not over 10 percent).

Golden Wedding Anniversary Observed

November 17, 1946, Mr. and Mrs. W. L. Stephens of Shelby St., Florence were host and hostess to seventy friends and relatives in celebration of their 50th wedding anniversary.

At 12:30 a covered dish luncheon was served to 34 guests including members of their family and close neighbors. Open house was held from 2 to 4 o'clock, during which period many friends called to offer felicitations to Mr. and Mrs. Stephens.

The hostess chose a brown dress with a corsage of American Beauty roses for the occasion, while the host wore a suit of gray.

They were receipients of numerous, beautiful and useful gifts, including the double wedding rings presented by their daughter, Mrs. Lee Craddock and husband.

Another important feature of the occasion was the three-tiered wedding cake with yellow frosting, which was both beautiful and delicious.

Mr. and Mrs. Stephens are fine neighbors and friends and we join in wishing them many more years of contentment and happiness together.

Guests during the day included Mr. and Mrs. Lee Craddock and daughters Wanda Mae and Betty Lou, Mr. and Mrs. Arnold Craddock, Mr. and Mrs. Henry Shinkle and daughter Bernita Joy, Mrs. Elmo Tanner., Mr. and Mrs. Franklin Ryle and daughter Betty Jean, Mrs. Octavia Day, Mrs. Addie Scott, Mrs. Lon Clore , Wm. E. Phillips, Henry A. Smith, Mrs. Sally Thompson, Mrs. H. C. Presser, D. I. Tanner and daughter Glen Marie, Mrs. Nancy Kindall, Mrs. Blanche Beemon, Mr. and Mrs. Ralph Stith and children Charlene and Donald, Mrs. T. C. Crume, Mrs. F. J. Hammersmith, Mrs. Nancy Bonar and daughter Nancy June, Mr. and Mrs. Ed Thomas, Pvt. and Mrs. James Bonar, Mrs. Ida Somers, Mrs. Dora Markesbery, Mr. and Mrs. C. F. Blankebeker, Ora Coffey, Mrs. O. E. Quenn, Mr. Nannie Mitchell, Mr. and Mrs. Bud Webster, Mr. and Mrs. Arthur Holden, Mrs. Emma Cleek, Mr. and Mrs. Lewa L. Stephens, Mrs. Robt. Aylor, Mrs. Wm. Schmidt, Miss Doris Jean Taylor and girls friends, Miss Donna Sue Holden, Mr. and Mrs. Roy Lutes, Mr. and Mrs. Gilby Green, Rev. and Mrs. Harold Wainscott, Mr. and Mrs. E. Bonta, Marcus W. Ryle, Mr. and Mrs. Vernon Masters, of Hebron, Mr. and Mrs. Arnold Connley, of Erlanger, Chas. Craven, of Newport. and Mrs. Anna Crume, of Bardstown.

Mrs. Etta Beemon was ill several days last week.

Glad to report that L. C. Weaver is rapidly improving in Christ Hospital, according to latest reports.

John Tuttle, Pulaski county, is getting 80 percent egg production from his flock of 258 Barred Rock pullets which were hatched the last of February, the highest record for one day being 220 eggs. Mr. Tuttle keeps his pullets confined in an A-type poultry house, 30 by 50 feet in size, with mash, oyster shell and plenty of clean water before them at all times, said Farm Agent Hugh Hurst. Electric lights in the house are turned on each morning at 4 o'clock.

GUNPOWDER HOMEMAKERS

Christmas gift suggestions was the answer to roll call of the Gunpowder Homemakers' Club held at the home of Mrs. S. H. Aylor.

Mrs. Clyde Arnold the county president was present with suggested gifts and decorations to be made for Christmas.

Martha Richards introduced two new members, that making twelve members present and seven visitors, four from the Florence Club. We were very happy to have the suggestions from these members.

The next club meeting will be held at the home of Mrs. Grace Robinson on Dec. 17. Everyone welcome and bring a gift for the Christmas party.

We were very sorry Miss Gillaspie and Miss Frye were unable to be with us.

—Ruth Kelly, Reporter.

CARD OF THANKS

To the Hebron Fire Department, residents of Camp Ernst Road and other Boone County residents, we wish to express our sincere admiration and gratitude for the most gallant and efficient manner in which you aided in fighting a grass fire on Camp Ernst Road on the afternoon of Sunday, November 24. Without question, such a service to the community will set a high standard for recent arrivals in Boone County and also to those who will be attracted to this community in the future.

A LETTER ON CHRISTIAN LIVING

LESSON TEXT—Acts 19:23-30; Ephesians 6:13-18.

MEMORY SELECTION — Finally, my brethren, be strong in the Lord, and in the power of his might.—Ephesians 6:10.

The war is never over for the Christian. He is called to a constant strife against the world, the flesh and the devil, which knows no armistice or peace conference so long as he lives or the Lord tarries.

Paul, who had now set out on his third missionary journey, was this time permitted of the Holy Spirit to witness and minister in Asia.

For three months he spoke in the synagogue, as was his custom, but when his ministry resulted in many converts others hardened themselves in opposition. So he withdrew (a bit of strategy in this spiritual warfare) to neutral ground in the "school of one Tyrannus," where he could teach and reason with them daily.

Paul knew by experience that this could not go on, for he had learned as we should learn to

I. Expect Opposition — It Will Come (Acts 19:23-30).

The comfortable and contented Christians of our day who just want to be let alone to carry on their worship are certainly not related to the real Christians of Paul's type.

The enemy of our souls is often content to let us go on in comparative peace as long as we do not bother him unduly, but once we put up the banner of a holy life and service in God's army, he begins a terrific counterattack. Paul had felt it already in the hardening of listeners' hearts (v. 8).

1. Selfish Opposition (vv. 23-27). One way to bring a violent reaction against spiritual truth is to let it interfere with business. Demetrius and his fellow silversmiths professed to be concerned about the threatened destruction of the heathen worship of Diana.

Many of the enemies of the gospel in our time are fighting against God's Word because they are in a business which is condemned by it.

2. Senseless Tumult (vv. 28-30). Knowing that their opposition was without true foundation, they inspired and agitated a wild demonstration.

Shouting a slogan which had no real meaning, they lent their voices to the tumultuous agitation against God. Finally, one sensible man, fearing the punishment of city officials, quieted them (Acts 19:35-41).

The Ephesians were just like many in our day who fear man more than God. But, may we ask, if you fear the judgment of men, how think you to escape the judgment of God? After all, it is God and His Word you oppose, unconverted friend. Do you think He will hold you guiltless?

Paul was not afraid (v. 30), for he had also learned that the servant of the Lord can

II. Count on God—He Will Deliver (Eph. 6:13-18).

Writing to the church in this very city where the Lord opened "a great door and effectual" for Paul (I Cor. 16:9), he admonishes them and us to make full use of the provision which God has made for victorious warfare.

There is a complete armor, and a mighty weapon, the sword of the Spirit, but none will do us the slightest good unless we put it on and go into battle. If we think we can do without the breastplate of righteousness (and some Christians and church workers seem to think they can), or neglect to carry and use the shield of faith, we can only expect defeat. We fight great spiritual enemies (see vv. 11, 12 of this chapter) and we need the best in both offensive and defensive equipment.

The girdle of truth binds up the warrior and eliminates the hindrances to rapid movement. The breastplate is righteousness, not his own but Christ's, but it must be appropriated and used.

The soldier must be well shod for the long rough journeys and to give him a good foothold in the day of battle. Peace in the heart provides such a firm vantage point in the fight for God.

Faith is the quickly moved shield, catching all the fiery darts. Here again it is not my faith or yours alone, but our faith in God, putting him between us and our enemies.

The sword of the Spirit, which is the Word of God, is our all-powerful weapon. Let us not neglect to use it. We are so prone to talk about the Bible, to defend it, to argue for its truths. Talking about a sword does not make it effective. Let's really use it.

Prayer is always to be counted on and it is both a defensive and offensive weapon. It keeps us in touch with the Captain of the Lord's hosts. We call for help, get orders and transmit news of victory through prayer.

BURLINGTON W. M. S.

Fifteen ladies assembled at the hospitable home of Mrs. Aline Brady, November 13 at 11:00 a. m. for an all-day meeting, most enjoyable in every respect.

The morning session was given over to the regular business and program affairs. Mrs. Brady presented the program, "Fields Yet Untouched by Southern Baptists," the topics of which were discussed by Mrs. Lucas, Ruth Kelly and Mrs. Walter Brown.

During the business session, plans were formulated for the December Week of Prayer program. December 4, 11 a. m. was selected as the date for special observance, with meeting at the church. All ladies of the church are urged to be present for this observance. A covered dish luncheon will be served.

At the noon hour, a most bountiful and delicious lunch was served and enjoyed by all. During the afternoon session the women made stuffed Christmas toys of be sent to the Kentucky mountain children. All having such are requested to bring same to the December meeting for shipment soon thereafter.

A friend of ours said his son was looking for a wife that is too proud to make him work.

We hold out hope for the man who can look in the mirror and laugh at what he sees.

We've heard to get the best of and argument is to keep out of it.

A silent enemy is much more of an asset than a talkative friend.

Too many people worry themselves to death over other people's worries.

FARMER-TESTS SHOW HYBRID CORN VALUE

"No more experimenting for me. It's all hybrid corn from now on," George Corum of the Goose Rock community in Clay county told Farm Agent William C. McClure. Mr. Corum figures he lost at least $100 a year by not having the entire field planted to hybrid seed during the past two years when he has been comparing this variety with common corn.

Corum planted half his field with hybrid seed and half with common corn. They had the same fertilizer treatment and were planted and worked on the same days. When the corn was gathered, the common corn yielded 59.9 bushels per acre and the hybrid variety, 74.9. Stalks of the common corn were badly blown and twisted, while the hybrid corn had no fallen stalks.

This was the second year Mr. Corum had carried on this test. In 1945 he grew the common variety where the hybrid corn was this season. He experienced the same trouble with the common corn being blown down, McClure said.

YIELDS OF TOBACCO DOUBLE IN 10 YEARS

Wolfe county farmers now are disappointed if they don't produce at last 1,200 pounds of tobacco to the acre, whereas 10 years ago yields of 600 to 800 pounds were considered good, says County Agent Chas. E. Gabbard. On most of the good farms yields have more than doubled, he added.

Growing disease-resistant types of tobacco following cover crops, and the use of fertilizers and manure, added at least 100,000 pounds to the Wolfe county crop this season, the county agent declared, and will bring to farmers an extra $30,000 to $50,000.

NEW HAVEN HOMEMAKERS

The November 18 meeting of the New Haven Homemakers was held at the home of Mrs. B. F. Bedinger on Richwood Pike. The business meeting was conducted by the president, Mrs. Margerite Young. Suggestions were given for baking Christmas gifts to be exchanged and samples of homemade gifts were displayed.

Mrs. Stanley Ranson was appointed acting vice-president and citizenship chairman due to the leave of absence requested by the present chairman, Mrs. J. O. Griffith.

Mrs. Don Hopkins discussed the subject of social relationship based on community recreation. A committee was organized to plan a Christmas party with the purpose of starting community recreation.

The club was pleased to welcome Mrs. Struve, a new member to its group.

BURLINGTON RD. HOMEMAKERS

The Burlington Road Homemakers' Club meeting was held at the home of Mrs. A. G. McMullen on November 15th. Nine members were present and one new member was welcomed into the club, Mrs. Louis C. Riddell. "Recreation" was our subject, given by Mrs. Robert King and Mrs. Paul Ammon.

Miss Gillaspie our Home Demonstration Agent was present with loads of Christmas gift suggestions, so easy and inexpensive to make. We are looking forward to our next meeting at Mrs. John Kyle's on Dec. 12 for our "get-together" to display some of our homemade gifts. It's rumored there will be a "grab-bag." It's fun to be a Homemakers, why not oin one of our clubs?

CHILDREN'S FEET

N. TULCH
Foot Comfort specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Ninety-nine out of a hundred babies are born with good feet, even if they do appear to be flat at the start. We say babies are born with flat feet because the bony masses in a new-born baby's feet are held in place by fat pads. As the baby starts to stand and walk, these fatty pads are absorbed and muscles take their place. But about the third year the arch of the foot should be pretty well defined if the child is going to have an arch. We say if, because everyone is not meant to have the same color of hair or eyes.

Perhaps when the child starts to stand he is overweight, or undernourished or has gone through a serious illness. In that event the muscles may not develop enough to produce an arch in the foot. He then grows with a natural flat foot. The condition is rarely painful. However, many cases of flat feet can be averted if the child is provided with shoes that hold the weak foot in alignment. Such shoes are usually wedged slightly under the inner border of the heel bone. This prevents tipping in of the ankles and by over correction has a tendency to cause the muscles on the inner border of the leg to shorten. These muscles are the ones which keep the foot arched.—Adv.

Even if opportunity knocked the door down some people wouldn't be interested.

MAKES 4-H RECORD

Four-H club district champion winner in baby beef production and room improvement, and blue ribbon winner in canning, was the record made by Leta Faye Cooper of Wayne county, after having been named county winner in all three projects. Leta Faye fed three baby beeves, winning first place with one and second place with another. In her room improvement project, she remodeled an attic room for a bed room for herself. Then she canned almost 500 quarts of food.

HYBRID CORN STANDS UP

That hybrid corn resists wind better than ordinary corn was seen on the farm of Myron May in Morgan county when he made careful count of the fallen stalk in a test plot planted to strips of five varieties of hybrid corn alternated with strips of ordinary corn. A severe windstorm had blown directly across the plot. Mr. May told Farm Agent Chas. Dixon that when he gathered the corn, careful check showed that four times as many stalks of the common corn were down as of the hybrid kinds.

When some people say—"I'll think it over"—they flatter themselves.

We find that what we get is always what we least expect.

RECREATION GROUP HEARS BRUCE TOM

Bruce Tom, nationally known recreation leader and specialist in rural sociology at Ohio State University, was a speaker at the statewide recreation workshop recently held in Berea. More than 40 men and women were in attendance, representing churches, teaching, county and city recreation boards, extension service, homemakers, 4-H and Utopia club leaders, high school students, recreation directors and YWCA organizations.

Others leading in the discussions and demonstrations were Larry Eisenburg, recreation leader, Board of Education of the Methodist Church, Nashville, Tenn.; Miss Ruth White, music teacher, Hindman Settlement School, Hindman, Ky.; Miss Marie Marvel, recreation leader, Southern Mountain Workers, Berea; Mrs. Marion Heard and Miss Winogene Redding, Southern Highlands Handicraft Guild, Gatlinburg, Tenn., and Mrs. H. B. Lovell, naturalist, Louisville.

Plans for the annual meeting to be held in 1947 will be made by a 14-member committee representing all parts of the state, with Miss Zelma Monroe, University of Kentucky College of Agriculture and Home Economics, as chairman.

FLORENCE HOMEMAKERS

The Florence Homemakers' Club held their regular monthly meeting at the Town Hall, November 14 with 27 present. The major subject of the day was "Recreation" given by Mrs. Betty Pierce and Mrs. Betty Jo Conrad.

The flower exchange was quite a success. We also planned the luncheon menu for our Christmas party to be held at Mrs. Curtis Moore's Dec. 20th. Everyone urged to attend.

Mr. and Mrs. Percy Ryle had as guests Sunday, Mr. and Mrs. Walter Bricker, of Lawrenceburg.

Glad to report the sick improved.

Mrs. Cam White, Mrs. Wm. Brown, Sr., and Mrs. Mae Williamson attended the O. E. S. Chapter Monday evening at Burlington.

Mrs. Walter Buckler and children have returned home after a visit in Marion, Ind.

Mrs. Elmer Jarrell was calling in McVille, Saturday.

We extend sympathy to Harry Ashcraft in the loss of his father, who passed away at St. Elizabeth Hospital.

Bert Scott and Wm. Presser butchered hogs this week.

Mr. and Mrs. Cam White called on Mr. and Mrs. Cliff Sutton on Sunday afternoon.

Mrs. Mae Williamson attended the wedding of her granddaughter, Miss Lorette Rector and Robert White, Tuesday evening.

Mrs. Kirby Conner is much improved and left for Wisconsin to visit with her daughter.

Mrs. Ellison Rector had as guest a few days, her mother, Mrs. Mae Williamson.

Badger Buckler is spending a few days with Mr. and Mrs. Walter Buckler.

An eye wink takes a quarter of a second—but a lot longer to explain to the wife.

LOOKING AHEAD

BY GEORGE S. BENSON

President—Harding College Searcy, Arkansas

Strike—At Whom?

Financial reports make interesting reading to people who know even a little bit about what they mean. To some, they look drab because they are printed mainly in figures; many students never have learned to enjoy studying figures. Just the same, dull old numerals tell the truth in a romantic way to those who love cold facts of struggle and adventure.

Late in May it was my good fortune to have with me an annual report of one of America's largest corporations when I had to spend three hours on a day train. In the back of my mind as I rode along, was a lurking fear that I might reach home a day (maybe a week) late because of labor troubles, just then coiling to strike. My dread threw a dread light on the figures in hand.

Division of Wealth

The company about which I was reading plays an important part in the lives of more than a quarter of a million people: 100,000 employees and 150,000 stockholders. Two out of every five of these people drew wages while three out of five received dividends. The average share owner got less than $500 a year. The average employee took home more than $2,500 a year.

Daily newspapers for days had reported threats of strikes in the plants of the firm I was studying, also on the lines of the railroad I was riding, and in many other industries. Question: If all the employees of all the companies strike for what they want and get it, who will pay the difference? How will they pay it? These questions have answers and they're not secrets.

Enter Apple Conductor

The train stopped for a few minutes under the sheds of a bigtown station and a railway newsboy came through with fresh afternoon papers. On page one, under Washington date-line, a wire story told how OPA would grant higher prices on automobiles. Nearby was another item about a 10% boost in shoe prices. Then I remembered that bread and milk and meat all had gone up recently.

Whether you ride or walk or only eat, the price gains catch you. Wages are inside the cost of every manufactured thing, and the consumer pays. It is too obvious to deserve proof. Not long ago officialdom was sounding off freely about how wages in Detroit could be boosted without charging higher prices for automobiles but it didn't work out that way. Why?

Strikes Are Weapons

It is because strikes are not tools. The official theory was right: Wages can go up without boosting prices but production has to be increased if it happens, and strikes don't increase production. Sudden wage increases of 18% to 30% have to come from somewhere, but where? A stockholder drawing $500 a year can't offer much of a boon to a $2,500 wage earner.

Strikes can't take something from the owners of a company that the owners don't get. That leaves nobody to pay the higher wages but Mr. Consumer whose family drives the car, wears the shoes and eats the food. A large majority of consumers are themselves workers. In the absence of increased production, a strike is a boomerang. It hits the consumer who is the worker himself.

WATERLOO

Mr. and Mrs. Virgil Mallicoat and son of Cincinnati, were Sunday guests of Mr. and Mrs. Wesley Kittle.

Mr. and Mrs. Martin, of Idlewild were calling on Mr. and Mrs. O. W. Purdy, Sunday afternoon.

Sorry to hear, Mrs. Bryant Jones' mother, Elizabeth Addison, of Dillsboro, Ind., is in Jewish Hospital. We wish for her a speedy recovery.

Mrs. Margaret Kelly called on Mrs. O. W. Purdy, Sunday afternoon.

Mrs. Bryant Jones and daughter Patsy were week-end visitors of Mrs. Jones' brother, Mr. and Mrs. G. T. Addison, College Hill, Cincinnati, Ohio.

Regret to hear that Mr. and Mrs. Harry Stephens are moving from this community in the near future.

NORTH BEND ROAD

Mrs. Frank Aylor and son called on Mrs. Annie Reitman, Friday afternoon.

Alfred Wilson returned home Thursday from Christ Hospital.

The regular meeting of the Sunday School officers and teachers of the Sand Run Church will be held Thursday evening at the home of Mrs. Lee Craddock.

Betty Lou Craddock spent Sunday night with Joyce and Margie Kilgour.

Mrs. Grace Graves spent Saturday with Mrs. Mamie Bullock.

Mr. and Mrs. William Blaker and children called on Mr. and Mrs. Jake Blaker, Monday night.

Misses Betty Jean Ryle, Shirley Bingham, Margie Ann Kilgour, Betty Faye Eggleston and Allene Hodges attended a G. A. rally in Covington with their counselor Mrs. Hazel Eggleston, Saturday.

Mr. and Mrs. Howard Wilson spent Sunday with Mr. and Mrs. Jake Blaker.

Mr. and Mrs. Tom Craddock entertained her sister, Mr. and Mrs. Charles Calverley, of Ellendale, Minn., the past week.

A man regained his sight after 60 years of blindness. Probably wondered what had happened to women.

Don't jump at conclusions—it might be a trick ending.

Hebron Downs Warsaw

Paced by Buckler who garnered 15 points, the Hebron Cardinals downed Warsaw Friday night by a score of 32-14.

The game was a breeze for Hebron as they were never pressed at any point in the game by Warsaw.

Coach Goodridge's reserves took the Warsaw reserves by a score of 21-19. The last two points being made in the last twenty seconds of play.

If it pays to be careful, the more care you are the better it pays.

A committee will be appointed to decide on what books will be reviewed during the year, and where meetings will be held.

In keeping with the spirit of the coming holiday season a Christmas program has been planned. Mrs. Louella McFarland of Burlington will review a book and Mrs. A. L. Pfalzgraf, Bullittsville, will present information on books as Christmas gifts for children.

Anyone interested in belonging to the Book Club is cordially invited to attend.

TOBACCO STALKS AID FARMERS

IN HELPING SOLVE FERTILIZER SHORTAGES—RICH IN SOLUBLE NITROGEN, PHOSPHATE AND POTASH.

Tobacco stalks are proving a valuable aid to farmers in helping solve their fertilizer shortages, according to H. R. Forkner, County Agent. Tobacco stalks are rich in soluble nitrogen, phosphate and potash; and more farmers this year are spreading their stalks on green growing crops to have this farm produced fertilizer.

Albert Parker on U. S. 25 just north of Walton for several years has followed the most efficient method of handling his tobacco stalks. They are spread over his small grain or young grass crops regularly as the crop is stripped. The full fertilizer value of the crop is received through this method.

Three-fourths of the fertilizer in the stalks is lost when they are left out in the rain and snow before spreading. H. E. White, Burlington, has worked out a simple system where barn storage is not available. When the crop is stripped the stalks are placed next to the stripping room on a sled used to haul fodder to the livestock. Each morning when the fodder is to be hauled the stalks are first taken to the field and spread.

Boone County the past year produced over 4,000,000 pounds of tobacco stalks as a by-product of the burley crop. The fertilizing value of the stalks will run into thousands of dollars, practically all of which can be used for producing better tobacco, corn, small grain, pasture and hay crops.

Aylor-Black

In a double ring ceremony at 3:30 on Thanksgiving afternoon Miss Dortha Jane Aylor became the bride of George Edward Black at the home of Rev. R. A. Johnson, of Covington, Ky.

The bride is the daughter of Mr. and Mrs. Paul Aylor of 342 Dixie Highway, Florence, Ky., and the groom is the son of Mr. and Mrs. Edward Black, of Walton, Ky.

The bride's sister, Mrs. Fred Burton Reed, of Indianapolis, Ind., was her matron of honor, wearing a pearl grey suit with matching hat, black accessories and a shoulder corsage of red roses and white chrysanthemums. The bride was wearing an afternoon suit of surf blue wool which was accented by a tiny brown hat with surf-blue trim and brown accessories. At her shoulder she wore a purple throated orchid.

Mr. Fred Burton Reed of Indianapolis, Ind., was best man.

Following a reception at the home of the bride's parents, the couple left for a wedding trip, after which they will be at home to friends at 342 Dixie Highway, Florence.

She was a member of the graduating class of '43 from Burlington High School and has been employed for the past three years by the First National Bank of Cincinnati.

The groom is a graduate of New Haven High School, class of '41. He served 31 months in Europe with the U. S. Engineers and is a holder of the Bronze Star medal. He is now employed by the Consolidated Telephone Co.

RESPONSIBILITY ACT EFFECTIVE

JANUARY 1ST HAS FAR-REACHING EFFECT — COOPERATION OF CAR OWNERS SOUGHT BY COMMISSIONER.

With Kentucky's new Safety-Responsibility Act becoming effective January 1, a good many citizens currently are seeking information on the law, and are learning that this measure will have a more far-reaching effect than they had anticipated. Commissioner O. M. Howard of the Department of Revenue points out briefly how this act may affect Kentuckians of various groups.

Car owners constitute the group most generally affected by the provisions of the Safety-Responsibility Act. Should a car owner become involved in an accident and not have liability insurance, he is required to establish financial responsibility by means of a surety bond or a cash deposit with the state treasurer in case the courts award a judgment against him. If he cannot meet these requirements, he then must forfeit his operator's license and registration of all motor vehicles in his name.

It is important to remember if he is involved in a traffic accident, no matter whose fault he thinks it was, he is required to submit an accident report to the Department. This applies to any traffic accident in which $50 or more in property damage is sustained by any party involved, or in which any person is killed or injured.

A fleet owner may furnish financial proof, under the new law, for any person operation a vehicle in his employ. If he as a fleet owner has registered in his name more than 25 motor vehicles he may qualify as a self-insurer. To do this he must obtain a certificate of self-insurance from the Department of Revenue. Such self-insurer is not then required to furnish security following accidents, as in the usual manner.

If an employeyd operator is involved in an accident while operating a motor vehicle in the employ of another person, he is nonetheless required to fill out the necessary accident report form. His operator's license, too, would be suspended if neither he nor the owner of the vehicle involved is able to give any suitable financial proof of ability to pay damages.

If a driver has an accident while driving the motor vehicle of another person and does not have such owner's permission, either express or implied, then the responsibility is solely his under the Safety Responsibility Act.

The new law says the owner of a motor vehicle may furnish financial proof for any member of his immediate family or household should they become involved in an accident requiring such security.

Under the new law motorists are still liable to pedestrians for any personal injury caused by a traffic accident.

A non-resident owner of a vehicle not registered in this state, must comply with the provisons of the Safety-Responsibility Act. If he violates these provisions he forfeits his driving privileges in this state.

Commissioner Howard desires the cooperation of every car owner and driver so the Safety-Responsibility Act may prove beneficial to their best interests.

X-RAY CLINIC TO BE HELD DEC. 18-19

AT TOWN HALL, FLORENCE—U. S. PUBLIC HEALTH SERVICE IS FURNISHING FILMS—CLINIC IS FREE.

Miss Elizabeth Lowry, Red Cross Nurse of Boone county announces that the X-ray Clinic scheduled for December 9 has been changed to December 18 and 19th. All persons in Boone County over 15 years of age may get an X-ray without an appointment between the hours of 11:00 and 3:00, December 19th.

Those under 15 who desire X-ray are requested to see a Boone County physician.

The United States Public Health Service is furnishing filgs, therefore this clinic is free. There may not be another such clinic for several years so it is hoped that all persons who have been exposed to tuberculosis or for any reason should have a chest X-ray, come to this clinic.

This clinic has been made possible through the sale of Christmas seals.

Utopia Club Hears William McFarland

The November meeting of the Boone County Utopia Club was held last Tuesday night with the new president, T. J. Stewart in charge.

Mr. Wm. McFarland County School Superintendent gave a very interesting talk on his experiences in the Philippine Islands.

Ways and means were discussed to make some money for improvements for rural recreation. Watch the next few issues for details.

All members and anyone interested in having a good time are invited and urged to attend the Christmas party which will be held in the Hebron hall on December 19th at 8:00 p. m.

Everyone is asked to bring a gift costing not under 25 cents nor over 50 cents for the Christmas tree. Santa Claus will be there in person, so why not you?

One of the aims of the club is to go forward this coming year, and all high school students are asked to come out and put Boone County out in front.

Don't forget the next meeting, December 19th at Hebron.

Boone County Baptist Group To Meet Dec. 9

The regular monthly meeting of the Boone County group of Baptist Churches will be held at the Big Bone Baptist Church on Monday evening, December 9th.

This is to be the regular Associational Sunday School meeting, according to Rev. L. M. Hamilton. All interested persons are urged to attend.

BURLEY SALES AVERAGE $40.93

OPENING DAY ON COVINGTON MARKET—STATE AVERAGE IS $41.56—BETTER GRADES OF WEED HIGHER.

Burley tobacco sales at Covington were reported to have averaged $40.93 on Monday. The burley tobacco marketing season opened officially Monday with practically all floors throughout the belt filled to capacity. The State average price was $6.54 per hundred below that of 1945 as reported by the State Department of Agriculture.

The State department said the 1946 crop on opening day in the State Monday averaged $41.56 per cwt. compared with $48.10 paid on the opening day in 1945. This year's opening date however, was much higher than the sales near the close of the season last year.

Buyers Monday were paying up to $74.00 per cwt. for best grades of smoking tobacco. Flying, trash and good lug grades were considerable higher than last year. Red leaf and tip grades were lower with most of these grades going into the burley pool. The pool was reported to be receiving between 25 and 50 percent of the crop and was one of the strong supporting factors in the market.

Both warehousemen and farmers were worrying about the redrying situation due to the coal strike. The Kentucky Farm Bureau Federation was advising farmers to not rush their crops to market until the coal situation was settled or until they were assured the redrying situation would not put a bottle-neck in the market.

William W. Thomas, Route 1 Florence, reports he sold Monday at Kenton Loose Leaf Tobacco Warehouse, Covington, his one-acre crop of tobacco for $1107.40, an average of better than 53 cents a pound.

There are probably many more Boone County farmers who received high averages, both on the Kenton Loose Leaf Warehouse floor and the new Covington Independent Warehouse, located at Erlanger, but as we go to press Wednesday, we were unable to give these reports.

Florence Girls Included In Coming-Out Party

Lexington — Approximately 200 new pledges of the 11 campus sororities at the University of Kentucky were given a "coming-out party" last week by Panhellenic, governing body of U. K. sororities.

Included among the girls presented at a reception in the Student Union Bluegrass ballroom were the following students from Boone County, together with their sororities: Alpha Delta Pi: Barbara Lutes, Andrea Bain, both of Florence.

More than 500 guests, headed by U. K. President and Mrs. H. L. Donovan and President Emeritus Frank L. McVey, witnessed the presentation ceremony. Highlight of the evening saw the presentation of a $500 check by Panhellenic President Angela Meish to Dean of Women, Mrs. Sarah B. Holmes, who accepted on behalf of the Frances Jewell McVey Memorial Scholarship Fund.

The check represented the amount of money that the sororities would have spent on food for a banquet, as was the custom during pre-war pledge presentations.

CAPACITY CROWD WITNESS GAME

OF VOLUNTEER FIREMEN SATURDAY NIGHT—THANKS EXPRESSED BY FIRE DEPARTMENT FOR COOPERATION.

A capacity house of interested basketball fans and loyal supporters of the Burlington Volunteer Fire Department witnessed the department's annual show Saturday night, Nov. 30. The "Ladder" girls won their contest 20 to 8, but in the feature contest J. D. Farrell's "Hose" team defeated "Pip" Clore's outfit 31-20 in an overtime affair.

H. R. Forkner and G. L. Cropper won over Dr. M. A. Yelton and Rev. Roy Johnson in a free-throw contest.

Members of the Fire Department take this opportunity to express their sincere appreciation to those who assisted and cooperated in making the affair successful.

IMPROVEMENTS SEEN ON HOMEMAKERS TOUR

How Mrs. Marshall Peak, president of the LaGrange Homemakers Club made attractive the second floor of a former hotel as her home was seen by more than 100 women in Oldham county on a recent home improvement tour. Purpose of the tour was to observe how homemakers had used some of the ideas learned under the direction of Home Agent Lilah Hembree.

Among improvements made, the women saw Mrs. Peak's remodeled kitchen with storage cabinets to the ceiling; carefully planned clothes closets; a built-in dressing table unit and linen closet in the bathroom, and an unused doorway equipped with shelves for vases or books.

Featured at the home of Mrs. Marion Hellman, LaGrange, were kitchen cabinets with step-shelves, door racks and filling space for lids and pans; twin closets built on each side of a window in a bedroom and an over-size archway narrowed with shelves for books and accessories. All of the work was done by Mr. and Mrs. Hellman.

At the home of Mrs. E. N. Olyer, member of the Pewee Valley Homemakers Club and 4-H club leader, the women noted how a partition had been removed to enlarge the living room, the mantel had been lowered, bookshelves made, furniture slipcovered, closets added and kitchen rebuilt.

Improvements made in an old house, at the end of the first year of a three-year-plan, were seen at the home of Mrs. Charles Yagor, Crestwood, who had added a kitchen, windows and electric wiring.

A newly arranged, step-saving kitchen; pantry converted into a bathroom; screened living porch, and refinished and slipcovered furniture were seen at the home of Mrs. Walter Pinnell, Prospect. With seven feeding areas for birds within sight of the kitchen windows, Mrs. Pinnell's hobby aroused a great deal of comment.

Adversity is the only scale that gives us the correct weight of our friends.

People who tell lies may be partly insane—but what about those that believe them?

CUTS SILO-FILLING WORK

J. T. Thomas of McLean county reduced the work required in silo filling by using a mechanical field chopper to cut his standing corn. Then the silage was hauled in and blown into the silo. Thomas, who recently completed building a steel silo, told Farm Agent Leroy Northington that he figures he saved the labor of 10 to 12 men by following this plan.

MR. MOTORIST...
Protect Your Driving Rights Now

HERE'S HOW THE KENTUCKY MOTOR VEHICLE SAFETY RESPONSIBILITY ACT AFFECTS YOU AFTER JAN. 1, 1947
If the automobile you own or drive is involved in an accident which causes bodily injury or death to a person other than the owner or operator, or damages another's property in excess of $50, the Department of Revnue MUST within 60 days after receiving report of motor vehicle accident suspend your license to drive any automobile and all your registrations.
UNLESS

(a) There is in force with respect to motor vehicle involved an Automobile Liability policy providing insurance for at least $5.000 for injury to or death of one person, $10,000 for one accident, and $1,000 for damage to property; or
(b) your liability is, in judgment of Department, covered by some other form of liability insurance or bond; or
(c) you desposit such security as the Department deems necessary to pay judgment against you reulting from such accident, or evidence of release, confession of judgment and agreement for installment payment has been filed with the Department; or (d) your vehicle was legally parked or operated without your permission.

The Act applies to resident and non-resident owners and drivers using Kentucky highways AND to Kentucky resident drivers and owners having motor vehicle accident JUDGMENTS obtained against them in OTHER STATES, the DISTRICT OF COLUMBIA or CANADA.

FURTHERMORE

When any judgment is rendered against you arising out of the ownership, maintenance or use of an automobile, even if judgment is for damages of less than $50 to property, the Department of Revenue will be required to suspend your license to drive and all registration certificates and license plates if the judgment is not paid within 60 days and proof of responsibility given for the future.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

Lesson for December 8

PAUL ADMONISHES THE CHURCHES

LESSON TEXT—I Corinthians 11:20-27; Romans 13:12, 14; Ephesians 5:18-21.
MEMORY SELECTION—Let us walk honestly, as in the day.—Romans 13:13.

Temperance is readily taught from the epistles of Paul for he was constantly moved by the Holy Spirit to exhort the churches and individual Christians to a careful and worthy walk before God.

In doing so he was not afraid to speak plainly about the use of intoxicants. Perhaps his brethren in the ministry today should consider him and take courage.

Our lesson is a temperance lesson, and since some twist that word "temperance" to fit almost any kind of indulgence, we should like to quote a careful evaluation of it by Dr. W. R. White:

"Temperance is a seriously misunderstood word. The best definition we know defines it as abstaining from that which is harmful, and using moderately that which is legitimate. We would not advise a man to be moderate in teasing a rattlesnake. We would not tell him that it is all right to steal, lie or commit adultery just so he is temperate about it. We would not tell a man to use dope moderately. . . . We could tell a man to be moderate about eating meat or any other wholesome thing."

The only way to be temperate about liquor is to let it alone!

I. The Wrong Way and the Right Way—in the Church (I Cor. 11:20-27).

There were a number of disorderly things about the Corinthian church which needed correction. One of these concerned the Lord's Supper. A time which should have given them a blessed unity in fellowship and love had become just the opposite.

It was their custom to eat a so-called love feast before the sacrament, and instead of making it a time of loving and sharing, the rich ate their sumptuous meals and let a poor brother gnaw on a crust of bread.

Then feasting led, as it so often does, to excesses. Some became drunken on the wine and even partook of the Lord's Supper while intoxicated.

We are not so much concerned with the Lord's Supper in this lesson as we are with the behavior of those who attended. Think of coming to the holy table drunk! It seems impossible, and yet it happened.

Do we not still let the poor in our midst shift pretty well for themselves? The rich flaunt their affluence and let the poor get along on their crust of bread. The church needs to renew its scriptural appreciation of what fellowship and communion really means.

II. The Wrong Way and the Right Way—in the Community (Rom. 13:13, 14).

This chapter of the epistle to the Romans concerns the right behavior of the believer in his civic relationships. He is a citizen of heaven, but he is also a citizen of the community in which he lives.

The use of intoxicants which a generation ago was a shameful thing is now generally accepted. The home in which liquor was served was a disgrace; now "cocktail" is one of the first words children learn.

What is the explanation? Is liquor any less destructive and demoralizing? Certainly not! Is it then true that people are more candid and open about what they do? No, it is rather that moral standards have slipped to the point where they are no longer ashamed when they should be, if they thought straight!

Along with the liquor go all the things enumerated in verse 13. Oh, the awful depth of sex degradation, of plain ordinary indecency and dishonesty, of strife and envy. It is not a nice picture, but it is true.

The right way is found in verse 14. It was reading these two verses in his mother's open Bible that led Augustine to Christ. He saw and took the right way. Will others do likewise?

III. The Wrong Way and the Right Way—in the Heart (Eph. 5:18-21).

This is a personal matter. The man or woman who finds satisfaction in wine wants the overcoming power of the narcotic influence to take away the sense of responsibility for life. It is a weak and hopeless way to avoid facing reality.

The right way is to let the Holy Spirit take full control of the heart and life. This is to be an experience of complete surrender, being "filled with the Spirit."

Does life then become drab and uninteresting? No, indeed! For the first time you will be really joyful.

That inevitably leads to thankfulness, a grace too little known and practiced. It is for all things at all times. Do not overlook that fact. Then too there will be a delightful attitude of consideration and respect for one another (v. 21) and of devotion to God.

Vets Vocational Guidance Available Nearest Home

Veterans Administration has completed arrangements to provide vocational guidance for veterans at places nearest their homes, regardless of regional or jurisdictional lines, it was announced at the Ohio-Michigan-Kentucky Branch Office in Columbus (O).

VA said the new plan is expected to be particularly helpful to disabled veterans who want to be trained under the Vocational Rehabilitation Act (Public Law 16) and who must have advisement from VA personnel before they can be approved for training. It is also expected to be a money-saver to VA, which pays the travel expenses of disabled veterans when it arranges for them to go to a guidance office.

Under the new program, when a disabled veterans guidance is completed and he returns home, the regional office having jurisdiction over his place of residence will again take charge of his case.

VA provides educational and vocational guidance for veterans at all regional and sub-regional offices, as well as at 262 guidance centers, located chiefly in colleges and universities. The guidance centers are run cooperatively by VA and college specialists. More than 26,000 veterans seeking training under the Vocational Rehabilitation Act and more than 22,000 under the G. I. Bill, received counseling from VA during September, the latest date for which complete reports are available.

Give the average man a hammer and screw driver and the ruin he can accomplish, under the guise of being helpful, is tremendous.

WOMEN DRESS UP HOME EXTERIORS

Homemakers clubs in Fleming county are devoting some of their efforts to making the exterior of their homes attractive, and report that 266 trees were set this fall, 361 shrubs were planted or moved, 133 lawns were cleaned, 90 lawns were seeded with bluegrass and 15 were fertilized. Seventy homemakers reported that they cut weeds on their premises before frost, 30 planted bulbs, 59 moved or reset perennials, 26 mulched plants, 39 planted roses, 32 repaired gates or fences, 19 [illegible] walks and placed their mailboxes on a post, painted the box and then their name on it.

What Every Mother should know about Bulbsnatching!

You know, of course, that eyestrain can lead to headaches, contribute to poor marks at school. But do you also know that bulbsnatching is an invitation to eyestrain? If Junior squints over his homework, it may be because he had to rob another light socket to get a light to read by—and wound up with an undersized bulb.

Don't take chances. See your nearest dealer today and stock up with plenty of right-size lamp bulbs. Make sure you get enough of the sizes you need—and don't forget to allow for spares. Remember—eyesight is priceless, light is cheap!

CONSERVATION CONVERSATION

By J. C. Acree

C. A. Coyle of Verona, has spread 500 tons of lime and 26 tons of phosphate on his farm since purchasing it a few years ago. This farm was formerly owned by V. P. Kearns. Mr. Coyle has built several thousand feet of diversion ditches and has ample water supply since building two large stock ponds.

Walter King, Verona, reports he has moved over 125 acres of pasture this year, and, speaking of mowing pasture, Rod Hughes says "Bird hunting isn't even good any more because farmers are cleaning up their field so. Although Rod likes to hunt, he also likes clean fields because a glimpse at his farm will convince you of that. However, on almost every farm there is a small area could be fenced for wildlife. Land not adaptable to cultivation or grazing should be fenced from livestock and let grow. Some assistance may be given to these small areas by fertilizing, setting out some adaptable trees or seeding.

W. E. Waller says he is proud to get his farm plan because it places his farm right on the table in front of him. By looking at his map, he has the estimated number of acres in all fields that are numbered. He also knows which fields should be limed or phosphated first. In other words, it gives him a schedule to work by.

It has been said that the grass always looks greener over the fence. However, traveling from Addison, down the Ohio river through Lawrenceburg, Aurora, Rising Sun, to Patriot, and looking over at the Kentucky hills, one wonders. Of course, there are some beautiful grassed fields and a large part of this area is rightfully in woodland but the part that looks desolate is the barren hills with only scrub trees. Seldom ever is seen any form of traffic. Wouldn't it be nice if we could have a greenish cast over this area and the sightseers looking to the southwest rather than to the northeast.

SOME FACTS ABOUT COAL

Many people, observing the apparently endless labor troubles that beset the soft coal industry, may have come to the conclusion that the miners are an overworked lot, laboring long hours at starvation wages.

So some facts recently released by the National Coal Association are deserving of widespread recognition.

In August, the average weekly earnings of bituminous coal miners was $62.37—a higher average weekly earnings figure than reported by any other industry in the United States. It was 161.18 per cent higher than in 1939.

The rise in the cost of living between 1939 and August, 1946, on the other hand, was 44.6 per cent, according to the Bureau of Labor Statistics.

The coal miners' hourly earnings in August averaged $1.467—an increase of 65.8 per cent over 1941. So, whether wages are figured on a weekly or an hourly basis, it is apparent that they have for outrun rises in the cost of living.

It has been said that the miners must work a 54-hour week—because some mines work six days a week—some weeks. But very few miners work all of the six days. In June, for example, for which government figures are available, the average work week was 42.9 hours.

Again, one hour of the nine-hour day is spent, theoretically at least, in traveling back and forth to the working place. That means that while the miner actually works only eight hours, he gets paid for nine.

Lastly, the standard work week in the industry is now 35 hours—and all time worked over 35 hours is paid for at the rate of one and one-half.

These are facts—and they will come as real news to millions of people. They indicate that the United Workers' leadership is not so much concerned with wages and hours as it is with ruthless and limitless domination of a great industry.

A man with too many irons in the fire will probably let the fire go out.

A lot of fellows need the spark of ambition applied to the seat of their pants.

VETCH SEED WANTED

Demand for vetch seed by farmers in Daviess county has been so great that although dealers placed orders three times, the supply was still short, according to Farm Agt., John E. McClure. Approximately 50,000 pounds was sold by Owensboro dealers, about four-fifths of it going to Davies county farmers. One merchant, who sold 15,000 pounds, stated that 2,000 pounds would have been ample six years ago. Farmers also brought about 33,000 pounds of crimson clover.

MORE INTEREST IN DAIRYING

Increased interest in dairying in Lawrence county is reported by County Agent J. F. Moore. John Burns recently purchased five purebred Holstein calves, a bull and four heifers; Russell Chandler, two cows and three heifers, all purebred Holsteins; Gay Fairchild, a Brown Swiss bull and heifer, and the Free-Will Baptist Orphanage, five Guernsey heifer calves.

GETS BIG HAY FROM REJUVENATED LAND

R. C. Cromwell of Bullitt county grew 5,134 pounds of soybean hay to the acre in a 14-acre field on a farm that 10 years ago would not produce enough to meet the loan payments for a former owner, he told County Agent R. E. Rothwell.

The field had been treated with six tons of marl and 500 pounds of superphosphate and kept in sweet clover for six years. Mr. Cromwell is planning to sow alfalfa and red clover next spring in the oats and rye now growing in the field. Other fields receiving similar treatment are producing good clover.

CONSTANCE P.-T. A.

The regular meeting and Christmas party of the Constance P.-T. A. will be held at the school house on Wednesday, December 18th at p. m., Everyone is asked to bring a 25-cent exchange gift for the Christmas party and all members are urged to be present for the business meeting.

We want to thank everyone who helped in any way to make our supper on November 23, a success.

SHOWS DRESS VARIETY

Twelve ways to give variety and interest to one basic dress were demonstrated by Mrs. D. E. Gant to the members of the Rosewood Homemakers Club in Muhlenberg county, according to Home Agent Sue M. Meyers. They included bolero and bow, tailored white dickey, frilly jabot, peplum and cuffs, pearly dickey made from a worn-out blouse, red velvet scarf held in place with pin at shoulder, scarf for neck and an Eisenhower jacket.

The man who "wanted but little here below" is the only one getting his share these days.

The man that talks loudest on the street corner probably does his listening at home.

Disability Payments To Veterans Hits New High

Over ten percent of World War II veterans, totaling 1,647,000 are receiving monthly payments as a result of disabilities incurred in the armed forces, it was announced this week by Veterans Administration officials.

The average monthly payments for the disabled veterans is approximately 42 dollars, VA said. Compensation payments for service connected disabilities range from $18.80 a month to $360 a month, depending upon the degree and type of disability.

About 25 percent of the veterans of World War II have filed claims with VA for disability benefits. Of the claims received and adjudicated, approximately one out of every two has resulted in an award.

Most people want the spark of ambition to burst into flames, but many of them make the mistake of blowing too hard.

RECIPE OF THE WEEK

To tempt the appetite of one who thinks he doesn't like liver, disguise it in a loaf, suggest food specialists at the University of Kentucky College of Agriculture and Home Economics. One serving of pork liver, or a fourth of a pound will supply more than one day's requirements of vitamin B, essential in regulating nerves.

Liver Loaf: 1¼ pounds of pork liver, ¾ cup chopped onion, 1 cup ¾ cup corn meal, 1 teaspoon powdered sage, ½ cup catsup or tomato soup, 2 teaspoons salt, ½ teaspoon pepper, bacon slices.

Simmer the liver for five minutes. Run through food chopper. Add chopped onion, cracker crumbs, beaten eggs, milk, corn meal, sage, making pan and, if desired, line with bacon strips. If desired, pour more catsup or tomato soup over the loaf. Bake one hour in moderate oven, 350 degrees.

Menu: Baked potatoes, liver loaf, creamed carrots, cabbage slaw, rolls butter and baked apples.

TWO KINDS OF LABOR LEADERS

Fortune recently devoted an issue to the subject of labor in U. S. industry. In the course of its analysis, it ran a number of capsule biographies of important labor leaders whom the great majority of American have never heard of. These men head big unions and represent armies of workers. But they don't make the headlines with wild threats and demands. They fight aggresively for gains for labor—but they keep their agreements with management. In short, these are the types of labor leaders who built the labor movement in the old days, and who gained for it the respect of the nation.

It is unfortuntae that that kind of labor executive is overshadowed by some intensely vocal zealots who seem more interested in destroying private enterprise and free labor, than in forwarding the real, long-term interests of the worker. Any labor leader worthy of his job must know that higher wages, shorter hours and better working conditions can come only from progressive industries which make good profits. He must know that the question of wages is inextricably tied in with the question of worker productivity, and that the doctrine of more pay for less work can lead only to ruin. There are many cases on record where labor leaders have worked wholeheartedly with industrial leaders to keep factories going in bad times, by moderating wage demands, by figuring out means to increase output and lower costs, and by planning the expansion of markets. These men are in direct contrast to the labor leaders whose policy is rule or ruin.

If American workers, who must ultimately decide the kind of leadership they really want, are wise, they will insist on their representatives working with industry—not against industry. That means honest collective bargaining in which the rights of all are considered. It is the only solution to the problem.

CELEBRATES BIRTHDAY

Miss Dorothy McHenry was guest at a dinner party given to celebrate her birthday at the Kenton Terrace on Friday evening, November 29. The dinner party was given by some of the faculty members of the Sixth District School in Covington.

Those present were Misses Geraldine Horton, Kate Padgett, Lucille Thomas, Iva Rief, Elizabeth Whaley, Mary Blood and the guest of honor.

Help Yourself To Feed Yourself

Expert Recommends Broiler Raising To Increase Family Income.

During these troubled days, how to [illegible] increased taxes, for Defense Stamps, for Defense Bonds, and for gifts to the Red Cross, U.S.O., Salvation Army and other Service organizations, is certainly a problem.

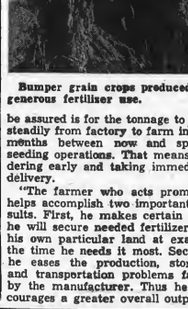
J. H. Burrell

"But there is a way that you can 'help yourself to feed yourself'," says J. H. Burrell, broiler raising expert with Purina Mills, "and that is to raise eating chickens. I know a family—father, mother, and two boys in grade school—who are selling 10 to 12 three or four pound fryers each week, 40 to 50 broilers per month, to their friends and neighbors. They get $1.00 per chicken, dressed. Not only does this give the boys a fine responsibility, but it also teaches them how to handle business and make money. The father and mother are advisors.

"This family also has found that broiler raising provides them with fried chicken once or twice a week, and fried chicken is one of the most economical foods. It is economical from the standpoint of cost per pound and also because it is inexpensive to prepare and serve. It blends nicely with other dishes and makes the whole meal enjoyable, delicious, as well as economical."

Burrell recommends several ways to "help yourself to feed yourself" by raising broilers. For $100 to $150, he says you can have a small brooder house equipped to start 100 to 125 baby chicks, and raise them to 2, 2½, or 3 lbs. If you raise three pound birds, you can do that in 10 to 12 weeks.

Or, if just 10 or 12 broilers are wanted at a time, he recommends the purchase of a small battery brooder, and placing it in your basement or garage to produce fine broilers or fryers.



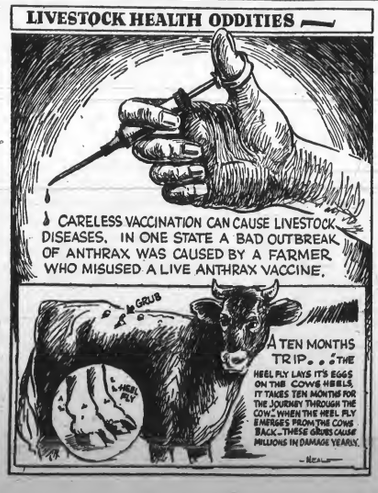
"If you should desire to attempt such a venture," says Burrell, "Start the number of day old baby chicks that you can handle and afford to buy, never any more. Then select a broiler growing program in which you have confidence, and follow it to the letter."

EDITOR'S NOTE: A bulletin giving complete details on broiler raising is obtainable from our local Checkerboard Feed distributor, or by writing Purina Mills, St. Louis, Mo.

EARLY DELIVERY OF PLANT FOOD BENEFITS FARMER

CHICAGO — Foresight in making early arrangements for 1948 fertilizer supplies and taking delivery as soon as possible will pay farmers dividends at spring planting time, according to a statement made public here by the Middle West Soil Improvement Committee.

"Agriculture is looking to the plant food industry for record supplies this year," the statement points out. "The only way these can



Bumper grain crops produced by generous fertiliser use.

be assured is for the tonnage to flow steadily from factory to farm in the months between now and spring seeding operations. That means ordering early and taking immediate delivery.

"The farmer who acts promptly helps accomplish two important results. First, he makes certain that he will secure needed fertilizer for his own particular land at exactly the time he needs it most. Second, he eases the production, storage and transportation problems faced by the manufacturer. Thus he encourages a greater overall output."

When they awake, most egotists find themselves fools.

Most husbands agree a successful marriage is not so much the mating as the estimating.

The disagreeable part about some of the things people say about us is that some of them are true.

A lot of people never reach their goal because they head in the wrong direction.

BEAVER LICK

Mrs. Mattie Griffith accompanied by Mr. and Mrs. Russell Garrison are leaving this week for Sarasota, Fla., where they will spend the winter months.

Mr. and Mrs. I. M. Tanner, of Springfield, O., enjoyed a visit with their daughter, Mrs. Robert Moore and Mr. Moore on Thanksgiving.

[illegible] nursing Mrs. Bert Smith of East Bend, spent the week-end at her home here.

The many friends of G. W. Baker, Jr., will be glad to learn that he is recovering nicely from an attack of meningitis at his home in St. Petersburg, Fla.

Born to Mr. and Mrs. Robert Baker a fine son at St. Elizabeth Hospital, last Thursday.

Mrs. Alice C. Johnson and sons enjoyed a few days' visit with her parents at Clarksville, Tenn., last week.

Mrs. Jake Cleek attended a meeting of her art club in Covington, Monday.

Mrs. Emma Cleek, of Florence, visited Mr. and Mrs. J. E. McCabe last week.

Henry B. Sleet underwent a major operation at St. Elizabeth Hospital last Tuesday. His many friends will be glad to know he is recovering nicely.

Miss Lennie Moore celebrated her 80th birthday Sunday. Her brother W. V. Moore, wife, daughter and 2 grandsons were present to honor her on this occasion. Miss Corinne brought her a lovely cake decorated with candles, and she also received a number of other gifts.

About half of our time is spent in doing things we should have done yesterday.

BOY UPS CORN YIELD 95 BUSHELS TO ACRE

The 125 bushels which Howard Begley, 4-H club boy, grew on an acre in Lee county this season is about 95 bushels above the average corn yield in the county, Hollis Henson, county agent, said in his report on Begley's acre.

Begley planted Ky. 103 hybrid corn on May 10, after turning under ryegrass and wheat and applying 13 loads of manure. The acre also received 500 pounds of commercial fertilizer and 500 pounds of superphosphate. The corn was check-planted two and three stalks in hills 33 inches apart.

For each person striving to leave footprints on the sands of time—there are ten trying to cover them up.

A Sermon

America has three big F's. They stand for farm, factory and finance. They cover the nation and make it what it is. You may be neither a farmer, a factory worker nor a financier but, if not, you are probably so dependent on one of the three groups that you are one with it, in thought and aim. There are exceptions, but the big F's tie in all of us but a small minority.

In the matter of stability, the three F's are as dependent on each other as the legs of a stool. If one goes down, they all topple. Neither of these big groups of people can enjoy prosperity long unless the others likewise prosper. And here is a wonder of all time: Why are these three classes suspicious of each other? Why do they so consistently work against each other?

Farmers' Markets

When is the agricultural industry prosperous? The answer is plain to any observing farmer: Farmers have a quick market for all they produce, at good prices, only when factory workers are very largely employed at good wages. Laborers constitute a big class and they work hard. When they have good jobs they eat well, cover their tables with the best of what farmers sell.

Here is where the preaching starts: Since farm prosperity depends on good wages at factories, it is in every farmer's interest to work for the healthy welfare of labor. Why then does the political Farm Bloc concern itself so avidly with class legislation instead of working for the thing that always helps the farmer—namely, labor's sound advancement?

The Workman's Pay

This is definitely a Christian teaching. The illustrious Paul, who wrote most of the New Testament, said, "Do not take account of your own interests, but the interests of others as well." Moreover the rule is not confined to the farm for its application. It is just as righteous and just as practical for the use of working men who want to improve *their* living standards. Thus:

When do laborers enjoy steady work at high wages? Every thinking worker knows the answer. Labor prospers when men of wealth put out their money, expanding old businesses and building new ones. Of course it is for their own gain but it pays the workers. Mystery: Why don't labor's leaders do their best to make investments attractive? Such strategy would pay rich and direct returns. It is the *only* way to higher and higher wages.

And Profits Too.

Returns to employers respond to the same rule. Factory owners sell 80% of all they make to laborers and farmers. These men wear good clothes, drive good cars and modernize their homes when they can afford it. Any financier, able to see which side of his bread is buttered, knows where profits come from. They come from prosperous, buying farmers and happy, well-paid workers.

If the three big F's would look out for one another; if employers never oppressed labor; if farmers did not envy capitalists; if workers never used intimidation, prosperity would certainly follow. It would be for us all. The code that Jesus upheld in the Sermon on the Mount 2,000 years ago is still good. Communism, envy, greed and violence can't live in the climate with applied Christianity.

BRANCH 6 DISABLED VETS RECEIVE 175 AUTOMOBILES

A total of 175 automobiles were delivered to disabled veterans in Ohio, Michigan and Kentucky under the "Automobiles for Amputees" program, the Veterans Administration Columbus (O.) Branch Office for the three states reported this week. The total included 123 in Ohio, 16 in Michigan and 36 in Kentucky.

The VA's Columbus Branch Office certified payment of $277,586 for the automobiles for veterans in the three-states—an average of $1-586 per vehicle. Under the law, total price for each vehicle cannot exceed $1,600, including special attachments. Although no official priority system has been established for the amputee veterans, VA said that most automobile manufacturers whose automobiles sell for $1,600 or less have set up a formal or informal priority system for veterans.

NAVY ENLISTEES STILL ELIGIBLE FOR BENEFITS

All men enlisting in the U. S. Naval service on or after October 6, 1946, but prior to the date the war is officially terminated and serving at least 90 days active duty, shall be eligible for the benefits of the "G. I. Bill of Rights" in proportion to the length of time served during that period, provided his discharge is under conditions other than dishonorable.

This is exact quotation of a recent communication received from the Bureau of Naval Personnel by the Navy Recruiting Substation, Room 8, Post Office Building, Covington, Kentucky. This means there is yet time for young men to qualify for the many benefits of this act: College or trade school education at government expense; home, farm and business loans; on-the-job training; etc.

HIGH PRICES SHORTEN CATTLE-FEEDING TIME

High prices and pressure of buyers, plus an extra-good grazing season, caused Montgomery county farmers to sell cattle this fall that they purchased to graze two summers and rough through one winter, according to County Agent Floyd McDaniel.

Mrs. Ford Patterson received 21 cents a pound for 1,000-pound cattle that were purchased last spring, when they weighed around 600 pounds. She had planned to keep them another year, but the good season plus high price made it seem wise to sell them this fall, Mr. McDaniel said. Other farmers sold cattle for 20 cents a pound that they originally planned to carry through the winter to sell off grass next year.

Some farmers are buying cattle to consume winter roughage plus some grain and then finish out on grass next season.

DOUBLE LAMB CROP GIVES BIG INCOME

Two lamb crops from the same ewes this season gave Bruce Perry a record income, says County Agent F. C. Walker. The first lambs came in January and were sold in June for $16.17 each plus $2.65 subsidy payment. Wool from the ewes brought $2.60. The second lambs came in July and were sold in October for $19.55 plus $2.60 subsidy payment. Total income per ewe was $40.92.

MAKES OLD MACHINE WORK

An old style Davis sewing machine, stored in the attic 20 years ago because it refused to run, was put in good condition recently by the former owner's granddaughter, Miss Rebecca Edison, of the Pleasant View community, according to Miss Shella Proctor, Negro home demonstration agent in Logan and Simpson counties. At sewing machine clinics, attended by members of homemakers clubs in the two counties, old machines have been made to sew again by proper cleaning, oiling and adjusting.

RECIPE OF THE WEEK

There is nothing better than tender, juicy roast chicken, browned to a turn. For best results, say home economists at the University of Kentucky College of Agriculture and Home Economics, the stuffed bird should be placed on a shallow pan to permit even circulation of heat, and cooked uncovered. Water should not be added, as it causes steam which softens the skin and allows juices to escape.

Corn Bread Stuffing

Six tablespoons melted fat, ¾ cup chopped celery, ¼ cup chopped parsley, 1 small onion chopped, 1 quart corn bread crumbs, 1 teaspoon salt, pepper.

Cook the celery, parsley and onion in the melted fat for a few minutes. Add to the corn bread crumbs and other seasonings and stir all together. Stuff the bird and skewer or sew opening. If stuffing is baked in balls outside the bird, add 1 beaten egg and broth to moisten. For a five-pound bird, bake about two hours.

Menu: Baker chicken, mashed potatoes, buttered carrots, tomato aspic, rolls, butter and pumpkin pie.

Most criminals are not hard boiled—just half-baked.

Making new mistakes is not as bad as making the old-ones over.

TERRACES PROVE VALUABLE

How terracing prevents soil erosion and permits the growing of crops was seen on the farm of L. A. Morgan in Graves county. In 1934, Mr. Morgan had terraced with farmer's equipment, a 10-acre field. It was practically waste land with a 6 percent slope. Four years later, the terraces were rebuilt by the Graves County Soils Association's power equipment. The field which has been used for hay and pasture for the past seven years, has a good stand of redtop and korean, averaging two tons of hay per acre this season. Wilson R. Hoover, county soils assistant, notes that there is no evidence of erosion, and the yield of hay has increased since it was seeded down.

TELEPHONES PUT IN FARM HOMES

"In a section of the county nearly 50 miles long and 20 miles wide, where there were no telephones, recent installation of 24 telephones by the Southern Bell Company made many farmers happy," writes County Agent Kenneth A. Brabant of Breckinridge county. Lines are being built in two other communities.

Mr. Brabant also reports that REA electric lines have reached 50 Breckinridge county farm homes in the past 12 months, and work is under way to install lights in more than 500 homes in the county.

PROGRESS REPORTED BY LESLIE 4-HERS

Ivan Wells, a member of the Stinnett Settlement 4-H club in Leslie county, has selected 125 choice pullets from 1,700 chicks which he brooded this year. These he will keep for egg production. So far this season he has made a profit of $250 above expenses on his poultry.

Carlo Asher, a member of the Hyden 4-H Club in Leslie county, produced 85 bushels of 102 yellow hybrid corn on an acre that produced only 10 bushels to the acre a few years ago. Growing cover crops and the use of limestone, fertilizers and manure, plus growing hybrid corn, is given credit for the increased yield.

CHICKENS AND COWS PROVE PROFITABLE

A herd of five cows and a flock of 280 chickens brought a nice income to Mr. and Mrs. J. W. Bourne of Boyle county. From April 1 to October 30, they sold 1,336 pounds of butter, 448 pounds of cottage cheese and 317 gallons of buttermilk. For cream sold, they received $15, for eggs, $48 and for calves $285. They also supplied three families with milk and butter, said Mrs. Jennie C. Grubbs, home agent. In preparing her winter food supply, Mrs. Bourne dressed 80 chickens for storage in a frozen food locker and canned 300 quarts of vegetables, fruits, beef and pork.

CARD OF THANKS

We wish to express our sincere thanks and deepest appreciation to all our relatives, friends and neighbors for their kindness and sympathy shown us at the time of the tragic death of our dearly beloved son and brother,

ADD MILKING PARLORS

Several dairy farmers in Livingston county are building barns with milking parlors, notes Farm Agent Robert L. Rudolph. In his new hillside barn, Vernon F. Fiers, Ledbetter, installed a four-stanchion milk parlor with concrete floor and dustproof walls and ceiling. K. R. McKinney of the Johnson Store neighborhood is constructing a similar barn with milking parlor in the basement. C. C. Cooper and Son, Ledbetter, who milk 30 cows, recently built a barn of concrete blocks with milk and cooling room.

VETS ORTHOPEDIC SHOES AVAILABLE THROUGH VA

Orthopedic shoes, free-of-charge, can now be obtained by vets with service-connected disabilities, it was announced this week by Dr. Paul R. Hawley, Chief of Veterans Administration Medical Service.

A number of machines to make plaster casts of injured or deformed feet have been transferred from the War Department to VA. Casts made by these machines will be sent to the Army's Quartermaster Supply Depot at Boston, Mass., where special lasts and patterns will be developed.

Veterans should make application through their nearest VA representative.

Cast-making machines are maintained by the Army at: Othopedic Footwear Clinic, Boston, Mass.; Walter Reed General Hospital, Washington, D. C.; Brooke Army Medical Center, Fort Sam Houston, Texas; Fitzsimmons General Hospital, Denver, Colorado; and Madigan General Hospital, Fort Lewis, Washington.

Two of the machines transferred to VA already are in operation at the VA Hospital, Hines, Illinois; and at VA's hospital at Atlanta, Ga.

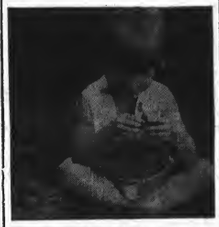
HEAVY YIELDING HYBRID CORN NEEDS MORE NUTRIMENT

CHICAGO—Hybrid corn's upward surge in popularity in recent years among the nation's farmers was indicated by a statement made public here by the Middle West Soil Improvement Committee, showing that this variety accounted for nearly 65 per cent of all corn planted in the United States in 1945, compared with 22 per cent in 1939.

"In some of the Corn Belt states, hybrid plantings represented more than 95 per cent of all corn grown this year," the statement points out.



"While hybrids yield from 20 to 25 per cent more bushels per acre than old-fashioned open-pollinated varieties, they likewise make a bigger draft on the soil's plant food resources. Thus they create the need for more widespread use of fertilizers not only to make these big yields possible, but to replace to some extent at least, the nitrogen, phosphorus and potash removed by the crop.

"Recognizing these facts, most farmers have been using more fertilizer on corn each year. Farmers have been acquiring increasing knowledge about the best way to handle this crop, due to experimental projects carried on at state agricultural colleges and experiment stations."

SOIL DOCTORS AID HUMAN HEALTH BY BUILDING FERTILITY

CHICAGO—Soil doctors are not only curing the ailments of sick soils through conservation measures building up the fertility level, but they are promoting higher human health standards as well, according to a statement by the Middle West Soil Improvement Committee.

"Leading agronomists have been preaching for years that human beings are the result of what they

Well-fed crops build sturdy bodies.

eat," the statement points out. "People whose daily diet comes from food produced on fertile soil will have stronger bodies, sturdier physical characteristics and greater resistance to infection than those nourished on crops deficient in vitamins, minerals and proteins necessary to good health.

"The remedy agronomists recommend for dietary deficiency caused by exhaustion of soil fertility is that the necessary minerals be restored to the soil through plowing under legume crops and crop residues and by applying sufficient quantities of mixed fertilizers containing nitrogen, phosphorus and potash."

COOP HANDLES SEED CROP

The Fulton Farmers Cooperative Association handled more than half the crop of 40,000 pounds of ladino clover seed produced in Fulton county this year, 16,000 pounds having been sold for an average of $1.44 per pound, according to Farm Agent John B. Watts. The cooperative also sold 35,000 pounds of red clover seed at $36.50 per hundredweight.

KITCHENS REVAMPED

When homemakers club members in Bath county took stock of the hours spent in their kitchens, and learned that about three-fourths of their time is spent in that room, they decided it should be made more convenient. As a result, refrigerators, stoves, sinks and tables are being shifted and cabinets rebuilt to make this room step-saving and attractive, said Home Agent, Lorraine Harris.

Just Let Me Tell You A Few Facts About Walking, So You'll Realize Just How Much It Can Do For You

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

The normal heart, you know, beats about seventy-two times a minute and pumps about six ounces of blood with each beat. Now, in fast walking, or at the rate of four miles an hour—(which is how fast you should walk to do you some good)—you'll find the normal heart will INCREASE its beat ten times to the minute, pumping six ounces of blood at each beat, gives sixty ounces per minute or 3600 an hour, which is 225 pounds. You can easily see that 225 ADDITIONAL pounds of blood pumped DAILY through your veins means just that much more life to your whole body.

There's no use of my telling you to get out and walk if you are having trouble with your feet, because I know you won't do it. BUT—if I tell you how to get rid of those aching, paining feet, first—then there's nothing to keep you from walking every day and benefitting your health by this wonderful exercise.

It has also been found that millions suffer without knowing the reason why—those headaches, those leg pains, and even sleepless nights may be caused by the shoes you are wearing.—Adv.

Nearly everybody believes in capital punishment, providing it's the other fellow's capital that is being punished.

A court ruled that a man was not insane because he married 15 times—he's just a glutton for punishment.

TUBERCULOSIS KILLED 50 PER CENT

Deaths during the five-year period 1939-1943 from infectious and parasitic diseases totalled 600,000. Of these, 300,000 were caused by tuberculosis. The other 300,000 were caused by more than 40 other diseases.

COLLEGE SUGGESTS CANNING OF MEATS

With a supply of canned meat on the shelf, it is a simple matter to have a meat pie, vegetable stew or other good dish ready in a few minutes. Here are suggestions for one method of canning meats as recommended by Mrs. Pearl Haak, canning specialist at the University of Kentucky College of Agriculture and Home Economics.

1. Put the cut-up meat, which may be beef, veal, pork, mutton or lamb, in a large shallow pan, adding just enough water to keep it from sticking. Cover the meat and cook it slowly until it is medium done, stirring occasionally so it will heat evenly.

2. Add one teaspoon of salt to each clean, hot quart jar. Add the hot meat to within one inch of the top of a glass jar, or a half-inch if tin is used. Pour in hot broth or hot water to cover the meat, again leaving one inch of head space at the top of glass jars. Tin cans may be filled to the top.

3. Work out air bubbles with a knife, adjust lids on glass jars and seal tin cans.

4 Process at once in steam pressure canner at 10 pounds pressure for 90 minutes for quart jars; if pint jars are used, 75 minutes. No. 2½ and No. 3 tin cans should be processed 90 minutes, and No. 2 cans, 65 minutes.

5. Let the jars cool overnight. Test glass top jars for leaks by turning jar partly over in the hands. Self-sealing type jars should be tested by tapping the lid with a spoon. Ringing sound means a good seal, a dull flat note, a poor seal.

6. Tin cans should be cooled at once in clean cold water until luke-warm. Then they should be wiped dry and examined for leaky seals.

Copies of USDA leaflet, "Home canning of Meat," AWI-110, may be had from offices of county or home agents, or from the college, Lexington.

VETS HAVE TWO MONTHS FOR EASY REINSTATEMENT OF NSLI

World War II veterans who have allowed their National Service Life Insurance to lapse have a date to remember—February 1, 1947. This is the deadline for reinstatement of NSLI by the veteran who, upon declaration that his health is as good as when the insurance lapsed—has only to pay two monthly premiums on his term insurance policy, no matter how long the insurance has lapsed.

VA officials point out that the two premiums to be paid do not represent a penalty, but simply cover the month "grace period" for which the veteran was protected although no premium had been paid, and the month in advance, basis of all insurance payments. Veterans who have continued to send their premium payments, although they have not received a receipt, are assured of active policies.

Those who wait for opportunity to knock probably knock themselves out of a lot of opportunity.

Romance usually flees with rheumatics.

LAND PRICES MAY CONTINUE UPWARD

The probability of higher land prices in 1947, is brought out in the annual farm outlook report of the University of Kentucky College of Agriculture and Home Economics.

Farm land values in the United States have been increasing about 1 percent a month since 1941. In Kentucky the increase has been about 1½ percent a month.

"It is likely that land values will continue to increase in 1947," says the outlook report. "Farm real estate values in the postwar period of World War I dropped sharply 12 to 18 months after the peak in gross farm income. It is impossible at this time, to be certain that the peak in gross farm income has been reached in 1946.

"Farm mortgage debt is the lowest since 1916. If the mortgage debt can be kept near the present level the economic health of farmers will be much better following World War II than was true following the first world war.

"The present situation calls for (1) avoiding a big, long-term debt; (2) discouraging speculation; (3) urging farmers to hold their Savings Bonds until prices appear more stabilized; (4) encouraging farmers to improve their level of efficiency; and (5) recognition of the general need for making the farm home a more pleasant place to live."

Authorities on children say that punishment should be varied. May be they mean to spank with the left hand for a while.

Generations of the future will wonder what was done with all the tax money—well! what was done with?

VOLUME 71 — BURLINGTON, KENTUCKY THURSDAY, DECEMBER 12, 1946 — NUMBER 24

THREE INDICTED BY GRAND JURY

IN DECEMBER TERM OF BOONE CIRCUIT COURT — CRIMINAL CASES SET FOR MONDAY AND TUESDAY.

Boone Circuit Court convened Monday for the regular December term, with Judge Ward Yager presiding and Raymond L. Vincent as Commonwealth Attorney.

The grand jury in session only one day handed in three indictments, and asked to be excused after inspecting County property. The three indictments were against Chas. William, criminal assault; Robert Jackson Crowe, armed robbery, and Pearly Rice, breaking, entering and stealing.

Williams will go on trial Tuesday charged with criminally attacking Dora Montgomery 48, of Latonia. He was arrested by Deputy Sheriff Wendell Easton, October 10, only a few hours after the attack occurred.

He was placed in Burlington jail and held under $25,000 bond for action of the December grand jury. The attack occurred on Chambers Lane, near Walton.

Robert Jackson Crowe, of Danville will be tried Monday on an armed robbery charge. He is charged with taking over the automobile of Walter M. McFarland near Florence, Saturday, September 7th by jabbing an instrument into his side, which was thought to be a gun, taking over the car.

The car was later wrecked near Richwood, where Crowe was arrested by Sheriff Irvin Rouse. He has been held in the Burlington jail for grand jury action.

Pearly Rice, of Belleview will be arraigned before Judge Ward Yager Monday on charges of breaking, entering and stealing. He was arrested by Deputy Sheriff Wendell Easton after being charged with entering the home of Russell Rogers.

Court was recessed from Monday until Thursday, when civil cases will be heard and court will again recess until Monday.

The following is a list of jurors:

Grand Jury

Leland Snyder, W. T. Rudicill J. B. Arvin, John E. Walton, Charles Snelling, Fritz Shinkle, Lehman Hambrick, A. L. Stephens, Eldridge Carpenter, Allen Burcham, Ed Jones and E. A. Martin.

Petit Jury No. 1

J. A. Harris, S. H. Aylor, Tom Hensley, Hubert Clore, Ed Shinkle, Russell Ryan, H. R. Fisher, Wm. McCormick, Ralph Jones, Elmer Chapman, W. T. Renaker, and Clarence Mitchell.

Petit Jury No. 2

Wilbur Louden, Huey Aylor, Stanley Bush, Russell Louden, J. W. Dolwick, R. C. Finn, Harry Gulley, Lillard Scott, G. H. Moore, Clarence Easton, Harvey Hicks and R. L. Hodges.

The grand jury report follows:

"We have been in session one day and examined 20 witnesses and returned five indictments.

We have examined all county property and recommend that the County Infirmary be painted. The jail is badly in need of bedding and the butters need repair. The court house needs painting on the inside.

"We dismissed the case of Commonwealth of Kentucky vs. James Turner and Glen Sims for the lack of evidence.

"Having finished our work, we beg to be finally discharged."

The report was signed by E. A. Martin, foreman and John E. Walton, Clerk.

Phenothiazine Treatment Is Important Says Agent

Sheep should be treated now for the control of stomach worms, according to H. R. Forkner, County Agent. The early December treatment with Phenothiazine eliminates intestinal parasites before the costly winter feeding period and enables the sheep to make more efficient use of available feeds.

Sheep should be drenched with Phenothiazine, 1 lb to 18 head to give two 12½ gram pills. The season is getting late for this treatment and sheepmen are urged not to delay this important job.

Walton Boy Suffers Fractured Arm Sun.

Gerald Dance, 14 of near Walton, suffered a fractured arm when the bicycle which he was riding was struck by an automobile on the Dixie Highway, at Richwood.

Youths Fined In Judge Cropper's Court Wed.

Two youths were arrested late Wednesday of last week by Sheriff Irvin Rouse, after they allegedly used a runway at the new airport near Hebron for a race track. The youths were charged with driving their car up and down one of the runways at an excessive speed.

The youths, who registered as James Hickey, Cincinnati and William Nicholson, Covington were fined $10.00 and costs each, when arraigned in Judge Cropper's court Thursday.

Miss Mary E. Beemon

Miss Mary Ettie Beemon, passed away at her home, Hopeful Lane, near Florence, Saturday, after a brief illness. She was 77 years old.

She is survived by four brothers Joshua C., Henry C., Martin H. and James M. Beemon, all of Florence, and three sisters, Miss Anna Laura Beemon and Mrs. Ora Ross, also of the home address and Mrs. W. L. Kirkpatrick, Burlington.

Funeral services were held Tuesday at 2 p. m. at the Hopeful Lutheran Church, of which Miss Beemon was a member. Burial was in Hopeful Cemetery.

The Taliaferro funeral home, Erlanger was in charge of funeral arrangements.

Church Will Observe 122nd Anniversary Sun.

The Lebanon Presbyterian Church announces its one hundred and twenty-second anniversary, to be celebrated by a basket dinner and special service Sunday, December 15 at 12:30 p. m. at the church.

The Rev. Mr. Edwin Rock from Louisville is to be the guest speaker. The church urges all members and friends of the church to be with them on this memorable occasion and join with them in rejoicing over the fascinating history of this church which has served the communities of Walton, Verona, Crittenden, and the surrounding area for, as nearly as can be ascertained, one hundred and twenty-two years.

The members are urged to make this a time of dedication of loyalty to the church, as well as a time of rejoicing.

Total for 1946 was $16,563,120; for 1945 $14,963,745.

H. R. FORKNER RECEIVES AWARD

DISTINGUISHED SERVICE CERTIFICATE PRESENTED AT NATIONAL ASSOCIATION OF COUNTY AGENTS.

H. R. Forkner, County Agent of Boone County, Kentucky, was awarded the Distinguished Service Certificate of the National Association of County Agricultural Agents at its annual convention held in Chicago, December 3rd through 7th.

Mr. Forkner is one of the few County Agents in the United States to be so recognized this year. In January 1926 he was appointed County Agent of Boone County, where he has served for twenty years. Outstanding leadership and achievement have won the confidence and respect of the farm people who he serves. He has developed an extensive program coving such agricultural phases as dairying, general livestock, poultry, fruit, truck and feed crops, soil improvement and water supply. 4-H Club work and older boys and girls club work have also been major projects.

He has been a member of the Kentucky County Agents' Association for twenty years and served two years as director from the northern Kentucky group of KACAA. Mr. Forkner is a graduate of the College of Agriculture, University of Kentucky.

Home Demonstration Agent in Boone County for 11 years, Miss Gillaspie was chosen by the Kentucky Home Demonstration Agents Association as one of the two women workers in Kentucky who have established the most note-worthy extension programs. Mrs. Jennie B. Grubbs, who has been Home Agent in Boyle County for 30 years, was the other selection. Miss Gillaspie attended the meeting of the National Home Demonstration Agents Association held in Chicago December 3-6. At a luncheon held in the Wedgewood Room of the Stevens hotel, she was recognized and presented with certificate of merit.

Joanna Gordon

Miss Joanna Gordon, of Petersburg died Monday at her home, after a long illness from infirmities of old age. She was 84 years old.

Miss Gordon was the last of a large family. She was a member of the Petersburg Christian Church.

Her only survivors are several nieces and nephews.

Funeral services were held Wednesday afternoon at 2:00 from the residence, with burial in the Petersburg Cemetery.

Chambers and Grubbs, Florence funeral directors were in charge of arrangements.

George Austin

Funeral services for George Austin, 77 were held at 2 p. m. Saturday at the Church of the Brethren, Constance, with burial in Peeno Cemetery, Constance.

Mr. Austin died Wednesday at General Hospital, Cincinnati. He made his home at 114 E. McMicken Avenue, Cincinnati.

He is survived by his wife, Mrs. Catherine Peeno Austin; a son, Clarence Austin, Constance; two daughters, Mrs. Florence Fisher, Delevan, Ill., and Mrs. Flora Austin, Cincinnati and a brother, John Austin, Cincinnati.

J. Chester Hood

J. Chester Hood, of Ludlow, Ky., passed away Sunday, December 1, at 4:30 p. m. Mr. Hood was a former resident of both Constance and Hebron, Boone County.

He leaves to mourn his death his wife, Mrs. Callie Lee Clore Hood; three daughters, Mrs. Ray Poole, Alexandria, Va.; Mrs. Oscar B. Carpenter, Alexandria, Va.; and Mrs. William Farrell, Ludlow, Ky; two grandsons; two brothers, Charles W. Hood, of Erlanger and Irwin L. Hood, of Constance; nieces, nephews and numerous other relatives and friends.

Funeral services were conducted at the Catherman funeral home Ludlow, by Rev. R. H. Carter of the Florence Christian Church. Burial was in Highland Cemetery, Ft. Mitchell.

Mr. and Mrs. Owen Hoard and Leslie McMullen, of Erlanger, attended the Burlington Baptist Church, Sunday night.

Florence Rotary Club Hears Speaker From Health Department

Through Dr. George H. Riley, Burlington, Dr. Edward N. Maxwell, State Department of Health, Louisville, gave a splendid talk and showed pictures at the Florence Rotary Club meeting Monday night. This talk was in connection with Boone County's X-ray Clinic, scheduled for December 18-19 at Florence Town Hall.

Persons over 15 years of age should have a chest X-ray, particularly food handlers. This clinic is free and arrangements are being made to take care of 1200 persons. Managers of Boone County restaurants and hotels are being interviewed by the County Nurse and asked to send employees to this clinic.

With the new X-ray machine which will be used in this clinic, clothing does not have to be removed.

All persons over 15 are urged to attend this clinic and children under 15 who have had contact with the disease, or any who doctors advise, are urged to attend.

If in doubt about children, see a Boone County physician before the clinic. Sale of Christmas seals is promoting this clinic.

Wildlife Supervisor And Conservation Officers Will Be Selected, Is Word

Frankfort, Ky.—The opening of applications for the positions of wildlife Supervisor and Conservation officers in the Kentucky Division of Game and Fish was announced today by Director Earl Wallace.

With one Supervisor vacancy and several Conservation officer jobs to be filled, applications will be accepted at the Division of Game and Fish Offices, State Office Building, Frankfort, until December 30. Application forms may be obtained by writing the Division Office. Dates for Civil Service examinations which are required of all applicants will be set following the close of applications.

The position of Wildlife Supervisor, in a salary range of $2700 to $3240, is located in the Fifth District, which is made up of Trimble, Carroll, Gallatin, Grant, Pendleton, Scott, Harrison, Campbell, Kenton and Boone Counties. The appointee will be required to reside in the District if not already a resident of that section.

Conservation Officer vacancies are in various districts and counties. These appointees also will be required to reside in their territory, must be under 55 years of age and must own an automobile, which is necessary for patrol duties. The salary range is $1620 to $1920.

William C. Gaines

Following an operation in a hospital at Sinton, Texas, November 19, William C. Gaines of Odem, Texas passed away November 25.

He was the son of Clinton Gaines Sr., formerly of the Bullittsburg neighborhood, Boone County. He was a first cousin of Perry Gaines of Carrollton, who passed away a few weeks ago.

He leaves his widow, Mrs. Bena Gaines, of Odem, Texas and a daughter Mrs. Mary Frances Clarkson, of Corpus Christi, Texas, and three grandsons.

Dr. Marcus Gaines Randall, his nephew, of Louisville, attended the funeral services at the Baptist Church in Odem, Texas, Sunday, Dec. 1 at 3 p. m. The remains were interred in the local cemetery at Odem, where had made his residence since 1910.

Sincerest sympathy is extended to his relatives and friends.

HAMILTON P.-T. A. TO SPONSOR MAGIC SHOW

The Hamilton Parent-Teachers Association will sponsor a magic show at the Hamilton school building Friday night, December 13th.

ALLOTMENT MADE $17,300 FOR PLANS

FOR CONSTRUCTION OF NEW CONSOLIDATED HIGH SCHOOL IN BOONE COUNTY—ESTIMATED COST IS $462,000.

Reports from the Federal Works Agency this week indicated that an allotment of $17,300 for preparation of plans for a new consolidated high school in Boone County, had been approved.

C. G. Kelly, member of the Board of Education, stated that this approval of plans did not mean that a school building of this type would be erected immediately, but at any time the county wished to erect such a building, plans will be ready and government aid will be given.

Plans call for a two-story building estimated to cost $462,000. The building to consist of health clinic, class rooms, offices, a combination auditorium and gymnasium, library shops for manual training and other courses, and a cafeteria.

If such a building was erected in Boone County, no definite site has been considered, Mr. Kelly said.

Last July, the Boone County Fiscal Court agreed to serve as a holding company for the board of education to make the project possible.

Warsaw Girl Honored On Radio At Chicago

Jean Ewbank of Warsaw, Gallatin County, was honored for her outstanding 4-H achievements as Kentucky's State Sheep Champion and also her achievements in poultry and clothing projects over the past ten years, while at the International Live Stock Exposition held at Chicago, Ill., last week, with a personal interview on the "Farm and Home Hour," Tuesday noon radio broadcast.

CONSERVATION CONVERSATION

By J. C. Acree

Lloyd Siekman, manager of the Riverdale Farm, has sown five acres in meadow Fescue for harvesting. This seed was furnished him by the Soil Conservation Service as to get this grass started in Boone County. The seed will be certified and will be for sale by the Riverdale Farm. From all reports, Meadow Fescue is a highly profitable grass, and is adaptable to various types of soil. Mr. Siekman is carrying out this seeding on the Riverdale Farm to give the service information as to its adaptability to sand soil. The Riverdale Farm was one of the first ten farms planned in Boone County by the Soil Conservation Service.

J. C. Hollis in the Hebron Community will complete a large reservoir this week. The top of the dam will be used for a driveway into his home and will eliminate a steep grade. This reservoir will be stocked with fish next year. Mr. Hollis plans on having some hedge removed along the road as well as back in the fields and plans on putting in a pit gate this winter.

V. Parr on U. S. 25 asked for a farm plan on his farm before he built his reservoir. By rearranging fences so as to fence out cropland from pasture land, the location of the reservoir was put in a different place than was first selected. An additional reservoir was built in front of the dairy barn. Water will be piped into the barn from this reservoir and the runoff from the barn will be ample enough to fill the reservoir. By guttering his barns to catch this water, he will also eliminate most of the mud around the barn. Mr. Parr was so pleased with his farm that he is asking the service in Kenton County to help him with his farm problems on his home farm on Erlanger Road.

Mr. W. H. Wesler near Hopeful Church, who has enrolled in the Veterans' Agricultural class at Hebron, called at the District office and asked for assistance in developing a plan on his farm down on U. S. 42 near Duck Head. Mr. Wesler plans on raising cattle and sheep, and his tobacco allotment, but will grow little, if any corn.

Man inherits the soil. It is his to use, but not to destroy. He should use it wisely, and then pass it on to the next generation at least as good as it was when he got it.

Florence Defeat Dry Ridge Five Sat.

The Florence Knights defeated the strong Dry Ridge five Saturday night by a score of 46-33 on the Florence floor. The score was 21-21 at the halfway mark.

Doyle collected 20 points for the Knights while Hitch talbed 16 for Dry Ridge.

Walton emerged on the long end of a 50-35 count over the Burlington hoopsters at Burlington last Friday night.

The Knights defeated St. Henry Monday night on the Lloyd floor, Erlanger by a 42-39 count. Florence led throughout the game with a lead of 10-4 at the quarter, 22-21 at the half and 32-27 at the third quarter.

Truck Crop Growers To Plan Program

Boone County truck crops growers will meet at Constance School Friday evening, December 13th at 7:45 p. m., according to H. R. Forkner, County Agent. The purpose of the meeting will be to discuss new varieties, new spray, insect and disease control practices and to plan an improvement program to be carried out in 1947.

Mr. John S. Gardner, truck crop field agent for the College of Agriculture will lead the discussion of new varieties and practices. All truck growers are invited to attend the meeting.

Jakeway-Pepper

Mary V. Jakeway was a bride of Saturday speaking her vows with Joseph M. Pepper in a ceremony at the home of her parents, Mr. and Mrs. Edwin W. Jakeway, Green St., Flint, Mich. The Rev. H. P. Warren officated at 11 a. m. before 50 guests. Parents of the bridegroom are Mr. and Mrs. Charles Pepper, Burlington, Ky.

The setting for the service was the fireplace flanked by tiffany baskets of white large and small mums and candelabra with the same flowers arranged on the staircase down which the bride came. She was gowned in white taffeta and lace with a train and carried a colonial bouquet.

Joan Jakeway was her sister's maid of honor, wearing light pink marquisette and carrying a colonial bouquet. Jean Young, bridesmaid. was attired in light blue and carried a colonial bouquet. Elaine Bellenger acted as ring bearer, dressed in aqua.

Charles Ray Willis, Burlington, was best man. Barrett B. Jakeway, cousin of the bride, and Edwin Jakeway, Jr., brother of the bride, were ushers.

After a reception in the home, the couple left for Burlington, the bride wearing a salmon-colored suit with beige coat, brown accessories and a corsage of gardenias.

The bride attended George State College for Women while in the WAVES, with which she served three years. The bridegroom was in the Navy two years.

BAND PARTY PLANNED

The Boone County Band will sponsor a Christmas party at the Burlington school building on Monday night, December 16th, at 7:30. Basketball games will be a feature of the evening.

Families of band members are given a special invitation to attend this party.

VETERAN'S POST NAMED MONDAY

AT MEETING HELD IN FLORENCE —NEW OFFICERS INSTALLED BY VICE COMMANDER REISENBECK.

Members of the newly organized VFW Post 9496 of Boone County meeting at St. Paul's auditorium Monday night, selected Boone County Memorial Post, unanimously as the name under which the organization would be known.

New officers were installed by District Vice Commander Reisenbeck. Kenneth Cason was elected as Post Quartermaster and Clarence Weinig, Post Advocate. Seventeen new members joined the organization at this meeting.

The Monday meeting was conducted by Commander Fugh, of Pholeman-Linneman Post 1484, Covington, with approximately one hundred members in attendance.

The next regular meeting of Boone County Memorial Post 9496 VFW will be held December 23 at St. Paul's auditorium, Florence, Ky., 8:00 P. M. E. S. T. All members are urged to attend this meeting.

TWELVE-DAY DEER SEASON PLANNED

BY DIVISION OF GAME AND FISH—SEASON OPENS DECEMBER 21 AND CONTINUES THRU JANUARY 2.

Frankfort, Ky.—With final official sanction placed on Kentucky's second annual deer hunt, Director Earl Wallace of the Division of Game and Fish announced the opening sale of special hunting permits. The permits, costing $5, may be obtained in Louisville at the Sportsman's Shop and Sutcliffe Sporting Goods Company, and at the Division of Game and Fish Offices in the State Office Building, Frankfort. Regular hunting licenses are required to validate the deer permits. Statewide licenses are good over all the prescribed hunting area, while county licenses are valid only in the county in which they were issued.

Formal approval by the Bernheim Forest management set the stage for the opening hunt beginning December 14 with bow and arrow hunting in an area including five counties as well as Bernheim Forest. The first week will be confined to hunting with bow and arrow, and then on December 21 the shotgun corps moves in to fire away at the big European Red Deer, which are conservatively reported to number 1200 to 1500. The season continues through January 2 with hunting from sunup to sundown. Each person is allowed only one deer, but may continue to hunt with his party until each member has bagged one.

Hunting is permissable in Meade, Breckinridge, Bullitt, Nelson and Hardin Counties. The Bernheim Forest, located in Bullitt County, is open only to deer hunting since it normally is a game refuge, and hunters are warned not to kill any other game. The purpose of the hunt is to thin out the deer population thus minimizing possible damage to trees and shrubs in the Forest and the surrounding agricultural lands and crops. The deer are known to have been widely dispersed as a result of the hunt last January, and Wallace voiced the opinion that hunters may experience difficulty in locating them due to the rugged terrain of the forest and adjacent territory. The use of dogs, however, is permitted and should aid in locating game.

Special hunting regulations forbid the use of rifles, and specify that only deer load buckshot and slugs be used in shotguns. It is strictly forbidden to shoot at trees. Considerable damage was noted after the last hunt when the hunters, evidently anxious to fire their big game ammunition, tested their marksmanship on trees. Warning is also given to respect posted areas in the forest, which will be marked where men are working.

Camp fires are prohibited in dry territory as a preventative measure against forest fires. Cigarettes and matches should be crushed out as further precaution.

Mrs. Clyde Arnold Wins Home Improvement Prize

Mrs. Clyde Arnold, Price Pike, was selected by the Board of Judges as winner of the District No. 14 women's prize in the 1946 Home and Farm Improvement Campaign. This annual contest is sponsored by the Courier-Journal, Louisville Times, and Radio Station WHAS. According to Miss Anne Frye, Assistant Home Demonstration Agent, this is the third year that Boone County has had a winner. Mrs. Arnold, who is County President of Boone Homemaker Clubs, sent in her application several weeks ago, describing the improvements that she has made during the past year.

She has painted the interior of her home, made draperies and slip covers, rearranged her kitchen, canned over 700 quarts of fruit and vegetables, sewed for her large immediate family and others, did some planting around her home.

The $50 check which she received as a prize last week was a delightful and gratifying surprise.

Dairymen Attend Dairy School At U. K.

William Graves, Burlington, Ky., R. 1, Meir Taylor, Verona and Joseph Rouse, Verona are attending the dairy breeding school at the University of Kentucky starting Monday of this week. The ten-day course was offered to twenty-five dairymen approved by the Kentucky Artificial Breeding Association.

TIME FOR ACTION

There can be little doubt that the people are fed up with radical elements in this country.

J. Edgar Hoover, head of our Federal Bureau of Investigation, urged action against Communistic influences in a speech before the convention of the American Legion at San Francisco.

Representative Clare Boothe Luce addressing a women's group in New York, declared that Communism is topic A in every mind and heart in this second year of so-called peace.

Pointing out that "the fruits of Communism now being gathered in Poland, the Balkans, Yugoslavia and Manchuria are bitter fruits indeed," Congresswoman Luce says, "to fight whom is Russia building such a vast Army? Obviously, the last thing the American people want is to go to war with Russia or to go to war with anyone. Moreover, Russia need have no fear of a surprise attack from this country. Our very political mechanism renders this impossible."

The U. S. Chamber of Commerce has made public a report charging that the American Communistic Party is a fifth-column organization, loyal to Moscow. It demands a Justice Department expose of the group and its affiliates.

George H. Rowe, of Buffalo, a Justice of the New York Supreme Court, and also Imperial Potentate of the Shrine of North America speaks up, too.

That tolerance has been a watchword with the 500,000 Shriners in North America, most of them business and professional leaders in the 159 communities in which there are Temples, is abundantly clear in the 15 Shriners' Hospitals for Crippled Children throughout North America. Quietly, over a period of 24 years, the Shriners, at their own expense, never asking the public for contributions, have carried on this work among the underprivileged without regard to race, creed or color. Over 100,000 children have been improved or healed of orthopaedic ailments.

Traditionally non-partisan and adverse to controversial subects, the Shrine, was recently alerted at a regional convention at Atlantic City. Said Imperial Potentate Rowe:

"There are too many people in the World who want to become honest citizens of this great Nation, abide by its laws, uphold its precepts and fight for its honor, to tolerate a vicious group of malcontents who see nothing good in America and will never be satisfied until they have destroyed it."

That the sentiments of Imperial Potentate Rowe and the other leaders are shared by those below the border is evident in the remarks of President Anastasio Somoza, of Nicaragua, who said recently that not only Latin America but this hemisphere is being infiltrated by Communists. He urged the twenty-one American republics to "get together quick and throw the Reds back across the Atlantic."

MAKE CHEESE OFTEN

A Kentucky College of Agriculture and Home Economics leaflet says cottage cheese is rather perishable and therefore should be made often and eaten while fresh. If it is desired to keep it for a short time, place it in a clean, scalded glass or earthenware vessel, cover and keep in as cool a place as possible without freezing.

MOTHER'S COOKING

Remember when the "relatives" gathered for a holiday dinner? They all said that Mother was a wonderful cook, and then proceeded to prove it by consuming enough food to sink a Liberty Ship. No one counted their calories in those days—just let their belts out another notch. Remember?

LOWER GUNPOWDER

Mrs. Edna McCubbins, Mrs. Thelma Rouse, Mrs. Dortha Hodges, Mrs. Elizabeth Noel called on the Shinkle sisters Sunday afternoon.

Sunday is the Lord's Day, but it seems the hunters are trying to take it as their day from the sound of guns firing in this community on Sunday.

Mr. and Mrs. Emerson Bunger and two children Bonnie and Johnny Bob of Patriot, Ind., took dinner with Mr. and Mrs. Frank Sebree Saturday.

Mrs. Edith Sebree and Mrs. Maud Hodges called on Mrs. Elizabeth Schwenke Friday afternoon.

Sorry to learn Mrs. Harrison is confined to her bed with pneumonia at the home of her son in Erlanger.

Mrs. Ella Weaver and two daughters have our sympathy in the death of their loved one.

Mr. and Mrs. Howard McCubbins and four children, of Walton, Mr. and Mrs. Clifford Rouse spent Sunday with their mother, Mrs. Maud Hodges and Mrs. Harold Hodges.

KENTABO HOMEMAKERS

Mrs. Louis Cook, of Garvey Ave., was hostess to the Kentabo Homemakers Club. Each member answered the roll call with a Christmas suggestion. Doing something for others was the thought of the day, suggested by the president, Mrs. H. A. Mulroney. Mrs. Dan Hacker was asked to meet with various other members to see what aid can be given to the Kentabo mission which has recently been erected on Kentaboo Drive.

Mrs. Reuben Duvall and Mrs. H. A. Mulroney gave the lesson "Recreation."

Imogene Rouse is recovering from a recent illness.

RECIPE OF THE WEEK

A hearty and delicious dessert requiring only a small amount of sugar is baked Indian pudding with corn meal as its principal ingredient. The longer it is cooked at a low temperature, the better the flavor, according to Miss Florence Imlay, food specialist at the University of Kentucky College of Agriculture and Home Economics.

Baked Indian Pudding: 1 cup of corn meal, ½ cup molasses, ¼ cup sugar, one-fourth cup fat, one-fourth teaspoon salt, one-fourth teaspoon baking powder, 2 eggs, 6 cups hot milk, 1 cup raisins.

Combine the dry ingredients, then add the molasses, beaten eggs and half the hot milk. Heat to the boiling point on top of the stove, stirring frequently. Then put into a well greased baking dish or casserole and bake in a slow oven, 275-300 degrees, for two and a half to three hours. Add the raisins one hour before removing from the oven.

Menu: Baked spareribs with sauer kraut, baked potatoes, fruit salad, rolls, butter and Indian pudding with cream.

HEBRON

Mr. and Mrs. Robt. Cave are the the parents of a son, born Dec. 5th, named Arlie Gerald.

ALL OUT OF SORTS?
EAT SOME PORK LIVER

Pork liver, often neglected by the housewife, is worth almost its weight in gold in food value, stated Miss Ruth Boyden, research assistant in home economics at the University of Kentucky College of Agriculture and Home Economics, following extensive tests on pork cuts.

Lean meat and liver of pork contain the B-complex vitamins—riboflavin, niacin and thiamine—which are essential in keeping the nerves on an even keel, Miss Boyden explained. So necessary are these regulating substances that even a slight deficiency may result in "nerves."

Other sources of supply are milk, cheese, whole grains and meat.

"When the family's nerves begin to get on edge, serve them a good meal of well-cooked pork liver, baked potato, green beans, whole wheat bread and milk," advised Miss Boyden. "Then note the improvement." Almost as fast as that, the meal will have an effect."

One serving, or a fourth pound of liver, whether it is fried, baked, canned or boiled, provides an excellent supply of the B-complex vitamins, Miss Boyden pointed out. Although brining and smoking destroys some of these nerve regulators, cured ham still is a good source of them. Pound for pound, spareribs supply lesser amounts than do ham or shoulder cuts because of the greater proportion of bone.

Only the lean meat and the liver of the hog, or about one-fourth its total weight, supply these nutrients, said Miss Boyden. The remainder of the carcass has no value as far as B-complex vitamins are concerned.

Miss Boyden recommended that pork liver be included in the family's meals at least once each week.

KENTUCKY SOILS LOW IN NITROGEN

Most Kentucky soils are low in nitrogen, according to the annual report of the University of Kentucky Agricultural Experiment Station on commercial fertilizers. Enough nitrogen may be furnished by growing legumes and either returning part or all of the top growth to the land or feeding them and returning the manure.

"If this is not done," continues the report, "a nitrogen fertilizer may be used, if the value of the expected crop increase would exceed the cost of the fertilizer.

"When production of livestock or livestock products is a main farm enterprise and a considerable acreage of legume crops is grown for feed and pasturage, enough nitrogen should be furnished by the legumes for good yields of general field crops.

"Fertilizer nitrogen will have most of its effect on the immediate crop. In a seasonable year, on soil needing nitrogen but not lacking phosphorus and potassium, the proper application of nitrogen may give increases as large as the following: one bushel of corn for each two to three pounds applied; one bushel of wheat for each three pounds applied; six pounds of tobacco for each pound of nitrogen applied, and 50 pounds of grass for each pound used.

"On land capable of giving moderate to high yields without addition of nitrogen, smaller increases than these are to be expected. Nitrogen fertilizers usually are not profitable on meadows and pastures where legumes make up over half of the herbage."

CARD OF THANKS

I wish to express my sincere appreciation to my neighbors and friends for the many kindnesses shown me during my illness, and for all the nice cards I received. Especially do I wish to thank Dr. Riley for his kind services and Mrs Cay Sanford for her help, and all others who came and helped in any way. 14-ch.

Mrs. Lizzie Smith

WILLIAMS SORGHUM WINS

If a popularity contest on sorghum cane were to be staged among farmers in Butler county, the Williams variety would be an easy winner over five other kinds, said Farm Agent Sam Butler. The syrup made from it was clearer, sweeter and it made up easier, according to growers, one remarking that because the cane crushed easily, "the mule didn't even sweat." Estimates of production ranged from 100 to 240 gallons to the acre.

65 CENTS A POUND FOR TOP 4-H CALF

A 1,030-pound calf that sold for 65 cents a pound won for John Ross of Boyd county the grand championship in the Northeast Kentucky 4-H club fat cattle show at Catlettsburg.

Sixty-two calves from five counties were exhibited and sold by 4-H club boys and girls. Twenty calves averaged 816 pounds and sold for an average of $31.76 a hundred and 42 calves averaging 585 pounds brought an average of $21.38.—Average for all 62 calves was $25.23.

Calves were exhibited and sold from Boyd, Carter, Greenup, Elliott and Lawrence counties.

CALLOWAY 4-H'ERS REPORT GOOD YEAR

Different types of farming made money for 4-H club boys in Calloway county this year, according to Farm Agent S. V. Foy.

Edwin Wilson of the New Concord Club made $325 on his registered Jersey herd of five calves and heifers. He won both the grand champion and senior champion prizes at the county fair and seven other ribbons.

Dale Todd from the Faxon Club, county winner in beef production, made $624 above expenses on six calves.

Jack Mayfield of the Murray 4-H Club, county winner in swine, netted $210 from two litters of Duroc Jersey pigs.

Long Illness And Your Feet

N. TULCH
Foot Comfort specialist at—
PEOPLE'S SHOE STORE
814-816 Madison. Covington

Long illness or long convalescence often may be the cause of painful muscle spasm in the lower limb and foot. In either circumstance long periods of inactivity, lack of exercise, coupled with the weakened condition of the body cause the muscles to lose tone and become weak and flabby.

The foot, while lying, as in bed, cannot and is not, held in a normal position in relation to the limbs and rest of the body. The foot is held in an extended position, which allows a shortening of the large muscles in the back of the limb, and allows the weaker muscles in the front of the limb to stretch.

When partial stength, to the patient, is restored and he finally is allowed to walk, it is imperative that the bones of the foot are properly supported in shoes designed to distributed body weight evenly over the whole bottom surface of the foot, and to relieve further the strain on the muscles, ligaments and tendons, until normal strength and muscle tone return.

An ordinary "strong looking" shoes is not the solution to this problem. Ordinary shoes with so-called arch support and flat base planes, can only allow the foot condition to degrees further.

At this time special attention should be paid to the inner construction of the shoe. The base construction and inner foundation of the shoes should be shaped to the NORMAL CONTOUR of the bottom of a NORMAL FOOT. The inside of the shoe should resemble the normal foot print in soft turf or sand.

Such a shoe with sound construction and foot shaped base planes is found in an especially built surgical shoe.—Adv.

CORN YIELDS UPPED BY CLOSE PLANTING

Of the five Adair county farmers producing over 100 bushels to the acre in the Kentucky corn derby, four of them planted 12 to 15 inches apart in the row, says County Agent R. B. Rankin. Close planting, plus use of hybrid seed, a good growing season and plenty of fertilizer brought big yields.

Top yield of 116⅓ bushels was made by M. V. Wolford. He used land already rich. Two tons of limestone to the acre had been applied in 1942 and red clover grown in 1943, soybeans in 1944 and tobacco in 1945. A heavy growth of crimson clover was turned under before the corn was planted last spring. One thousand pounds of complete fertilizer to the acre were spread and 375 pounds added in the row.

MAKES HILLSIDE PRODUCTIVE

Ed C. Berry of Daviess county harvested about 90 bushels of corn to the acre on a hillside where a few years ago he could scarcely get a wagonload from the entire field, he told George F. Lacy, senior assistant county agent. The field has been in tobacco for two years, with a cover crop turned under each year. This past year, Mr. Perry turned under 400 pounds of superphosphate and 200 pounds of cynamid. Two hundred pounds of 4-12-4 were used at the row and 200 pounds of cynamid between the rows.

FARM EXPENSE MAY BE HIGHER IN 1947

Farm expenses may be higher than ever next year, according to the annual outlook report of the University of Kentucky College of Agriculture and Home Economics.

"In fact," says the report, "when farm cost items are considered in relation to income, 1947 is likely to produce the highest relative costs since the beginning of World War II.

"Farmers probably will pay higher wage rates in 1947 than in 1946, and because of increased employment of farm labor the total wage bill will be higher. However, production per worker is also likely to increase, making the unit cost for labor similar to 1946. Costs of operating farm tractors, trucks, and automobiles in 1947 are expected to be about 15 percent higher than in 1946. Slight increases in the costs for other farm machinery are in prospect and further price increases for most items of new equipment are likely.

"The average cost for feed in 1947 probably will stay near the levels reached in late 1946, but costs of high protein feeds will be higher in 1947. Seed costs are likely to continue high because of demand from devastated countries.

"Costs for fertilizer will show a slight increase, but in spite of this fact fertilizer will remain as one of the cheaper sources of feed thru increasing yields of feed grains, hay and pasture. Costs of lumber, containers, and farm supplies are expected to be somewhat higher in 1947 than at present.

"Interest costs probably will level out or increase but slightly next year. Taxes on property, payable in 1947 probably will be higher because of increased levies in 1946. Wide gaps between insured value and replacement costs will also prompt many farmers to obtain more insurance.

"The over-all result could easily mean lower net returns to the operator and family for their labor and investment, and the situation calls for careful and judicious spending in 1947. Total cash costs can be lowered by reducing production usually results in a higher unit cost and an even greater reduction in net income.

"The situation appears to call for maintaining production while bending every effort toward reducing unit costs. Special attention should be given to paying off debts, avoidance of contracting new debts, increasing efficiency in use of labor and machinery, obtaining higher yields while cultivating fewer acres, development of manual skills, especially mechanical ones, avoid, hiring services, and growing more of the feed fed on the farm."

GOOD LAYERS PAY

From a flock of 150 White Leghorn pullets, Mrs. Lawrence Sechleben of Trimble county reports an average of 22 eggs per month, or a total of more than 284 dozens. Receipts were $148.40 and feed costs, $35.15, giving her a profit of 78 cents per month per bird. Farm Agent James G. Dye notes that the pullets were housed until noon, with mash to eat. Then they were turned out in a rye field for green feed.

AUTOMATIC WATER SYSTEMS

Shown above is the popular Model VS-50 Shallow Well Stay Prime Water System.

EASILY INSTALLED — because two suction openings are provided in different positions. Either may be used to suit the installation.

SIMPLE IN DESIGN — because there are no complicated parts. Model VS-50 is a centrifugal pump with built-in removable jet. The impeller is the only moving part.

CHEAP TO OPERATE — because the impeller is smoothly machined and carefully balanced for highest efficiency. Silence and freedom from vibration mean a long and trouble-free life. AND IT STAYS PRIMED.

A wide variety of centrifugal pumps are now available for farm, home and industry. Ask for information and literature.

RESOLUTIONS OF RESPECT

Whereas it hath pleased Almighty God to remove from our midst our dear sister, Mrs. Sara M. Abdon,

First: That we bow in humble submission to His will, realizing that our loss is her gain.

Second: That we as members of Big Bone W. M. S. have lost one of our best, a Christian for many years, and will ever cherish her memory, which will always help each one to have faith in God.

Third: That we express our deepest sympathy to the bereaved husband and relatives. May God richly bless them; that a copy of these resolutions be sent to the husband, a copy to our county paper, and a copy placed in the minutes of the W. M. S. 1t-pd

Respectfully submitted,
MRS. FRANK SEBREE,
MRS. TOM HUFF
MRS. ORIN EDWARDS.

CARD OF THANKS

We wish to express our sincere thanks to Father Carlin, Tallaferro funeral directors and Drs. H. R. Daugherty and M. A. Yelton for their efficient service and kindness during the illness and death of our beloved wife,

Mrs. Mabel C. Garnett

Also do we wish to thank all our neighbors and friends who assisted in any way and all donors of flowers. 1t-pd.

MAYTAG SALES & SERVICE

"AUTHORIZED MAYTAG DEALER"

856 DIXIE HIGHWAY ERLANGER, KY.

Open Evening Till 3:00 P. M.

A MESSAGE TO OUR CUSTOMERS

The calendar says it is December, but the thermometer says it is summer. As a result, we have been deluged with home-killed pork, brought in by customers who are rightly afraid of spoilage even if the meat is canned or salted.

We have been accepting this meat without restriction, if it passed inspection. The volume has now become so great that it is interferring with regular scheduled slaughtering. In fairness to those customers who have made slaughtering appointments in advance, we are compelled to set the following rules:

1. Home-slaughtered animals will be accepted only if the night temperature has been 30 degrees or lower for two nights preceding day of delivery.

2. Any customer may deliver 20 pounds for processing on one day without prior appointment.

3. Appointments must be made in advance for amounts greater than 20 pounds.

Your Cooperation will assure better service for everyone.

TWO MEN DRAW PRISON TERMS

IN JUDGE WARD YAGER'S COURT MONDAY—CHARLES WILLIAMS FACES ASSAULT CHARGE—TRIAL IN PROGRESS.

Robert Jackson Crowe, Jr., 21, of Danville, Ky., was sentenced to a two-year term in the Kentucky Reformatory at LaGrange when arraigned in Judge Ward Yager's Court, Monday, after a jury of 12 men found him guilty of a charge of armed robbery.

Crowe was accused of threatening Walter M. McFarland, 122 Mulberry St., and Eddie Lee Fox, 1432 Race St., both of Cincinnati, and of taking a sum of money from McFarland. Testimony was offered that Crowe had been offered a ride September 7 by the two Cincinnatians and had threatened them and commandeered their car at a point near Florence.

Testimony showed, Crowe drove at high speed on U. S. 25 and lost control of McFarland's automobile near Richwood, when it overturned and rolled 300 feet. Crowe suffered a fractured vertebra in the accident, but McFarland and Fox received only minor injuries.

Perlie Rice, of Grant, was sentenced to two years in the Kentucky Reformatory after he pleaded guilty to a charge of breaking and entering the home of Russell Rogers, of Grant.

The trial of Charles Williams charged with criminal attack of a 48-year-old grandmother, of Latonia was being heard by a jury impaneled Tuesday afternoon. The trial was expected to be completed Wednsday, but as we go to press at 9:00 a. m. Wednesday morning we are unable to give any further details of the trial.

William Frank Dolehi

William Frank Dolehi, 62, died Sunday at the Veterans' Home, Dayton, O.

A veteran of World War I, Mr. Dolehi lived near Hebron, Ky., and was a lifelong resident of this section. He is survived by his sister, Mrs. Zetta Stevans, of St. Petersburg, Fla.

Funeral services were held at 2 p. m. Wednesday in Covington. Burial was in Cold Spring Cemetery.

HEBRON TEAM HAS 10 STRAIGHT WINS

BURLINGTON SHOWS IMPROVED FORM IN SATURDAY'S GAME WITH STRONG HEBRON FIVE—SCORE 39-27.

Hebron's basketball team chalked up their tenth straight game in the win column when they turned back the Burlington five on the Hebron floor Saturday night by a score of 39-27.

Coach Maurer's Eagles showed improved form and gave the strong Hebron five a run for their money. The score by quarters was 14-10, 27-12, 31-18.

McGlasson collected 15 points to lead the attack for Hebron, while Kelly connected for 11 for the losers.

In a preliminary game Hebron reserves won over Burlington by a score of 30-6.

Hebron marked their ninth victory by defeating Florence by a score 57-30 on the Florence floor, Friday night.

Walton turned back the New Haven five Friday night by a score of 47-39. New Haven led the scoring the first three quarters of the game, but a Walton rally in the final stanza gave them a safe majority.

Vest was high point man for Walton with 21.

In preliminary games Friday night, Walton won over New Haven 24-22, while Hebron won over Florence 42-14.

St. Henry Crusaders of Erlanger won over Walton Monday night by a score of 40-37. This was the third victory in eight games for St. Henry.

St. Henry trailed in the first half, but clinched the contest with a 14-point scoring streak in the third quarter.

Vest led the attack for Walton with 13 points while Scheben and Periatti was high for the winners with 16 and 14 respectively.

In a preliminary game, St. Henry reserves won over Walton reserves by a score of 31-19.

Elsmere Firemen Will Sponsor Party

The Elsmere Firemen's Association and its Woman's Auxiliary will sponsor a community Christmas program at 2 p. m. Sunday, December 22 in the auditorium of St. Henry School, Elsmere, it was announced this week.

Those appearing on the program will be Charles McKinley, Jr., Mayor of Elsmere; Edgar Arnett, Superintendent of Erlanger-Elsmere Public Schools; Judge Joseph P. Goodenough of Kenton Circuit Court; Judge William Wehrman of Kenton County Court; James Quill, County Attorney, and Harris Rosedale, Cincinnati.

Rev. Herbert Egbring, pastor of St. Henry Church, will give the address of welcome. Santa Claus will distribute gifts to children. John Crowell, Fire Chief, will be master of ceremonies.

Arrangements for the event are being made under the chairmanship of Mrs. Charles Hoersting, president of the auxiliary, assisted by Mrs. Frank Ernst, Mrs. Harry Wigglesworth, Mrs. Robert Owens, Mr. and Mrs. John Crowell, Charles Schneider and Frank Dickey.

James A. Riley

Funeral services for James A. Riley, who passed away at his home in Lexington, early Sunday Morning, Dec. 9th, were conducted from the Milward funeral home Tuesday afternoon at 3 o'clock. Rev. Wilkinson, pastor of Immanuel Baptist Church, Lexington and Rev. W. M. Smith, of Burlington conducted the service. Burial was in Hillcrest Memorial Park, Lexington.

He is survived by one daughter, Mrs. R. S. Hensley; a granddaughter, Mrs. Espy Ligon, both of Grant; a grandson Howell Hensley, Ft. Thomas; two great-grandchildren, Janice Rhea Ligon and Nell Jo Hensley.

His wife, who was Josephine Riddell, preceded him in death nearly seven years ago.

He united with the Union Baptist church at an early age, where his membership had remained until the time of his death.

Many years of his life were spent in Los Angeles, California because of ill health.

Louden-Cottingham

Miss Sylva Louden and Mr. Stanley Cottingham were quietly married December 7th at the Christian Church at Bright. The ceremony was performed by Rev. Mills.

The groom is the son of Mr. and Mrs. Warren Cottingham, of Bright. The bride is the charming daughter of Mr. and Mrs. Jesse G. Louden, of Lawrenceburg.

The bride was lovely in a blue suit and white accessories, with a corsage of American beauty roses.

Attendants of the bride and groom were Eugene Lewis, of Bright and the bride's sister, Miss Bertie Louden, of Lawrenceburg.

The bride and groom will be at home to their many friends at their home in Harrison, Ohio.

Burlington Man Suffers Broken Leg

James Riley, Burlington, suffered a broken leg while loading gravel at Rogers' gravel pit, Grant, Tuesday.

Riley was loading a truck from the pit when he was caught in a slide. He was removed to St. Elizabeth Hospital for treatment.

BOONE DAIRYMEN TOP CLASS OF 45

TAKING KENTUCKY ARTIFICIAL BREEDING SHORT COURSE AT UNIVERSITY OF KENTUCKY LAST WEEK.

Meir Taylor and Joseph Rouse of Verona and William Graves of Hebron scored top rating among 25 dairymen taking the Kentucky Artificial Breeding short course at the University of Kentucky the past week. Only four A ratings were given in the class, according to reports received at the County Agent's office Tuesday morning.

The Boone County Artificial Breeding Association directors are expected to meet this week to employ one or more of the three as County Inseminators.

Mrs. B. W. Duncan, who suffered a stroke last week, is somewhat improved.

CONVENTION SET FOR JANUARY 8-10

OF KENTUCKY FARM BUREAU FEDERATION—LARGE CROWD IS EXPECTED, ACCORDING TO SECRETARY.

The largest crowd in history is expected to attend the annual convention of the Kentucky Farm Bureau Federation, which is to be held January 8-10 in the Brown and Seelbach hotels, Louisville, says J. E. Stanford, Louisville, Federation executive secretary. That means there will be more than 2,000 to take in some part of the three-day session.

As near as we can tell now, there will be upwards of 740 authorized men delegates and 102 women delegates. These are just the voting delegates, and many more than these always attend one or more sessions, Stanford declare.

Delegates and visitors will come from at least 102 counties in the state having Farm Bureaus. Some interested individuals who want a unit in their community may attend from the 18 unorganized counties, all of which are in the eastern mountainous section of the state.

Mr. Stanford warned that any one expecting to attend and remain overnight in Louisville should have definite arrangements made for a place to stay before coming. Hotel accommodations are still crowded, and the executive secretary urged expectant visitors to make reservations as early as possible.

The day before the convention opens, the Board of Directors of both the Federation and the Farm Bureau Insurance Company will hold session. The Resolutions Committee will also hold a meeting on this day, Jan. 7.

The general session of the convention will open at 9:30 a. m. Wednesday, Jan. 8, in the Brown hotel. At noon there will be a luncheon meeting of the officers and delegates of the Associated Women in the main ballroom of the Seelbach hotel, and a luncheon meeting of Farm Bureau insurance agents in the junior ballroom of the Seelbach.

The annual meeting of the Associated Women will be held immediately following the luncheon. Principal speakers will be Mrs. Charles W. Sewell, Chicago, administrative director of the Associated Women of the American Farm Bureau, and Harry W. Schacter, Louisville, president of the Committe for Kentucky.

The same afternoon all the commodity conferences except tobacco will open sessions at 1:30 o'clock. All conferences and meetings will adjourn at 4:30 p. m. to permit delegates to attend the tobacco conference, which is to begin at that time.

General sessions will be held all day Thursday, followed by the annual banquet Thursday night. The business session, with the exception of voting on resolutions, will be held Friday morning. Action on resolutions will be taken during the afternoon of Thursday, Jan. 9. The convention is scheduled to close Friday noon, Jan. 10.

TRUCK GROWERS PLAN PROGRAM

AT MEETING HELD FRIDAY IN CONSTANCE SCHOOL—JOHN S. GARDNER WAS PRINCIPAL SPEAKER.

Boone County truck crops growers held a 1947 planning meeting at Constance school last Friday evening, December 13th, according to H. R. Forkner, County Agent. Mr. John S. Gardner, field agent in truck crops work from the college was guest speaker.

New varieties of Irish potatoes, beans, lima beans, tomatoes and sweet corn will be tried in demonstration plots next year. Seed of these varieties will be located before the planting season and the new crops will be compared in quality and productiveness with those now grown.

Disease control will receive special study this coming year. Tomato blight caused severe injury to the crop in 1946. This disease and others will receive special spray treatments in 1947.

The growers voted unanimously to petition the Farm Bureau to include in their legislative program recommendation for a northern Kentucky Sub-Experiment Station. This sub-station will study disease, insect and production problems affecting truck crops in the area. The growers pointed out problems affecting northern Kentucky are quite different from other areas.

CHRISTMAS PROGRAM TO BE GIVEN AT BURLINGTON BAPTIST CHURCH SUNDAY

A Christmas program will be given Sunday evening, December 22 at 7:30 at the Burlington Baptist Church, it was announced Tuesday.

Plans have been made for a full hour of music, recitations, and readings.

The public is cordially invited to attend this service.

RECORDER WILL NOT BE PUBLISHED WEEK OF DECEMBER 23

As has been the custom in former years, The Recorder will not be published the week of December 23rd. This custom has been followed since the paper was founded.

This brief vacation gives the staff a few holidays in which to recuperate from the holiday rush, which has been rather heavy this year.

We wish to take this space to thank our many subscribers and advertisers for their fine cooperation and support during the past year, and as the merit your support during the year 1947.

Correspondents have been faithful throughout the past year, even though many times their news was omitted due to heavy run of advertising. Their faithfulness is highly appreciated.

Correspondents and advertisers are requested to hold copy until Monday, December 30th for the first issue of January.

FLORENCE TO HAVE NEW FIRE HOUSE

AND MUNICIPAL BUILDING—PERMISSION GIVEN VETERANS TO ERECT BUILDING ON BURLINGTON PIKE.

A new fire house and municipal building for the town of Florence was assured, following a meeting of the City Council, held Tuesday night, December 10th, at which time a deed to the lot was turned over to the City, duly signed and recorded.

The new fire house and municipal building will be erected on the lot on Dixie Highway, opposite the opening of Shelby St., according to Mabel G. Sayre, town clerk.

At the Tuesday meeting, a letter from the Kenton County Water Commission was read, notifying the City of the fact that due to the number of taps, the charge for fire plug would be removed, which is a saving of $3.00 per year.

A committee from the American Legion appeared before the Board requesting permission to erect the Boone County War Memorial Building in a park on Burlington Pike, which had been dedicated to the Town by Eldora and W. S. Cole. The board granted permission to the Legion to erect this building.

"Altogether, it was a memorable meeting," said Mabel Sayre, clerk.

CHRISTMAS PROGRAM PLANNED BY BELLEVIEW CHRISTIAN CHURCH

The Christian Church of Belleview will have its Christmas program Sunday night, December 22. Everyone invited.

The program will be made up of poems and music by the children and young people of the church. There will be a solo by one of our new members, Mr. Martin Oliver, talented young singer.

Come out and bring your friends.

The Florence Christian Church will present a pageant entitled "The Songs of Christmas," Sunday morning, Dec. 22nd at 10 a. m. This is the regular Christmas program and Santa Claus will be there. You are cordially invited to attend.

Local Boy Aboard USS Carrier Leyte

Jack T. Rowland, fireman, second class, son of John Rowland, of Burlington, Ky., is serving aboard the aircraft carrier USS Leyte, which has completed a good will tour of the ports of Valparaiso, Chile; and Callao, Peru; and is now finishing her shakedown cruise in the Carribean Sea.

The highlight of the cruise was at Valparaiso, Chile, where the Leyte, the battleship USS Wisconsin, and three destroyers, took part in the inaugural ceremonies of Chile's new president, Gabriel Gonzales Videla. From there the force proceeded to Callao, Peru, for a four-day visit, and then to the Canal Zone, where the Wisconsin, and a destroyer went to La Guaira, Venezuela, while the Leyte with a new destroyer escort went to She is expected to arrive in Hampton Roads, Va., on Dec. 14, 1946.

New Hunting Licenses In Hands Of County Clerk

Conservation Officer Edwin M. Johnson delivered a large supply of 1947 hunting licenses to County Clerk, C. D. Benson, Tuesday of this week. Hunters planning to enjoy the opening season in January are required to purchase 1947 license, Johnson stated.

Fifteen days of the present open season will be observed in January. Many times this part of the season proves to be the most productive for the sportsman.

Hunters planning to go afield after January 1st are urged to procure their licenses, Mr. Johnson said. The new license will be in full force until January 1, 1948.

Mrs. Lucy Hagedorn

Mrs. Lucy Hagedorn, mother of Wm. Hagedorn, of Erlanger, passed away at her home on Buttermilk Pike, Kenton County, Monday, Dec. 16th.

Hodges-Pepper

Betty Marie Hodges was a bride of Saturday, speaking her vows with Millard E. Pepper in a ceremoney at the Bullittsburg Baptist Church, with Rev. J. W. Campbell officiating in the presence of members of the immediate families.

Parents of the bridegroom are Mr. and Mrs. Charles Pepper, Burlington, Ky., and the bride is a daughter of Mr. and Mrs. Lewis Hodges, also of Burlington.

The bride was gowned in white satin and tulle, and carried a large bouquet of white carnations.

Rilla Fay Pepper, sister of the groom was maid of honor, wearing pink satin and tulle and carrying a bouquet of white carnations. James E. Hodges, brother of the bride acted as best man.

After the ceremony the couple left for Covington, and upon their return will reside with the parents of the bridegroom.

The groom served two years in the U. S. Army, and was awarded the Purple Heart and the Bronze Star Medal.

Mr. and Mrs. Lee Roy McNeely moved last week into the house recently occupied by Mrs. Plummer Gulley.

BULLET FAILS TO END LIFE OF WOMAN

IN SUICIDE ATTEMPT FRIDAY—CONDITION REPORTED AS FAIR AT ST. ELIZABETH HOSPITAL.

Lucy May Dixon, colored, is in fair condition at St. Elizabeth Hospital, after failing to end her life when she fired a bullet from a 32-20 pistol into her left breast Friday night.

She is the wife of Harry Dixon and daughter of Lee Utz and wife, of near Burlington. The attempted suicide was at her home near Bullittsville, according to Sheriff R. I. Rouse.

The bullet missed her heart, and she has a fair chance of recovery, according to reports.

She was removed to St. Elizabeth Hospital by her husband. She was reported to have been in a highly nervous state for the past several weeks, prior to the incident, it was reported.

AIRPORT WILL BE IN USE BY JAN. 10

FACILITIES ARE INSTALLED AND NOW UP TO AIRLINES TO BEGIN OPERATIONS, ACCORDING TO REPORTS.

All facilities for which the Kenton County Airport Board is responsible have been installed, it was reported Tuesday and it is now up to the airlines to begin operations. It is expected the airlines will begin operation from the new field January 10.

The administration building, runway lights and other facilities are ready and a telephone is in the airport manager's office. The CAA has a telephone connected with the Hemlock exchange and any other phone can be connected within one hour on request.

Temporary lines have been installed for telephone service and instruments have been placed at the stations. A switchboard is in its final stages of installation and service is obtainable on request.

All equipment of the CAA has been installed at the airport for a week, Oscar Parks, manager of the airport said, and that he is in position to handle the airline's operation on an hour's notice.

CONSTANCE HOMEMAKERS

The Constance Homemakers' Club held their meeting on Dec. 4th at the Constance Church basement at 10:30 a. m. It was our annual Christmas party for the entire club. A lovely time was had by everyone attending.

Due to New Year's Day falling on the first Wednesday of the month, it was postponed to the next Wednesday, January 8th.

We are urging everyone who have old clothes for people abroad, to get them to Devou Park for the Protestants League Association. Clothes should be brought in as soon as possible so they can be sent away for Christmas. Used clothes for children are especially requested.

Mrs. Freda Kottmyer introduced the visitors to our club. They were Mrs. Irma Murphy and Mrs. James Kottmyer.

The monthly meeting of the Garden and Book Clubs will be held at the home of Mrs. George Morith, Florence, Ky. at 1:30 p. m. on Jan. 14.

The next leaders' training lesson will be held Jan. 3rd.

The club is proud to announce Miss Mary Gillaspie as an outstanding Home Demonstration Agent. We were sorry that she couldn't attend our Christmas party because of her out-of-town business.

The Community Christmas party sponsored by the Constance Homemakers' Club on December 7 was a grand success.

Publicity Chairman.

ON KENTUCKY FARMS

Seven hundred bushels of apples were bought cooperatively by the Pendleton County Farm Bureau.

Morgan county farmers reported that Williams cane produced more juice and a milder flavored molasses than other varieties.

Fruit growers in Pulaski county sold fruit that had been sprayed for $1.75 to $4 per bushel, while there was little demand for unsprayed fruit.

Due to good weather, farmers in Todd county sowed large acreages of wheat, barley, rye and winter oats.

Roscoe Stone of Fulton county produced 52 bushels of soybeans to the acre on 65 acres, selling them for $3 per bushel.

Thirty-seven farmers in Taylor county are growing Ky. 31 fescue grass in demonstration plots.

In a check of 80 farms in Monroe county, it was found that four out of every five acres of cultivated land were in cover crops.

Five hundred people attended the fourth annual Jefferson county Negro 4-H club exhibit of gardening, poultry, clothing, canning and room improvement.

The unusually dry fall in Graves county reduced the number of acres sowed in cover crops.

Russell Jenkins of Bullitt county set 2,000 strawberry plants of the Tennessee Shipper variety for spring sale.

Bell county seed dealers reported selling 7,200 pounds of crimson clover seed and 5,100 pounds of vetch seed.

ABUNDANT HARVEST FOR 4-H GARDENER

William Pryor Wheeler, 4-H club member in Graves county and district champion in gardening, produced an abundant harvest of vegetables for his family this year, 34 bushels of root vegetables having been stored and 468 quarts canned. Then he sold $238 worth on the local market. In preparation for next year's garden, young Wheeler sowed a winter cover crop of balbo rye and vetch, said Robert H. Ellis, assistant county agent.

Wheeler divided his two-acre garden plot, using half for his early garden and the remainder for fall vegetables. After harvesting his early crop, he planted late corn, beans and turnips.

WINTER FEED FOR COWS

Winter feed for a dry cow should include about three-quarters of a ton of good legume hay and an equal quantity of cheap roughage, such as straw, cornfodder or grass hay, says the University of Kentucky College of Agriculture and Home Economics. Cheaper roughages are best fed during the early part of the winter before they lose much of their feeding value and before cows freshen. Underfleshed heifers and thin old cows may need grain just before calving and until pasture is ready.

BURLINGTON R. 2

Mrs. Percy Ryle, Mrs. Cam White and Mrs. Lou Williamson entertained on Monday afternoon, Dec. 9th at the home of Mrs. Percy Ryle with a birthday party in honor of Mrs. Jake Cook, who was 79 years old. The table and cake were decorated in pink and white. Those present were Mrs. J. C. Smith, Mrs. Geo. Cook, Mrs. Rena Presser, Mrs. John Rogers, Mrs. Allen Rogers, Mrs. Courtney Pope, Mrs. Charlie White, Mrs. Elmer Jarrell, Mrs. Wm. Deck, Mrs. Alton Buckler, Mrs. Robert Williamson, Mrs. May Williamson, Mrs. Mary Williamson, Mrs Rod Ryle, Mrs. Howard Presser, Mrs. Dud Rouse, Mrs. John Holbrook, Mrs. Wilbur Dennison, Mrs. Tommy Stevens, Mrs. Ross Stevens, Mrs. Carl Cason, Mrs. Frances Ryle and the honor guest. Mrs. Cook received many lovely and useful gifts and all departed at a late hour wishing her many more birthdays.

Mrs. Alton Buckler spent Sunday with Mr. and Mrs. Elmer Jarrell.

Sorry to report little Billie Harris on the sick list.

Mrs. Bess Williamson, Mrs. Lou Williamson, Mrs. Jake Cook, Mrs. Percy Ryle and Mrs. Cam White were shopping in Covington, Wednesday.

Mr. and Mrs. Percy Ryle are driving a new Pontiac.

Mr. and Mrs. Walter Buckler were shopping Saturday in Covington.

Mr. and Mrs. Bobby McNeely are spending a few days with Mr. and Mrs. Leslie Ryle.

Rod and Stuart Ryle have their new homes almost completed.

Harry Stevens moved from Vernon Scott's farm to Ellison Rector's place.

Howard Williamson was calling in McVille, Friday morning.

Blufe Clore was calling in Bellevue, Saturday morning.

We extend sympathy to Mrs. R. S. Hensley in her bereavement.

Percy Ryle, Cam White, Tommy Stevens, Harry Ashcraft and Wilbur Dennison called on Elmer Jarrell Wednesday evening.

Mr. and Mrs. Wm. Rudicill and children of Burlington spent Sunday with Mr. and Mrs. Carl Cason.

Mr. and Mrs. Percy Ryle, Mr. and Mrs. H. C. White and children, Mr. and Mrs. J. Cam White spent Sunday with Mr. and Mrs. Dawson Day and daughters at their home in Ft. Wright.

When he finds out those aren't her eyelashes, yep—you're right—the honeymoon is over.

We wouldn't mind people being breezy if they gave off something besides hot air.

You can't get on by merely getting by.

If some one calls you a snake—coil up and strike him.

They buried the pedestrian the other day who held the motorists are the ones that should dodge.

There's no price on friendship—it must be acquired.

Parents used to strike children to discipline them—but now they strike them in self-defense.

Happy Healthy Prosperous NEW YEAR

WE THANK YOU *most cordially for this good will and assure you of our deep appreciation. We wish for you a pleasant holiday, and a New Year that is the harbinger of many blessings to come.*

Christmas is likely to become too prosaic to many of us grownups, but to boyhood's eager eyes it is a time of preparation and expectancy . . . an enchanted season when the woodland is hushed and even ordinary tasks take on the glamor and joy of dragging home the Christmas tree. May your Christmas of 1946 be in this spirit.

PLAN YOUR HOLIDAY TRAVEL

BY GREYHOUND

There's a double measure of holiday pleasure when you go home by Greyhound.

Greyhound's frequent schedules, direct routes and time-saving service means less waiting in terminals, less travel time on the highway. This all adds up to more yuletide fun at home with the folks and friends.

And that's not all! Because Greyhound fares are still at their low 1940 levels, you'll have extra money for more Christmas gifts and year end revelry.

It gives us great pleasure during this holy season to extend our best Christmas wishes to all our friends.

R. I. Rouse
BURLINGTON, KY.

WE adults can learn much from our children—learn how to celebrate Christmas well. Let us turn back the clock this Christmas season of 1946 and get out of Christmas all the joys that children know when they hang their stockings up.

All together now for a big, glorious Christmas, topped off with our best wishes to all of you.

SPIRIT OF CHRISTMAS

FAITH . . . *faith in our homes and community . . . faith in the future . . . faith in men of good will, eternally — this is the essence of the Christmas season.*

CHRISTMAS *should be a time of joy, and we hope that this Christmas of 1946 will be rich in good cheer and true happiness for all who read this message.*

LET'S ALL BE HAPPY!

Christmas is likely to become too prosaic to many of us grownups, but to boyhood's eager eyes it is a time of preparation and expectancy . . . an enchanted season when the woodland is hushed and even ordinary tasks take on the glamor and joy of dragging home the Christmas tree. May your Christmas of 1946 be in this spirit.

Mrs. Stella Gaines and Mr. and Mrs. B. H. Berkshire are on the sick list.

Mrs. Wm. Delph spent Tuesday evening with Mr. and Mrs. James Feeley, Sr., and daughters.

Mr. and Mrs. B. H. Berkshire had as their guests over the week-end, Mrs. Stanley Palmer and son Robert, of Indiana.

Miss Bonnie Smith was quite indisposed part of last week.

Rev. and Mrs. Claude McDonald, of Lexington spent the week-end with Mr. and Mrs. R. R. Witham.

Quite a few from here were Christmas shopping in Cincinnati last Saturday.

Mr. and Mrs. Grant Williamson, visited the Willis Smith family over the week-end.

This community was saddened last week-end when Miss Joanna Gordon, one of its oldest citizens passed away. Deepest sympathy is extended to the family.

Harry Jarboe was a business visitor in Indianapolis, over the week-end.

Mrs. Alta Chambers was the Wednesday guest of Misses Nannie and Johnna May Terrill.

Miss Laura May Mathews entertained with a Sunday School class party Saturday evening. Everyone present had a very enjoyable evening.

Mrs. W. O. Rector called on Mrs. Howard Snelling, Monday afternoon.

CARD OF THANKS

I wish to express my sincere thanks for the many cards and letters sent me, and also for kind acts shown my family during my recent illness. 1t-pd.

A CHRISTMAS THOUGHT

● THESE ARE DAYS WHEN WE ARE ALL IN A BIG HURRY TO GET [illegible] FOR THERE'S NO PLACE LIKE HOME WHEN THE CHRISTMAS WREATH IS GLOWING IN THE WINDOW. WE ARE DUE RIGHT NOW TO SAY OUR LITTLE PIECE—AN OLD REFRAIN, IT IS TRUE, BUT AS WARM AND HEARTFELT AS THE FIRST TIME WE EVER SAID IT—

MERRY CHRISTMAS
